MEMORANDUM

TO: File C108326002/003/005

DATE: August 7, 2013

FROM: Laurie Borchelt *LB*

RE: Contract Renewal/Ranking Reassignment – Wood Fuel

In accordance with the wood fuel contract, the State awarded multiple contracts (i.e. more than one award) on a primary (low bidder), secondary (second low bidder), tertiary (third low bidder) basis, etc., to all bidders submitting acceptable responses. As a result, the wood fuel contracts were awarded to six (6) contractors as 1st choice contractor through 6th choice contractor and as applicable to the facilities.

Contracts were renewed for the period of August 15, 2012 through August 14, 2013 per the request of the Division of Facilities Management and Design and Construction (FMDC) with four (4) of the six original contractors. Contract C108326004 with H.E.A.T. Biomass resulted in a contract default during the term of the contract beginning 2009 through 2010. Contract C108326001 with Tim Peterson Company was not renewed for the period of August 15, 2010 through August 14, 2011 since they failed to respond to the renewal request and all efforts to contact them were exhausted.

FMDC has again requested renewal of the four remaining Wood Fuel contracts for the period of August 15, 2013 through August 14, 2014 (4th renewal). Note that the contract with Missouri Mulch has been renewed at the same price as the current contract period price. Several efforts were made to secure the renewal pricing from Missouri Mulch via email and by phone, however Missouri Mulch did not respond to the emails or phone call. Therefore, as stipulated in the renewal amendment, the state has proceeded with the prices proposed in Missouri Mulch's renewal for the period of August 15, 2012 through August 14, 2013. (See email correspondence in contract file regarding attempts made to obtain renewal pricing from Missouri Mulch). Note also that the contract with Current River Pole (C108326006) will not be renewed due to a fire in their operations. (See memo in the contract file for details regarding contract termination).

Based on the renewal pricing submitted, the order or rankings from the lowest price contractor to the highest priced contractor will remain unchanged and is as follows:

South Central Correctional Center (Licking, Missouri)

- 1st choice - ReVelle Lumber (C108326005)
- 2nd choice – Foster Brothers Wood Products (C108326003)
- 3rd choice – Missouri Mulch (C108326002)

South East Correctional Center (Charleston, Missouri)

- 1st choice – Foster Brothers Wood Products (C108326003)

Contracts have been renewed as a result of the 4th renewal period pricing shown the attached Ranking Schedule. (See attached Ranking Schedule).

AMENDMENT #003 TO CONTRACT C108326005

CONTRACT TITLE: Wood Fuel

CONTRACT PERIOD: August 15, 2012 through August 14, 2013

The State of Missouri hereby exercises its option to renew the above-referenced contract.

The contractor shall indicate on the attached pricing page, the firm fixed per ton price for the above contract period for the facility indicated. Any price increase quoted must not exceed the maximum percentage increase stated in the contract (10% increase).

The contractor shall sign and return this document, along with completed pricing, on or before the date indicated.

The contractor's failure to complete and return this document shall not stop the action specified herein. If the contractor fails to complete and return this document prior to the return date specified or the effective date of the contract period stated above, whichever is later, the state may renew the contract at the same price(s) as the previous contract period or at the price(s) allowed by the contract, whichever is lower.

MEMORANDUM

TO: File C108326002-005

DATE: August 7, 2012

FROM: Laurie Borchelt *LB*

RE: Contract Renewal/Ranking Reassignment – Wood Fuel

In accordance with the wood fuel contract, the State awarded multiple contracts (i.e. more than one award) on a primary (low bidder), secondary (second low bidder), tertiary (third low bidder) basis (and so on) to all bidders submitting acceptable responses. As a result, the wood fuel contracts were awarded to six (6) contractors as 1st choice contractor through 6th choice contractor and as applicable to the facilities.

Contracts were renewed for the period of August 15, 2011 through August 14, 2012 per the request of the Division of Facilities Management and Design and Construction (FMDC) with four (4) of the six original contractors. (H.E.A.T. Biomass defaulted during the term of the contract beginning 2009 through 2010, and Tim Peterson Company's contract was not renewed for the period of August 15, 2010 through August 14, 2011 since they failed to respond to the renewal request and efforts to contact them were exhausted.)

FMDC has again requested renewal of the Wood Fuel contracts for the period of August 15, 2012 through August 14, 2013 (3rd renewal). The order or ranking of the lowest priced contractor to the highest priced contractor changes with the 2nd and 3rd choice contractors for SCCC at Licking. Foster Brothers becomes the 3rd choice contractor and Missouri Mulch becomes the 4th choice contractor for SCCC. ReVelle Lumber and Current River Pole's rankings remain unchanged for the institution at Licking; ReVelle Lumber – 1st choice and Current River Pole – 4th choice. Foster Brothers remains the 1st choice contractor at SECC in Charleston as they are the only available wood fuel source for this area. (See attached Ranking Schedule).

Contracts have been renewed as a result of the 3rd renewal period pricing shown the attached Ranking Schedule.

RE: Contract Reassignment – Wood Fuel

In accordance with the wood fuel contract, the State awarded multiple contracts (i.e. more than one award) on a primary (low bidder), secondary (second low bidder), tertiary (third low bidder) basis (and so on) to all bidders submitting acceptable responses. As a result, the wood fuel contracts were awarded to six (6) contractors as 1st choice contractor through 6th choice contractor and as applicable to the facilities.

Contracts were renewed for the period of August 15 2010 through August 14, 2011 per the request of the Division of Facilities Management and Design and Construction (FMDC) with all six contractors, however one contractor (H.E.A.T. Biomass) defaulted during the term of the contract period. The FMDC has again requested renewal of the Wood Fuel contracts for the period of August 15, 2011 through August 14, 2012 (2nd renewal). The order or ranking of the lowest priced contractor to the highest priced contractor stays the same with the exception of Current River Pole who now becomes the 4th choice contractor for SCCC as a result of Tim Peterson Co.'s failure to submit a renewal response. Rankings are now as follows:

SCCC - Licking:

	<u>ORIGINAL PERIOD</u>	<u>PRICE</u>	<u>1st RENEWAL</u>	<u>PRICE</u>	<u>2nd RENEWAL</u>	<u>PRICE</u>
1st Choice Contractor	Tim Peterson	\$34.90	ReVelle	\$32.00	ReVelle	\$32.00

5th Choice Contractor	ReVelle	\$47.50	Current River Pole	\$40.00	Tim Peterson - Unable to contact	
6th Choice Contractor	Current River Pole	\$36.50	HEAT Biomass	Defaulted		

SECC - Licking:

	<u>ORIGINAL PERIOD</u>	<u>PRICE</u>	<u>1st RENEWAL</u>	<u>PRICE</u>	<u>2nd RENEWAL</u>	<u>PRICE</u>
1st Choice Contractor	HEAT Biomass	\$36.98	Foster Brothers	\$49.91	Foster Brothers	\$53.20

The State of Missouri hereby exercises its option to renew the above-referenced contract.

The contractor shall indicate on the attached pricing page, the firm fixed per ton price for the above contract period for the facility indicated. Any price increase quoted must not exceed the maximum percentage increase stated in the contract (5% increase).

The contractor shall understand and agree that due to the state's budgetary constraints, if the contractor responds with any renewal period pricing increase, such increase may result in the state conducting a new procurement process rather than accepting the contractor's proposed renewal option pricing.

The State of Missouri also desires to amend the contract to change paragraph 4.2.1 as follows:

As Stated: The moisture content of any wood fuel shall be sampled by trained state agency facility personnel. The boiler plants at each facility will provide the driver with plastic zip-lock bags and a Bill of Lading. The driver shall take three (3) samples from different locations in the load and provide it to the designated facility representative.

Change To: The moisture content of any wood fuel shall be sampled by trained state agency facility personnel. The boiler plants at each facility will provide the driver with plastic zip-lock bags and a Bill of Lading. The *designated facility representative* shall take three (3) samples from different locations in the load.

All other terms, conditions and provisions of the previous contract period shall remain the same and apply hereto.

The contractor shall sign and return this document, along with completed pricing, on or before the date indicated.

The contractor's failure to complete and return this document shall not stop the action specified herein. If the contractor fails to complete and return this document prior to the return date specified or the effective date of the contract period stated above, whichever is later, the state may renew the contract at the same price(s) as the previous contract period or at the price(s) allowed by the contract, whichever is lower.

State below the firm, fixed per ton price for waste wood fuel to be delivered to the applicable facility for the contract period indicated above:

1. INTRODUCTION

1.1 Purpose:

1.1.1 This document constitutes an invitation for sealed bids from prospective bidders to establish a contract for the acquisition of wood fuel for the Project Proforma for both the South Central Correctional Center (SCCC) in Licking, Missouri and the South East Correctional Center (SECC) in Charleston, Missouri (hereinafter referred to as "state agency"), in accordance with the requirements and provisions stated herein.

1.1.2 This is a rebid of Invitation for Bid B1E08263.

1.2 Background:

1.2.1 The Office of Administration, Facilities Management, Design and Construction (FMDC) is responsible for and the oversight of the operation of the South Central and South East Correctional Centers. The wood that will be provided by the contractor will be utilized to provide energy to the boilers at both facilities.

1.2.2 The State of Missouri is requesting firm, fixed, long-term pricing for delivered waste wood to be used as fuel at both prison sites. The viability of this project is dependent on finding reliable, consistent, and economic sources of wood fuel meeting certain specifications for quality. The State desires to enter into contracts for the purposes of supplying waste wood for fuel with one or more suppliers with access to, and facilities for, the collection, processing, and delivery of waste wood.

1.3 Pre-Bid Conference/Tour:

1.3.1 A pre-bid conference and a tour of the facility regarding this Invitation for Bid will be held on Tuesday, July 22, 2008, at 8:00 a.m., at the South Central Correctional Center in Licking, Missouri and another on Wednesday, July 23, 2008 at 8:00 a.m., at the South East Correctional Center in Charleston, Missouri. The conference will begin promptly at 8:00 a.m. and the tour will immediately follow. **BIDDERS WILL NOT BE PERMITTED TO SCHEDULE A TOUR AT A DIFFERENT TIME OR DATE. IT IS NOT MANDATORY TO ATTEND THE PRE-BID OR TOUR.**

1.3.2 All potential bidders are encouraged to attend one or the other pre-bid conference in order to ask questions and provide comments on the IFB. Attendance is not required in order to submit a response; however, bidders are encouraged to attend since information relating to this IFB will be discussed. Bidders should bring a copy of the IFB since it will be used as the agenda for the pre-bid conference.

1.3.3 Bidders are strongly encouraged to advise the Division of Purchasing and Materials Management within five (5) working days prior to the scheduled pre-bid conference of any special accommodations needed for persons with disabilities who will be attending the conference so that these accommodations can be made.

1.3.4 In the event your organization is unable to physically attend the pre-bid conference in either Licking or Charleston but desires to participate via teleconference, please contact the buyer as noted on the cover page of this IFB for making such arrangements.

1.3.5 A tour of the facility will be available to all potential bidders immediately following the pre-bid conference. Bidders are strongly encouraged to attend the walk through to allow bidders an opportunity to inspect the facility prior to submitting a response. Each bidder is solely responsible for a prudent and complete personal inspection, examination, and assessment of the work site, facilities, and/or any other existing conditions, factors, or items that may affect or impact the performance of service required by the contract requirements. The bidder shall make all reasonable and necessary investigations to inform

themselves thoroughly as to the facilities accessibility. The bidder shall not be relieved of responsibility for performance under the contract for any reason whatsoever, including, but not limited to, (1) the bidder's failure to attend the scheduled tour of the location, (2) the bidder's failure to observe existing conditions, etc.

2. CONTRACTUAL REQUIREMENTS

2.1 Contract:

2.1.1 A binding contract shall consist of: (1) the IFB and any amendments thereto, (2) the contractor's response (bid) to the IFB, (3) clarification of the bid, if any, and (4) the Division of Purchasing and Materials Management's acceptance of the response (bid) by "notice of award" or by "purchase order". All Exhibits and Attachments included in the IFB shall be incorporated into the contract by reference.

2.1.2 A notice of award issued by the State of Missouri does not constitute an authorization for shipment of equipment or supplies or a directive to proceed with services. Before providing equipment, supplies and/or services for the State of Missouri, the contractor must receive a properly authorized purchase order or other form of authorization given to the contractor at the discretion of the state agency.

2.1.3 The contract expresses the complete agreement of the parties and performance shall be governed solely by the specifications and requirements contained therein.

2.1.4 Any change to the contract, whether by modification and/or supplementation, must be accomplished by a formal contract amendment signed and approved by and between the duly authorized representative of the contractor and the Division of Purchasing and Materials Management or by a modified purchase order prior to the effective date of such modification. The contractor expressly and explicitly understands and agrees that no other method and/or no other document, including correspondence, acts, and oral communications by or from any person, shall be used or construed as an amendment or modification to the contract.

2.2 Contract Period:

2.2.1 The original contract period shall be as stated on page 1 of the Invitation for Bid (IFB). The contract shall not bind, nor purport to bind, the state for any contractual commitment in excess of the original contract period. The Division of Purchasing and Materials Management shall have the right, at its sole option, to renew the contract for five (5) additional one-year periods, or any portion thereof. In the event the Division of Purchasing and Materials Management exercises such right, all terms and conditions, requirements and specifications of the contract shall remain the same and apply during the renewal period, pursuant to applicable option clauses of this document.

2.3 Renewal Periods:

2.3.1 If the option for renewal is exercised by the Division of Purchasing and Materials Management, the contractor shall agree that the prices for the renewal period shall not exceed the maximum percent of increase for the applicable renewal period stated on the Pricing Page of the contract.

a. If renewal percentages are not provided, then prices during renewal periods shall be the same as during the original contract period.

b. The Division of Purchasing and Materials Management does not automatically exercise its option for renewal based upon the maximum percent of increase and reserves the right to offer or to request renewal of the contract at a price less than the maximum percent of increase stated.

2.4 Price:

- 2.4.1 All prices shall be as indicated on the Pricing Page. The state shall not pay nor be liable for any other additional costs including but not limited to taxes, shipping charges, insurance, interest, penalties, termination payments, attorney fees, liquidated damages, etc.

PARAGRAPH REVISED BY AMENDMENT 001

- 2.4.2 The contractor shall be compensated for diesel fuel costs incurred in the delivery of the wood fuel. The contractor's per ton cost stated in line items 001 and 002 on the Pricing Page must include fuel charges assuming a \$4.50/gallon price for No. 2 diesel fuel. Adjustments to the per ton prices that are prompted by changes in diesel fuel costs are allowed and shall be determined by either adding or deducting an adjusted version of the price quoted in line item 003 to the quoted per ton price quoted in line items 001 and 002. The amount of the adjustment shall be determined by comparing the published monthly average price for Number Two diesel found in the Energy Information Administration (EIA), Midwest (PADD 2) Gasoline and Diesel Retail Price monthly average index price (stated in cents per gallon) for No. 2 Diesel Retail Sales. The state will use the EIA publication for the month that is two months prior to the wood delivery. For example, the diesel pricing for considering the adjustment for delivery in May 2008 shall be based on the March 2008 On-Highway Diesel Fuel Price as reported in the EIA. The EIA published monthly average shall be compared to the built-in \$4.50 per gallon fuel costs for No. 2 diesel. This base price of \$4.50 shall be firm and fixed and shall be used to determine allowable price adjustments to the per ton price for the duration of the contract. Adjustments shall be calculated on \$.05 increments above/below the \$4.50/gallon base-price, times the quoted adjustment in line item 003. Examples: If the adjustment quoted for line item 003 is .04¢, and the EIA PAD 2 index is \$4.60 per gallon for diesel during the billing period, the adjusted price per ton would be to add .08¢ per ton to the delivered wood price. If .07¢ is quoted for line item 003, and the EIA PAD 2 index is \$4.35 per gallon for diesel during the billing period, the adjusted price per ton would be to deduct .21¢ per ton from the delivered wood price.

2.5 Payment Terms:

- 2.5.1 The contractor shall understand and agree the state reserves the right to make contract payments to the contractor through electronic funds transfer (EFT). Therefore, prior to any payments becoming due under the contract, the contractor must return a completed state Vendor ACH/EFT Application which is downloadable from the following website: <http://www.oe.mo.gov/purch/vendorinfo/vendorach.pdf>. Each contractor invoice must be on the contractor's original descriptive business invoice form and must contain a unique invoice number. The invoice number will be listed on the state's EFT addendum record to enable the contractor to properly apply state payments to invoices. The monthly average published in the EIA which will be determined by the EIA monthly publication 2-months prior to delivery will be used to compare against the \$4.50 per gallon base price. This comparison will determine the amount of adjustment that can be allowed based on the price stated by the bidder in line item 003. a DECREASE. Bidders submitting an electronic bid are strongly advised to submit a comment or attachment to distinguish between an increase or decrease. In the event no comment or attachment is submitted, the State of Missouri shall interpret the percentage as an INCREASE in the absence of bid clarification.

Regarding price increase percentages for renewals: The bidder must indicate the maximum allowable percentage of price increase or guaranteed minimum percentage of price decrease applicable to the renewal option year(s). If a percentage is not quoted (i.e., left blank, page not returned, etc.), the state shall have the right to execute the option at the same price(s) quoted for the original contract period. Statements such as "a percentage of the then current price" or "consumer price index" are NOT ACCEPTABLE. The percentage(s) indicated below shall be used in the cost evaluation to determine the potential maximum financial liability to the State of Missouri.

IMPORTANT BID PRICING INFORMATION: The bidder should be very careful to note that all increases shall be calculated against the ORIGINAL contract price, NOT against the previous year's price. Therefore, each renewal period's quoted percentage shall be applied to the ORIGINAL bid pricing, and not to the contract pricing from the prior contract period (with the exception of the first renewal period).

Note: The stated price per ton adjustment for diesel fuel costs (line item 003) shall remain the same for the life of the contract.

Instructions for Certification

1. By signing and submitting this proposal, the prospective recipient of Federal assistance funds is providing the certification as set out below.
2. The certification in this clause is a material representation of fact upon which reliance was placed when this transaction was entered into. If it is later determined that the prospective recipient of Federal assistance funds knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, the Department of Labor (DOL) may pursue available remedies, including suspension and/or debarment.
3. The prospective recipient of Federal assistance funds shall provide immediate written notice to the person to which this proposal is submitted if at any time the prospective recipient of Federal assistance funds learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.
4. The terms "covered transaction," "debarred," "suspended," "ineligible," "lower tier covered transaction," "participant," "person," "primary covered transaction," "principal," "proposal," and "voluntarily excluded," as used in this clause, have the meanings set out in the Definitions and Coverage sections of rules implementing Executive Order 12549. You may contact the person to which this proposal is submitted for assistance in obtaining a copy of those regulations.
5. 3. OPEN COMPETITION/INVITATION FOR BID DOCUMENT

- a. It shall be the bidder's responsibility to ask questions, request changes or clarification, or otherwise advise the DPMM if any language, specifications or requirements of an IFB appear to be ambiguous, contradictory, and/or arbitrary, or appear to inadvertently restrict or limit the requirements stated in the IFB to a single source. Any and all communication from bidders regarding specifications, requirements, competitive bid process, etc., must be directed to the buyer from the DPMM, unless the IFB specifically refers the bidder to another contact. Such communication should be received at least ten calendar days prior to the official bid opening date.
- b. Every attempt shall be made to ensure that the bidder receives an adequate and prompt response. However, in order to maintain a fair and equitable bid process, all bidders will be advised, via the issuance of an amendment to the IFB, of any relevant or pertinent information related to the procurement. Therefore, bidders are advised that unless specified elsewhere in the IFB, any questions received less than ten calendar days prior to the IFB opening date may not be answered.

- d. The DPMM monitors all procurement activities to detect any possibility of deliberate restraint of competition, collusion among bidders, price-fixing by bidders, or any other anticompetitive conduct by bidders which appears to violate state and federal antitrust laws. Any suspected violation shall be referred to the Missouri Attorney General's Office for appropriate action.
- e. The IFB is available for viewing and downloading on the state's On-Line Bidding/Vendor Registration System website. Premium registered bidders are electronically notified of the bid opportunity based on the information maintained in the State of Missouri's vendor database. If a Premium registered bidder's e-mail address is incorrect, the bidder must update the e-mail address themselves on the state's On-Line Bidding/Vendor Registration System website.
- f. The DPMM reserves the right to officially amend or cancel an IFB after issuance. Premium registered bidders who received e-mail notification of the bid opportunity when the IFB was established and Premium registered bidders who have responded to the IFB on-line prior to an amendment being

issued will receive e-mail notification of the amendment(s). Premium registered bidders who received e-mail notification of the bid opportunity when the IFB was established and Premium registered bidders who have responded to the bid on-line prior to a cancellation being issued will receive e-mail notification of a cancellation issued prior to the exact closing time and date specified in the IFB.

4. PREPARATION OF BIDS

- a. Bidders must examine the entire IFB carefully. Failure to do so shall be at bidder's risk.
- b. Unless otherwise specifically stated in the IFB, all specifications and requirements constitute minimum requirements. All bids must meet or exceed the stated specifications and requirements.
- c. Unless otherwise specifically stated in the IFB, any manufacturer names, trade names, brand names, information and/or catalog numbers listed in a specification and/or requirement are for informational purposes only and are not intended to limit competition. The bidder may offer any brand which meets or exceeds the specification for any item, but must state the manufacturer's name and model number for any such brands in the bid. In addition, the bidder shall explain, in detail, (1) the reasons why the proposed equivalent meets or exceeds the specifications and/or requirements and (2) why the proposed equivalent should not be considered an exception thereto. Bids which do not comply with the requirements and specifications are subject to rejection without clarification.
- d. Bids lacking any indication of intent to bid an alternate brand or to take an exception shall be received and considered in complete compliance with the specifications and requirements as listed in the IFB.
- e. In the event that the bidder is an agency of state government or other such political subdivision which is prohibited by law or court decision from complying with certain provisions of an IFB, such a bidder may submit a bid which contains a list of statutory limitations and identification of those prohibitive clauses which will be modified via a clarification conference between the DPMM and the bidder, if such bidder is selected for contract award. The clarification conference will be conducted in order to agree to language that reflects the intent and compliance of such law and/or court order and the IFB. Any such bidder needs to include in the bid, a complete list of statutory references and citations for each provision of the IFB which is affected by this paragraph.
- f. All equipment and supplies offered in a bid must be new, of current production, and available for marketing by the manufacturer unless the IFB clearly specifies that used, reconditioned, or remanufactured equipment and supplies may be offered.
- g. Prices shall include all packing, handling and shipping charges FOB destination, freight prepaid and allowed unless otherwise specified in the IFB.
- h. Bids, including all pricing therein, shall remain valid for 90 days from bid opening unless otherwise indicated. If the bid is accepted, the entire bid, including all prices, shall be firm for the specified contract period.
- i. Any foreign bidder not having an Employer Identification Number assigned by the United States Internal Revenue Service (IRS) must submit a completed IRS Form W-8 prior to or with the submission of their bid in order to be considered for award.

5. SUBMISSION OF BIDS

Failure to do so may result in rejection of the bid unless the bidder's full compliance with those documents is indicated elsewhere within the bidder's response.
- f. Faxed bids shall not be accepted. However, faxed and e-mail no-bid notifications shall be accepted.

6. BID OPENING

- a. Bid openings are public on the opening date and at the opening time specified on the IFB document. Names, locations, and prices of respondents shall be read at the bid opening. Such preference shall be given when quality is equal or better and delivered price is the same or less.
- c. In accordance with Executive Order 05-30, contractors are encouraged to utilize certified minority and women-owned businesses in selecting subcontractors.

- a. Any clerical error, apparent on its face, may be corrected by the buyer before contract award. Upon discovering an apparent clerical error, the buyer shall contact the bidder and request clarification of the intended bid. The correction shall be incorporated in the notice of award. Examples of apparent clerical errors are: 1) misplacement of a decimal point; and 2) obvious mistake in designation of unit.
- b. Any pricing information submitted by a bidder shall be subject to evaluation if deemed by the DPMM to be in the best interest of the State of Missouri.
- c. The bidder is encouraged to propose price discounts for prompt payment or propose other price discounts that would benefit the State of Missouri. However, unless otherwise specified in the IFB, pricing shall be evaluated at the maximum potential financial liability to the State of Missouri.
- d. Awards shall be made to the bidder whose bid (1) complies with all mandatory specifications and requirements of the IFB and (2) is the lowest and best bid, considering price, responsibility of the bidder, and all other evaluation criteria specified in the IFB and (3) complies with Sections 34.010 and 34.070 RSMo and Executive Order 04-09.
- e. In the event all bidders fail to meet the same mandatory requirement in an IFB, DPMM reserves the right, at its sole discretion, to waive that requirement for all bidders and to proceed with the evaluation. In addition, the DPMM reserves the right to waive any minor irregularity or technicality found in any individual bid.
- f. The DPMM reserves the right to reject any and all bids. When all bids are non-responsive or otherwise unacceptable and circumstances do not permit a rebid, DPMM may negotiate for the required supplies.
- g. When evaluating a bid, the State of Missouri reserves the right to consider relevant information and fact, whether gained from a bid, from a bidder, from bidder's references, or from any other source.
- h. Any information submitted with the bid, regardless of the format or placement of such information, may be considered in making decisions related to the responsiveness and merit of a bid and the award of a contract.
- i. Any award of a contract shall be made by notification from the DPMM to the successful bidder. The DPMM reserves the right to make awards by item, group of items, or an all or none basis. The grouping of items awarded shall be determined by DPMM based upon factors such as item similarity, location, administrative efficiency, or other considerations in the best interest of the State of Missouri.
- j. All bids and associated documentation which were submitted on or before the official opening date and time will be considered open records pursuant to Section 610.021 RSMo following the official opening of bids.
- k. The DPMM posts all bid results on the On-line Bidding/Vendor Registration System website for Premium registered bidders to view for a reasonable period after bid award. The DPMM maintains images of all bid file material for review. Bidders who include an e-mail address with their bid will be notified of the award results via e-mail.
- l. The DPMM reserves the right to request clarification of any portion of the bidder's response in order to verify the intent of the bidder. The bidder is cautioned, however, that its response may be subject to acceptance or rejection without further clarification.
- m. Any bid award protest must be received within ten (10) calendar days after the date of award in accordance with the requirements of 1 CSR 40-1.050 (10).
- n. The final determination of contract award(s) shall be made by DPMM.

9. CONTRACT/PURCHASE ORDER

- a. By submitting a bid, the bidder agrees to furnish any and all equipment, supplies and/or services specified in the IFB, at the prices quoted, pursuant to all requirements and specifications contained therein.
- b. A binding contract shall consist of: (1) the IFB and any amendments thereto, (2) the contractor's response (bid) to the IFB, (3) clarification of the bid, if any, and (4) DPMM's acceptance of the response (bid) by "notice of award" or by "purchase order." All Exhibits and Attachments included in the IFB shall be incorporated into the contract by reference.
- c. A notice of award issued by the State of Missouri does not constitute an authorization for shipment of equipment or supplies or a directive to proceed with services. Before providing equipment, supplies and/or services for the State of Missouri, the contractor must receive a properly authorized purchase order or other form of authorization given to the contractor at the discretion of the state agency.
- d. The contract expresses the complete agreement of the parties and performance shall be governed solely by the specifications and requirements contained therein. Any change to the contract, whether by modification and/or supplementation, must be accomplished by a formal contract amendment signed and approved by and between the duly authorized representative of the contractor and the DPMM or by a modified purchase order prior to the effective date of such modification. The contractor expressly and explicitly understands and agrees that no other method and/or no other document, including correspondence, acts, and oral communications by or from any person, shall be used or construed as an amendment or modification to the contract.

10. INVOICING AND PAYMENT

- a. The State of Missouri does not pay state or federal taxes unless otherwise required under law or regulation.
- b. The statewide financial management system has been designed to capture certain receipt and payment information. For each purchase order received, an invoice must be submitted that references the purchase order number and must be itemized in accordance with items listed on the purchase order. Failure to comply with this requirement may delay processing of invoices for payment.
- c. The contractor shall not transfer any interest in the contract, whether by assignment or otherwise, without the prior written consent of the DPMM.
- d. Payment for all equipment, supplies, and/or services required herein shall be made in arrears unless otherwise indicated in the IFB.

11. DELIVERY

Time is of the essence. Deliveries of equipment, supplies, and/or services must be made no later than the time stated in the contract or within a reasonable period of time, if a specific time is not stated.

12. INSPECTION AND ACCEPTANCE

- a. No equipment, supplies, and/or services received by an agency of the state pursuant to a contract shall be deemed accepted until the agency has had reasonable opportunity to inspect said equipment, supplies, and/or services.

- d. The State of Missouri's right to reject any unacceptable equipment, supplies, and/or services shall not exclude any other legal, equitable or contractual remedies the state may have.

13. WARRANTY

- a. The contractor expressly warrants that all equipment, supplies, and/or services provided shall: (1) conform to each and every specification, drawing, sample or other description which was furnished to or adopted by the DPMM, (2) be fit and sufficient for the purpose expressed in the IFB, (3) be merchantable, (4) be of good materials and workmanship, and (5) be free from defect.
- b. Such warranty shall survive delivery and shall not be deemed waived either by reason of the state's acceptance of or payment for said equipment, supplies, and/or services.

14. CONFLICT OF INTEREST

- a. Officials and employees of the state agency, its governing body, or any other public officials of the State of Missouri must comply with Sections 105.452 and 105.454 RSMo regarding conflict of interest.
- b. The contractor hereby covenants that at the time of the submission of the bid the contractor has no other contractual relationships which would create any actual or perceived conflict of interest. The contractor further agrees that during the term of the contract neither the contractor nor any of its employees shall acquire any other contractual relationships which create such a conflict.

15. REMEDIES AND RIGHTS

- a. No provision in the contract shall be construed, expressly or implied, as a waiver by the State of Missouri of any existing or future right and/or remedy available by law in the event of any claim by the State of Missouri of the contractor's default or breach of contract.
- b. The contractor agrees and understands that the contract shall constitute an assignment by the contractor to the State of Missouri of all rights, title and interest in and to all causes of action that the contractor may have under the antitrust laws of the United States or the State of Missouri for which causes of action have accrued or will accrue as the result of or in relation to the particular equipment, supplies, and/or services purchased or procured by the contractor in the fulfillment of the contract with the State of Missouri.

16. CANCELLATION OF CONTRACT

- a. In the event of material breach of the contractual obligations by the contractor, the DPMM may cancel the contract. At its sole discretion, the DPMM may give the contractor an opportunity to cure the breach or to explain how the breach will be cured. The actual cure must be completed within no more than 10 working days from notification, or at a minimum the contractor must provide DPMM within 10 working days from notification a written plan detailing how the contractor intends to cure the breach.
- b. If the contractor fails to cure the breach or if circumstances demand immediate action, the DPMM will issue a notice of cancellation terminating the contract immediately.
- c. If the DPMM cancels the contract for breach, the DPMM reserves the right to obtain the equipment, supplies, and/or services to be provided pursuant to the contract from other sources and upon such terms and in such manner as the DPMM deems appropriate and charge the contractor for any additional costs incurred thereby.
- d. The contractor understands and agrees that funds required to fund the contract must be appropriated by the General Assembly of the State of Missouri for each fiscal year included within the contract period. The contract shall not be binding upon the state for any period in which funds have not been appropriated, and the state shall not be liable for any costs associated with termination caused by lack of appropriations.

17. COMMUNICATIONS AND NOTICES

Any notice to the bidder/contractor shall be deemed sufficient when deposited in the United States mail postage prepaid, transmitted by facsimile, transmitted by e-mail or hand-carried and presented to an authorized employee of the bidder/contractor.

18. BANKRUPTCY OR INSOLVENCY
