**Subject:** B1E14173 - Food Service Equipment  
**Importance:** High

Jake,

Pursuant to the State of North Carolina, Executive Order No. 50, a preference is applied to bid on goods submitted by resident North Carolina vendors, if the lowest bid from a resident vendor is within \$10,000 or within five (5) percent of the lowest bid. In such a case, the resident bidder may opt to match the lowest price and receive the bid award. This applies to the IFB referenced above for Category 9: Steamers, which consists of line items 029 and 030. The North Carolina bidder, Thompson & Little's price for Category 9: Steamers is \$28,426.66. Line item 029's price being \$12,884.59 and line item 030's price being \$15,542.07. Ford Restaurant Supply's price for Category 9: Steamers is \$28,466.22. Line item 029's price being \$12,806.09 and line item 030's price being \$15,660.13.

Does Ford Restaurant Supply agree to supply the State of Missouri Department of Corrections with the prices below for line items 029 and 030?

Line item 029: \$12,884.59

Line item 030: \$15,542.07

Thanks again,

*Jacqueline Satterlee*

## **1. INTRODUCTION AND GENERAL INFORMATION**

### **1.1 Purpose:**

- 1.1.1 *This document constitutes an invitation for sealed bids from prospective bidders for the purchase of miscellaneous food service equipment for the State of Missouri, Department of Corrections (hereinafter referred to as "state agency"), in accordance with the requirements and provisions stated herein.*
- 1.1.2 This bid is for purchase and delivery only and does not include any labor or installation.

## **2. CONTRACTUAL REQUIREMENTS**

### **2.1 Contract:**

- 2.1.1 A binding contract shall consist of: (1) the IFB and any amendments thereto, (2) the contractor's response (bid) to the IFB, (3) clarification of the bid, if any, and (4) the Division of Purchasing and Materials Management's acceptance of the response (bid) by "notice of award". All Exhibits and Attachments included in the IFB shall be incorporated into the contract by reference.
- 2.1.2 A notice of award issued by the State of Missouri does not constitute an authorization for shipment of equipment or supplies or a directive to proceed with services. *Before providing equipment, supplies and/or services for the State of Missouri, the contractor must receive a properly authorized purchase order or other form of authorization given to the contractor at the discretion of the state agency.*
- 2.1.3 The contract expresses the complete agreement of the parties and performance shall be governed solely by the specifications and requirements contained therein.
- 2.1.4 Any change to the contract, whether by modification and/or supplementation, must be accomplished by a formal contract amendment signed and approved by and between the duly authorized representative of the contractor and the Division of Purchasing and Materials Management prior to the effective date of such modification. The contractor expressly and explicitly understands and agrees that no other method and/or no other document, including correspondence, acts, and oral communications by or from any person, shall be used or construed as an amendment or modification to the contract.

### **2.2 Contract Period:**

- 2.2.1 The original contract period shall be as stated on the Notice of Award. The contract shall not bind, nor purport to bind, the state for any contractual commitment in excess of the original contract period.

### **2.3 Price:**

- 2.3.1 *All prices shall be as indicated on the Pricing Page. The state shall not pay nor be liable for any other additional costs including but not limited to taxes, shipping charges, insurance, interest, penalties, termination payments, attorney fees, liquidated damages, etc.*

### **2.4 Prices Must Be Lowest:**

- 2.4.1 The contractor's prices must be the lowest offered to any governmental or commercial consumer, under the same terms and conditions.

### **2.5 Payment Terms:**

- 2.5.1 The contractor shall understand and agree the state reserves the right to make contract payments to the contractor through electronic funds transfer (EFT). Therefore, prior to any payments becoming due under the contract, the contractor must return a completed state Vendor ACH/EFT Application, which is downloadable from the Vendor Services Portal at: <https://www.vendorservices.mo.gov/vendorservices/Portal/Default.aspx>.

Each contractor invoice must be on the contractor's original descriptive business invoice form and must contain a unique invoice number. The invoice number will be listed on the state's EFT addendum record to enable the contractor to properly apply state payments to invoices. The contractor must comply with all other invoicing requirements stated in the IFB.

2.5.2 The contractor may obtain detailed information for payments issued for the past 24 months from the State of Missouri's central accounting system (SAM II) on the Vendor Services Portal at <https://www.vendorservices.mo.gov/vendorservices/Portal/Default.aspx>.

2.5.3 All payment terms shall be as stated in the Terms and Conditions of the contract (see paragraph 10, "Invoicing and Payment") unless otherwise addressed in the IFB, or mutually agreed to by the state and the contractor. Payment terms should be net 30 days unless otherwise stated in the IFB. No late charges shall be applied which are not in compliance with Chapter 34.055 RSMo. This statute may be found at <http://www.moga.mo.gov/STATUTES/STATUTES.HTM>.

## 2.6 Point of Contact:

2.6.1 The contractor shall function as the single point of contact for all contract activities regardless of any subcontract arrangement for any product or service. This shall include assuming responsibilities and liabilities for any and all problems relating to all materials, equipment and services provided.

## 2.7 Contractor Liability:

2.7.1 The contractor shall be responsible for any and all personal injury (including death) or property damage as a result of the contractor's negligence involving any equipment or service provided under the terms and conditions, requirements and specifications of the contract. In addition, the contractor assumes the obligation to save the State of Missouri, including its agencies, employees, and assignees, from every expense, liability, or payment arising out of such negligent act. The contractor also agrees to hold the State of Missouri, including its agencies, employees, and assignees, harmless for any negligent act or omission committed by any subcontractor or other person employed by or under the supervision of the contractor under the terms of the contract.

2.7.2 The contractor shall not be responsible for any injury or damage occurring as a result of any negligent act or omission committed by the State of Missouri, including its agencies, employees, and assignees.

## 2.8 Subcontractors:

2.8.1 Any subcontracts for the products/services described herein must include appropriate provisions and contractual obligations to ensure the successful fulfillment of all contractual obligations agreed to by the contractor and the State of Missouri and to ensure that the State of Missouri is indemnified, saved, and held harmless from and against any and all claims of damage, loss, and cost (including attorney fees) of any kind related to a subcontract in those matters described in the contract between the State of Missouri and the contractor. The contractor shall expressly understand and agree that he/she shall assume and be solely responsible for all legal and financial responsibilities related to the execution of a subcontract. The contractor shall agree and understand that utilization of a subcontractor to provide any of the products/services in the contract shall in no way relieve the contractor of the responsibility for providing the products/services as described and set forth herein. The contractor must obtain the approval of the State of Missouri prior to establishing any new subcontracting arrangements and before changing any subcontractors. The approval shall not be arbitrarily withheld.

## 2.9 Independent Contractor:

2.9.1 The contractor is an independent contractor and shall not represent the contractor or the contractor's employees to be employees of the State of Missouri or an agency of the State of Missouri. The contractor shall assume all legal and financial responsibility for salaries, taxes, FICA, employee fringe benefits, workers compensation, employee insurance, minimum wage requirements, overtime, etc., and agrees to indemnify,

save, and hold the State of Missouri, its officers, agents, and employees, harmless from and against, any and all loss; cost (including attorney fees); and damage of any kind related to such matters.

**2.10 Estimated Quantities:**

2.10.1 The quantities indicated in this Invitation for Bid are estimates that pertain to the total aggregate quantities that may be ordered throughout the stated contract period. The estimates do not indicate single order amounts unless otherwise stated. The State of Missouri makes no guarantees about single order quantities or total aggregate order quantities.

**2.11 Coordination:**

2.11.1 The contractor shall fully coordinate all contract activities with those activities of the state agency. As the work of the contractor progresses, advice and information on matters covered by the contract shall be made available by the contractor to the state agency or the Division of Purchasing and Materials Management throughout the effective period of the contract.

**2.12 Insurance:**

2.12.1 The contractor shall understand and agree that the State of Missouri cannot save and hold harmless and/or indemnify the contractor or employees against any liability incurred or arising as a result of any activity of the contractor or any activity of the contractor's employees related to the contractor's performance under the contract. Therefore, the contractor must acquire and maintain adequate liability insurance in the form(s) and amount(s) sufficient to protect the State of Missouri, its agencies, its employees, its clients, and the general public against any such loss, damage and/or expense related to his/her performance under the contract. General and other non-professional liability insurance shall include an endorsement that adds the State of Missouri as an additional insured. Self-insurance coverage or another alternative risk financing mechanism may be utilized provided that such coverage is verifiable and irrevocably reliable and the State of Missouri is protected as an additional insured.

**2.13 Termination:**

2.13.1 The Division of Purchasing and Materials Management reserves the right to terminate the contract at any time, for the convenience of the State of Missouri, without penalty or recourse, by giving written notice to the contractor at least thirty (30) calendar days prior to the effective date of such termination. The contractor shall be entitled to receive compensation for services and/or supplies delivered to and accepted by the State of Missouri pursuant to the contract prior to the effective date of termination.

**2.14 Participation by Other Organizations:**

2.14.1 The contractor must comply with any Organization for the Blind/Sheltered Workshop participation levels committed to in the contractor's awarded bid.

2.14.2 The contractor shall prepare and submit to the Division of Purchasing and Materials Management a report detailing all payments made by the contractor to Organizations for the Blind/Sheltered Workshops participating in the contract for the reporting period. The contractor must submit the report on a monthly basis, unless otherwise determined by the Division of Purchasing and Materials Management.

2.14.3 The Division of Purchasing and Materials Management will monitor the contractor's compliance in meeting the Organizations for the Blind/Sheltered Workshop participation levels committed to in the contractor's awarded bid. If the contractor's payments to the participating entities are less than the amount committed, the state may cancel the contract and/or suspend or debar the contractor from participating in future state procurements, or retain payments to the contractor in an amount equal to the value of the participation commitment less actual payments made by the contractor to the participating entity. If the Division of Purchasing and Materials Management determines that the contractor becomes compliant with the commitment, any funds retained as stated above, will be released.

- 2.14.4 If a participating entity fails to retain the required certification or is unable to satisfactorily perform, the contractor must obtain other organizations for the blind/sheltered workshops to fulfill the participation requirements committed to in the contractor's awarded bid.
- a. The contractor must obtain the written approval of the Division of Purchasing and Materials Management for any new entities. This approval shall not be arbitrarily withheld.
  - b. If the contractor cannot obtain a replacement entity, the contractor must submit documentation to the Division of Purchasing and Materials Management detailing all efforts made to secure a replacement. The Division of Purchasing and Materials Management shall have sole discretion in determining if the actions taken by the contractor constitute a good faith effort to secure the required participation and whether the contract will be amended to change the contractor's participation commitment.
- 2.14.5 No later than 30 days after the effective date of the contract's expiration date the contractor must submit an affidavit to the Division of Purchasing and Materials Management. The affidavit must be signed by the director or manager of the participating Organizations for the Blind/Sheltered Workshop verifying provision of products and/or services and compliance of all contractor payments made to the Organizations for the Blind/Sheltered Workshops. The contractor may use the affidavit available on the Division of Purchasing and Materials Management's website at <http://content.oa.mo.gov/sites/default/files/bswaffidavit.doc> or another affidavit providing the same information.

## **2.15 Contractor's Personnel:**

- 2.15.1 The contractor shall only employ personnel authorized to work in the United States in accordance with applicable federal and state laws. This includes but is not limited to the Illegal Immigration Reform and Immigrant Responsibility Act (IIRIRA) and INA Section 274A.
- 2.15.2 If the contractor is found to be in violation of this requirement or the applicable state, federal and local laws and regulations, and if the State of Missouri has reasonable cause to believe that the contractor has knowingly employed individuals who are not eligible to work in the United States, the state shall have the right to cancel the contract immediately without penalty or recourse and suspend or debar the contractor from doing business with the state.
- 2.15.3 The contractor shall agree to fully cooperate with any audit or investigation from federal, state, or local law enforcement agencies.

## **3. SPECIFIC CONTRACTUAL AND PERFORMANCE REQUIREMENTS**

### **3.1 General:**

- 3.1.1 The contractor shall provide food service equipment on an as needed, if needed basis as ordered by the state agency. The contractor must comply with all mandatory requirements and specifications presented herein pertaining to provision of food service equipment.

### **3.2 Substitutions:**

- 3.2.1 The contractor shall not substitute any item(s) that has been awarded to the contractor without the prior written approval of the Division of Purchasing and Materials Management.
- 3.2.2 In the event an item becomes unavailable, the contractor shall be responsible for providing a suitable substitute item. The contractor's failure to provide an acceptable substitute may result in cancellation or termination of the contract.
- 3.2.3 Any item substitution must be a replacement of the contracted item with a product of equal or better capabilities and quality, and with equal or lower pricing. The contractor shall understand that the state reserves the right to allow the substitution of any new or different product/system offered by the contractor.

The Division of Purchasing and Materials Management shall be the final authority as to acceptability of any proposed substitution.

3.2.4 Any item substitution shall require a formal contract amendment authorized by the Division of Purchasing and Materials Management prior to the state acquiring the substitute item under the contract.

3.2.5 The state may choose not to compel an item substitution in the event requiring a substitution would be deemed unreasonable in the sole opinion of the State of Missouri. The contractor shall not be relieved of substituting a product in the event of manufacturer discontinuation or other reason simply for reasons of unprofitability to the contractor.

### **3.3 Replacement of Damaged Product:**

3.3.1 The contractor shall be responsible for replacing any item received in damaged condition at no cost to the State of Missouri. This includes all shipping costs for returning non-functional items to the contractor for replacement.

### **3.4 Delivery Performance:**

3.4.1 The contractor and/or the contractor's subcontractor(s) shall deliver products in accordance with the contracted *delivery times stated herein to the state agency upon receipt of an authorized purchase order or P-card transaction notice*. Delivery shall include unloading shipments at the state agency's dock or other designated unloading site as requested by the state agency. All orders must be shipped F.O.B. Destination, Freight Prepaid and Allowed. All orders received on the last day of the contract, must be shipped at the contract price. All deliveries must be coordinated with the state agency.

3.4.2 The contractor must contact the receiving institution a minimum of one (1) business day prior to delivery to ensure that personnel will be available at time of delivery.

3.4.3 Institutions may have specific times that deliveries can be accepted based on security procedures. The contractor shall coordinate delivery times with the receiving institution. A delivery arriving during a time the institution does not accept deliveries will be delayed or refused. Any additional cost for redelivery shall be the responsibility of the contractor.

3.4.4 Delivery must not be made on official state holidays. A list of official state holidays may be found on the State of Missouri website at <http://www.oa.mo.gov/pers/hoursofwork.htm>.

### **3.5 Contractor's Employees:**

3.5.1 All of the contractor's employees and agents providing service in the facility must be at least 18 years of age. A Missouri Uniform Law Enforcement System (MULES) or other background investigation may be required on the contractor's employees and agents before allowing entry into the institution. Such investigation shall be equivalent to investigations required of all personnel employed by the Department. The institution shall have the right to deny access into the institution for any of the contractor's employees or agents for any reason. Such denial shall not relieve the contractor of any requirements of the contract.

3.5.2 Contractor's employees and agents under active federal or state felony or misdemeanor supervision must receive written division director approval prior to performing services on a Department contract. Contractors/employees/agents with prior felony convictions and not under active supervision must receive written division director approval in advance.

3.5.3 The contractor, its employees, and others acting under the contractor's control, shall at all times observe and comply with all applicable state statues, Department rules, regulations, guidelines, internal management policy and procedures, and general orders of the Department that are applicable, regarding operations and activities in and about all Department property. Furthermore, the contractor, its agents or employees, shall not obstruct the Department nor any of its designated officials from performing their duties in response to court orders or in the

maintenance of a secure and safe correctional environment. The contractor shall comply with the Department's policy and procedures relating to employee conduct.

- a. The Department has a zero tolerance policy for any form of sexual misconduct to include *staff/contractor/volunteer on offender or offender on offender sexual harassment, sexual assault, sexual abusive contact and consensual sex*. Any contractor or contractor's employee or agent who witnesses sexual abuse or sexual harassment must immediately report it to the warden. A contractor or contractor's employee or agent who engages in, fails to report, or knowingly condones sexual harassment or sexual contact with or between offenders shall be grounds for canceling the contract and may subject the contractor or contractor's employee or agent to criminal prosecution.
  - b. Any contractor, contractor's employee or agent who has engaged in sexual abuse in a prison, jail, lockup, community confinement facility, juvenile facility or other institution shall be denied access into the institution.
- 3.6.4 The contractor and/or contractor's employees and agents shall not interact with the offenders except as is necessary to perform the requirements of the contract. The contractor and/or contractor's employees and agents shall not give anything to nor accept anything from the offenders except in the normal performance of the contract.

#### 4. **BIDDERS' INSTRUCTIONS**

##### 4.1 **Contact:**

- 4.1.1 Any and all communication from bidders regarding specifications, requirements, competitive bid process, etc. related to the bid document must be referred to the Buyer of Record identified on the first page of this document. Such communication should be received at least ten (10) calendar days prior to the official bid opening date.

##### 4.2 **Business Compliance:**

- 4.2.1 The bidder must be in compliance with the laws regarding conducting business in the State of Missouri. The bidder certifies by signing the signature page of this original document and any amendment signature page(s) or by submitting an on-line bid that the bidder and any proposed subcontractors either are presently in compliance with such laws or shall be in compliance with such laws prior to any resulting contract award. The bidder shall provide documentation of compliance upon request by the Division of Purchasing and Materials Management. The compliance to conduct business in the state shall include but may not be limited to:

- Registration of business name (if applicable)
- Certificate of authority to transact business/certificate of good standing (if applicable)
- Taxes (e.g., city/county/state/federal)
- State and local certifications (e.g., professions/occupations/activities)
- Licenses and permits (e.g., city/county license, sales permits)
- Insurance (e.g., worker's compensation/unemployment compensation)

##### 4.3 **On-Line Bid:**

- 4.3.1 If a registered bidder is responding electronically through the On-Line Bidding/Vendor Registration System website, in addition to completing the on-line pricing, the registered bidder should submit completed exhibits, forms, and other information concerning the bid (including completed Pricing Pages, for renewal period pricing) as an attachment to the electronic bid. Instructions on how a registered vendor responds to a bid on-line are available on the On-Line Bidding/Vendor Registration System website at: <https://www.moolb.mo.gov>.
- 4.3.2 The exhibits, forms, and pricing pages provided herein can be saved into a word processing document, completed by the registered bidder, and then sent as an attachment to the electronic submission. Other requested, required, or additional information may also be sent as an attachment. Additional instructions for

submitting electronic attachments are on the On-Line Bidding/Vendor Registration System website. Be sure to include the bid number, company name, and a contact name on any electronic attachments.

4.3.3 In addition, the registered bidder may submit the exhibits, forms, Pricing Pages, etc., through mail or courier service. However, any such submission must be received prior to the specified closing date and time.

4.3.4 Registered bidders submitting electronic and hard copy bid responses which are not identical should explain which response(s) is(are) valid for the state's consideration. In the absence of such explanation, the state reserves the right to evaluate the response which serves its best interest.

#### 4.4 **Open Competition:**

4.4.1 Any manufacturer's name, trade names, brand names, information and/or catalog numbers listed in a specification and/or requirement are for informational purposes only and are not intended to limit competition.

4.4.2 The bidder may offer any brand of product that meets or exceeds the specifications. In addition to identifying the manufacturer's name and model number, the bidder must explain in detail how their product meets or exceed the specifications. Bids, which do not comply with the requirement and the specifications, are subject to rejection without clarification.

#### 4.5 **Description of Product:**

4.5.1 The bidder should present a detailed description of all products and services proposed in the response to this Invitation for Bid. It is the bidder's responsibility to make sure all products proposed are adequately described in order to conduct an evaluation of the bid to insure its compliance with mandatory technical specifications. It should not be assumed that the evaluator has specific knowledge of the products proposed; however, the evaluator does have sufficient technical background to conduct an evaluation when presented complete information.

#### 4.6 **Preprinted Marketing Materials:**

4.6.1 The bidder may submit preprinted marketing materials with the bid. However, the bidder is advised that such brochures normally do not address the needs of the evaluators with respect to the technical evaluation process and the specific responses which have been requested of the bidder. The bidder is strongly discouraged from relying on such materials in presenting products and services for consideration by the state.

#### 4.7 **Bid Detail Requirements and Deviations:**

4.7.1 It is the bidder's responsibility to submit a bid that meets all mandatory specifications stated herein. The bidder should clearly identify any and all deviations from both the mandatory and desirable specifications stated in the IFB. Any deviation from a mandatory requirement may render the bid non-responsive. Any deviation from a desirable specification may be reviewed by the state as to its acceptability and impact on competition.

4.7.2 **Bidders should note:** A descriptive brochure of the model bid may not be acceptable as clear identification of *deviations from the written specification.*

#### 4.8 **Unit of Measure:**

4.8.1 If the unit of measure specified on the attached pricing pages is different than the manner in which the bidder offers that item, then the unit of measure being proposed by the bidder must be clearly identified on the pricing page. All mathematical conversions should be shown by the bidder, and must be provided upon specific request from the Buyer.

4.8.2 In the cost evaluation, a unit price conversion will be done to fairly evaluate bid prices. However, for any resulting contract, the unit of measure bid will be the unit of measure awarded. Bidders are encouraged to

contact the Buyer **prior to** submission of their bid to discuss anticipated unit modifications. The bidder is cautioned that the State of Missouri reserves the right to clarify the unit of measure modification or to disqualify the bid for that line item if the unit of measure modification is not deemed appropriate or in the best interests of the State of Missouri.

#### **4.9 Compliance with Terms and Conditions:**

4.9.1 The bidder is cautioned when submitting pre-printed terms and conditions or other type material to make sure such documents do not contain other terms and conditions which conflict with those of the IFB and its contractual requirements. The bidder agrees that in the event of conflict between any of the bidder's terms and conditions and those contained in the IFB, that the IFB shall govern. Taking exception to the State's terms and conditions may render a bidder's bid non-responsive and remove it from consideration for award.

#### **4.10 Prices**

4.10.1 The bidder shall submit firm, fixed prices for one, some, or all of the item category groupings shown on the Pricing Pages. The bidder can choose to bid one, some or all categories listed on the Pricing Pages; however, the bidder must bid all line items within any given category. All pricing shall be considered firm for the duration of the contract period indicated on the Notice of Award page of the contract. All pricing shall be quoted FOB Destination, Freight Prepaid and Allowed.

#### **4.11 Cost Evaluation:**

4.11.1 The evaluation shall cover the original contract period and shall include all mandatory requirements. However, the State of Missouri reserves the right to evaluate optional items, if deemed necessary.

4.11.2 A separate cost evaluation shall be conducted for each category group. Each evaluation shall be conducted by multiplying the quoted price per item by the estimated quantity for that line item. The subtotals for all line items shall then be added together to determine the lowest overall bidder for that category.

#### **4.12 Determination for Award:**

4.12.1 The award shall be made to the lowest priced responsive bidder for each category group. Other factors that affect the determination of the lowest price responsive bidder include consideration of the Domestic Product Procurement Act, the Blind/Sheltered Workshop Preference, and the Missouri Service Disabled Veterans Preference explained in the paragraphs that follow.

4.12.2 The State of Missouri reserves the right to reject any bid which is determined unacceptable for reasons which may include but are not necessarily limited to: 1) failure of the bidder to meet mandatory general performance specifications; and/or 2) failure of the bidder to meet mandatory technical specifications; and/or, 3) receipt of any information, from any source, regarding delivery of unsatisfactory product or service by the bidder within the past three years. As deemed in its best interests, the State of Missouri reserves the right to clarify any and all portions of any bidder's offer.

#### **4.13 The Domestic Product Procurement Act:**

4.13.1 In accordance with the Domestic Product Procurement Act (hereinafter referred to as the Buy American Act) sections 34.350 to 34.359, RSMo, the bidder is advised that any goods purchased or leased by any public agency shall be manufactured or produced in the United States.

4.13.2 Bidders who can certify that goods or commodities to be provided in accordance with the contract are manufactured or produced in the United States or imported in accordance with a qualifying treaty, law, agreement, or regulation shall be entitled to a ten percent (10%) preference over bidders whose products do not qualify.

- 4.13.3 The requirements of the Buy American Act shall not apply if other exceptions to the Buy American mandate in section 34.353, RSMo, are met.
- 4.13.4 If the bidder claims there is only one line of the good manufactured or produced in the United States, subsection 2 of section 34.353, RSMo, or that one of the exceptions of subsection 3 of 34.353, RSMo, applies, the Executive Head of the Agency bears the burden of certification as required prior to the award of a contract.
- 4.13.5 In accordance with the Buy American Act, the bidder must provide proof of compliance with section 34.353, RSMo. Therefore the bidder should complete and return **Exhibit A**, certification regarding proof of compliance, with the bid. This document must be satisfactorily completed prior to an award of a contract.
- 4.13.6 If the lowest priced bidder qualifies as American-made or in the event all of the bidders or none of the bidders qualify for the Buy American preference, no further calculation is necessary. In the event the lowest priced bidder does not qualify for the Buy American Preference but other bidders do qualify, then the low bidder's price(s) is increased by 10% for those items not eligible for the Buy American Preference.
- 4.13.7 If any products and/or services offered under this IFB are being manufactured or performed at sites outside the United States, the bidder **MUST** disclose such fact and provide details with the bid.

#### **4.14 Preference for Organizations for the Blind and Sheltered Workshops:**

- 4.14.1 Pursuant to section 34.165, RSMo, and 1 CSR 40-1.050, a ten (10) bonus point preference shall be granted to bidders including products and/or services manufactured, produced or assembled by a qualified nonprofit organization for the blind established pursuant to 41 U.S.C. sections 46 to 48c or a sheltered workshop holding a certificate of approval from the Department of Elementary and Secondary Education pursuant to section 178.920, RSMo.
- a. In order to qualify for the ten bonus points, the following conditions must be met and the following evidence must be provided:
- 1) The bidder must either be an organization for the blind or sheltered workshop or must be proposing to utilize an organization for the blind/sheltered workshop as a subcontractor and/or supplier in an amount that must equal the greater of \$5,000 or 2% of the total dollar value of the contract for purchases not exceeding \$10 million.
  - 2) The services performed or the products provided by the organization for the blind or sheltered workshop must provide a commercially useful function related to the delivery of the contractually-required service/product in a manner that will constitute an added value to the contract and shall be performed/provided exclusive to the performance of the contract. Therefore, if the services performed or the products provided by the organization for the blind or sheltered workshop is utilized, to any extent, in the bidder's obligations outside of the contract, it shall not be considered a valid added value to the contract and shall not qualify as participation in accordance with this clause.
  - 3) If the bidder is proposing participation by an organization for the blind or sheltered workshop, in order to receive evaluation consideration for participation by the organization for the blind or sheltered workshop, the bidder must provide the following information with the bid:
    - Participation Commitment - The bidder must complete **Exhibit B**, Participation Commitment, by identifying the organization for the blind or sheltered workshop and the commercially useful products/services to be provided by the listed organization for the blind or sheltered workshop. If the bidder submitting the bid is an organization for the blind or sheltered workshop, the bidder must be listed in the appropriate table on the Participation Commitment Form.
    - Documentation of Intent to Participate – The bidder must either provide a properly completed **Exhibit C**, Documentation of Intent to Participate Form, signed and dated no earlier than the IFB issuance date by the organization for the blind or sheltered workshop proposed or must

provide a recently dated letter of intent signed and dated no earlier than the IFB issuance date by the organization for the blind or sheltered workshop which: (1) must describe the products/services the organization for the blind/sheltered workshop will provide and (2) should include evidence of the organization for the blind/sheltered workshop qualifications (e.g. copy of certificate or Certificate Number for Missouri Sheltered Workshop).

NOTE: If the bidder submitting the bid is an organization for the blind or sheltered workshop, the bidder is not required to complete **Exhibit C**, Documentation of Intent to Participate Form or provide a recently dated letter of intent.

- b. A list of Missouri sheltered workshops can be found at the following Internet address:  
<http://dese.mo.gov/se/sw/se-sw-directories.html>
- c. The websites for the Missouri Lighthouse for the Blind and the Alphapointe Association for the Blind can be found at the following Internet addresses:  
<http://www.lhbindustries.com>  
<http://www.alphapointe.org>
- d. Commitment – If the bidder’s bid is awarded, the organization for the blind or sheltered workshop participation committed to by the bidder on **Exhibit B**, Participation Commitment, shall be interpreted as a contractual requirement.

4.14.2 The Blind/Sheltered Workshop Preference required under section 34.165, RSMo, allows for ten (10) bonus points to a qualifying vendor. If the lowest priced bidder qualifies for the preference, or in the event none of the bidders qualify for the preference, no further calculation is necessary.

4.14.3 In the event the lowest priced bidder does not qualify for the preference but other bidders do, then the following evaluation point formula shall apply to determine cost evaluation points:

<u>Lowest Responsive Bidder’s Price</u> Compared Bidder’s Price	x	200 Maximum Cost Evaluation Points	=	Awarded Cost Evaluation Points
--	---	---------------------------------------	---	-----------------------------------

**4.15 Missouri Service-Disabled Veteran Business Preference:**

4.15.1 Pursuant to section 34.074, RSMo, and 1 CSR 40-1.050, a three (3) bonus point preference shall be granted to bidders who qualify as Missouri service-disabled veteran business enterprises and who complete and submit **Exhibit D**, Missouri Service-Disabled Veteran Business Enterprise Preference with the bid. If the bid does not include the completed **Exhibit D** and the documentation specified on **Exhibit D** in accordance with the instructions provided therein, no preference points will be applied.

4.15.2 If the lowest priced bidder qualifies for the preference, or in the event none of the bidders qualify for the preference, no further calculation is necessary.

4.15.3 In the event the lowest priced bidder does not qualify for the preference but other bidders do, then the following evaluation point formula shall apply to determine cost evaluation points:

<u>Lowest Responsive Bidder’s Price</u> Compared Bidder’s Price	x	200 Maximum Cost Evaluation Points	=	Awarded Cost Evaluation Points
--	---	---------------------------------------	---	-----------------------------------

**PRICING PAGE**

The products shall conform to the specifications contained herein. The bidder can choose to bid one, some or all of the categories specified below; however, the bidder must submit a firm, fixed unit price for all items within a category. All prices shall be considered firm and fixed and shall include all packing, handling, shipping and freight charges FOB Destination, Freight Prepaid and Allowed.

**EXHIBIT A  
DOMESTIC PRODUCTS PROCUREMENT ACT (BUY AMERICAN) PREFERENCE**

In accordance with sections 34.350-34.359, RSMo, the bidder is instructed to provide information regarding the point of manufacture for each of the products being bid so that the product's eligibility for the Domestic Products Procurement Act (Buy American) Preference can be determined. This information is requested for the finished product only, not for components of the finished product. The bidder may be required to provide supporting documentation indicating proof of compliance.

**Qualifying for the Domestic Products Preference:**

A product qualifies for the preference if one of the following circumstances exist:

- if manufactured or produced in the U.S.; or
- if the product is imported into the U.S. but is covered by an existing international trade treaty that affords the specific product the same status as a product manufactured or produced in the U.S.; or
- if only one line of products is manufactured or produced in the U.S.

**Non-Domestic Product:**

If the product is not manufactured or produced in the U.S. and does not otherwise qualify as domestic, then it will be considered non-domestic and not eligible for the preference.

**THE BIDDER MUST COMPLETE THE FOLLOWING APPLICABLE TABLES TO CERTIFY WHETHER:**

(Table 1) ALL products bid are manufactured or produced in the U.S. and qualify for the Domestic Products Procurement Act Preference; OR

(Table 2) ALL products bid are manufactured or produced outside the U.S. and do not otherwise qualify for the Domestic Products Procurement Act Preference; OR

(Tables 3-6) Not all products bid fall into the prior two categories so an item-by-item certification is necessary.

The bidder is responsible for certifying the information provided on the exhibit is accurate by signing where indicated at the end of the exhibit.

**TABLE 1 – ALL PRODUCTS MANUFACTURED OR PRODUCED IN U.S. (eligible for preference)**

Check the box to the right if ALL products bid are MANUFACTURED OR PRODUCED IN THE U.S.:

*See # 8*

**TABLE 2 – ALL PRODUCTS MANUFACTURED OR PRODUCED OUTSIDE U.S. AND DON'T QUALIFY FOR PREFERENCE (ineligible for preference)**

Check the box to the right if ALL products bid are MANUFACTURED OR PRODUCED OUTSIDE THE U.S. and DO NOT OTHERWISE QUALIFY for the Domestic Products Procurement Act Preference:

**TABLES 3 THROUGH 6 – ITEM BY ITEM CERTIFICATION (NOT ALL PRODUCTS BID FALL INTO PRIOR TWO TABLES)**

- For those line items for which a U.S.-manufactured or produced product is bid, complete Table 3.
- For those line items which are manufactured or produced outside the U.S. that do not qualify for the Domestic Products Procurement Act Preference, complete Table 4.
- For those line items which are not manufactured or produced in the U.S., but for which there is a U.S. trade treaty, law, agreement, or regulation in compliance with section 34.359, RSMo, complete Table 5.
- For those line items which are not manufactured or produced in the U.S., but for which there is only one U.S. Manufacturer of that product or line of products, complete Table 6.

**TABLE 3 – U.S.-MANUFACTURED OR PRODUCED PRODUCTS (Eligible for Preference)**

- List item numbers of products bid that are U.S.-manufactured or produced and therefore qualify for the Domestic Products Procurement Act Preference.
- List U.S. city and state where products bid are manufactured or produced.

**TABLE 5 -- FOREIGN-MANUFACTURED OR PRODUCED PRODUCTS BUT U.S. TRADE TREATY, LAW, AGREEMENT, OR REGULATION APPLIES (Eligible for Preference)**

- List item numbers of products bid that are foreign manufactured or produced but qualify for the Domestic Products Procurement Act Preference because a U.S. Trade Treaty, Law, Agreement, or Regulation applies.
- Identify country where proposed foreign-made product is manufactured or produced.
- Identify name of applicable U.S. Trade Treaty, Law, Agreement, or Regulation that allows product to be brought into the U.S. duty/tariff-free.
- Identify website URL for the U.S. Trade Treaty, Law, Agreement, or Regulation.
- NOTE: As an imported product, if an import tariff is applied to the item, it does not qualify for the preference. In addition, "Most Favored Nation" status does not allow application of the preference unless the product enters the U.S. duty/tariff-free.

**MISSOURI SERVICE-DISABLED VETERAN BUSINESS ENTERPRISE PREFERENCE**

Pursuant to section 34.074, RSMo, and 1 CSR 40-1.050, the Division of Purchasing and Materials Management (DPMM) has a goal of awarding three (3) percent of all contracts for the performance of any job or service to qualified service-disabled veteran business enterprises (SDVEs).

**STANDARDS:**

The following standards shall be used by the DPMM in determining whether an individual, business, or organization qualifies as an SDVE:

- Doing business as a Missouri firm, corporation, or individual or maintaining a Missouri office or place of business, not including an office of a registered agent;
- Having not less than fifty-one percent (51%) of the business owned by one (1) or more service-disabled veterans (SDVs) or, in the case of any publicly-owned business, not less than fifty-one percent (51%) of the stock of which is owned by one (1) or more SDVs. (An SDV is defined as any individual who is disabled as certified by the appropriate federal agency responsible for the administration of veterans' affairs.);
- Having the management and daily business operations controlled by one (1) or more SDVs;
- Having a copy of the SDV's award letter from the Department of Veterans Affairs or a copy of the SDV's discharge paper (DD Form 214, Certificate of Release or Discharge from Active Duty) and a copy of the SDV's documentation certifying disability by the appropriate federal agency responsible for the administration of veterans' affairs; and
- Possessing the power to make day-to-day as well as major decisions on matters of management, policy, and operation.

If a bidder meets the standards of a qualified SDVE as stated above and unless previously submitted within the past five (5) years to the DPMM, the bidder **must** provide the following SDV documents to receive the Missouri SDVE three (3) bonus point preference:

- A copy of the SDV's award letter from the Department of Veterans Affairs or a copy of the SDV's discharge paper (DD Form 214, Certificate of Release or Discharge from Active Duty),
- A copy of the SDV's documentation certifying disability by the appropriate federal agency responsible for the administration of veterans' affairs, and
- A completed copy of this exhibit.

(NOTE: The SDV's award letter, the SDV's discharge paper, and the SDV's documentation certifying disability shall be considered confidential pursuant to subsection 14 of section 610.021, RSMo.)

**EXHIBIT D (continued)**  
**MISSOURI SERVICE-DISABLED VETERAN BUSINESS ENTERPRISE PREFERENCE**

By signing below, I certify that I meet the definitions of a service-disabled veteran and a service-disabled veteran business enterprise as defined in section 34.074, RSMo. I further certify that I meet the standards of a qualifying SDVE as listed herein pursuant to 1 CSR 40-1.050.

The SDVE bidder should check the appropriate statement below and, if applicable, provide the requested information.

- No, I have not previously submitted the SDV documents specified herein to the DPMM and therefore have enclosed the SDV documents.
- Yes, I previously submitted the SDV documents specified herein within the past five (5) years to the DPMM.

**Date SDV Documents were Submitted:** \_\_\_\_\_

**Previous Bid/Contract Number for Which the SDV Documents were Submitted:** \_\_\_\_\_  
(if applicable and known)

(NOTE: If the SDVE and SDV are listed on the DPMM SDVE database located at <http://content.oa.mo.gov/sites/default/files/sdvelisting.pdf>, then the SDV documents have been submitted to the DPMM within the past five [5] years. However, if it has been determined that an SDVE at any time no longer meets the requirements stated above, the DPMM will remove the SDVE and associated SDV from the database.)

STATE OF MISSOURI  
DIVISION OF PURCHASING AND MATERIALS MANAGEMENT  
**TERMS AND CONDITIONS – INVITATION FOR BID**

### 1. TERMINOLOGY/DEFINITIONS

Whenever the following words and expressions appear in an Invitation for Bid (IFB) document or any amendment thereto, the definition or meaning described below shall apply.

- a. **Agency and/or State Agency** means the statutory unit of state government in the State of Missouri for which the equipment, supplies, and/or services are being purchased by the **Division of Purchasing and Materials Management (DPMM)**. The agency is also responsible for payment.
- b. **Amendment** means a written, official modification to an IFB or to a contract.
- c. **Attachment** applies to all forms which are included with an IFB to incorporate any informational data or requirements related to the performance requirements and/or specifications.
- d. **Bid Opening Date and Time** and similar expressions mean the exact deadline required by the IFB for the receipt of sealed bids.
- e. **Bidder** means the person or organization that responds to an IFB by submitting a bid with prices to provide the equipment, supplies, and/or services as required in the IFB document.
- f. **Buyer** means the procurement staff member of the DPMM. The **Contact Person** as referenced herein is usually the Buyer.
- g. **Contract** means a legal and binding agreement between two or more competent parties, for a consideration for the procurement of equipment, supplies, and/or services.
- h. **Contractor** means a person or organization who is a successful bidder as a result of an IFB and who enters into a contract.
- i. **Exhibit** applies to forms which are included with an IFB for the bidder to complete and submit with the sealed bid prior to the specified opening date and time.
- j. **Invitation for Bid (IFB)** means the solicitation document issued by the DPMM to potential bidders for the purchase of equipment, supplies, and/or services as described in the document. The definition includes these Terms and Conditions as well as all Pricing Pages, Exhibits, Attachments, and Amendments thereto.
- k. **May** means that a certain feature, component, or action is permissible, but not required.
- l. **Must** means that a certain feature, component, or action is a mandatory condition. Failure to provide or comply will result in a bid being considered non-responsive.
- m. **Pricing Page(s)** applies to the form(s) on which the bidder must state the price(s) applicable for the equipment, supplies, and/or services required in the IFB. The pricing pages must be completed and submitted by the bidder with the sealed bid prior to the specified bid opening date and time.
- n. **RSMo (Revised Statutes of Missouri)** refers to the body of laws enacted by the Legislature which govern the operations of all agencies of the State of Missouri. Chapter 34 of the statutes is the primary chapter governing the operations of DPMM.
- o. **Shall** has the same meaning as the word **must**.
- p. **Should** means that a certain feature, component and/or action is desirable but not mandatory.

### 2. APPLICABLE LAWS AND REGULATIONS

- a. The contract shall be construed according to the laws of the State of Missouri. The contractor shall comply with all local, state, and federal laws and regulations related to the performance of the contract to the extent that the same may be applicable.
- b. To the extent that a provision of the contract is contrary to the Constitution or laws of the State of Missouri or of the United States, the provisions shall be void and unenforceable. However, the balance of the contract shall remain in force between the parties unless terminated by consent of both the contractor and the DPMM.
- c. The contractor must be registered and maintain good standing with the Secretary of State of the State of Missouri and other regulatory agencies, as may be required by law or regulations.
- d. The contractor must timely file and pay all Missouri sales, withholding, corporate and any other required Missouri tax returns and taxes, including interest and additions to tax.
- e. The exclusive venue for any legal proceeding relating to or arising out of the IFB or resulting contract shall be in the Circuit Court of Cole County, Missouri.
- f. The contractor shall only employ personnel authorized to work in the United States in accordance with applicable federal and state laws and Executive Order 07-13 for work performed in the United States.

### 3. OPEN COMPETITION/INVITATION FOR BID DOCUMENT

- a. It shall be the bidder's responsibility to ask questions, request changes or clarification, or otherwise advise the DPMM if any language, specifications or requirements of an IFB appear to be ambiguous, contradictory, and/or arbitrary, or appear to inadvertently restrict or limit the requirements stated in the IFB to a single source. Any and all communication from bidders regarding specifications, requirements, competitive bid process, etc., must be directed to the buyer from the DPMM, unless the IFB specifically refers the bidder to another contact. Such e-mail, fax, or phone communication should be received at least ten calendar days prior to the official bid opening date.
- b. Every attempt shall be made to ensure that the bidder receives an adequate and prompt response. However, in order to maintain a fair and equitable bid process, all bidders will be advised, via the issuance of an amendment to the IFB, of any relevant or pertinent information related to the procurement. Therefore, bidders are advised that unless specified elsewhere in the IFB, any questions received less than ten calendar days prior to the IFB opening date may not be answered.
- c. Bidders are cautioned that the only official position of the State of Missouri is that which is issued by the DPMM in the IFB or an amendment thereto. No other means of communication, whether oral or written, shall be construed as a formal or official response or statement.
- d. The DPMM monitors all procurement activities to detect any possibility of deliberate restraint of competition, collusion among bidders, price-fixing by bidders, or any other anticompetitive conduct by bidders which appears to violate state and federal antitrust laws. Any suspected violation shall be referred to the Missouri Attorney General's Office for appropriate action.
- e. The IFB is available for viewing and downloading on the state's On-Line Bidding/Vendor Registration System website. Registered bidders are electronically notified of the bid opportunity based on the information maintained in the State of Missouri's vendor database. If a registered bidder's e-mail address is incorrect, the bidder must update the e-mail address themselves on the state's On-Line Bidding/Vendor Registration System website.
- f. The DPMM reserves the right to officially amend or cancel an IFB after issuance. It shall be the sole responsibility of the bidder to monitor the State of Missouri On-Line Bidding/Vendor Registration System website at: <https://www.moobl.mo.gov> to obtain a copy of the amendment(s). Registered bidders who received e-mail notification of the bid opportunity when the IFB was established and registered bidders who have responded to the IFB on-line prior to an amendment being issued will receive e-mail notification of the amendment(s). Registered bidders who received e-mail notification of the bid opportunity when the IFB was established and registered bidders who have responded to the bid on-line prior to a cancellation being issued will receive e-mail notification of a cancellation issued prior to the exact closing time and date specified in the IFB.

#### 4. PREPARATION OF BIDS

- a. Bidders **must** examine the entire IFB carefully. Failure to do so shall be at bidder's risk.
- b. Unless otherwise specifically stated in the IFB, all specifications and requirements constitute minimum requirements. All bids must meet or exceed the stated specifications and requirements.
- c. Unless otherwise specifically stated in the IFB, any manufacturer names, trade names, brand names, information and/or catalog numbers listed in a specification and/or requirement are for informational purposes only and are not intended to limit competition. The bidder may offer any brand which meets or exceeds the specification for any item, but must state the manufacturer's name and model number for any such brands in the bid. In addition, the bidder shall explain, in detail, (1) the reasons why the proposed equivalent meets or exceeds the specifications and/or requirements and (2) why the proposed equivalent should not be considered an exception thereto. Bids which do not comply with the requirements and specifications are subject to rejection without clarification.
- d. Bids lacking any indication of intent to bid an alternate brand or to take an exception shall be received and considered in complete compliance with the specifications and requirements as listed in the IFB.
- e. In the event that the bidder is an agency of state government or other such political subdivision which is prohibited by law or court decision from complying with certain provisions of an IFB, such a bidder may submit a bid which contains a list of statutory limitations and identification of those prohibitive clauses. The bidder should include a complete list of statutory references and citations for each provision of the IFB, which is affected by this paragraph. The statutory limitations and prohibitive clauses may (1) be requested to be clarified in writing by DPMM or (2) be accepted without further clarification if the statutory limitations and prohibitive clauses are deemed acceptable by DPMM. If DPMM determines clarification of the statutory limitations and prohibitive clauses is necessary, the clarification will be conducted in order to agree to language that reflects the intent and compliance of such law and/or court order and the IFB.
- f. All equipment and supplies offered in a bid must be new, of current production, and available for marketing by the manufacturer unless the IFB clearly specifies that used, reconditioned, or remanufactured equipment and supplies may be offered.
- g. Prices shall include all packing, handling and shipping charges FOB destination, freight prepaid and allowed unless otherwise specified in the IFB.
- h. Bids, including all pricing therein, shall remain valid for 90 days from bid opening unless otherwise indicated. If the bid is accepted, the entire bid, including all prices, shall be firm for the specified contract period.
- i. Any foreign bidder not having an Employer Identification Number assigned by the United States Internal Revenue Service (IRS) must submit a completed IRS Form W-8 prior to or with the submission of their bid in order to be considered for award.

#### 5. SUBMISSION OF BIDS

- a. Registered bidders may submit bids electronically as permitted by the IFB through the State of Missouri's On-Line Bidding/Vendor Registration System website or hard copy delivered to the DPMM office. Bidders that have not registered on the On-Line Bidding/Vendor Registration System website may submit bids hard copy delivered to the DPMM office. Delivered bids must be sealed in an envelope or container, and received in the DPMM office located at 301 West High St, Rm 630 in Jefferson City, MO no later than the exact opening time and date specified in the IFB. All bids must (1) be submitted by a duly authorized representative of the bidder's organization, (2) contain all information required by the IFB, and (3) be priced as required. Hard copy bids may be mailed to the DPMM post office box address. However, it shall be the responsibility of the bidder to ensure their bid is in the DPMM office (address listed above) no later than the exact opening time and date specified in the IFB.
- b. The sealed envelope or container containing a bid should be clearly marked on the outside with (1) the official IFB number and (2) the official opening date and time. Different bids should not be placed in the same envelope, although copies of the same bid may be placed in the same envelope.
- c. A bid submitted electronically by a registered bidder may be modified on-line prior to the official opening date and time. A bid which has been delivered to the DPMM office may be modified by signed, written notice which has been received by the DPMM prior to the official opening date and time specified. A bid may also be modified in person by the bidder or its authorized representative, provided proper identification is presented before the official opening date and time. Telephone or telegraphic requests to modify a bid shall not be honored.
- d. A bid submitted electronically by a registered bidder may be canceled on-line prior to the official opening date and time. A bid which has been delivered to the DPMM office may only be withdrawn by a signed, written document on company letterhead transmitted via mail, e-mail, or facsimile which has been received by the DPMM prior to the official opening date and time specified. A bid may also be withdrawn in person by the bidder or its authorized representative, provided proper identification is presented before the official opening date and time. Telephone or telegraphic requests to withdraw a bid shall not be honored.
- e. A bid may also be withdrawn after the bid opening through submission of a written request by an authorized representative of the bidder. Justification of withdrawal decision may include a significant error or exposure of bid information that may cause irreparable harm to the bidder.
- f. When submitting a bid electronically, the registered bidder indicates acceptance of all IFB terms and conditions by clicking on the "Submit" button on the Electronic Bid Response Entry form. Bidders delivering a hard copy bid to DPMM must sign and return the IFB cover page or, if applicable, the cover page of the last amendment thereto in order to constitute acceptance by the bidder of all IFB terms and conditions. Failure to do so may result in rejection of the bid unless the bidder's full compliance with those documents is indicated elsewhere within the bidder's response.
- g. Faxed bids shall not be accepted. However, faxed and e-mail no-bid notifications shall be accepted.

#### 6. BID OPENING

- a. Bid openings are public on the opening date and at the opening time specified on the IFB document. Names, locations, and prices of respondents shall be read at the bid opening. All vendors may view the names and prices of the respondents on the state's On-Line Bidding/Vendor Registration System website after the official opening date and time. The DPMM will not provide prices or other bid information via the telephone.
- b. Bids which are not received in the DPMM office prior to the official opening date and time shall be considered late, regardless of the degree of lateness, and normally will not be opened. Late bids may only be opened under extraordinary circumstances in accordance with 1 CSR 40-1.050.

#### 7. PREFERENCES

- a. In the evaluation of bids, preferences shall be applied in accordance with chapter 34, RSMo, other applicable Missouri statutes, and applicable Executive Orders. Contractors should apply the same preferences in selecting subcontractors.
- b. By virtue of statutory authority, a preference will be given to materials, products, supplies, provisions and all other articles produced, manufactured, mined, processed or grown within the State of Missouri and to all firms, corporations or individuals doing business as Missouri firms, corporations or individuals. Such preference shall be given when quality is equal or better and delivered price is the same or less.
- c. In accordance with Executive Order 05-30, contractors are encouraged to utilize certified minority and women-owned businesses in selecting subcontractors.

#### 8. EVALUATION/AWARD

- a. Any clerical error, apparent on its face, may be corrected by the buyer before contract award. Upon discovering an apparent clerical error, the buyer shall contact the bidder and request clarification of the intended bid. The correction shall be incorporated in the notice of award. Examples of apparent clerical errors are: 1) misplacement of a decimal point; and 2) obvious mistake in designation of unit.

- b. Any pricing information submitted by a bidder shall be subject to evaluation if deemed by the DPMM to be in the best interest of the State of Missouri.
- c. The bidder is encouraged to propose price discounts for prompt payment or propose other price discounts that would benefit the State of Missouri. However, unless otherwise specified in the IFB, pricing shall be evaluated at the maximum potential financial liability to the State of Missouri.
- d. Awards shall be made to the bidder whose bid (1) complies with all mandatory specifications and requirements of the IFB and (2) is the lowest and best bid, considering price, responsibility of the bidder, and all other evaluation criteria specified in the IFB and (3) complies with chapter 34, RSMo, other applicable Missouri statutes, and all applicable Executive Orders.
- e. In the event all bidders fail to meet the same mandatory requirement in an IFB, DPMM reserves the right, at its sole discretion, to waive that requirement for all bidders and to proceed with the evaluation. In addition, the DPMM reserves the right to waive any minor irregularity or technicality found in any individual bid.
- f. The DPMM reserves the right to reject any and all bids. When all bids are non-responsive or otherwise unacceptable and circumstances do not permit a rebid, DPMM may negotiate for the required supplies.
- g. When evaluating a bid, the State of Missouri reserves the right to consider relevant information and fact, whether gained from a bid, from a bidder, from bidder's references, or from any other source.
- h. Any information submitted with the bid, regardless of the format or placement of such information, may be considered in making decisions related to the responsiveness and merit of a bid and the award of a contract.
- i. Any award of a contract shall be made by notification from the DPMM to the successful bidder. The DPMM reserves the right to make awards by item, group of items, or an all or none basis. The grouping of items awarded shall be determined by DPMM based upon factors such as item similarity, location, administrative efficiency, or other considerations in the best interest of the State of Missouri.
- j. All bids and associated documentation which were submitted on or before the official opening date and time will be considered open records pursuant to section 610.021, RSMo, following the official opening of bids.
- k. The DPMM posts all bid results on the On-line Bidding/Vendor Registration System website for all vendors to view for a reasonable period after bid award. The DPMM maintains images of all bid file material for review. Bidders who include an e-mail address with their bid will be notified of the award results via e-mail.
- l. The DPMM reserves the right to request clarification of any portion of the bidder's response in order to verify the intent of the bidder. The bidder is cautioned, however, that its response may be subject to acceptance or rejection without further clarification.
- m. Any bid award protest must be received within ten (10) business days after the date of award in accordance with the requirements of 1 CSR 40-1.050 (9).
- n. The final determination of contract award(s) shall be made by DPMM.

## 9. CONTRACT/PURCHASE ORDER

- a. By submitting a bid, the bidder agrees to furnish any and all equipment, supplies and/or services specified in the IFB, at the prices quoted, pursuant to all requirements and specifications contained therein.
- b. A binding contract shall consist of: (1) the IFB and any amendments thereto, (2) the contractor's response (bid) to the IFB, (3) clarification of the bid, if any, and (4) DPMM's acceptance of the response (bid) by "notice of award" or by "purchase order." All Exhibits and Attachments included in the IFB shall be incorporated into the contract by reference.
- c. A notice of award issued by the State of Missouri does not constitute an authorization for shipment of equipment or supplies or a directive to proceed with services. Before providing equipment, supplies and/or services for the State of Missouri, the contractor must receive a properly authorized purchase order or other form of authorization given to the contractor at the discretion of the state agency.
- d. The contract expresses the complete agreement of the parties and performance shall be governed solely by the specifications and requirements contained therein. Any change to the contract, whether by modification and/or supplementation, must be accomplished by a formal contract amendment signed and approved by and between the duly authorized representative of the contractor and the DPMM or by a modified purchase order prior to the effective date of such modification. The contractor expressly and explicitly understands and agrees that no other method and/or no other document, including correspondence, acts, and oral communications by or from any person, shall be used or construed as an amendment or modification to the contract.

## 10. INVOICING AND PAYMENT

- a. The State of Missouri does not pay state or federal taxes unless otherwise required under law or regulation.
- b. The statewide financial management system has been designed to capture certain receipt and payment information. For each purchase order received, an invoice must be submitted that references the purchase order number and must be itemized in accordance with items listed on the purchase order. Failure to comply with this requirement may delay processing of invoices for payment.
- c. The contractor shall not transfer any interest in the contract, whether by assignment or otherwise, without the prior written consent of the DPMM.
- d. Payment for all equipment, supplies, and/or services required herein shall be made in arrears unless otherwise indicated in the IFB.
- e. The State of Missouri assumes no obligation for equipment, supplies, and/or services shipped or provided in excess of the quantity ordered. Any unauthorized quantity is subject to the state's rejection and shall be returned at the contractor's expense.
- f. All invoices for equipment, supplies, and/or services purchased by the State of Missouri shall be subject to late payment charges as provided in section 34.055, RSMo.
- g. The State of Missouri reserves the right to purchase goods and services using the state purchasing card.

## 11. DELIVERY

Time is of the essence. Deliveries of equipment, supplies, and/or services must be made no later than the time stated in the contract or within a reasonable period of time, if a specific time is not stated.

## 12. INSPECTION AND ACCEPTANCE

- a. No equipment, supplies, and/or services received by an agency of the state pursuant to a contract shall be deemed accepted until the agency has had reasonable opportunity to inspect said equipment, supplies, and/or services.
- b. All equipment, supplies, and/or services which do not comply with the specifications and/or requirements or which are otherwise unacceptable or defective may be rejected. In addition, all equipment, supplies, and/or services which are discovered to be defective or which do not conform to any warranty of the contractor upon inspection (or at any later time if the defects contained were not reasonably ascertainable upon the initial inspection) may be rejected.
- c. The State of Missouri reserves the right to return any such rejected shipment at the contractor's expense for full credit or replacement and to specify a reasonable date by which replacements must be received.
- d. The State of Missouri's right to reject any unacceptable equipment, supplies, and/or services shall not exclude any other legal, equitable or contractual remedies the state may have.

## 13. WARRANTY

- a. The contractor expressly warrants that all equipment, supplies, and/or services provided shall: (1) conform to each and every specification, drawing, sample or other description which was furnished to or adopted by the DPMM, (2) be fit and sufficient for the purpose expressed in the IFB, (3) be merchantable, (4) be of good materials and workmanship, and (5) be free from defect.
- b. Such warranty shall survive delivery and shall not be deemed waived either by reason of the state's acceptance of or payment for said equipment, supplies, and/or services.

#### 14. CONFLICT OF INTEREST

- a. Elected or appointed officials or employees of the State of Missouri or any political subdivision thereof, serving in an executive or administrative capacity, must comply with sections 105.452 and 105.454, RSMo, regarding conflict of interest.
- b. The contractor hereby covenants that at the time of the submission of the bid the contractor has no other contractual relationships which would create any actual or perceived conflict of interest. The contractor further agrees that during the term of the contract neither the contractor nor any of its employees shall acquire any other contractual relationships which create such a conflict.

#### 15. REMEDIES AND RIGHTS

- a. No provision in the contract shall be construed, expressly or implied, as a waiver by the State of Missouri of any existing or future right and/or remedy available by law in the event of any claim by the State of Missouri of the contractor's default or breach of contract.
- b. The contractor agrees and understands that the contract shall constitute an assignment by the contractor to the State of Missouri of all rights, title and interest in and to all causes of action that the contractor may have under the antitrust laws of the United States or the State of Missouri for which causes of action have accrued or will accrue as the result of or in relation to the particular equipment, supplies, and/or services purchased or procured by the contractor in the fulfillment of the contract with the State of Missouri.

#### 16. CANCELLATION OF CONTRACT

- a. In the event of material breach of the contractual obligations by the contractor, the DPMM may cancel the contract. At its sole discretion, the DPMM may give the contractor an opportunity to cure the breach or to explain how the breach will be cured. The actual cure must be completed within no more than 10 working days from notification, or at a minimum the contractor must provide DPMM within 10 working days from notification a written plan detailing how the contractor intends to cure the breach.
- b. If the contractor fails to cure the breach or if circumstances demand immediate action, the DPMM will issue a notice of cancellation terminating the contract immediately. If it is determined the DPMM improperly cancelled the contract, such cancellation shall be deemed a termination for convenience in accordance with the contract.
- c. If the DPMM cancels the contract for breach, the DPMM reserves the right to obtain the equipment, supplies, and/or services to be provided pursuant to the contract from other sources and upon such terms and in such manner as the DPMM deems appropriate and charge the contractor for any additional costs incurred thereby.
- d. The contractor understands and agrees that funds required to fund the contract must be appropriated by the General Assembly of the State of Missouri for each fiscal year included within the contract period. The contract shall not be binding upon the state for any period in which funds have not been appropriated, and the state shall not be liable for any costs associated with termination caused by lack of appropriations.

#### 17. COMMUNICATIONS AND NOTICES

Any notice to the bidder/contractor shall be deemed sufficient when deposited in the United States mail postage prepaid, transmitted by facsimile, transmitted by e-mail or hand-carried and presented to an authorized employee of the bidder/contractor.

#### 18. BANKRUPTCY OR INSOLVENCY

- a. Upon filing for any bankruptcy or insolvency proceeding by or against the contractor, whether voluntary or involuntary, or upon the appointment of a receiver, trustee, or assignee for the benefit of creditors, the contractor must notify the DPMM immediately.
- b. Upon learning of any such actions, the DPMM reserves the right, at its sole discretion, to either cancel the contract or affirm the contract and hold the contractor responsible for damages.

#### 19. INVENTIONS, PATENTS AND COPYRIGHTS

The contractor shall defend, protect, and hold harmless the State of Missouri, its officers, agents, and employees against all suits of law or in equity resulting from patent and copyright infringement concerning the contractor's performance or products produced under the terms of the contract.

#### 20. NON-DISCRIMINATION AND AFFIRMATIVE ACTION

In connection with the furnishing of equipment, supplies, and/or services under the contract, the contractor and all subcontractors shall agree not to discriminate against recipients of services or employees or applicants for employment on the basis of race, color, religion, national origin, sex, age, disability, or veteran status unless otherwise provided by law. If the contractor or subcontractor employs at least 50 persons, they shall have and maintain an affirmative action program which shall include:

- a. A written policy statement committing the organization to affirmative action and assigning management responsibilities and procedures for evaluation and dissemination;
- b. The identification of a person designated to handle affirmative action;
- c. The establishment of non-discriminatory selection standards, objective measures to analyze recruitment, an upward mobility system, a wage and salary structure, and standards applicable to layoff, recall, discharge, demotion, and discipline;
- d. The exclusion of discrimination from all collective bargaining agreements; and
- e. Performance of an internal audit of the reporting system to monitor execution and to provide for future planning.

If discrimination by a contractor is found to exist, the DPMM shall take appropriate enforcement action which may include, but not necessarily be limited to, cancellation of the contract, suspension, or debarment by the DPMM until corrective action by the contractor is made and ensured, and referral to the Attorney General's Office, whichever enforcement action may be deemed most appropriate.

**21. AMERICANS WITH DISABILITIES ACT**

In connection with the furnishing of equipment, supplies, and/or services under the contract, the contractor and all subcontractors shall comply with all applicable requirements and provisions of the *Americans with Disabilities Act (ADA)*.

**22. FILING AND PAYMENT OF TAXES**

The commissioner of administration and other agencies to which the state purchasing law applies shall not contract for goods or services with a vendor if the vendor or an affiliate of the vendor makes sales at retail of tangible personal property or for the purpose of storage, use, or consumption in this state but fails to collect and properly pay the tax as provided in chapter 144, RSMo. For the purposes of this section, "affiliate of the vendor" shall mean any person or entity that is controlled by or is under common control with the vendor, whether through stock ownership or otherwise. Therefore bidder's failure to maintain compliance with chapter 144, RSMo, may eliminate their bid from consideration for award.

**23. TITLES**

Titles of paragraphs used herein are for the purpose of facilitating reference only and shall not be construed to infer a contractual construction of language.

**OA/OEO CERTIFICATION #W04609**  
**EFFECTIVE DATE: 3/21/2013**  
**EXPIRATION DATE: 4/1/2016**

Dear Certified Vendor:

The Office of Equal Opportunity (OEO) is pleased to notify you that your firm has met the requirements for certification as a bona fide Women-owned Business Enterprise (WBE).

This certification is valid until the expiration date above. Recertification forms will be sent at least 30 days prior to the expiration date of your certification. It is your responsibility to ensure that your certification is updated.

Work conducted by your firm in the delivery of commodities and/or services for the state will count toward the WBE participation goals if your firm: performs a commercially useful function; is responsible for a distinct element of the work of a contract; and carries out responsibilities by actually performing, managing and/or supervising the work.

If there is any change in the ownership or control of your firm, you must notify this office immediately. Failure to report any of these changes to this office or violation of the rules of the Office of Equal Opportunity-Certification Program may result in the revocation of your certification.

Your firm's name will appear in our WBE Certified Directory that can be accessed on the Internet at home page address: <http://oeo.mo.gov/>. Please direct all written inquiries to the Office of Equal Opportunity-Certification Program at the address listed above, or call (877) 259-2963 or (573) 751-8130.

Sincerely,

A handwritten signature in black ink that reads "Celeste Metcalf".
