**RENEWAL OPTIONS**

The Division of Purchasing and Materials Management shall have the sole option to renew the contract in one (1) year increments or a portion thereof, for a maximum total of two (2) additional years. The bidder must respond to the following line items regarding renewal pricing. The bidder may indicate either a renewal price increase stated as a maximum percentage of increase, applicable to all line items, or a price decrease, stated as a guaranteed minimum percentage of decrease applicable to all line items. The bidder should not bid BOTH a price percentage increase and decrease for the same renewal period but must clearly indicate if the percentage is an INCREASE or a DECREASE. Bidders submitting an electronic bid are strongly advised to submit a comment or attachment to distinguish between an increase or decrease. In the event no comment or attachment is submitted, the State of Missouri shall interpret the percentage as an INCREASE in the absence of bid clarification.

Regarding price increase percentages for renewals: The bidder must indicate the maximum allowable percentage of price increase or guaranteed minimum percentage of price decrease applicable to the renewal option year(s). If a percentage is not quoted (i.e., left blank, page not returned, etc.), the state shall have the right to execute the option at the same price(s) quoted for the original contract period. Statements such as "a percentage of the then current price" or "consumer price index" are NOT ACCEPTABLE. The percentage(s) indicated below shall be used in the cost evaluation to determine the potential maximum financial liability to the State of Missouri.

Note: In the event the Division of Purchasing and Materials Management awards by line items, then the item numbers assigned to renewal options will not be referenced in the award text. However, the State of Missouri reserves the right to exercise applicable renewal options according to established clauses in the contract.

IMPORTANT BID PRICING INFORMATION: The bidder should be very careful to note that all increases shall be calculated against the ORIGINAL contract price, NOT against the previous year's price. Therefore, each renewal period's quoted percentage shall be applied to the ORIGINAL bid pricing, and not to the contract pricing from the prior contract period (with the exception of the first renewal period).
