The contractor shall sign and return this document, along with completed pricing, on or before the date indicated.

The contractor's failure to complete and return this document shall not stop the action specified herein. If the contractor fails to complete and return this document prior to the return date specified or the effective date of the contract period stated above, whichever is later, the state may renew the contract at the same price(s) as the previous contract period or at the price(s) allowed by the contract, whichever is lower.

MEMORANDUM

TO: Contracts C115262001 and C115262002

DATE: July 14, 2016

FROM: Laurie Borchelt *LB*

RE: Contract Reassignment – Wood Fuel

In accordance with the wood fuel contract, the State awarded multiple contracts (i.e. more than one award) on a primary (low bidder) and secondary (second low bidder) basis to all bidders submitting acceptable responses. As a result, the wood fuel contracts were awarded to two (2) contractors as 1st choice contractor and 2nd choice contractor and as applicable to the facilities.

The Department of Corrections has requested the renewal of the above-referenced contracts. The order ranking (lowest priced contractor and highest priced contractor) resulting from the renewal pricing submitted has changed. Pricing is as follows: .

SCCC – Licking (Item 1):

| | <u>ORIGINAL CONTRACT PERIOD</u> | <u>PRICE</u> | <u>RENEWAL PERIOD</u> | <u>PRICE</u> |
|-----------------------------------|---------------------------------|--------------|-----------------------|--------------|
| 1 st Choice Contractor | Foster Brothers | \$34.85 | ReVelle | \$35.50 |
| 2 nd Choice Contractor | ReVelle Lumber | \$37.50 | Foster Brothers | \$36.85 |

SECC-Charleston (Item 2):

| | <u>ORIGINAL CONTRACT PERIOD</u> | <u>PRICE</u> | <u>RENEWAL PERIOD</u> | <u>PRICE</u> |
|-----------------------------------|---------------------------------|--------------|-----------------------|--------------|
| 1 st Choice Contractor | ReVell Lumber | \$47.50 | Foster Brothers | \$46.85 |
| 2 nd Choice Contractor | Foster Brothers | \$55.85 | ReVelle Lumber | \$49.88 |

Contracts have therefore been renewed as a result of the renewal period pricing shown above.

1. INTRODUCTION AND GENERAL INFORMATION

1.1 Purpose:

- 1.1.1 This document constitutes an invitation for sealed bids from prospective bidders to establish a contract for the acquisition of wood fuel for South Central Correctional Center (SCCC) in Licking, Missouri and Southeast Correctional Center (SECC) in Charleston, Missouri, hereinafter referred to as "state agency", in accordance with the requirements and provisions stated herein.

1.2 Awarded Bid & Contract Document Search:

- 1.2.1 Both the current contracts (C108326002, C108326003, and C108326005) and the previous procurement documentation (B1E08326) may be viewed and printed from the Division of Purchasing & Materials Management's **Awarded Bid & Contract Document Search** located on the Internet at <http://content.oe.mo.gov/purchasing-materials-management>.

1.3 Background:

- 1.3.1 The wood to be provided by the contractor will be used to provide energy to the boilers at South Central and Southeast Correctional Centers. The State of Missouri is requesting firm, fixed, long-term pricing for delivered waste wood to be used as fuel at both sites. The viability of this project is dependent on finding reliable, consistent, and economic sources of wood fuel meeting certain specifications for quality. The State desires to enter into contracts for the purposes of supplying waste wood for fuel with one or more suppliers with access to, and facilities for, the collection, processing, and delivery of waste wood.

2. CONTRACTUAL REQUIREMENTS

2.1 Contract:

- 2.1.1 A binding contract shall consist of: (1) the IFB and any amendments thereto, (2) the contractor's response (bid) to the IFB, (3) clarification of the bid, if any, and (4) the Division of Purchasing and Materials Management's acceptance of the response (bid) by "notice of award". All Exhibits and Attachments included in the IFB shall be incorporated into the contract by reference.
- 2.1.2 A notice of award issued by the State of Missouri does not constitute an authorization for shipment of equipment or supplies or a directive to proceed with services. Before providing equipment, supplies and/or services for the State of Missouri, the contractor must receive a properly authorized purchase order or other form of authorization given to the contractor at the discretion of the state agency.
- 2.1.3 The contract expresses the complete agreement of the parties and performance shall be governed solely by the specifications and requirements contained therein.
- 2.1.4 Any change to the contract, whether by modification and/or supplementation, must be accomplished by a formal contract amendment signed and approved by and between the duly authorized representative of the contractor and the Division of Purchasing and Materials Management prior to the effective date of such modification. The contractor expressly and explicitly understands and agrees that no other method and/or no other document, including correspondence, acts, and oral communications by or from any person, shall be used or construed as an amendment or modification to the contract.

2.2 Contract Period:

- 2.2.1 The original contract period shall be as stated on page 1 of the Invitation for Bid (IFB). The contract shall not bind, nor purport to bind, the state for any contractual commitment in excess of the original contract period. The Division of Purchasing and Materials Management shall have the right, at its sole option, to renew the contract for two (2) additional one-year periods, or any portion thereof. In the event the Division of Purchasing and Materials Management exercises such right, all terms and conditions, requirements and

specifications of the contract shall remain the same and apply during the renewal period, pursuant to applicable option clauses of this document. However, the contractor shall understand and agree that any renewal period increases specified in the proposal are not automatic. If at the time of contract renewal the state determines funding does not permit the specified renewal pricing increase or even a portion thereof, the renewal pricing shall remain the same as during the previous contract period. If such action is rejected by the contractor, the contract may be terminated, and a new procurement process may be conducted. The contractor shall also understand and agree the state may determine funding limitations necessitate a decrease in the contractor's pricing for the renewal period(s). If such action is necessary and the contractor rejects the decrease, the contract may be terminated, and a new procurement process may be conducted.

2.3 Renewal Periods:

2.3.1 If the option for renewal is exercised by the Division of Purchasing and Materials Management, the contractor shall agree that the prices for the renewal period shall not exceed the maximum percent of increase for the applicable renewal period stated on the Pricing Page of the contract.

- a. If renewal percentages are not provided, then prices during renewal periods shall be the same as during the original contract period.
- b. The Division of Purchasing and Materials Management does not automatically exercise its option for renewal based upon the maximum percent of increase and reserves the right to offer or to request renewal of the contract at a price less than the maximum percent of increase stated.

2.4 Termination:

2.4.1 The Division of Purchasing and Materials Management reserves the right to terminate the contract at any time, for the convenience of the State of Missouri, without penalty or recourse, by giving written notice to the contractor at least thirty (30) calendar days prior to the effective date of such termination. The contractor shall be entitled to receive compensation for services and/or supplies delivered to and accepted by the State of Missouri pursuant to the contract prior to the effective date of termination.

2.5 Price:

2.5.1 All prices shall be as indicated on the Pricing Page. The state shall not pay nor be liable for any other additional costs including but not limited to taxes, shipping charges, insurance, interest, penalties, termination payments, attorney fees, liquidated damages, etc.

2.5.2 The contractor shall be compensated for diesel fuel costs incurred in the delivery of the wood fuel. The contractor's per ton cost stated in line items 001 and 002 on the Pricing Page must include fuel charges assuming a \$2.70/gallon price for No. 2 diesel fuel. Adjustments to the per ton prices that are prompted by changes in diesel fuel costs are allowed and shall be determined by either adding or deducting an adjusted version of the price quoted in line item 003 to the quoted per ton price quoted in line items 001 and 002. The amount of the adjustment shall be determined by comparing the published monthly average price for Number Two diesel found in the Energy Information Administration (EIA), Midwest (PADD 2) Gasoline and Diesel Retail Price monthly average index price (stated in cents per gallon) for No. 2 Diesel Retail Sales. The state will use the EIA publication for the month that is two months prior to the wood delivery. For example, the diesel pricing for considering the adjustment for delivery in June 2015 shall be based on the April 2015 On-Highway Diesel Fuel Price as reported in the EIA. The EIA published monthly average shall be compared to the built-in \$2.70 per gallon fuel costs for No. 2 diesel. This base price of \$2.70 shall be firm and fixed and shall be used to determine allowable price adjustments to the per ton price for the duration of the contract. Adjustments shall be calculated on \$.05 increments above/below the \$2.70/gallon base-price, times the quoted adjustment in line item 003. Examples: If the adjustment quoted for line item 003 is .04¢, and the EIA PAD 2 index is \$2.80 per gallon for diesel during the billing period, the adjusted price per ton would be to add .08¢ per ton to the delivered wood price. If .07¢ is quoted for line item 003, and the EIA PAD 2 index is \$2.55 per gallon for diesel during the billing period, the adjusted price per ton would be to deduct .21¢ per ton from the delivered wood price.

2.6 Payment Terms:

- 2.6.1 The contractor shall understand and agree the state reserves the right to make contract payments to the contractor through electronic funds transfer (EFT). Therefore, prior to any payments becoming due under the contract, the contractor must return a completed state Vendor ACH/EFT Application, which is downloadable from the Vendor Services Portal at: <https://www.vendorservices.mo.gov/vendorservices/Portal/Default.aspx>. Each contractor invoice must be on the contractor's original descriptive business invoice form and must contain a unique invoice number. The invoice number will be listed on the state's EFT addendum record to enable the contractor to properly apply state payments to invoices. The contractor must comply with all other invoicing requirements stated in the IFB.
- 2.6.2 The contractor may obtain detailed information for payments issued for the past 24 months from the State of Missouri's central accounting system (SAM II) on the Vendor Services Portal at <https://www.vendorservices.mo.gov/vendorservices/Portal/Default.aspx>.
- 2.6.3 All payment terms shall be as stated in the Terms and Conditions of the contract (see paragraph 10, "Invoicing and Payment") unless otherwise addressed in the IFB, or mutually agreed to by the state and the contractor. Payment terms should be net 30 days unless otherwise stated in the IFB. No late charges shall be applied which are not in compliance with Chapter 34.055 RSMo. This statute may be found at <http://www.moga.mo.gov/STATUTES/STATUTES.HTM>.

2.7 Estimated Quantities:

- 2.7.1 The quantities indicated in this Invitation for Bid are estimates that pertain to the total aggregate quantities that may be ordered throughout the stated contract period. The estimates do not indicate single order amounts unless otherwise stated. The State of Missouri makes no guarantees about single order quantities or total aggregate order quantities.
- 2.7.2 South Central Correctional Center in Licking, Missouri estimates a need of approximately 4,400 tons of suitable wood fuel (moisture content of less than 45%) per year. This translates to approximately six (6) delivery trucks per week in winter months and three (3) delivery trucks per week in summer months, assuming trucks haul 22-24 tons of wood fuel in each delivery.
- 2.7.3 Southeast Correctional Center in Charleston, Missouri estimates a need of approximately 5,100 tons of suitable wood fuel (moisture content of less than 45%) per year. This translates to approximately seven (7) delivery trucks per week in winter months and four (4) delivery trucks per week in summer months, assuming trucks haul 22-24 tons of wood fuel in each delivery.

2.8 Multiple Contract Awards:

- 2.8.1 In the event multiple contracts are awarded, the state agency shall contact the primary contractor first to fulfill the order. If the primary contractor is unable to provide the required wood fuel tonnage in full, the state agency shall contact the secondary contractor to complete the requested order. If the secondary contractor is unable to fulfill the remainder of the order, the state agency shall contact the tertiary contractor. If additional contracts exist, the state agency shall continue to use the same criteria until the needs of the state agency are met.
- 2.8.2 The contractor shall make every effort to meet the ordering needs of the state agency. The state agency shall document each instance regarding the contractor's inability to provide the required wood fuel products. If the contractor continually or consistently is unable to provide the required products as a result of documented changing market conditions, the Division of Purchasing and Materials Management may elect to change the contractor's award status via contract amendment or cancel the contract in its entirety without penalty.

2.9 Contractor Liability:

- 2.9.1 The contractor shall be responsible for any and all personal injury (including death) or property damage as a result of the contractor's negligence involving any equipment or service provided under the terms and conditions, requirements and specifications of the contract. In addition, the contractor assumes the obligation to save the State of Missouri, including its agencies, employees, and assignees, from every expense, liability, or payment arising out of such negligent act. The contractor also agrees to hold the State of Missouri, including its agencies, employees, and assignees, harmless for any negligent act or omission committed by any subcontractor or other person employed by or under the supervision of the contractor under the terms of the contract.
- 2.9.2 The contractor shall not be responsible for any injury or damage occurring as a result of any negligent act or omission committed by the State of Missouri, including its agencies, employees, and assignees.

2.10 Insurance:

- 4.6.4 Diesel fuel shall be based on a \$2.70 per gallon cost of No. 2 diesel fuel. Adjustments for diesel fuel costs, either added to or deducted from the stated cost per ton of wood fuel shall be based on the most recent published EIA PADD 2 report average for No. 2 diesel fuel. - 4.8 Replacement of Damaged Product:**
- 4.8.1 The contractor shall be responsible for replacing any item received in damaged condition at no cost to the State of Missouri. This includes all shipping costs for returning non-functional items to the contractor for replacement.

- 5.4.1 The bidder should present a detailed description of all products and services proposed in the response to this Invitation for Bid. It is the bidder's responsibility to make sure all products proposed are adequately described in order to conduct an evaluation of the bid to insure its compliance with mandatory specifications. It should not be assumed that the evaluator has specific knowledge of the products proposed; however, the evaluator does have sufficient technical background to conduct an evaluation when presented complete information.

5.5 Bid Detail Requirements and Deviations:

- 5.5.1 It is the bidder's responsibility to submit a bid that meets all mandatory specifications stated herein. The bidder should clearly identify any and all deviations from both the mandatory and desirable specifications stated in the IFB. Any deviation from a mandatory requirement may render the bid non-responsive. Any deviation from a desirable specification may be reviewed by the state as to its acceptability and impact on competition.

5.6 Site Inspection:

- 5.6.1 Prior to awarding contract(s), the state shall have the right to inspect the bidder's site for adequate wood fuel quality and equipment and resources available for loading and transporting the wood fuel to the facility sites, including tractor and trailer accessibility and maneuverability into and out of loading/unloading areas.

- 5.9.2 The Energy Information Administration (EIA), PADD 2 Midwest Gasoline and Diesel Retail Price index (stated in cents per gallon) for No. 2 Diesel Retail Sales shall be utilized for determining monthly fuel costs. The base price for diesel fuel shall be based on \$2.70 per gallon fuel costs. This base price shall be firm and fixed for the duration of the contract. Diesel costs will be adjusted from the established base price of \$2.70 per gallon. The monthly average published in the EIA which will be determined by the EIA monthly publication 2-months prior to delivery will be used to compare against the \$2.70 per gallon base price. This comparison will determine the amount of adjustment that can be allowed based on the price stated by the bidder in line item 003. For every .05¢ deviation in the most recently published monthly average EIA PADD 2 index against the established \$2.70 base price, the stated cost per ton for wood will be adjusted (added or deducted) by the bidders stated price adjustment (cents per ton) on the Pricing Page. Therefore, the bidder must state, if applicable, a cost per ton adjustment for diesel fuel costs on the Pricing Page in line item 003. The price shall be stated in cents (¢) and will be added or deducted to the cost per ton stated in line items 001 and 002. The bidder's stated price per ton adjustment for diesel fuel costs shall remain the same for the life of the contract.

In the event multiple contracts are awarded for a particular facility, selection shall be based upon availability of acceptable resources necessary to meet the facilities needs beginning with the primary contractor.
- 5.10.3 The State of Missouri reserves the right to reject any bid which is determined unacceptable for reasons which may include but are not necessarily limited to: 1) failure of the bidder to meet mandatory general performance specifications; and/or 2) failure of the bidder to meet mandatory technical specifications; and/or, 3) receipt of any information, from any source, regarding delivery of unsatisfactory product or service by the bidder within

- 5.11.6 If the lowest priced bidder qualifies as American-made or in the event all of the bidders or none of the bidders qualify for the Buy American preference, no further calculation is necessary. In the event the lowest priced bidder does not qualify for the Buy American Preference but other bidders do qualify, then the low bidder's price(s) is increased by 10% for those items not eligible for the Buy American Preference.
- 5.11.7 If any products and/or services offered under this IFB are being manufactured or performed at sites outside the United States, the bidder **MUST** disclose such fact and provide details with the bid.

Wood fuel products shall conform to the specifications contained herein. The bidder may submit a bid for one or both correctional facilities. The bidder must state below the firm, fixed per ton price for waste wood fuel to be delivered to the specific correctional facility listed below. All pricing shall be considered firm for the duration of the contract period. Transportation hauling/shipping charges shall be built-in and shall be based on a base-price of \$2.70 per gallon for diesel fuel.

| <u>LINE ITEM</u> | <u>ITEM DESCRIPTION</u> | <u>QTY</u> | <u>UNIT</u> | <u>UNIT PRICE</u> |
|----------------------|---|------------|-------------|-----------------------|
| 001 | C/S Code: 40400 Fuel, Wood, Supplies and Services Wood Fuel South Central Correctional Center in Licking, Missouri | 1 | TON | \$ <u>37.50</u> |
| 002 | C/S Code: 40400 Fuel, Wood, Supplies and Services Wood Fuel Southeast Correctional Center in Charleston, Missouri | 1 | TON | \$ <u>47.50</u> |

In determining diesel fuel costs, the bidder must state below the added or deducted cost per ton for delivered wood to be applied for every .05¢ increment above or below the established base price of \$2.70 per gallon for diesel fuel as listed in the published monthly average EIA PADD 2 Midwest Gasoline and Diesel Retail Price index. The price per ton stated below will be reflected in the bid price per ton quoted above for delivered wood for the billing period. The price shall be stated in cents (¢) and will be added or deducted to the cost per ton.

Examples: If the bidder states .04¢ in line item 003 below, and the PAD 2 index is \$2.80 per gallon for diesel during the billing period, the adjusted price per ton would be to add .08¢ per ton to the delivered wood price (line items 001 and 002). If the bidder states .07¢ in line item 003 below, and the PAD 2 index is \$2.55 per gallon for diesel during the billing period, the adjusted price per ton would be to deduct .21¢ per ton from the delivered wood price (line items 001 and 002).

Note: The stated price per ton adjustment for diesel fuel costs shall remain the same for the life of the contract.

Renewal Options (Line Items 001 and 002):

The Division of Purchasing and Materials Management shall have the sole option to renew the contract in one (1) year increments or a portion thereof, for a maximum total of two (2) additional years. The bidder must respond to the following line items regarding renewal pricing. The bidder may indicate either a renewal price increase stated as a maximum percentage of increase, applicable to all line items, or a price decrease, stated as a guaranteed minimum percentage of decrease applicable to all line items. The bidder should not bid BOTH a price percentage increase and decrease for the same renewal period but must clearly indicate if the percentage is an INCREASE or a DECREASE. Bidders submitting an electronic bid are strongly advised to submit a comment or attachment to distinguish between an increase or decrease. In the event no comment or attachment is submitted, the State of Missouri shall interpret the percentage as an INCREASE in the absence of bid clarification.

The bidder must indicate below the maximum allowable percentage of price increase or guaranteed minimum percentage of price decrease applicable to the renewal option year(s). If a percentage is not quoted (i.e., left blank, page not returned, etc.), the state shall have the right to execute the option at the same price(s) quoted for the original contract period. Statements such as "a percentage of the then current price" or "consumer price index" are NOT ACCEPTABLE. The percentage(s) indicated below shall be used in the cost evaluation to determine the potential maximum financial liability to the State of Missouri.

IMPORTANT BID PRICING INFORMATION: The bidder should be very careful to note that all increases shall be calculated against the ORIGINAL contract price, NOT against the previous year's price. Therefore, each renewal period's quoted percentage shall be applied to the ORIGINAL bid pricing, and not to the contract pricing from the prior contract period (with the exception of the first renewal period).

Any and all communication from bidders regarding specifications, requirements, competitive bid process, etc., must be directed to the buyer from the DPMM, unless the IFB specifically refers the bidder to another contact. Such e-mail, fax, or phone communication should be received at least ten calendar days prior to the official bid opening date.
- b. Every attempt shall be made to ensure that the bidder receives an adequate and prompt response. However, in order to maintain a fair and equitable bid process, all bidders will be advised, via the issuance of an amendment to the IFB, of any relevant or pertinent information related to the procurement. Therefore, bidders are advised that unless specified elsewhere in the IFB, any questions received less than ten calendar days prior to the IFB opening date may not be answered.
- c. Bidders are cautioned that the only official position of the State of Missouri is that which is issued by the DPMM in the IFB or an amendment thereto. No other means of communication, whether oral or written, shall be construed as a formal or official response or statement.
- d. The DPMM monitors all procurement activities to detect any possibility of deliberate restraint of competition, collusion among bidders, price-fixing by bidders, or any other anticompetitive conduct by bidders which appears to violate state and federal antitrust laws. Any suspected violation shall be referred to the Missouri Attorney General's Office for appropriate action.
- e. The IFB is available for viewing and downloading on the state's On-Line Bidding/Vendor Registration System website. Registered bidders are electronically notified of the bid opportunity based on the information maintained in the State of Missouri's vendor database. If a registered bidder's e-mail address is incorrect, the bidder must update the e-mail address themselves on the state's On-Line Bidding/Vendor Registration System website.
- f. The DPMM reserves the right to officially amend or cancel an IFB after issuance. It shall be the sole responsibility of the bidder to monitor the State of Missouri On-Line Bidding/Vendor Registration System website at: <https://www.moobl.mo.gov> to obtain a copy of the amendment(s). Registered bidders who received e-mail notification of the bid opportunity when the IFB was established and registered bidders who have responded to the IFB on-line prior to an amendment being issued will receive e-mail notification of the amendment(s). Registered bidders who received e-mail notification of the bid opportunity when the IFB was established and registered bidders who have responded to the bid on-line prior to a cancellation being issued will receive e-mail notification of a cancellation issued prior to the exact closing time and date specified in the IFB.

4. PREPARATION OF BIDS

- a. Bidders must examine the entire IFB carefully. Failure to do so shall be at bidder's risk.

- c. Unless otherwise specifically stated in the IFB, any manufacturer names, trade names, brand names, information and/or catalog numbers listed in a specification and/or requirement are for informational purposes only and are not intended to limit competition. The bidder may offer any brand which meets or exceeds the specification for any item, but must state the manufacturer's name and model number for any such brands in the bid. In addition, the bidder shall explain, in detail, (1) the reasons why the proposed equivalent meets or exceeds the specifications and/or requirements and (2) why the proposed equivalent should not be considered an exception thereto. Bids which do not comply with the requirements and specifications are subject to rejection without clarification.
- d. Bids lacking any indication of intent to bid an alternate brand or to take an exception shall be received and considered in complete compliance with the specifications and requirements as listed in the IFB.
- e. In the event that the bidder is an agency of state government or other such political subdivision which is prohibited by law or court decision from complying with certain provisions of an IFB, such a bidder may submit a bid which contains a list of statutory limitations and identification of those prohibitive clauses. The bidder should include a complete list of statutory references and citations for each provision of the IFB, which is affected by this paragraph. The statutory limitations and prohibitive clauses may (1) be requested to be clarified in writing by DPMM or (2) be accepted without further clarification if the statutory limitations and prohibitive clauses are deemed acceptable by DPMM. If DPMM determines clarification of the statutory limitations and prohibitive clauses is necessary, the clarification will be conducted in order to agree to language that reflects the intent and compliance of such law and/or court order and the IFB.
- f. All equipment and supplies offered in a bid must be new, of current production, and available for marketing by the manufacturer unless the IFB clearly specifies that used, reconditioned, or remanufactured equipment and supplies may be offered.
- g. Prices shall include all packing, handling and shipping charges FOB destination, freight prepaid and allowed unless otherwise specified in the IFB.
- h. Bids, including all pricing therein, shall remain valid for 90 days from bid opening unless otherwise indicated. If the bid is accepted, the entire bid, including all prices, shall be firm for the specified contract period.
- i. Any foreign bidder not having an Employer Identification Number assigned by the United States Internal Revenue Service (IRS) must submit a completed IRS Form W-8 prior to or with the submission of their bid in order to be considered for award.

A bid may also be modified in person by the bidder or its authorized representative, provided proper identification is presented before the official opening date and time. Telephone or telegraphic requests to modify a bid shall not be honored.

- f. When submitting a bid electronically, the registered bidder indicates acceptance of all IFB terms and conditions by clicking on the "Submit" button on the Electronic Bid Response Entry form. Bidders delivering a hard copy bid to DPMM must sign and return the IFB cover page or, if applicable, the cover page of the last amendment thereto in order to constitute acceptance by the bidder of all IFB terms and conditions. Failure to do so may result in rejection of the bid unless the bidder's full compliance with those documents is indicated elsewhere within the bidder's response.
- g. Faxed bids shall not be accepted. However, faxed and e-mail no-bid notifications shall be accepted.

6. BID OPENING

- a. Bid openings are public on the opening date and at the opening time specified on the IFB document. Names, locations, and prices of respondents shall be read at the bid opening. All vendors may view the names and prices of the respondents on the state's On-Line Bidding/Vendor Registration System website after the official opening date and time. The DPMM will not provide prices or other bid information via the telephone.
- b. Bids which are not received in the DPMM office prior to the official opening date and time shall be considered late, regardless of the degree of lateness, and normally will not be opened. Late bids may only be opened under extraordinary circumstances in accordance with 1 CSR 40-1.050.

7. PREFERENCES

- a. In the evaluation of bids, preferences shall be applied in accordance with chapter 34, RSMo, other applicable Missouri statutes, and applicable Executive Orders. Contractors should apply the same preferences in selecting subcontractors.
- b. By virtue of statutory authority, a preference will be given to materials, products, supplies, provisions and all other articles produced, manufactured, mined, processed or grown within the State of Missouri and to all firms, corporations or individuals doing business as Missouri firms, corporations or individuals. Such preference shall be given when quality is equal or better and delivered price is the same or less.
- c. In accordance with Executive Order 05-30, contractors are encouraged to utilize certified minority and women-owned businesses in selecting subcontractors.

8. EVALUATION/AWARD

- a. Any clerical error, apparent on its face, may be corrected by the buyer before contract award. Upon discovering an apparent clerical error, the buyer shall contact the bidder and request clarification of the intended bid. The correction shall be incorporated in the notice of award. Examples of apparent clerical errors are: 1) misplacement of a decimal point; and 2) obvious mistake in designation of unit.
- b. Any pricing information submitted by a bidder shall be subject to evaluation if deemed by the DPMM to be in the best interest of the State of Missouri.
- c. The bidder is encouraged to propose price discounts for prompt payment or propose other price discounts that would benefit the State of Missouri. However, unless otherwise specified in the IFB, pricing shall be evaluated at the maximum potential financial liability to the State of Missouri.
- d. Awards shall be made to the bidder whose bid (1) complies with all mandatory specifications and requirements of the IFB and (2) is the lowest and best bid, considering price, responsibility of the bidder, and all other evaluation criteria specified in the IFB and (3) complies with chapter 34, RSMo, other applicable Missouri statutes, and all applicable Executive Orders.
- e. In the event all bidders fail to meet the same mandatory requirement in an IFB, DPMM reserves the right, at its sole discretion, to waive that requirement for all bidders and to proceed with the evaluation. In addition, the DPMM reserves the right to waive any minor irregularity or technicality found in any individual bid.
- f. The DPMM reserves the right to reject any and all bids. When all bids are non-responsive or otherwise unacceptable and circumstances do not permit a rebid, DPMM may negotiate for the required supplies.
- g. When evaluating a bid, the State of Missouri reserves the right to consider relevant information and fact, whether gained from a bid, from a bidder, from bidder's references, or from any other source.
- h. Any information submitted with the bid, regardless of the format or placement of such information, may be considered in making decisions related to the responsiveness and merit of a bid and the award of a contract.
- i. Any award of a contract shall be made by notification from the DPMM to the successful bidder. The DPMM reserves the right to make awards by item, group of items, or an all or none basis. The grouping of items awarded shall be determined by DPMM based upon factors such as item similarity, location, administrative efficiency, or other considerations in the best interest of the State of Missouri.
- j. All bids and associated documentation which were submitted on or before the official opening date and time will be considered open records pursuant to section 610.021, RSMo, following the official opening of bids.
- k. The DPMM posts all bid results on the On-line Bidding/Vendor Registration System website for all vendors to view for a reasonable period after bid award. The DPMM maintains images of all bid file material for review. Bidders who include an e-mail address with their bid will be notified of the award results via e-mail.
- l. The DPMM reserves the right to request clarification of any portion of the bidder's response in order to verify the intent of the bidder. The bidder is cautioned, however, that its response may be subject to acceptance or rejection without further clarification.
- m. Any bid award protest must be received within ten (10) business days after the date of award in accordance with the requirements of 1 CSR 40-1.050 (9).
- n. The final determination of contract award(s) shall be made by DPMM.

9. CONTRACT/PURCHASE ORDER

- a. By submitting a bid, the bidder agrees to furnish any and all equipment, supplies and/or services specified in the IFB, at the prices quoted, pursuant to all requirements and specifications contained therein.
- b. A binding contract shall consist of: (1) the IFB and any amendments thereto, (2) the contractor's response (bid) to the IFB, (3) clarification of the bid, if any, and (4) DPMM's acceptance of the response (bid) by "notice of award" or by "purchase order." All Exhibits and Attachments included in the IFB shall be incorporated into the contract by reference.
- c. A notice of award issued by the State of Missouri does not constitute an authorization for shipment of equipment or supplies or a directive to proceed with services. Before providing equipment, supplies and/or services for the State of Missouri, the contractor must receive a properly authorized purchase order or other form of authorization given to the contractor at the discretion of the state agency.
- d. The contract expresses the complete agreement of the parties and performance shall be governed solely by the specifications and requirements contained therein. Any change to the contract, whether by modification and/or supplementation, must be accomplished by a formal contract amendment signed and approved by and between the duly authorized representative of the contractor and the DPMM or by a modified purchase order prior to the effective date of such modification. The contractor expressly and explicitly understands and agrees that no other method and/or no other document, including correspondence, acts, and oral communications by or from any person, shall be used or construed as an amendment or modification to the contract.

10. INVOICING AND PAYMENT

- a. The State of Missouri does not pay state or federal taxes unless otherwise required under law or regulation.
- b. The statewide financial management system has been designed to capture certain receipt and payment information. For each purchase order received, an invoice must be submitted that references the purchase order number and must be itemized in accordance with items listed on the purchase order. Failure to comply with this requirement may delay processing of invoices for payment.
- c. The contractor shall not transfer any interest in the contract, whether by assignment or otherwise, without the prior written consent of the DPMM.
- d. Payment for all equipment, supplies, and/or services required herein shall be made in arrears unless otherwise indicated in the IFB.
- e. The State of Missouri assumes no obligation for equipment, supplies, and/or services shipped or provided in excess of the quantity ordered. Any unauthorized quantity is subject to the state's rejection and shall be returned at the contractor's expense.
- f. All invoices for equipment, supplies, and/or services purchased by the State of Missouri shall be subject to late payment charges as provided in section 34.055, RSMo.
- g. The State of Missouri reserves the right to purchase goods and services using the state purchasing card.

11. DELIVERY

Time is of the essence. Deliveries of equipment, supplies, and/or services must be made no later than the time stated in the contract or within a reasonable period of time, if a specific time is not stated.

12. INSPECTION AND ACCEPTANCE

- a. No equipment, supplies, and/or services received by an agency of the state pursuant to a contract shall be deemed accepted until the agency has had reasonable opportunity to inspect said equipment, supplies, and/or services.
- b. All equipment, supplies, and/or services which do not comply with the specifications and/or requirements or which are otherwise unacceptable or defective may be rejected. In addition, all equipment, supplies, and/or services which are discovered to be defective or which do not conform to any warranty of the contractor upon inspection (or at any later time if the defects contained were not reasonably ascertainable upon the initial inspection) may be rejected.
- c. The State of Missouri reserves the right to return any such rejected shipment at the contractor's expense for full credit or replacement and to specify a reasonable date by which replacements must be received.

- d. The State of Missouri's right to reject any unacceptable equipment, supplies, and/or services shall not exclude any other legal, equitable or contractual remedies the state may have.

13. WARRANTY

- a. The contractor expressly warrants that all equipment, supplies, and/or services provided shall: (1) conform to each and every specification, drawing, sample or other description which was furnished to or adopted by the DPMM, (2) be fit and sufficient for the purpose expressed in the IFB, (3) be merchantable, (4) be of good materials and workmanship, and (5) be free from defect.
- b. Such warranty shall survive delivery and shall not be deemed waived either by reason of the state's acceptance of or payment for said equipment, supplies, and/or services.

14. CONFLICT OF INTEREST

- a. Elected or appointed officials or employees of the State of Missouri or any political subdivision thereof, serving in an executive or administrative capacity, must comply with sections 105.452 and 105.454, RSMo, regarding conflict of interest.
- b. The contractor hereby covenants that at the time of the submission of the bid the contractor has no other contractual relationships which would create any actual or perceived conflict of interest. The contractor further agrees that during the term of the contract neither the contractor nor any of its employees shall acquire any other contractual relationships which create such a conflict.

15. REMEDIES AND RIGHTS

- a. No provision in the contract shall be construed, expressly or implied, as a waiver by the State of Missouri of any existing or future right and/or remedy available by law in the event of any claim by the State of Missouri of the contractor's default or breach of contract.
- b. The contractor agrees and understands that the contract shall constitute an assignment by the contractor to the State of Missouri of all rights, title and interest in and to all causes of action that the contractor may have under the antitrust laws of the United States or the State of Missouri for which causes of action have accrued or will accrue as the result of or in relation to the particular equipment, supplies, and/or services purchased or procured by the contractor in the fulfillment of the contract with the State of Missouri.

16. CANCELLATION OF CONTRACT

- a. In the event of material breach of the contractual obligations by the contractor, the DPMM may cancel the contract. At its sole discretion, the DPMM may give the contractor an opportunity to cure the breach or to explain how the breach will be cured. The actual cure must be completed within no more than 10 working days from notification, or at a minimum the contractor must provide DPMM within 10 working days from notification a written plan detailing how the contractor intends to cure the breach.
- b. If the contractor fails to cure the breach or if circumstances demand immediate action, the DPMM will issue a notice of cancellation terminating the contract immediately. If it is determined the DPMM improperly cancelled the contract, such cancellation shall be deemed a termination for convenience in accordance with the contract.
- c. If the DPMM cancels the contract for breach, the DPMM reserves the right to obtain the equipment, supplies, and/or services to be provided pursuant to the contract from other sources and upon such terms and in such manner as the DPMM deems appropriate and charge the contractor for any additional costs incurred thereby.
- d. The contractor understands and agrees that funds required to fund the contract must be appropriated by the General Assembly of the State of Missouri for each fiscal year included within the contract period. The contract shall not be binding upon the state for any period in which funds have not been appropriated, and the state shall not be liable for any costs associated with termination caused by lack of appropriations.

17. COMMUNICATIONS AND NOTICES

Any notice to the bidder/contractor shall be deemed sufficient when deposited in the United States mail postage prepaid, transmitted by facsimile, transmitted by e-mail or hand-carried and presented to an authorized employee of the bidder/contractor.

18. BANKRUPTCY OR INSOLVENCY

- a. Upon filing for any bankruptcy or insolvency proceeding by or against the contractor, whether voluntary or involuntary, or upon the appointment of a receiver, trustee, or assignee for the benefit of creditors, the contractor must notify the DPMM immediately.
- b. Upon learning of any such actions, the DPMM reserves the right, at its sole discretion, to either cancel the contract or affirm the contract and hold the contractor responsible for damages.

19. INVENTIONS, PATENTS AND COPYRIGHTS

The contractor shall defend, protect, and hold harmless the State of Missouri, its officers, agents, and employees against all suits of law or in equity resulting from patent and copyright infringement concerning the contractor's performance or products produced under the terms of the contract.

20. NON-DISCRIMINATION AND AFFIRMATIVE ACTION

In connection with the furnishing of equipment, supplies, and/or services under the contract, the contractor and all subcontractors shall agree not to discriminate against recipients of services or employees or applicants for employment on the basis of race, color, religion, national origin, sex, age, disability, or veteran status unless otherwise provided by law. If the contractor or subcontractor employs at least 50 persons, they shall have and maintain an affirmative action program which shall include:

- a. A written policy statement committing the organization to affirmative action and assigning management responsibilities and procedures for evaluation and dissemination;
- b. The identification of a person designated to handle affirmative action;
- c. The establishment of non-discriminatory selection standards, objective measures to analyze recruitment, an upward mobility system, a wage and salary structure, and standards applicable to layoff, recall, discharge, demotion, and discipline;
- d. The exclusion of discrimination from all collective bargaining agreements; and

- e. Performance of an internal audit of the reporting system to monitor execution and to provide for future planning.

If discrimination by a contractor is found to exist, the DPMM shall take appropriate enforcement action which may include, but not necessarily be limited to, cancellation of the contract, suspension, or debarment by the DPMM until corrective action by the contractor is made and ensured, and referral to the Attorney General's Office, whichever enforcement action may be deemed most appropriate.

21. AMERICANS WITH DISABILITIES ACT

In connection with the furnishing of equipment, supplies, and/or services under the contract, the contractor and all subcontractors shall comply with all applicable requirements and provisions of the Americans with Disabilities Act (ADA).

22. FILING AND PAYMENT OF TAXES

The commissioner of administration and other agencies to which the state purchasing law applies shall not contract for goods or services with a vendor if the vendor or an affiliate of the vendor makes sales at retail of tangible personal property or for the purpose of storage, use, or consumption in this state but fails to collect and properly pay the tax as provided in chapter 144, RSMo. For the purposes of this section, "affiliate of the vendor" shall mean any person or entity that is controlled by or is under common control with the vendor, whether through stock ownership or otherwise. Therefore bidder's failure to maintain compliance with chapter 144, RSMo, may eliminate their bid from consideration for award.
