1.1 Introduction:

1.1.1 This document constitutes an invitation for sealed bids from prospective bidders for the purchase of a ballistic security glazed glass including installation at the Missouri Department of Corrections' (hereinafter referred to as "Department") South Central Correctional Center (hereinafter referred to as "SCCC") in accordance with the requirements and provisions stated herein.

1.2 General Information:

1.2.1 Terms and Conditions - It is recommended that all bidders review the Terms and Conditions governing this solicitation in its entirety, giving particular emphasis to examining those sections related to:

- Open Competition
- Preparation of Bids
- Submission of Bids
- Evaluation and Award

1.2.2 Funds – Expenditures from federal funds are not included in this contract.

1.2.3 Expenditures from this contract shall not exceed \$24,999.99.

1.2.4 The Department is transitioning to the MissouriBUYS eProcurement system and requires all potential vendors to visit <https://MissouriBUYS.mo.gov> to register as a vendor for all bidding opportunities.

1.3 Non-Mandatory Site Inspection:

1.3.1 To ensure the ballistic security glazed glass will be exactly what is required and functional, a non-mandatory site inspection should be scheduled with the facility **no later than June 17, 2016**. SCCC is located at 255 West Highway 32, Licking, MO 65542. To set up the non-mandatory site inspection, bidders must contact Greg Hadley at 573-674-4470, extension 1024, or email him at Greg.hadley@doc.mo.gov. Each potential bidder is limited to two (2) individuals at the site inspection.

- a. Any potential bidder participating in a site inspection must provide the full name and a valid Missouri driver's license number of each individual planning to attend the site inspection. If any individual participating does not have a valid Missouri driver's license, the individual's social security number and date of birth are required. The Department reserves the right to accept or reject any person requesting a site inspection.

1.3.2 The purpose of the site inspection is to provide bidders an opportunity to inspect, examine, and assess the site and to determine any existing conditions and factors that may affect the performance of the services required herein.

1.3.3 Bidders are strongly encouraged to advise the SCCC when scheduling the site visit of any accommodations needed for disabled personnel who will be attending the site visit so that accommodations can be made.

1.3.4 Day of Site Inspection - Each person attending the site inspection will be required to have a valid government issued ID.

- a. Any personal possession deemed not allowed inside the facility will not be permitted inside the facility.
 - b. Other than the questions related to the site inspection, the bidder shall not discuss the IFB requirements with Department personnel during the site inspection; however, the bidder is encouraged to communicate any discrepancy between information from the site inspection and IFB requirements with the Buyer of Record identified on the first page of this document.
- 1.3.5 Each bidder is solely responsible for a prudent and complete personal inspection, examination, and assessment of the scope of work and any other existing condition, factor, or item that may affect or impact the performance of service described and required in Section 2 of this IFB. The bidder shall not be relieved of responsibility for performance under the contract for any reason whatsoever, including, but not limited to, the bidder's failure to observe existing conditions, etc.

1.4 Questions Regarding the IFB:

- 1.4.1 It is the bidder's responsibility to ask questions, request changes or clarifications, or otherwise advise the Department if the bidder believes that any language, specifications or requirements are: (1) ambiguous, (2) contradictory or arbitrary, or both, (3) violate any state or federal law or regulation, (4) restrict or limit the requirements to a single source, or (5) restrict or limit the bidder's ability to submit a bid.
- a. Except as may be otherwise stated herein, the bidder and the bidder's agents (including subcontractors, employees, consultants, or anyone else acting on their behalf) must direct all of their questions or comments regarding the IFB, the solicitation process, the evaluation, etc., to the Buyer of Record indicated on the first page of this IFB. Inappropriate contacts to other personnel are grounds for suspension and/or exclusion from specific procurements. Bidders and their agents who have questions regarding this matter should contact the Buyer of Record.
 - b. All questions and issues should be submitted at least ten (10) working days prior to the due date of the bid. If not received prior to ten (10) working days before the bid due date, the Department may not be able to fully research and consider the respective questions or issues. Questions and issues relating to the IFB, including questions related to the competitive procurement process, must be directed to the Buyer of Record. It is preferred that questions be e-mailed to the Buyer of Record at Lisa.Graham@doc.mo.gov.
 - c. The Department will attempt to ensure that a bidder receives an adequate and prompt response to questions, if applicable. Upon the Department's consideration of questions and issues, if the Department determines that changes are necessary, the resulting changes will be included in a subsequently issued IFB amendment(s); absence of such response indicates that the questions and issues were considered but deemed unnecessary for an IFB amendment as the questions and issues did not provide further clarity to the IFB. All bidders will be advised of any change to the IFB's language, specifications, or requirements by a formal amendment to the IFB.

NOTE: The only official position of the Department shall be that which is contained in the IFB and any amendments thereto.

END OF SECTION ONE: INTRODUCTION AND GENERAL INFORMATION

END OF SECTION 2: PERFORMANCE REQUIREMENTS

3. GENERAL CONTRACTUAL REQUIREMENTS

This section of the IFB includes the general contractual requirements and provisions that shall govern the contract after IFB award. The contents of this section include mandatory provisions that must be adhered to by the Department and the contractor unless changed by a contract amendment. Response to this section by the bidder is not necessary as all provisions are mandatory.

3.1 Contractual Requirements:

- 3.1.1 Contract - A binding contract shall consist of: (1) the IFB and any amendments thereto, (2) the contractor's response (bid) to the IFB, (3) clarification of the response (bid), if any, and (4) the Department's acceptance of the response (bid) by "Notice of Award". All Exhibits and Attachments included in the IFB shall be incorporated into the contract by reference.
- a. A notice of award issued by the Department does not constitute an authorization for shipment of equipment or supplies or a directive to proceed with services. Before providing equipment, supplies and/or services for the Department, the contractor must receive a properly authorized purchase order or other form of authorization given to the contractor at the discretion of the Department.
 - b. The contract expresses the complete agreement of the parties and performance shall be governed solely by the specifications and requirements contained herein.
 - c. Any change to the contract, whether by modification and/or supplementation, must be accomplished by a formal contract amendment signed and approved by and between the duly authorized representative of the contractor and the Department prior to the effective date of such modification. The contractor expressly and explicitly understands and agrees that no other method and/or no other document, including correspondence, acts, and oral communications by or from any person, shall be used or construed as an amendment or modification to the contract.

- 3.1.2 Contract Period - The contract period shall be as stated on the Notice of Award. The contract shall not bind, nor purport to bind, the Department for any contractual commitment in excess of the contract period.
- 3.1.3 Contract Price - The price shall be as indicated on **EXHIBIT A, Pricing Page**. - 3.1.5 Termination - The Department reserves the right to terminate the contract at any time, for the convenience of the State of Missouri, without penalty or recourse, by giving written notice to the contractor at least thirty (30) calendar days prior to the effective date of such termination. The contractor shall be entitled to receive compensation for services and/or supplies delivered to and accepted by the Department pursuant to the contract prior to the effective date of termination.
- 3.1.6 Contractor Liability - The contractor shall be responsible for any and all personal injury (including death) or property damage as a result of the contractor's negligence involving any equipment or service provided under the terms and conditions, requirements and specifications of the contract. In addition, the contractor assumes the obligation to save the State of Missouri, including its agencies, employees, and assignees, from every expense, liability, or payment arising out of such negligent act.
- a. The contractor also agrees to hold the State of Missouri, including its agencies, employees, and assignees, harmless for any negligent act or omission committed by any subcontractor or other person employed by or under the supervision of the contractor under the terms of the contract.
 - b. The contractor shall not be responsible for any injury or damage occurring as a result of any negligent act or omission committed by the State of Missouri, including its agencies, employees, and assignees.
- 3.1.7 Insurance - The contractor shall understand and agree that the State of Missouri cannot save and hold harmless and/or indemnify the contractor or employees against any liability incurred or arising as a result of any activity of the contractor or any activity of the contractor's employees related to the contractor's performance under the contract. Therefore, the contractor must acquire and maintain adequate liability insurance in the form(s) and amount(s) sufficient to protect the State of Missouri, its agencies, its employees, its clients, and the general public against any such loss, damage and/or expense related to his/her performance under the contract. General and other non-professional liability insurance shall include an endorsement that adds the State of Missouri as an additional insured. Self-insurance coverage or another alternative risk financing mechanism may be utilized provided that such coverage is verifiable and irrevocably reliable and the State of Missouri is protected as an additional insured.
- a. In the event the insurance coverage is canceled, the Department must be notified within thirty (30) calendar days.
- 3.1.8 Contractor's Employees - The contractor shall only employ personnel authorized to work in the United States in accordance with applicable federal and state laws. This includes but is not limited to the Illegal Immigration Reform and Immigrant Responsibility Act (IIRIRA) and INA Section 274A.
- a. If the contractor is found to be in violation of this requirement or the applicable state, federal and local laws and regulations, and if the Department has reasonable cause to believe that the contractor has knowingly employed individuals who are not eligible to work in the United States, the Department shall have the right to cancel the contract immediately without penalty or recourse and suspend or debar the contractor from doing business with the Department. The Department may also withhold up to twenty-five percent of the total amount due to the contractor.

- b. The contractor shall agree to fully cooperate with any audit or investigation from federal, state, or local law enforcement agencies.
- c. The contractor and all of the contractor's employees and agents providing services in any Department of Corrections institution must be at least eighteen (18) years of age. A Missouri Uniform Law Enforcement System (MULES) check or other background investigation shall be required on the contractor, the contractor's employees and agents before they are allowed entry into the institution. The contractor, its employees and agents understand and agree that the Department may complete criminal background records checks annually for the contractor and the contractor's employees and agents that have the potential to have contact with offenders.
- d. The institution shall have the right to deny access into the institution for the contractor and any of the contractor's employees and agents for any reason, at the discretion of the institution.
- e. The contractor, its employees and agents under active federal or state felony or misdemeanor supervision must receive written division director approval prior to providing services pursuant to a Department contract. Similarly, contractors/employees/agents with prior felony convictions and not under active supervision must receive written division director approval in advance.
- f. The contractor, its employees and agents shall at all times observe and comply with all applicable state statutes, Department rules, regulations, guidelines, internal management policies and procedures, and general orders of the Department that are applicable, regarding operations and activities in and about all Department property. Furthermore, the contractor, its employees and agents, shall not obstruct the Department or any of its designated officials from performing their duties in response to court orders or in the maintenance of a secure and safe correctional environment. The contractor shall comply with the Department's policies and procedures relating to employee conduct.
 - 1) The Department has a zero tolerance policy for any form of sexual misconduct to include staff/contractor/volunteer on offender, or offender on offender, sexual harassment, sexual assault, sexual abuse and consensual sex.
 - a. Any contractor or contractor's employee or agent who witnesses any form of sexual misconduct must immediately report it to the warden of the institution. If a contractor or contractor's employee or agent fails to report or knowingly condones sexual harassment or sexual contact with or between offenders, the Department may cancel the contract, or at the Department's sole discretion, require the contractor to remove the employee/agent from providing services under the contract.
 - b. Any contractor or contractor's employee or agent who engages in sexual abuse shall be prohibited from entering the institution and shall be reported to law enforcement agencies and licensing bodies, as appropriate.
- g. The contractor, its employees and agents shall not interact with the offenders except as is necessary to perform the requirements of the contract. The contractor, its employees and agents shall not give anything to nor accept anything from the offenders except in the normal performance of the contract.
- h. If any contractor or contractor's employee or agent is denied access into the institution for any reason or is denied approval to provide service to the Department for any reason stated herein, it shall not relieve the contractor of any requirements of the contract. If the contractor is unable to perform the requirements of the contract for any reason, the contractor shall be considered in breach.

- 3.1.9 Subcontractors - Any subcontracts for the products/services described herein must include appropriate provisions and contractual obligations to ensure the successful fulfillment of all contractual obligations agreed to by the contractor and the Department and to ensure that the Department is indemnified, saved, and held harmless from and against any and all claims of damage, loss, and cost (including attorney fees) of any kind related to a subcontract in those matters described in the contract between the Department and the contractor.
- a. The contractor shall expressly understand and agree that he/she shall assume and be solely responsible for all legal and financial responsibilities related to the execution of a subcontract.
 - b. The contractor shall agree and understand that utilization of a subcontractor to provide any of the products/services in the contract shall in no way relieve the contractor of the responsibility for providing the products/services as described and set forth herein.
- 3.1.10 Contractor Status - The contractor is an independent contractor and shall not represent the contractor or the contractor's employees to be employees of the State of Missouri or a Department of the State of Missouri. The contractor shall assume all legal and financial responsibility for salaries, taxes, FICA, employee fringe benefits, workers compensation, employee insurance, minimum wage requirements, overtime, etc., and agrees to indemnify, save, and hold the State of Missouri, its officers, agents, and employees, harmless from and against, any and all loss; cost (including attorney fees); and damage of any kind related to such matters.
- 3.1.11 Coordination - The contractor shall fully coordinate all contract activities with those activities of the SCCC. As the work of the contractor progresses, advice and information on matters covered by the contract shall be made available by the contractor to the SCCC or the Purchasing Section throughout the effective period of the contract.
- 3.1.12 Substitution of Products - The contractor shall not substitute any item that has been awarded to the contractor without prior written approval of the Department.
- a. In the event an item becomes unavailable, the contractor shall be responsible for providing a suitable substitute item. The contractor's failure to provide an acceptable substitute item may result in cancellation or termination of the contract.
 - b. Any item substitution must be a replacement of the contracted item with a product of equal or better capabilities and quality and with equal or lower pricing. The contractor shall understand that the Department reserves the right to allow the substitution of any new or different product/system offered by the contractor. The Department shall be the final authority as to acceptability of any proposed substitution.
 - c. Any item substitution shall require a formal contract amendment authorized by the Department prior to the Department acquiring the substitute item under the contract.
 - d. The Department may choose not to compel an item substitution in the event a substitution would be deemed unreasonable in the sole opinion of the Department. The contractor shall not be relieved of substituting an item in the event of manufacturer discontinuation, other reason, or simply for reasons of unprofitability to the contractor.
- 3.1.13 Replacement of Defective/Damaged Product - The contractor shall be responsible for replacing parts that are defective or in damaged condition at no cost to the Department. This includes all shipping costs for returning damaged or defective parts to the contractor for replacement.

3.1.15 Property of State - All documents, data, reports, supplies, equipment, and accomplishments prepared, furnished, or completed by the contractor pursuant to the terms of the contract shall become the property of the State of Missouri. Upon expiration, termination, or cancellation of the contract, said items shall become the property of the Department.

3.1.16 Confidentiality:

- a. The contractor shall agree and understand that all discussions with the contractor and all information gained by the contractor as a result of the contractor's performance under the contract shall be confidential and that no reports, documentation, or material prepared as required by the contract shall be released to the public without the prior written consent of the Department.
- b. If required by the Department, the contractor and any required contractor personnel must sign specific documents regarding confidentiality, security, or other similar documents upon request. Failure of the contractor and any required personnel to sign such documents shall be considered a breach of contract and subject to the cancellation provisions of this document.

3.1.17 Contractor Equipment Use - Title to any equipment required by the contract shall be held by and vested in the contractor. The Department shall not be liable in the event of loss, incident, destruction, theft, damage, etc., for the equipment including, but not limited to, devices, wires, technical literature, etc. It shall be the contractor's sole responsibility to obtain insurance coverage for such loss in an amount that the contractor deems appropriate.

3.1.18 Prevailing Wage, Construction Safety Training Program, and Transient Employer Requirements - The contractor and all subcontractors employed by the contractor shall comply with section 290.250, RSMo, by paying, to all personnel employed for applicable services actually provided under the contract, not less than the prevailing hourly rate of wages as determined by the Department of Labor and Industrial Relations, Division of Labor Standards, specified in Annual Wage Order No. 22, dated March 10, 2015, for Texas County (**Attachment 1**). Personnel that have not previously completed the program must complete the program within sixty (60) days of beginning work under the contract. Personnel on the work site without the documentation of prior completion of the program shall be afforded twenty (20) days to produce such documentation before being subject to removal from the work site. 4. BID SUBMISSION, EVALUATION AND AWARD INFORMATION

4.1 Submission of Bids:

- 4.1.1 The bidder should include the original bid, completed exhibits, forms, and other information concerning the bid, including a completed Pricing Page(s), with the bid.
- a. Bids must be signed and returned with all necessary attachments to the Purchasing Section by the bid date and time as stated on the first page of this IFB. Specifically, **any** form containing a signature line such as page 1 of the original IFB and any amendments thereafter, **EXHIBIT A, Pricing Page**, etc., shall be manually signed and returned as part of the bid.
 - b. Recycled Products - The Department recognizes the limited nature of our resources and the leadership role of government agencies in regard to the environment. Accordingly, the bidder is requested to print the bid double-sided using recycled paper, if possible, and minimize or eliminate the use of non-recyclable materials such as plastic report covers, plastic dividers, vinyl sleeves, and binding. Lengthy bids may be submitted in a notebook or binder.
- 4.1.2 Wage Order: The bidder is advised that prior to submitting a bid, the bidder must review the annual wage order for Texas county (**Attachment 1**).
- 4.1.3 Open Records – Pursuant to section 610.021, RSMo, the bid shall be considered an open record after the contract is awarded. Therefore, the bidder is advised not to include any information that the bidder does not want to be viewed by the public, including personal identifying information such as social security numbers.

- a. In preparing a bid, the bidder should be mindful of document preparation efforts for imaging purposes and storage capacity that will be required to image the bids and should limit bid content to items that provide substance, quality of content, and clarity of information.
 - b. Additionally, after a contract is executed, the contract(s) is scanned into the Department's imaging system. The scanned information will be available for viewing through the Internet at <http://doc.mo.gov/DHS/Contracts.php>.
- 4.1.4 Compliance with Terms and Conditions – The bidder is cautioned when submitting pre-printed terms and conditions or other type material to make sure such documents do not contain other terms and conditions which conflict with those of the IFB and its contractual requirements. The bidder agrees that in the event of conflict between any of the bidder's terms and conditions and those contained in the IFB that the IFB shall govern. Taking exception to the Department's terms and conditions may render a bidder's bid non-responsive and remove it from consideration for award.
- 4.1.5 Preprinted Marketing Materials - The bidder may submit preprinted marketing materials with the bid; however, the bidder is advised that such brochures normally do not address the needs of the evaluators with respect to the technical evaluation process and the specific responses which have been requested of the bidder. The bidder is strongly discouraged from relying on such materials in presenting products and services for consideration by the Department.
- a. It is the bidder's responsibility to provide detailed information about how the item bid meets the specifications presented herein. If preprinted marketing materials do not specifically address each specification, the bidder should provide detailed information to assure that the product meets the Department's mandatory requirements. In the event this information is not submitted with the bid, the Buyer of Record may, but is not required to, seek written clarification from the bidder to provide assurance that the product bid meets specifications.
- 4.1.6 Bid Detail Requirements and Deviations – It is the bidder's responsibility to submit a bid that meets all mandatory specifications stated herein. The bidder should clearly identify any and all deviations from both the mandatory and desirable specifications stated in the IFB. Any deviation from a mandatory requirement may render the bid non-responsive. Any deviation from a desirable specification may be reviewed by the Department as to its acceptability and impact on competition.
- a. Bidders should note: A descriptive brochure of the model bid may not be acceptable as clear identification of deviations from the written specification.
- 4.2 Evaluation and Award Process:**
- 4.2.1 After determining that a bid satisfies the mandatory requirements stated in the IFB, the evaluator shall use objective analysis in conducting a comparative assessment of the bid(s). The contract shall be awarded to the lowest and best bid.
- 4.3 Evaluation of Cost:**
- 4.3.1 Pricing – The bidder shall state a firm fixed price for the ballistic security glazed glass on **EXHIBIT A, Pricing Page**. Price shall be quoted FOB Destination Freight Prepaid and Allowed for any materials, equipment or parts that will be shipped. The price bid for line item 001, shall be for the ballistic security glazed glass and delivery of the glass to the institution. The price bid for line item 002, shall include all costs for removing the old ballistic security glazed glass, as well as installing the new ballistic security glazed glass.
- 4.3.2 The bidder should complete the "Terms" and the "Bidder's Acceptance of the State Purchasing Card" sections on **EXHIBIT A, Pricing Page**.

4.3.3 For evaluation purposes only, the cost will be calculated by multiplying the firm fixed price for each line item stated on **EXHIBIT A, Pricing Page**, by the quantity for that item and adding the totals together. The cost evaluation shall include all mandatory requirements.

4.3.4 Cost Evaluation - The objective evaluation of cost shall be based on the firm fixed prices stated on **EXHIBIT A, Pricing Page**.

a. Cost evaluation points shall be determined from the result of the calculation stated above using the following formula:

$$\frac{\text{Lowest Responsive Bidder's Price}}{\text{Compared Bidder's Price}} \times \text{Maximum Cost Evaluation Points (100)} = \text{Assigned Cost Points}$$

NOTE: The prompt payment discount terms on contracts will not be used in any cost calculation.

4.4 Determination for Award:

4.4.1 The Department reserves the right to award to the bidder whose bid complies with all mandatory specifications and requirements, and is the lowest and best bid for the items.

4.4.2 Only one award shall be made to the bidder whose items meet specifications and who has the lowest responsive bid. Other factors that affect the determination of the lowest price responsive bid include consideration of the Missouri Service-Disabled Veteran Business Preference explained in Section 4.6.

4.4.3 Determination of Lowest Priced Bid including Consideration of Preferences - After completing the cost evaluation and determining preference bonus points, the bidder with the most points is considered the lowest bid. Total points shall be computed for the total evaluated bid price as follows:

$$\text{Assigned Cost Points} + \text{earned preference points} = \text{Total Points}$$

4.4.4 The Department reserves the right to reject any bid which is determined unacceptable for reasons which may include but are not necessarily limited to: 1) failure of the bidder to meet mandatory general performance specifications; and/or 2) failure of the bidder to meet mandatory technical specifications; and/or; 3) receipt of any information, from any source, regarding delivery of unsatisfactory product or service by the bidder within the past three years. As deemed in its best interests, the Department reserves the right to clarify any and all portions of any bidder's offer.

4.5 Responsible and Reliability Determination:

4.5.1 The bidder should submit any of, but not limited to, the information requested herein in order to demonstrate the responsibility and reliability of the bidder. Failure of the bidder to submit sufficient information to document that the bidder is responsive and responsible may adversely affect the bid.

a. The bidder should complete **EXHIBIT E, Current/Prior Experience** with information related to previous and current services/contracts performed by the bidder's organization and any proposed subcontractors which are similar to the requirements of the IFB.

b. If references for current and/or previous contracts are not identified on **EXHIBIT E**, the Department may request that the bidder identify one or more references. The Department must receive the reference(s) within twenty-four (24) hours of the request. Failure of the bidder to identify one or more references may result in the bid being rejected.

4.6 Missouri Service-Disabled Veteran Business Enterprise Preference:

- 4.6.1 Pursuant to section 34.074 RSMo, and 1 CSR 40-1.050, a three (3) bonus point preference shall be granted to bidders who qualify as Missouri service-disabled veteran business enterprise and who complete and submit **EXHIBIT B, Missouri Service-Disabled Veteran Business Enterprise Preference** with the bid. If the bid does not include the completed **EXHIBIT B** and the documentation specified on **EXHIBIT B** in accordance with the instructions provided therein, no preference points will be applied.
- a. If the lowest priced bid qualifies for the preference, or in the event no bidders qualify for the preference, no further calculation is necessary.

Therefore, bidders are advised that unless specified elsewhere in the IFB, any questions received less than ten (10) calendar days prior to the IFB opening date may not be answered.

- d. The Department monitors all procurement activities to detect any possibility of deliberate restraint of competition, collusion among bidders, price-fixing by bidders, or any other anticompetitive conduct by bidders which appears to violate state and federal antitrust laws. Any suspected violation shall be referred to the Missouri Attorney General's Office for appropriate action.

The bidder should include a complete list of statutory references and citations for each provision of the IFB which is affected by this paragraph. The statutory limitations and prohibitive clauses may be requested to be clarified in writing by the Department or be accepted without further clarification if statutory limitations and prohibitive clauses are deemed acceptable by the Department. 9. EVALUATION/AWARD

- a. Any clerical error, apparent on its face, may be corrected by the Buyer of Record before contract award. Upon discovering an apparent clerical error, the Buyer of Record shall contact the bidder and request clarification of the intended bid. The correction shall be incorporated in the notice of award. Examples of apparent clerical errors are: 1) misplacement of a decimal point; and 2) obvious mistake in designation of unit.
- b. Any pricing information submitted by a bidder shall be subject to evaluation if deemed by the Department to be in the best interest of the State of Missouri.

- d. Awards shall be made to the bidder(s) whose bid (1) complies with all mandatory specifications and requirements of the IFB and (2) is the lowest and best bid, considering price, responsibility of the bidder, and all other evaluation criteria specified in the IFB and (3) complies with sections 34.010 and 34.070 RSMo and Executive Order 04-09.
- e. In the event all bidders fail to meet the same mandatory requirement in an IFB, the Department reserves the right, at its sole discretion, to waive that requirement for all bidders and to proceed with the evaluation. In addition, the Department reserves the right to waive any minor irregularity or technicality found in any individual bid.

The Department reserves the right to make awards by item, group of items, or an all or none basis. The grouping of items awarded shall be determined by the Department based upon factors such as item similarity, location, administrative efficiency, or other considerations in the best interest of the State of Missouri.
- j. All bids and associated documentation submitted on or before the official opening date and time will be considered open records pursuant to section 610.021 RSMo.
- k. The Department maintains records of all bid file material for review. Bidders who include an e-mail address with their bid will be notified of the award results via e-mail if requested.
- l. The Department reserves the right to request clarification of any portion of the bidder's response in order to verify the intent of the bidder. The bidder is cautioned, however, that its response may be subject to acceptance or rejection without further clarification.

All Exhibits and Attachments included in the IFB shall be incorporated into the contract by reference.
- c. A notice of award issued by the Department does not constitute an authorization for shipment of equipment or supplies or a directive to proceed with services. Before providing equipment, supplies and/or services for the Department, the contractor must receive a properly authorized purchase order or other form of authorization given to the contractor at the discretion of the Department.
- d. The contract expresses the complete agreement of the parties and performance shall be governed solely by the specifications and requirements contained therein. Any change to the contract, whether by modification and/or supplementation, must be accomplished by a formal contract amendment signed and approved by and between the duly authorized representative of the contractor and the Department prior to the effective date of such modification. The contractor expressly and explicitly understands and agrees that no other method and/or no other document, including correspondence, acts, and oral communications by or from any person, shall be used or construed as an amendment or modification to the contract.

- b. The contractor agrees and understands that the contract shall constitute an assignment by the contractor to the Department of all rights, title and interest in and to all causes of action that the contractor may have under the antitrust laws of the United States or the Department for which causes of action have accrued or will accrue as the result of or in relation to the particular equipment, supplies, and/or services purchased or procured by the contractor in the fulfillment of the contract with the Department.

18. SEVERABILITY

- a. If any provision of this contract or the application thereof is held invalid, the invalidity shall not affect other provisions or applications of this contract which can be given effect without the invalid provisions or application, and to this end the provisions of this contract are declared to be severable.

The contractor understands and agrees that if the funds required to fund the contract are appropriated by the General Assembly of the State of Missouri, the contract shall not be binding upon the Department for any contract period in which funds have not been appropriated, and the Department shall not be liable for any costs associated with termination caused by lack of appropriations.
- e. If the Department has reasonable cause to believe that the contractor has knowingly employed individuals who are not eligible to work in the United States in violation of federal law, the Department shall declare a breach and cancel the contract immediately without incurring any penalty.

20. TERMINATION OF CONTRACT

- a. The Department reserves the right to terminate the contract at any time for the convenience of the Department, without penalty or recourse, by giving notice to the contractor at least thirty (30) calendar days prior to the effective date of such termination. The contractor shall be entitled to receive just and equitable compensation for services and/or supplies or equipment delivered to and accepted by the Department pursuant to the contract prior to the effective date of termination.

Such causes may include, however are not restricted to: acts of God, fires, floods, epidemics, quarantine restrictions, strikes, and freight embargoes. In all cases, the failure to perform must be beyond the control of, and without the fault or negligence of, either the contractor or any subcontractor(s). The contractor shall take all possible steps to recover from any such occurrences.

24. CONTRACT EXTENSION

- a. In the event of an extended re-procurement effort and the contract's available renewal options have been exhausted, the Department reserves the right to extend the contract. If exercised, the extension shall be for a period of time as mutually agreed to by the Department and the contractor at the same terms, conditions, provisions, and pricing in order to complete the procurement process and transition to a new contract.

25. INSURANCE

- a. The State of Missouri cannot save and hold harmless and/or indemnify the contractor or its employees against any liability incurred or arising as a result of any activity of the contractor or the contractor's employees related to the contractor's performance under the contract. Therefore, the contractor must acquire and maintain adequate liability insurance in the form(s) and amount(s) sufficient to protect the State of Missouri, its agencies, its employees, its clients, and the general public against any such loss, damage, and/or expense related to his/her performance under the contract.

26. BANKRUPTCY OR INSOLVENCY

- a. Upon filing for any bankruptcy or insolvency proceeding by or against the contractor, whether voluntary or involuntary, or upon the appointment of a receiver, trustee, or assignee for the benefit of creditors, the contractor must notify the Department immediately.
