3.11 Application Narrative

1) Identify whether an existing program or service procedure is to be continued or replicated.

The Alliance of Southwest Missouri seeks to continue providing transportation assistance as it has through prior rounds of funding.

2) Describe how the services will be provided, including screening, assessment or referral procedures.

The Alliance of Southwest Missouri seeks to provide transportation to ex-offenders who are under the supervision of District 9 and 33 who do not have access to private transportation. Transportation services will be provided through partnerships with local vendors who provide discounted rates to The Alliance in the form of trolley passes, fuel vouchers and taxi coupons as well as providing funding to the transitional housing units for the costs associated with transporting house residents to their necessary appointments and employment. Transportation services will be available to anyone under the supervision of Missouri Department of Corrections (DOC), including sex-offenders.

The Alliance will employ 1 FTE Reentry Coordinator to coordinate the program as well as a .5 FTE Case Manager to work closely with ex-offenders and insure that a continuum of care is in place to eliminate barriers to successful reentry.

Transitional Housing Unit managers and Probation and Parole officers will work with The Alliance to assist ex-offenders in the completion of an information sheet to determine if the ex-offender has any other transportation options of if they require transportation assistance. The Reentry Coordinator or Reentry Case Manager will insure that the most appropriate type of transportation assistance is provided. In past years, The Alliance operated a van service but that will no longer be available due to a variety of factors including the advanced age and mileage of the current van and the lack of funding for replacement. Alternative options have been identified and negotiated which will still allow for the needs to be met. Because public

transportation is often not available during the hours necessary for ex-offenders who are working at late shift jobs, transportation funds will be available to the housing units for transporting in these cases. At times, ex-offenders are required to travel long distances for court appearances and housing units will be able to access transportation funds for the costs involved in meeting these needs as well. Because public transportation is often not available during the hours necessary for ex-offenders who are working at late shift jobs, transportation funds will be available to the housing units for transporting in these cases. This is necessary to accommodate the employment needs of ex-offenders and to work with the offender friendly employers. The majority of the felon friendly employers in the Joplin area are located outside of city limits where they could be reached by city transportation. Transportation assistance will be available to assist with employment needs, mandatory appointments, counseling, and scheduled trips to the Missouri Career Center for employment assistance and life skills training.

3) Describe the amount (i.e., hours, days) of contact that each offender will receive from each type of anticipated service.

The Reentry Transportation program will provide assistance to ex-offenders who have needs which can be met by the trolley service that is available in Joplin and which has recently been expanded to reach a larger area of the city. Many of the service providers for the ex-offenders in rural Jasper and Newton counties are located in Joplin. This drive is an average of 60 miles round-trip. By providing transportation options to Joplin, including contracting with existing transportation services the ex-offenders will have increased access to the services they require. The trolley service can be utilized for many appointments and interviews that take place within the city limits of Joplin. Reduced rates have been negotiated with existing public transportation options and if no other option is available, fuel vouchers will be provided at the conclusion of the required appointment.

With adequate transportation, ex-offenders will be able to meet their financial obligations, such as child support, and avoid violating their parole and potentially being re-incarcerated. The Alliance will continue to work with District 9 and District 33 Probation and Parole as well as offender friendly employers and providers to pinpoint the areas of greatest needs and seek ways to meet those needs. This service is not one that can be measured in terms of hours or days of contact but will be measured in terms of number of services provided.

4) Describe the target audience that will receive the services, how the target audience will be verified and identify the process for referrals.

This proposal targets men and women who are under the supervision of the Missouri Department of Corrections in Jasper and Newton counties. The transportation assistance will be available for ex-offenders who have had their Driver's License revoked because of a DWI/DUI or drug charges, are unemployed and do not have funds for public transportation, and those who do not otherwise have access to transportation. Ex-offenders who can utilize this service do include sex-offenders. The majority of the offenders receiving services are originally from the Jasper, Newton, and McDonald County areas, but some have relocated from St. Louis and Kansas City. For ex-offenders who are living in outlying counties, they will be able to access this transportation by contacting the Reentry Coordinator who will determine the most efficient type of assistance. These men and women are referred to this service by their parole officer or can request service on their own with assistance from their parole officer. All riders will be required to complete the necessary documentation to insure that they meet the criteria for these services.

3.1.2 No Service Supported Housing or Sex Offender Housing is being requested.

3.1.4 Applicant's Experience and Expertise

- a. The Alliance of Southwest Missouri has completed four rounds of Community Reentry funding and has worked primarily with District 9 Administrator, Cheryl Winingham, 417-629-3200.
- b. See Exhibit A
- c. See Exhibit B
- d. See Exhibit C
- e. See Exhibit C

- f. The Alliance of Southwest Missouri, established in 1998 and one of 20 Community Partnerships in the state of Missouri, serves approximately 55,000 individuals every year. The Alliance manages a budget in excess of 1.6 million dollars with numerous funding streams and has extensive fiscal management policies in place to ensure the adequate tracking and reporting of grant funds. With focused efforts on Jasper, Newton, Barton, and McDonald counties. The Alliance works diligently and collaboratively to formally assess, identify, and meet the greatest needs of these communities. The Alliance oversees and/or coordinates several programs, including: Safe Kids, Child Abuse Prevention/Parent Education and Home Visitation (Project CARE), Drug-Free Communities, Safe Teens, the Homeless Coalition, multiple substance abuse coalitions, the Community Health Collaborative, and the Reentry Project.

While striving to identify service gaps in the community, The Alliance seeks to maintain the Reentry programs in order to more effectively and sufficiently address and meet the needs of returning ex-offenders. The Alliance first joined the Reentry Steering Team in 2006. Activities planned by the Reentry Steering Team have primarily centered on mental health and employment issues for offenders. Since the inception of the Reentry Steering Team, there has been a focus on collaborating resources and services to most productively assist ex-offenders in the reentry process. The Reentry Steering Team consists of members from: Probation and Parole Districts 9 and 33, Division of Family Services, Division of Child Support Enforcement, Ascent Recovery Residences, Vocational Rehabilitation, Lazarus House, Teen Challenge, The Encourager, Freeman

Health System's Ozark Center, Missouri Career Center, Economic Security Corporation, the Joplin Ministerial Alliance, and ex-offenders.

The Reentry Steering Team has had great success in building a solid foundation of reentry services and resources but there are still many barriers to be overcome. The team has worked diligently and consistently to meet the practical needs of ex-offenders. Some of the major accomplishments include: compilation of a Resource Manual of services for offenders; a seminar and a public forum to educate area businesses, concerned citizens, and families of offenders on the process of reentry; and production of a Public Service Announcement, encouraging businesses to hire ex-offenders and offering incentives to those who do so. In addition, The Alliance has hosted a VISTA volunteer who worked to obtain funding, organize forums, and raise community awareness. Prior to the funding cut as of August 1, 2014, The Alliance employed a Reentry Coordinator who worked to strengthen the relationship between the agencies that participate in the Reentry Steering team as well as setting up systems to provide these essential services to ex-offenders. Community Reentry grants have allowed for the safe housing and wrap-around services for 170 offenders in the previous four years. To the extent that tracking is available, of those served with wrap-around services, the recidivism rate remains under 25%. The Director of Reentry Programs worked directly with Probation and Parole as well as two subcommittees of the Reentry Steering Team to ensure that services are accessed and utilized by the maximum number of offenders. These relationships continue to develop and a forward momentum has been achieved that will continue unhindered with the continuance of funding. The Reentry Coordinator also made considerable progress in the recruitment of professionals who will provide necessary services to ex-offenders at a reduced cost. These include: Dr. Gary Hamlin, DO, Access Family Medical, Lenscrafters, and the Community Clinic. Lenscrafters provides eye exams and glasses through their "One Sight" program for the cost of the exam only. A relationship has also been developed with the Dental School at Missouri Southern State University to provide dental cleaning and x-rays. Weekly grief recovery groups were being provided by

Angela Brower, Certified Grief Counselor, MSW with referrals for individual counseling made as appropriate. Hospice Compassus, a local hospice organization, is also working with the Reentry Program to provide grief recovery services. Ozark Center (mental health) and Lafayette House (domestic violence and substance abuse treatment) have come on board to provide the necessary substance abuse counseling. These services have been made possible primarily because of the existing positive relationship between The Alliance and these providers. Transportation assistance for non-driving ex-offenders and those living in rural areas has become a clear and prominent gap in the reentry process.

EXHIBIT G
BUDGET NARRATIVE
3.1.8

A. Personnel

The 1 FTE Reentry Coordinator will work with each of the three grant programs if funded. She will work directly with the housing unit managers, service providers and ex-offenders to insure that they have the opportunity to be placed in a supportive environment and receive a comprehensive continuum of care. A .5 FTE Reentry Case Manager will also work with each of the three grant programs. She will work directly with the ex-offenders to facilitate the services with the local transitional housing units, Probation and Parole and service contractors. She will also insure that all required documentation and data tracking is in place.

B. Fringe Benefits

In order to provide quality employment, The Alliance will seek to provide the employees and fringe benefits. These benefits have been calculated at 12%, although the current rate of the agency is 24%.

C. Staff Travel

Staff travel will allow for local travel to work directly with the ex-offenders, P & P and other service providers. Housing units will provide mileage documentation to receive mileage assistance for necessary transportation outside of the area.

D. Direct Services to the Offender

Transportation services will be provided through a variety of options. Monthly trolley passes are provided to clients within the city limits of Joplin to provide unlimited rides for appointments and employment. Trolley passes are discounted 50% by the City of Joplin. Taxi coupons will allow for ex-offenders in the outlying areas to be transported to the necessary appointments and employment opportunities.

Fuel vouchers will also be available if no other option is possible. Housing units will receive assistance in the maintenance and insuring of vehicles necessary to transport ex-offenders when no public transportation options are available.

E. Equipment/Supplies

The Alliance will provide the use of a computer, printer, copier, etc. for the Reentry Coordinator, but funds are requested to compensate for some of the cost of paper and ink. The Director will need to print monthly reports, ex-offender information sheets, etc. In addition, the Director will be required to keep a binder of all ex-offender information sheets. Funding also includes supply/equipment assistance for the housing units to have the supplies they need to keep proper documentation.

Our Letter Dated:
September 1999

Addendum Applies:
No

Dear Applicant:

This modifies our letter of the above date in which we stated that you would be treated as an organization that is not a private foundation until the expiration of your advance ruling period.

Your exempt status under section 501(a) of the Internal Revenue Code as an organization described in section 501(c)(3) is still in effect. Based on the information you submitted, we have determined that you are not a private foundation within the meaning of section 509(a) of the Code because you are an organization of the type described in section 509(a)(1) and 170(b)(1)(A)(vi).

Grantors and contributors may rely on this determination unless the Internal Revenue Service publishes notice to the contrary. However, if you lose your section 509(a)(1) status, a grantor or contributor may not rely on this determination if he or she was in part responsible for, or was aware of, the act or failure to act, or the substantial or material change on the part of the organization that resulted in your loss of such status, or if he or she acquired knowledge that the Internal Revenue Service had given notice that you would no longer be classified as a section 509(a)(1) organization.

You are required to make your annual information return, Form 990 or Form 990-EZ, available for public inspection for three years after the later of the due date of the return or the date the return is filed. You are also required to make available for public inspection your exemption application, any supporting documents, and your exemption letter. Copies of these documents are also required to be provided to any individual upon written or in person request without charge other than reasonable fees for copying and postage. You may fulfill this requirement by placing these documents on the Internet. Penalties may be imposed for failure to comply with these requirements. Additional information is available in Publication 557, Tax-Exempt Status for Your Organization, or you may call our toll free number shown above.

If we have indicated in the heading of this letter that an addendum applies, the addendum enclosed is an integral part of this letter.

SOUTHWEST MISSOURI COMMUNITY

Because this letter could help resolve any questions about your private foundation status, please keep it in your permanent records.

If you have any questions, please contact the person whose name and telephone number are shown above.

Sincerely yours,
