END OF TABLE OF CONTENTS

1. INTRODUCTION AND GENERAL INFORMATION

This section of the IFB includes a brief introduction and background information about the intended services for which the requirements herein are written. The contents of this section are intended for informational purposes and do not require a response.

1.1 Purpose:

1.1.1 This document constitutes an invitation for sealed bids from prospective bidders to establish a contract for the purchase of shelf-stable summer sausage for the Missouri Department of Corrections, hereinafter referred to as the "Department," for resale in offender canteens at twenty-two (22) correctional institutions, in accordance with the requirements and provisions stated herein.

1.2 General Information:

1.2.1 Terms and Conditions - It is recommended that all bidders review the Terms and Conditions governing this solicitation in its entirety, giving particular emphasis to examining those sections related to:

- Open Competition
- Preparation of Bids
- Submission of Bids
- Evaluation and Award

1.2.2 Background Information – The Department operates offender canteens within correctional institutions for offenders to purchase approved food, clothing, appliances and other items. By departmental policy, the selection of items approved and available for purchase in the canteens is decided upon by committee. The committee is tasked with standardizing an approved list in order to provide uniformity in product and pricing in the canteens. Items on the approved list are competitively bid in order to obtain the best possible pricing for the Department. Once contracted, only contracted items are allowed to be sold in the canteens.

1.2.3 The estimated population for all correctional institutions is 32,306.

1.2.4 The estimated annual gross sales for all items included in this IFB are \$566,000.00.

1.2.5 Funds – Expenditures from general revenue funds are not included in this contract. Funds expended by this contract are not subject to appropriation by the General Assembly.

1.2.6 The Department is transitioning to the MissouriBUYS eProcurement system and recommends all potential vendors to visit <https://MissouriBUYS.mo.gov> to register as a vendor for all bidding opportunities.

1.3 Qualified Product List (QPL):

1.3.1 Definitions:

- a. Qualified Product List (hereinafter referred to as QPL) – A listing of house brand products or families of house brand products that have successfully completed the formal qualification process (including all specified tests) that examines, tests, and verifies that a specific product meets all the applicable specification requirements.
- b. Qualified Product - A product that has been examined, tested, and listed in or approved for inclusion in a QPL.
- c. National Brand – A manufacturer's brand that is available to the general public regionally or nationally and is not exclusive to one wholesaler or retailer but is available through multiple retail or vending outlets.

- 1) Other states' department of corrections canteens and commissaries are **not** considered as the general public or as retail outlets and **do not** qualify a brand as a national brand.
 - d. House Brand – A private brand owned by a wholesaler, supplier, dealer, or merchant that bears its own company name or a name it owns exclusively and is generally not available or has limited availability in public retail or vending outlets, or any other brand that does not meet the definition of a national brand.
- 1.3.2 The intent of a QPL is to establish and standardize the requirements for evidence of a contractor's capability in advance acquisition, reduce acquisition lead time, reduce test costs by minimizing redundant, long and expensive tests, improve readiness through continuous availability of reliable products from viable suppliers, and establish a long-term relationship with the contractor to ensure continuous conformance to requirements and continuous product quality improvements.
- a. QPL-2011-001 has been established for the items listed on **EXHIBIT A, Pricing Page** and the relevant portion for this solicitation is included in this IFB as **Attachment 1**; however, very few brands for the line items have been qualified. The Department desires to qualify more house brand products for line items 001 and 002 and encourages the submission of samples for consideration and for evaluation as outlined in section 4.2. The QPL may be viewed at:

<http://doc.mo.gov/Documents/Contracts/QualifiedProduct/CanteenResale/QPL-2011-001.pdf>
- 1.3.3 Inclusion of a product on a QPL does not relieve the contractor of its contractual obligation to deliver items meeting all specification requirements. It does not guarantee acceptability under a contract. It does not waive any requirements for inspections or for maintaining quality control measures that are satisfactory to the Department, nor does it relieve the original contractor of its contractual obligations to ensure that delivered items comply with all specification requirements.
- 1.3.4 It is the contractor's responsibility to notify the Department of **any** change in the qualified product(s) composition, labeling, ingredients, nutrition facts, size, or packaging, etc. Failure to notify the Department of any change may result in the product(s) being removed from the QPL and the contract.
- a. If there is any material change as stated above, the contractor must submit new samples for testing at no cost to the Department accompanied by a letter stating the change(s) made to the product. Samples deemed unqualified will be removed from the QPL and the contract.
- 1.3.5 Once a contractor's products are qualified, the contractor must do the following to retain the qualification:
- a. Verify that the listed product is still available from the manufacturer, can be produced under the same conditions as originally qualified, and meets the requirements of the current issue specification. This verification must be done at the request of the Department.
 - b. Periodically submit new test samples if requested by the Department.
 - c. Agree to requalification testing if required by the Department.
- 1.3.6 Supplier/manufacturer samples may be submitted for testing to be included for future bidding opportunities. Testing for qualification will require the number of samples as indicated in paragraph 4.2.1 a. of each item submitted for consideration. Samples will be tested in the same manner as indicated paragraph 4.2.2. If the sample(s) is qualified, all requirements of paragraphs 1.3.3-1.3.5 will apply.
- a. All samples shall be at no cost to the Department and will not be returned.

1.3.7 Any product tested and not qualified for placement on the QPL will not be considered for future bidding opportunities unless changes have been made that may now render the product as qualified. A list of all products on the Non-Qualified Products list may be viewed at:

<http://doc.mo.gov/Documents/Contracts/QualifiedProduct/NOPL.pdf> .

1.4 Questions Regarding the IFB:

1.4.1 It is the bidder's responsibility to ask questions, request changes or clarifications, or otherwise advise the Department if the bidder believes that any language, specifications or requirements are: (1) ambiguous, (2) contradictory or arbitrary, or both, (3) violate any state or federal law or regulation, (4) restrict or limit the requirements to a single source, or (5) restrict or limit the bidder's ability to submit a bid.

- a. Except as may be otherwise stated herein, the bidder and the bidder's agents (including subcontractors, employees, consultants, or anyone else acting on their behalf) must direct all of their questions or comments regarding the IFB, the solicitation process, the evaluation, etc., to the buyer of record indicated on the first page of this IFB. Inappropriate contacts to other personnel are grounds for suspension and/or exclusion from specific procurements. Bidders and their agents who have questions regarding this matter should contact the buyer.
- b. All questions and issues should be submitted at least ten (10) working days prior to the due date of the bid. If not received prior to ten (10) working days before the bid due date, the Department may not be able to fully research and consider the respective questions or issues. Questions and issues relating to the IFB, including questions related to the competitive procurement process, must be directed to the buyer of record. It is preferred that questions be e-mailed to the buyer of record at Diana.Fredrick@doc.mo.gov .
- c. The Department will attempt to ensure that a bidder receives an adequate and prompt response to questions, if applicable. Upon the Department's consideration of questions and issues, if the Department determines that changes are necessary, the resulting changes will be included in a subsequently issued IFB amendment(s); absence of such response indicates that the questions and issues were considered but deemed unnecessary for an IFB amendment as the questions and issues did not provide further clarity to the IFB. All bidders will be advised of any change to the IFB's language, specifications, or requirements by a formal amendment to the IFB.

NOTE: The only official position of the Department shall be that which is contained in the IFB and any amendments thereto.

END OF SECTION ONE: INTRODUCTION AND GENERAL INFORMATION

Cushioning materials shall be applied, as required, to protect and to restrict movement of the item(s).

2.4 Kosher and Halal Items

- b. In order to qualify as Halal, items must be certified by the Islamic Food and Nutrition Council of America.

2.4.2 Documentation certifying the items as Kosher or Halal must be submitted to the Department upon request.

2.5 Substitution of Product or Item Changes:

2.5.1 **Substitution of Product** - Following award of a contract, no substitution of an awarded item will be permitted except in the case of natural disaster, item discontinuation by the manufacturer or supplier, or the inability of a manufacturer or supplier to ship. The contractor must provide documentation from the manufacturer or supplier to substantiate the occurrence of any of these aforementioned situations.

- b. For all approved substitutions, a copy/picture of the product label that verifies all required labeling specifications will be met as indicated in paragraph 2.3.1 shall be provided upon request of the Department.
- c. Special run or mock-up items will not be accepted for substitution.

2.5.3 The Department reserves the right to allow the contractor to substitute any new product offered by the contractor on all unshipped and future orders if quality is equal to or greater than the product under contract and if the price is equal to or less than the contract price. The Department shall be the final authority as to the acceptability of the proposed substitution.

2.5.4 Item Changes - The contractor must **immediately notify** the Department prior to the discontinuation of any item, change in packaging, size, ingredients, nutrition facts, or labeling (i.e. **UPC**) of an awarded item. Whenever

possible, the contractor must accept orders for items which are to be discontinued for a full thirty (30) days following notice to the Department of such discontinuation.

- a. No material change shall be made on any item awarded to the contractor without written approval by a formal contract amendment. The contractor must submit documentation from the manufacturer or supplier to verify any material change.

Subsequent deliveries must be made within **twenty-one (21) calendar days** upon receipt of an authorized purchase order or state purchasing card transaction notice. All orders received on the last day of the contract must be shipped at the contract price.

As soon as practical after the receipt of the contractor's notice, the Department shall evaluate the situation and may, at its sole discretion, extend the contractor's time for delivery.

- a. A delay by the contractor in the performance of its delivery obligations shall render the contractor liable for additional costs incurred by the Department to obtain product from other sources unless an extension of time is agreed upon pursuant to 2.6.3.

2.7 Item Selection and Sales Performance:

2.7.1 The selection of allowable items to be sold in the offender canteens is decided upon by a committee. If at any time during the contract period the committee decides to remove an awarded item(s) from the allowable list, the

Department shall have the right to cancel that item(s) from the contract. All other specifications, terms and conditions of the contract, including the pricing on all non-affected awarded items shall remain the same.

2.7.2 Additional item choices shall not be added without the Department's approval. The Department approval may entail the sampling of the proposed item selection.

2.7.3 The purpose of items selected for resale is to maximize sales potential for the benefit of the offender Canteen Fund. Therefore, if an item shows an overall trend of a decrease in sales volume, the Department reserves the right to discontinue that item without penalty.

a. Full cases of any cancelled or discontinued item(s) may be returned for full credit at no cost to the Department.

2.8 Minimum Orders:

2.9.2 The contractor shall accurately invoice per the prices indicated on **EXHIBIT A, Pricing Page**.

2.9.3 The Department may choose to use the state purchasing card (Visa) in place of a purchase order to make purchases under this contract. a. If the Department issues a purchase order, an itemized invoice shall be emailed to DOC.CanteenPayables@doc.mo.gov or mailed to:

END OF SECTION 2: PERFORMANCE REQUIREMENTS

3. GENERAL CONTRACTUAL REQUIREMENTS

This section of the IFB includes the general contractual requirements and provisions that shall govern the contract after IFB award. The contents of this section include mandatory provisions that must be adhered to by the Department and the contractor unless changed by a contract amendment. Response to this section by the bidder is not necessary as all provisions are mandatory.

3.1 Contract:

3.1.1 Contract - A binding contract shall consist of: (1) the IFB and any amendments thereto, (2) the contractor's response (bid) to the IFB, (3) clarification of the response (bid), if any, and (4) the Department's acceptance of the response (bid) by "Notice of Award". All Exhibits and Attachments included in the IFB shall be incorporated into the contract by reference.

- a. A notice of award issued by the Department does not constitute an authorization for shipment of supplies or a directive to proceed with services. Before providing supplies and/or services for the Department, the contractor must receive a properly authorized purchase order or other form of authorization given to the contractor at the discretion of the Department.
- b. The contract expresses the complete agreement of the parties and performance shall be governed solely by the specifications and requirements contained herein.
- c. Any change to the contract, whether by modification and/or supplementation, must be accomplished by a formal contract amendment signed and approved by and between the duly authorized representative of the contractor and the Department prior to the effective date of such modification. The contractor expressly and explicitly understands and agrees that no other method and/or no other document, including correspondence, acts, and oral communications by or from any person, shall be used or construed as an amendment or modification to the contract.

3.1.2 Contract Period - The original contract period shall be as stated on page one of the IFB. The contract shall not bind, nor purport to bind, the Department for any contractual commitment in excess of the original contract period. The Department shall have the right, at its sole option, to renew the contract for one (1) additional twelve (12) month period or any portion thereof. In the event the Department exercises such right, all terms and conditions, requirements, and specifications of the contract shall remain the same and apply during the renewal period pursuant to applicable option clauses of this document.

3.1.3 Renewal Period - If the Department exercises its option for renewal, the contractor shall agree that the price for the renewal period shall not exceed the maximum percentage increase or be less than the minimum percentage decrease quoted for the applicable renewal period as stated on **EXHIBIT A, Pricing Page**, of the contract.

- a. As stated on **EXHIBIT A, Pricing Page**, all increases or decreases shall be calculated against the ORIGINAL contract price and NOT against the previous year's price. If a price increase or decrease was allowed as outlined in section 2.5 of this IFB, the increase/decrease will be added/subtracted after the calculation of the renewal price has been determined.

EXAMPLE: Original Contract Price = \$1.00, Maximum Increase = 2%, Economic Adjustment = 5%

Renewal Period Increase - $\$1.00 \times 2\% = \1.02

Economic Adjustment - $\$1.00 \times 5\% = \1.05

Renewal Period Price = $\$1.07 (\$1.02 + \$0.05)$

- b. If renewal percentages are not provided, then the price during the renewal period shall be the same as during the original contract period.

- c. The Department does not automatically exercise its option for renewal based upon the maximum percentage and reserves the right to offer or to request renewal of the contract at a percentage less than the maximum stated.
- 3.1.3 Contract Price - The price shall be as indicated on **Exhibit A, Pricing Page**. The Department shall not pay nor be liable for any other additional costs including but not limited to taxes, shipping charges, insurance, interest, penalties, termination payments, attorney fees, liquidated damages, etc.
- a. Prices shall include all packing, handling, shipping and freight charges FOB Destination, Freight Prepaid and Allowed. The Department shall not make additional payments or pay add-on charges for freight or shipping unless specifically described and priced in the bid, or as otherwise specifically stated and allowed by the IFB.
 - b. Price shall be considered firm for the duration of the contract period unless a price increase/decrease is allowed as outlined in paragraph 3.1.4.
- 3.1.4 Economic Adjustment Clause - In the event that the contractor's cost for the items covered in this IFB and resulting contract should increase more than 5% during the period of time in which the contract is in effect, the contractor may, upon submission of written proof of such increase and approval by the Department, be entitled to an adjustment in price accomplished by a formal contract amendment signed and approved by and between the duly authorized representative of the contractor and the Department. All prices shall remain firm for the first six (6) months of this contract.
- a. Whenever possible, the contractor must submit a written request for price increases thirty (30) days prior to the effective date of increase to the Department's Purchasing Section. **Requests and documentation must be submitted via US Mail.** If the manufacturer provides a percentage increase, the claim for such adjustment must include a certification from the manufacturer or supplier verifying its cost at the time of the bid award, the new cost, and the effective date of the increase. If the manufacturer provides an actual dollar amount of increase, the claim for such adjustment must include a certification from the manufacturer or supplier verifying the increase and the effective date of the increase. Supporting documentation must clearly establish the increase is to all customers and not to the Department or this contract alone. Supporting documentation will be returned to the contractor once the Department's Purchasing Section has verified its validity and shall not become part of the contract record.
 - b. The increase will be allowed only on the cost of the item(s) to the contractor. No increase or change in the contractor's overhead, transportation costs, profit or other factors will be approved. The Department reserves the right to ask for invoices, published price lists, or any other evidence establishing the contractor's costs to support the increase. Failure to supply any requested documentation will be grounds to deny adjustment in price.
 - 1) After receipt of required documentation and in the event a price change is authorized thereafter, no additional adjustments will be allowed for a term of six (6) months.
 - c. After receipt of required documentation and in the event a price change is authorized thereafter, no additional adjustments will be allowed for a term of six (6) months.
 - d. The contractor shall neither delay nor stop deliveries pending price changes.
 - e. If a price increase is allowed through a formal contract amendment, no price increase shall be billed to the Department before the effective date of the increase. Billed price changes will only be accepted for payment on purchase orders dated *on or after* the effective price change date. Purchase orders dated *prior* to the effective price change date shall be billed at the contract price in existence before the amended price change regardless of when delivery is accepted.

- f. In the event the contractor's costs should decrease by more than 5% during the period of time that the contract is in effect, the contractor shall pass any manufacturer's price decrease to the Department and such decreases shall become effective immediately upon notification by the contractor of the amount of the decrease. The contractor shall notify the Department of any such decrease.
- 3.1.5 Termination - The Department reserves the right to terminate the contract at any time, for the convenience of the State of Missouri, without penalty or recourse, by giving written notice to the contractor at least thirty (30) calendar days prior to the effective date of such termination. The contractor shall be entitled to receive compensation for services and/or supplies delivered to and accepted by the Department pursuant to the contract prior to the effective date of termination.
- 3.1.6 Contractor Liability - The contractor shall be responsible for any and all personal injury (including death) or property damage as a result of the contractor's negligence involving any equipment or service provided under the terms and conditions, requirements and specifications of the contract. In addition, the contractor assumes the obligation to save the State of Missouri, including its agencies, employees, and assignees, from every expense, liability, or payment arising out of such negligent act.
- a. The contractor also agrees to hold the State of Missouri, including its agencies, employees, and assignees, harmless for any negligent act or omission committed by any subcontractor or other person employed by or under the supervision of the contractor under the terms of the contract.
- b. The contractor shall not be responsible for any injury or damage occurring as a result of any negligent act or omission committed by the State of Missouri, including its agencies, employees, and assignees.
- 3.1.7 Insurance - The contractor shall understand and agree that the State of Missouri cannot save and hold harmless and/or indemnify the contractor or employees against any liability incurred or arising as a result of any activity of the contractor or any activity of the contractor's employees related to the contractor's performance under the contract. Therefore, the contractor must acquire and maintain adequate liability insurance in the form(s) and amount(s) sufficient to protect the State of Missouri, its agencies, its employees, its clients, and the general public against any such loss, damage and/or expense related to his/her performance under the contract. General and other non-professional liability insurance shall include an endorsement that adds the State of Missouri as an additional insured. Self-insurance coverage or another alternative risk financing mechanism may be utilized provided that such coverage is verifiable and irrevocably reliable and the State of Missouri is protected as an additional insured.
- a. In the event the insurance coverage is canceled, the Department must be notified within thirty (30) calendar days.
- 3.1.8 Subcontractors - Any subcontracts for the products/services described herein must include appropriate provisions and contractual obligations to ensure the successful fulfillment of all contractual obligations agreed to by the contractor and the Department and to ensure that the Department is indemnified, saved, and held harmless from and against any and all claims of damage, loss, and cost (including attorney fees) of any kind related to a subcontract in those matters described in the contract between the Department and the contractor.
- a. The contractor shall expressly understand and agree that he/she shall assume and be solely responsible for all legal and financial responsibilities related to the execution of a subcontract.
- b. The contractor shall agree and understand that utilization of a subcontractor to provide any of the products/services in the contract shall in no way relieve the contractor of the responsibility for providing the products/services as described and set forth herein.
- 3.1.9 Participation by Other Organizations: The contractor must comply with any Organization for the Blind/Sheltered Workshop and/or Service-Disabled Veteran Business Enterprise (SDVE) participation levels committed to in the contractor's awarded bid.

- a. The contractor shall prepare and submit to the Department a report detailing all payments made by the contractor to Organizations for the Blind/Sheltered Workshops and/or SDVEs participating in the contract for the reporting period. The contractor must submit the report on a monthly basis, unless otherwise determined by the Department.
 - b. The Department will monitor the contractor's compliance in meeting the Organization for the Blind/Sheltered Workshop and SDVE participation levels committed to in the contractor's awarded bid. If the contractor's payments to the participating entities are less than the amount committed, the Department may cancel the contract and/or suspend or debar the contractor from participating in future Department procurements, or retain payments to the contractor in an amount equal to the value of the participation commitment less actual payments made by the contractor to the participating entity. If the Department determines that the contractor becomes compliant with the commitment, any funds retained as stated above, will be released.
 - c. If a participating entity fails to retain the required certification or is unable to satisfactorily perform, the contractor must obtain other organizations for the blind/sheltered workshops or other SDVEs to fulfill the participation requirements committed to in the contractor's awarded bid.
 - 1) The contractor must obtain the written approval of the Department for any new entities. This approval shall not be arbitrarily withheld.
 - 2) If the contractor cannot obtain a replacement entity, the contractor must submit documentation to the Department detailing all efforts made to secure a replacement. The Department shall have sole discretion in determining if the actions taken by the contractor constitute a good faith effort to secure the required participation and whether the contract will be amended to change the contractor's participation commitment.
 - d. No later than 30 days after the effective date of the first renewal period, the contractor must submit an affidavit to the Department. The affidavit must be signed by the director or manager of the participating Organization for the Blind/Sheltered Workshop verifying provision of products and/or services and compliance of all contractor payments made to the Organization for the Blind/Sheltered Workshop. The contractor may use the affidavit available on the Office of Administration, Division of Purchasing's website at [http:// oa.mo.gov/sites/default/files/bswaffidavit.doc](http://oa.mo.gov/sites/default/files/bswaffidavit.doc) or another affidavit providing the same information.
- 3.1.10 Contractor Status - The contractor is an independent contractor and shall not represent the contractor or the contractor's employees to be employees of the State of Missouri or a Department of the State of Missouri. The contractor shall assume all legal and financial responsibility for salaries, taxes, FICA, employee fringe benefits, workers compensation, employee insurance, minimum wage requirements, overtime, etc., and agrees to indemnify, save, and hold the State of Missouri, its officers, agents, and employees, harmless from and against, any and all loss; cost (including attorney fees); and damage of any kind related to such matters.
- 3.1.11 Coordination - The contractor shall fully coordinate all contract activities with those activities of the Department. As the work of the contractor progresses, advice and information on matters covered by the contract shall be made available by the contractor to the Department or the Purchasing Section throughout the effective period of the contract.
- 3.1.12 Order Quantities - The quantities indicated in this Invitation for Bid are estimates that pertain to the total aggregate quantities that may be ordered throughout the stated contract period. The estimates do not indicate single order amounts unless otherwise stated. The Department makes no guarantees about single order quantities or total aggregate order quantities.
- 3.1.13 Substitution of Products - The contractor shall not substitute any item that has been awarded to the contractor without prior written approval of the Department.

- a. In the event an item becomes unavailable, the contractor shall be responsible for providing a suitable substitute item. The contractor's failure to provide an acceptable substitute item may result in cancellation or termination of the contract.
 - b. Any item substitution must be a replacement of the contracted item with a product of equal or better capabilities and quality and with equal or lower pricing. The contractor shall understand that the Department reserves the right to allow the substitution of any new or different product/system offered by the contractor. The Department shall be the final authority as to acceptability of any proposed substitution.
 - c. Any item substitution shall require a formal contract amendment authorized by the Department prior to the Department acquiring the substitute item under the contract.
 - d. The Department may choose not to compel an item substitution in the event a substitution would be deemed unreasonable in the sole opinion of the Department. The contractor shall not be relieved of substituting an item in the event of manufacturer discontinuation, other reason, or simply for reasons of unprofitability to the contractor.
- 3.1.14 Replacement of Defective/Damaged Product - The contractor shall be responsible for replacing any item purchased that is defective or in damaged condition at no cost to the Department. This includes all shipping costs for returning damaged or defective items for replacement.
- 3.1.15 Delivery Performance - The contractor and/or the contractor's subcontractor(s) shall deliver products/services in accordance with the contracted delivery times stated herein to the Department upon receipt of an authorized purchase order or P-card transaction notice.  - b. If required by the Department, the contractor and any required contractor personnel must sign specific documents regarding confidentiality, security, or other similar documents upon request. Failure of the contractor and any required personnel to sign such documents shall be considered a breach of contract and subject to the cancellation provisions of this document.

Furthermore, if the product has been sample-tested, the contractor shall agree that the same product submitted for sample-testing and which passed sample-testing shall be provided to the Department for the duration of the contract. No substitutions of product shall be made without the prior written approval of the Department. Therefore, the bidder is advised not to include any information that the bidder does not want to be viewed by the public, including personal identifying information such as social security numbers.
- a. In preparing a bid, the bidder should be mindful of document preparation efforts for imaging purposes and storage capacity that will be required to image the bids and should limit bid content to items that provide substance, quality of content, and clarity of information.
 - b. Additionally, after a contract is executed, the contract(s) is scanned into the Department's imaging system. The scanned information will be available for viewing through the Internet at <http://doc.mo.gov/DHS/Contracts.php>.

The bidder agrees that in the event of conflict between any of the bidder's terms and conditions and those contained in the IFB that the IFB shall govern. Taking exception to the Department's terms and conditions may render a bidder's bid non-responsive and remove it from consideration for award.
- 4.3.7 Bid Detail Requirements and Deviations – It is the bidder's responsibility to submit a bid that meets all mandatory specifications stated herein. The bidder should clearly identify any and all deviations from both the mandatory and desirable specifications stated in the IFB. Any deviation from a mandatory requirement may render the bid non-responsive. Any deviation from a desirable specification may be reviewed by the Department as to its acceptability and impact on competition.

4.4 Evaluation and Award Process:

- 4.4.1 After determining that a bid satisfies the mandatory requirements stated in the IFB, the evaluator shall use objective analysis in conducting a comparative assessment of the bid(s). The contract shall be awarded to the lowest and best bidder.
- 4.4.2 Open Competition – Any manufacturer's name, trade names, brand names, information and/or model numbers listed in a specification and/or requirement are for informational purposes only and are not intended to limit competition.
- a. The bidder may offer any brand of product that meets or exceeds the specifications. In addition to identifying the manufacturer's name and model number, the bidder must explain in detail how their product meets or exceeds the specifications. Bids which do not comply with the requirement and the specifications are subject to rejection without clarification.

4.5 Evaluation of Cost:

- 4.5.1 Cost Evaluation - The objective evaluation of cost shall be based on the firm fixed pricing stated on **EXHIBIT A, Pricing Page**. The evaluation shall include the original contract period plus the renewal period. The estimated

quantities shall be taken into consideration to compute the total price for the original contract period and renewal period for each line item.

REVISED BY AMENDMENT #001

- a. *For both line items and for evaluation purposes only, the individual item cost for each line item will be calculated by dividing the firm fixed case price for the item stated on EXHIBIT A, Pricing Page by the number of items per case. The cost per ounce for each line item will be calculated by dividing the individual item cost by the total ounces of the item to arrive at the total cost per ounce. The initial contract period cost will be calculated by multiplying the individual item cost per ounce by the multiplier five (5) then multiplied by the estimated quantity for the line item.*
- b. A cost for each renewal period will be calculated in the same manner as indicated in 4.5.1 a. for each line item. The total cost of the initial contract period and each renewal period for each line item will be added together to arrive at the total bid price.
- c. Buy American Preference - If calculations for the Buy American preference are necessary, items bid **not** meeting proof of compliance with section 34.353 RSMo in accordance with the Domestic Procurement Act, sections 34-350 RSMo through 34.359 RSMo, the Buy American preference shall be computed as follows:

$$\text{Total Bid Price} \times 1.10 = \text{Bidder's Price}$$

- d. Assigned cost points shall be determined from the result of the calculation stated above using the following formula:

$$\frac{\text{Lowest Responsive Bidder's Price}}{\text{Compared Bidder's Price}} \times \text{Maximum Cost Evaluation Points (100)} = \text{Assigned Cost Points}$$

NOTE: The prompt payment discount terms on contracts will not be used in any cost calculation.

4.6 Organizations for the Blind and Sheltered Workshop Preferences:

4.6.1 Pursuant to section 34.165, RSMo, and 1 CSR 40-1.050, a ten (10) bonus point preference shall be granted to bidders including products and/or services manufactured, produced or assembled by a qualified nonprofit organization for the blind established pursuant to 41 U.S.C. sections 46 to 48c or a sheltered workshop holding a certificate of approval from the Department of Elementary and Secondary Education pursuant to section 178.920, RSMo.

- a. In the evaluation of bids, preferences shall be applied in accordance with Chapter 34 RSMo. Contractors should apply the same preferences in selecting subcontractors.
- b. By virtue of statutory authority, a preference will be given to materials, products, supplies, provisions and all other articles produced, manufactured, made or grown within the State of Missouri and to all firms, corporations or individuals doing business as Missouri firms, corporations or individuals. Such preference shall be given when quality is equal or better and delivered price is the same or less.

9. EVALUATION/AWARD

- a. Any clerical error, apparent on its face, may be corrected by the Buyer of Record before contract award. Upon discovering an apparent clerical error, the Buyer of Record shall contact the bidder and request clarification of the intended bid. The correction shall be incorporated in the notice of award. Examples of apparent clerical errors are: 1) misplacement of a decimal point; and 2) obvious mistake in designation of unit.
- b. Any pricing information submitted by a bidder shall be subject to evaluation if deemed by the Department to be in the best interest of the State of Missouri.
- c. The bidder is encouraged to propose price discounts for prompt payment or propose other price discounts that would benefit the Department. However, unless otherwise specified in the IFB, pricing shall be evaluated at the maximum potential financial liability to the Department.
- d. Awards shall be made to the bidder(s) whose bid (1) complies with all mandatory specifications and requirements of the IFB and (2) is the lowest and best bid, considering price, responsibility of the bidder, and all other evaluation criteria specified in the IFB and (3) complies with sections 34.010 and 34.070 RSMo and Executive Order 04-09.

- e. In the event all bidders fail to meet the same mandatory requirement in an IFB, the Department reserves the right, at its sole discretion, to waive that requirement for all bidders and to proceed with the evaluation. In addition, the Department reserves the right to waive any minor irregularity or technicality found in any individual bid.
- f. The Department reserves the right to reject any and all bids.
- g. When evaluating a bid, the Department reserves the right to consider relevant information and fact, whether gained from a bid, from a bidder, from a bidder's references, or from any other source.
- h. Any information submitted with the bid, regardless of the format or placement of such information, may be considered in making decisions related to the responsiveness and merit of a bid and the award of a contract.
- i. Any award of a contract shall be made by notification from the Department to the successful bidder. The Department reserves the right to make awards by item, group of items, or an all or none basis. The grouping of items awarded shall be determined by the Department based upon factors such as item similarity, location, administrative efficiency, or other considerations in the best interest of the State of Missouri.
- j. All bids and associated documentation submitted on or before the official opening date and time will be considered open records pursuant to section 610.021 RSMo.
- k. The Department maintains records of all bid file material for review. Bidders who include an e-mail address with their bid will be notified of the award results via e-mail if requested.
- l. The Department reserves the right to request clarification of any portion of the bidder's response in order to verify the intent of the bidder. The bidder is cautioned, however, that its response may be subject to acceptance or rejection without further clarification.
- m. Any bid award protest must be received within ten (10) business days after the date of award in accordance with the requirements of 1 CSR 40-1.050 (9).

- d. The contract expresses the complete agreement of the parties and performance shall be governed solely by the specifications and requirements contained therein. Any change to the contract, whether by modification and/or supplementation, must be accomplished by a formal contract amendment signed and approved by and between the duly authorized representative of the contractor and the Department prior to the effective date of such modification. The contractor expressly and explicitly understands and agrees that no other method and/or no other document, including correspondence, acts, and oral communications by or from any person, shall be used or construed as an amendment or modification to the contract.

11. INVOICING AND PAYMENT

- a. The State of Missouri does not pay state or federal taxes unless otherwise required under law or regulation.
- b. For each purchase order received, an invoice must be submitted that references the purchase order number and must be itemized in accordance with items listed on the purchase order. Failure to comply with this requirement may delay processing of invoices for payment.
- c. Payment for all equipment, supplies, and/or services required herein shall be made in arrears unless otherwise indicated in the IFB.
- d. The Department assumes no obligation for equipment, supplies, and/or services shipped or provided in excess of the quantity ordered. Any unauthorized quantity is subject to the Department's rejection and shall be returned to the contractor at the contractor's expense.
- e. All invoices for equipment, supplies, and/or services purchased by the Department shall be subject to late payment charges as provided in section 34.055 RSMo.
- f. The Department reserves the right to purchase goods and services using the state purchasing card.

A valid Missouri driver's license is required from the driver to perform the MULES background check. If the driver does not have a valid Missouri driver's license, their social security number and date of birth are required. If a driver or carrier refuses to provide the appropriate information to conduct a MULES background check, or if information received from the background check prohibits the driver or carrier from entering the institution, the delivery will be refused. Additional delivery costs associated with re-deliveries or contracting with another carrier for delivery shall be the responsibility of the contractor.
- c. Unless a pallet exchange is requested at the time of delivery, all pallets used in the delivery of equipment and supplies shall become property of the Department.

13. INSPECTION AND ACCEPTANCE

- a. No equipment, supplies, and/or services received by the Department pursuant to a contract shall be deemed accepted until the Department has had reasonable opportunity to inspect said equipment, supplies, and/or services.
- b. All equipment, supplies, and/or services which do not comply with the specifications and/or requirements, or which are otherwise unacceptable or defective, may be rejected. In addition, all equipment, supplies, and/or services which are discovered to be defective, or which do not conform to any warranty of the contractor upon inspection (or at any later time if the defects contained were not reasonably ascertainable upon the initial inspection), may be rejected.
- c. The Department reserves the right to return any such rejected shipment at the contractor's expense for full credit or replacement and to specify a reasonable date by which replacements must be received.
- d. The Department's right to reject any unacceptable equipment, supplies, and/or services shall not exclude any other legal, equitable or contractual remedies the state may have.

14. WARRANTY

- a. The contractor expressly warrants that all equipment, supplies, and/or services provided shall: (1) conform to each and every specification, drawing, sample or other description which was furnished to or adopted by the Department, (2) be fit and sufficient for the purpose expressed in the IFB, (3) be merchantable, (4) be of good materials and workmanship, and (5) be free from defect.

15. CONFLICT OF INTEREST

- a. Elected or appointed officials or employees of the State of Missouri or any political subdivision thereof, serving in an executive or administrative capacity, must comply with sections 105.452 and 105.454 RSMo regarding conflict of interest.
- b. The contractor hereby covenants that at the time of the submission of the bid the contractor has no other contractual relationships which would create any actual or perceived conflict of interest. 16. CONTRACTOR STATUS

- a. The contractor represents itself to be an independent contractor offering such services to the general public and shall not represent itself to be an employee of the State of Missouri. Therefore, the contractor shall assume all legal and financial responsibility for taxes, FICA, employee fringe benefits, workers compensation, employee insurance, minimum wage requirements, overtime, etc., and agrees to indemnify, save, and hold the State of Missouri, its officers, agents, and employees, harmless from and against, any and all loss, costs (including attorney fees), and damage of any kind related to such matters.

- b. The contractor agrees and understands that the contract shall constitute an assignment by the contractor to the Department of all rights, title and interest in and to all causes of action that the contractor may have under the antitrust laws of the United States or the Department for which causes of action have accrued or will accrue as the result of or in relation to the particular equipment, supplies, and/or services purchased or procured by the contractor in the fulfillment of the contract with the Department.

18. SEVERABILITY

- a. If any provision of this contract or the application thereof is held invalid, the invalidity shall not affect other provisions or applications of this contract which can be given effect without the invalid provisions or application, and to this end the provisions of this contract are declared to be severable.

19. CANCELLATION OF CONTRACT

- a. In the event of material breach of the contractual obligations by the contractor, the Department may cancel the contract. At its sole discretion, the Department may give the contractor an opportunity to cure the breach or to explain how the breach will be cured. The actual cure must be completed within no more than ten (10) working days from notification, or at a minimum, the contractor must provide the Department within ten (10) working days from notification a written plan detailing how the contractor intends to cure the breach.
- b. If the contractor fails to cure the breach, or if circumstances demand immediate action, the Department will issue a notice of cancellation terminating the contract immediately. If it is determined the Department improperly cancelled the contract, such cancellation shall serve as notice of termination for convenience in accordance with the contract.
- c. - d. The contractor understands and agrees that if the funds required to fund the contract are appropriated by the General Assembly of the State of Missouri, the contract shall not be binding upon the Department for any contract period in which funds have not been appropriated, and the Department shall not be liable for any costs associated with termination caused by lack of appropriations.
- e. If the Department has reasonable cause to believe that the contractor has knowingly employed individuals who are not eligible to work in the United States in violation of federal law, the Department shall declare a breach and cancel the contract immediately without incurring any penalty.

20. TERMINATION OF CONTRACT

- a. The Department reserves the right to terminate the contract at any time for the convenience of the Department, without penalty or recourse, by giving notice to the contractor at least thirty (30) calendar days prior to the effective date of such termination. The contractor shall be entitled to receive just and equitable compensation for services and/or supplies or equipment delivered to and accepted by the Department pursuant to the contract prior to the effective date of termination.

21. ASSIGNMENT OF CONTRACT

- a. The contractor shall neither assign nor transfer any of the rights, interests, or obligations of the contract without the prior written consent of the Department.

In all cases, the failure to perform must be beyond the control of, and without the fault or negligence of, either the contractor or any subcontractor(s). The contractor shall take all possible steps to recover from any such occurrences.

24. CONTRACT EXTENSION

- a. In the event of an extended re-procurement effort and the contract's available renewal options have been exhausted, the Department reserves the right to extend the contract. If exercised, the extension shall be for a period of time as mutually agreed

- a. Upon filing for any bankruptcy or insolvency proceeding by or against the contractor, whether voluntary or involuntary, or upon the appointment of a receiver, trustee, or assignee for the benefit of creditors, the contractor must notify the Department immediately.
