AMENDMENT #001 TO CONTRACT C114173005

CONTRACT TITLE: FOOD SERVICE EQUIPMENT

CONTRACT PERIOD: APRIL 18, 2014 THROUGH APRIL 17, 2015

The State of Missouri desires to amend the above referenced contract to add an additional state agency delivery location that will utilize the contract to purchase line item 016 (Ice Machine, Dispenser and Bin). The state agency delivery location to be added to the contract shall be as follows:

Western Missouri Correctional Center
609 East Pence Road
Cameron, MO 64429

The State of Missouri also desires to amend the referenced contract to add line item 031 (Water Glass Filler Kit) as specified below, which will be used in conjunction with line item 016 (Ice Machine, Dispenser and Bin).

031 C/S Code: 16599 EA \$ 150.67
Cafeteria and Kitchen Equipment, Commercial

Water Glass Filler Kit

- Field installed water glass filler kit for use with model numbers ID150, ID200, and ID250
- Scotsman model number KWG FID

State Brand/Model: Scotsman KWGFID

All terms, conditions and provisions of the contract, including all prices, shall remain the same throughout the above contract period and apply hereto.

The contractor shall acknowledge acceptance by signing, providing a price for line item 031 and returning this document, on or before the date indicated.

MEMORANDUM

TO: File C114173005

DATE: October 21, 2014

FROM: Kristina Cramer *KC*

RE: Contract C114173005 – Add Delivery Location & Line Item

The above referenced contract was established with Mobile Fixture & Equipment Co. to provide food service equipment for the State of Missouri Department of Corrections at various agency locations.

Pursuant to NR 931 YYY15709052, the Department of Corrections is requesting to add Western Missouri Correctional Center as a delivery location for line item 016 (Ice Machine, Dispenser and Bin) to the contract.

In addition, the Department of Corrections requests to add line item 031 for a water glass filler kit. The water glass filler kit is used in conjunction with line item 016 (Ice Machine, Dispenser and Bin). The ice machine is only functional if the water glass filler kit is included.

Upon receipt of signed amendment #001 to contract C114173005 by Mobile Fixture & Equipment Co., the contract will be amended to include the updated institution delivery location and line item.

The added delivery locations results in no additional charge to the state of Missouri.

Cramer, Kristina

Subject: Re: B1E14173 - Food Service Equipment

Ms. Satterlee,

Item# 27, Delfield Hot Food Counter, the correct pricing including correctional package is \$4,823.33 each (These were quoted without sneezeguards and tray rails because specifications did not include these items).

Item# 28, Delfield Cold Food Counter, the correct pricing including the correctional package is \$6,164.52 each (These were quoted without sneezeguards and tray rails because the specifications did not include these items).

If the sneezeguards and tray rails are needed, please let me know what type and if for single service or double self-service and I can provide a quote for those as well.

thanks again,

Hi Greg,

One last clarification, for the IFB referenced above. Could you please clarify if the price quoted for line items 027 and 028 includes the correctional package?

Thanks again!

Ms. Satterlee,

On Item # 15, Servend Model# S-250, the price each should read \$2,582.36, the total for 2 each is \$5,164.72.
On Item # 16, Scotsman complete machine, the price each should read \$6,908.63,
with the total for 2 each is \$13,817.26.

Thanks,

Thanks for clarifying. For line item 015 and line item 016, could you please clarify the price bid that is to be evaluated for each line item 015 and line item 016? The prices on the attached quote (the sell, the sell total, and the item total) are each different.

Ms. Satterlee,

On Item # 28, The Delfield SCSC-96-B, the sell price each is \$6164.92.

One was one inch higher counter than the other two, so it was listed separately on the attached quote.
NOTE: These were quoted without sneezeguards or tray rails because the specs did not include these.

Thanks,

Ms. Satterlee,

I apologize for the confusion, but the attached quote has the pricing and warranty information that was to be transferred to the bid document, so it will be correct.

Thank you,

Greg,

For the IFB referenced above could you please clarify whether the pricing on the IFB pricing pages or the prices on the attached quote are to be evaluated? Also, could you clarify if the warranties on the IFB pricing pages or on the attached quote are to be evaluated?

Thanks,

Jacqueline Satterlee

EMPLOYEE BIDDING/CONFLICT OF INTEREST:

Bidders who are elected or appointed officials or employees of the State of Missouri or any political subdivision thereof, serving in an executive or administrative capacity, must comply with sections 105.450 to 105.458, RSMo, regarding conflict of interest. If the bidder or any owner of the bidder's organization is currently an elected or appointed official or an employee of the State of Missouri or any political subdivision thereof, please provide the following information.

Name and title of elected or appointed official
or employee of the State of Missouri or any
political subdivision thereof:

If employee of the State of Missouri or political
subdivision thereof, provide name of state agency
or political subdivision where employed:

Percentage of ownership interest in bidder's
organization held by elected or appointed
official or employee of the State of Missouri
or political subdivision thereof:

0 %

**EXHIBIT A
DOMESTIC PRODUCTS PROCUREMENT ACT (BUY AMERICAN) PREFERENCE**

In accordance with sections 34.350-34.359, RSMo, the bidder is instructed to provide information regarding the point of manufacture for each of the products being bid so that the product's eligibility for the Domestic Products Procurement Act (Buy American) Preference can be determined. This information is requested for the finished product only, not for components of the finished product. The bidder may be required to provide supporting documentation indicating proof of compliance.

Qualifying for the Domestic Products Preference:

A product qualifies for the preference if one of the following circumstances exist:

- if manufactured or produced in the U.S.; or
- if the product is imported into the U.S. but is covered by an existing international trade treaty that affords the specific product the same status as a product manufactured or produced in the U.S.; or
- if only one line of products is manufactured or produced in the U.S.

Non-Domestic Product:

If the product is not manufactured or produced in the U.S. and does not otherwise qualify as domestic, then it will be considered non-domestic and not eligible for the preference.

THE BIDDER MUST COMPLETE THE FOLLOWING APPLICABLE TABLES TO CERTIFY WHETHER:

(Table 1) ALL products bid are manufactured or produced in the U.S. and qualify for the Domestic Products Procurement Act Preference; OR

(Table 2) ALL products bid are manufactured or produced outside the U.S. and do not otherwise qualify for the Domestic Products Procurement Act Preference; OR

(Tables 3-6) Not all products bid fall into the prior two categories so an item-by-item certification is necessary.

The bidder is responsible for certifying the information provided on the exhibit is accurate by signing where indicated at the end of the exhibit.

TABLE 1 – ALL PRODUCTS MANUFACTURED OR PRODUCED IN U.S. (eligible for preference)

Check the box to the right if ALL products bid are MANUFACTURED OR PRODUCED IN THE U.S.:	<input checked="" type="checkbox"/>
--	-------------------------------------

TABLE 2 – ALL PRODUCTS MANUFACTURED OR PRODUCED OUTSIDE U.S. AND DON'T QUALIFY FOR PREFERENCE (ineligible for preference)

Check the box to the right if ALL products bid are MANUFACTURED OR PRODUCED OUTSIDE THE U.S. and DO NOT OTHERWISE QUALIFY for the Domestic Products Procurement Act Preference:	<input type="checkbox"/>
---	--------------------------

TABLES 3 THROUGH 6 – ITEM BY ITEM CERTIFICATION (NOT ALL PRODUCTS BID FALL INTO PRIOR TWO TABLES)

- For those line items for which a U.S.-manufactured or produced product is bid, complete Table 3.
- For those line items which are manufactured or produced outside the U.S. that do not qualify for the Domestic Products Procurement Act Preference, complete Table 4.
- For those line items which are not manufactured or produced in the U.S., but for which there is a U.S. trade treaty, law, agreement, or regulation in compliance with section 34.359, RSMo, complete Table 5.
- For those line items which are not manufactured or produced in the U.S., but for which there is only one U.S. Manufacturer of that product or line of products, complete Table 6.

TABLE 3 – U.S.-MANUFACTURED OR PRODUCED PRODUCTS (Eligible for Preference)

<ul style="list-style-type: none"> • List item numbers of products bid that are U.S.-manufactured or produced and therefore qualify for the Domestic Products Procurement Act Preference. • List U.S. city and state where products bid are manufactured or produced. 			
Item #	U.S. City/State Where Manufactured/Produced	Item #	U.S. City/State Where Manufactured/Produced

TABLE 4 – FOREIGN-MANUFACTURED OR PRODUCED PRODUCTS (Not Eligible for Preference)

<ul style="list-style-type: none"> • List item numbers of products bid that are foreign manufactured or produced and do not otherwise qualify for the Domestic Products Procurement Act Preference. • List country where product bid is manufactured or produced. 			
Item #	Country Where Manufactured/Produced	Item #	Country Where Manufactured/Produced

EXHIBIT A, continued: DOMESTIC PRODUCTS PROCUREMENT ACT (BUY AMERICAN) PREFERENCE

TABLE 5 - FOREIGN-MANUFACTURED OR PRODUCED PRODUCTS BUT U.S. TRADE TREATY, LAW, AGREEMENT, OR REGULATION APPLIES (Eligible for Preference)

- List item numbers of products bid that are foreign manufactured or produced but qualify for the Domestic Products Procurement Act Preference because a U.S. Trade Treaty, Law, Agreement, or Regulation applies.
- Identify country where proposed foreign-made product is manufactured or produced.
- Identify name of applicable U.S. Trade Treaty, Law, Agreement, or Regulation that allows product to be brought into the U.S. duty/tariff-free.
- Identify website URL for the U.S. Trade Treaty, Law, Agreement, or Regulation.
- NOTE: As an imported product, if an import tariff is applied to the item, it does not qualify for the preference. In addition, "Most Favored Nation" status does not allow application of the preference unless the product enters the U.S. duty/tariff-free.

Item #	Country Where Proposed Foreign-Made Product is Manufactured/Produced	Name of Applicable U.S. Trade Treaty, Law, Agreement, or Regulation	Official Website URL for the U.S. Treaty, Law, Agreement, or Regulation

TABLE 6 - FOREIGN-MANUFACTURED OR PRODUCED PRODUCTS BUT ONLY ONE US MANUFACTURER PRODUCES PRODUCT OR LINE OF PARTICULAR GOOD (Eligible for Preference)

- List item numbers of products bid that are foreign manufactured or produced but qualify for the Domestic Products Procurement Act Preference because only one US Manufacturer produces the product or line of a particular good.
- Identify country where proposed foreign-made product is manufactured or produced.
- Identify sole US manufacturer name.
- Identify name of sole US manufactured product/line of particular good.

Item #	Country Where Proposed Foreign-Made Product is Manufactured/Produced	Sole US Manufacturer Name	Name of Sole US Manufactured Product or Line of Particular Good

The bidder is responsible for certifying the information provided on this exhibit is accurate by signing below:

I hereby certify that the information provided herein is true and correct, and complies with all provisions of sections 34.350 to 34.359, RSMo. I understand that any misrepresentation herein constitutes the commission of a class A misdemeanor.

Solid Door Freezer Reach-In Bottom Mounts
New Maximum Series

FEATURES / BENEFITS

Model : MSF-49NM

- **DIGITAL TEMPERATURE CONTROL SYSTEM**
Provides precise and constant temperature. This level of precision allows food products to remain fresh over an extended period of time.
- **HIGH-TECH MONITOR**
The unit will beep if the door has been opened for more than 30 seconds. The monitor digitally displays the present temperature and current status of the freezer. You can easily change the temperature by adjusting the thermostat.
- **STAINLESS STEEL CABINET CONSTRUCTION**
The Turbo Air New Maximum model boasts a stainless steel interior and stainless steel exterior with clear coat AL side panels (galvanized steel top, bottom and back). It guarantees the utmost in cleanliness and long product life. Unlike other companies' products, the sharp corners and edges have been rounded to reduce the risk of injury. The New Maximum can add a touch of style to the most refined setting.
- **EFFICIENT REFRIGERATION SYSTEM**
Turbo Air's solid door freezers are designed with oversized and balanced (CFC Free R-404A) refrigeration systems. These include efficient evaporators and condensers for faster freezing and greater efficiency.
- **AUTOMATIC EVAPORATOR FAN MOTOR DELAYS**
Through stopping the evaporator fan when the freezer door opens, the circulation of hot, moist air into the freezer is prevented. This increases energy efficiency and lengthens the life of the compressor.
- **ADJUSTABLE, HEAVY DUTY, PE(POLYETHYLENE) COATED WIRE SHELVES**
- **HIGH-DENSITY POLYURETHANE INSULATION**
The entire cabinet structure and solid doors are foamed-in-place using high density, CFC free polyurethane insulation.
- **ERGONOMICALLY DESIGNED DOORS**
Customers' fatigue fades away with easy grip handles and doors that open effortlessly. Self-closing and stay open door features make this the ultimate choice in customer convenience.
- **MAGNETIC DOOR GASKETS**
Magnetic door gaskets are of one piece construction, removable without tools for ease of cleaning and replacement.
- **BOTTOM MOUNT COMPRESSOR UNITS**
Turbo Air's bottom mount compressor allows easier access for service and extra storage space above. In addition, the lower area provides a cooler and less greasy operating environment which results in reduced compressor running time.

TRI-LEG, ELECTRIC KETTLES

TILTING, "SPASH PROOF SERIES",
 SELF-CONTAINED, 2/3 STEAM JACKETED,
 25, 40 or 60 GALLONS (100, 150 or 225 LITERS)

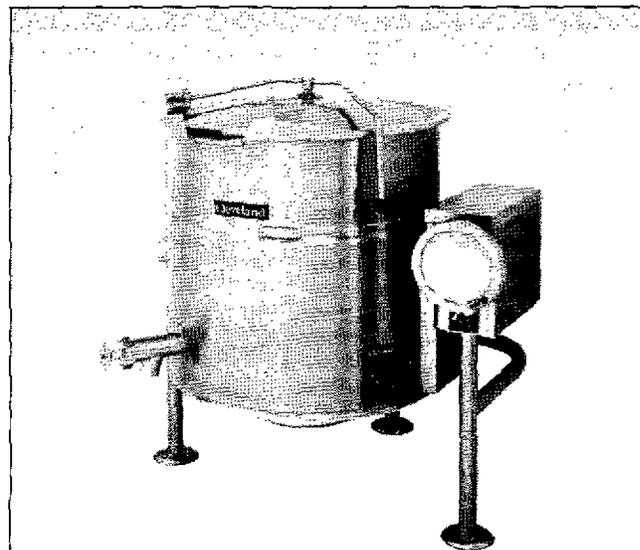

MODELS: KEL-25-T
 KEL-40-T
 KEL-60-T

Cleveland Standard Features

- Self-contained, easily installed - needs only an electrical hook-up
- Steam jacket filled with treated water, venting and/or refilling is not required
- Accurate, constant solid state temperature controls (mechanical thermostate not as accurate) - less than $\pm 1^{\circ}\text{C}$ variance (ideal for simmering). Operating temperature range from 145° - 260°F (63°C - 127°C)
 Control panel includes:
 - LED indicator for heat cycle • LED indicator for low water
 - Power ON/OFF switch • Adjustable temperature control dial
- Water resistant controls, splash-proof construction
- Large pouring lip for high capacity and chunky products
- Re-inforced rolled rim design prevents damage to kettle rim, eliminates "bar rim designs"
- Welded-in heating elements, (holds vacuum better, won't leak or loose water)
- Easily cleaned: kettle and all exterior surfaces are of type 304 stainless steel with an #4 finish
- Rear mounted easy access pressure gauge and pressure relief valve to prevent tampering. Color coded easy to read pressure gauge with "green" and "vent air zone"
- 50 psi steam jacket rating for higher cooking temperatures
- 50 psi safety valve
- Solid state water level control (no sight glass gauge to break or leak)
- Splash proof element cover with a double gasket seal
- Tilt mechanism of roller bearings and case hardened self-locking worm and segment gear
- 1 5/8" O.D. tri-leg supports with level adjustable feet for floor bolting
- Standard voltage is 208-240 volts, 60 Hz, 3-phase, 3-wire
- Typical approvals include UL, CSA, CE, NSF and ASME

Options & Accessories

- Spring-assisted, hinged, rotatable, domed Stainless Steel Cover (CHS)
- 2" or 3" diameter Tangent Draw-Off Valve (TD2 or TD3*), *TD3 for 60 gallon only and will raise height of kettle by 5-5/8" (143mm)
- Hot and Cold Water Faucet with Swing Spout and Mounting Bracket (DPK and FBKT)
- Type 316 Stainless Steel Kettle Liner for high acid food products (316)
- Pan Carrier (PCK)
- Flow Diverter (FD)
- Food Strainers (FS)
- Cooking Baskets and Tri-Basket Supports (BS and TBS)
- Kettle Accessory Kit (KAK) includes:
 - Clean-up Brush (CB)
 - 36" Kettle Whip (KW)
 - Draw-Off Brush (DB)
 - 36" Kettle Paddle (KP)
 - 36" Kettle Brush
 - 24 oz. Ladle (KL)
- Automatic Water Meter (GMF or LMF)

Shown with optional spring-assisted cover and 2" tangent draw-off valve

Short Form Specifications

Shall be CLEVELAND, Electric Kettle, Tri-leg mounted, self-contained, tilting, Model KEL - ____ - T; ____ gallons, 2/3 Steam Jacketed. Type 304 Stainless Steel Kettle and Supports. 50 psi Steam Jacket Rating, 50 psi Safety Valve, Permanently filled Steam Jacket, Combination Pressure/Vacuum Jacket Gauge. Splash Proof Solid State Temperature ($\pm 1^{\circ}\text{C}$) and Safety Control System in plug-in Module including L.E.D. indicators,

- Drain Strainers (DS-)
- Water Meter Stand (SWM)
- Lift-Off Covers (CL)
- Measuring Strip (MS)
- Gallon Markings (KM)

TRI-LEG, ELECTRIC KETTLES

STATIONARY, "SPASH PROOF SERIES", SELF-CONTAINED
 2/3 STEAM JACKETED, 25, 40, 60, 80 or 100 GALLONS
 (100, 150, 225, 300, or 375 LITERS)

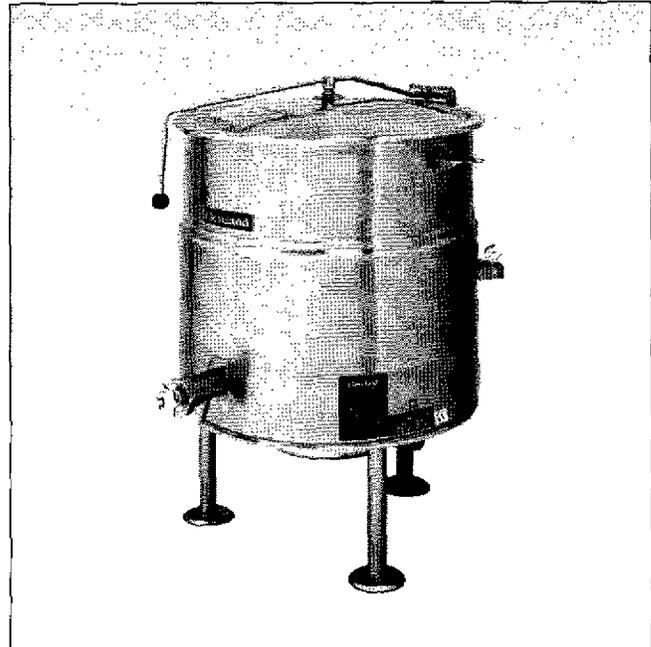

MODELS: KEL-25 KEL-60
 KEL-30 KEL-80
 KEL-40 KEL-100

Cleveland Standard Features

- Self-contained, easily installed - needs only an electrical hook-up
- Steam jacket filled with treated water, venting and/or refilling is not required
- Accurate, constant solid state temperature controls (mechanical thermostate not as accurate) - less than $\pm 1^{\circ}\text{C}$ variance (ideal for simmering). Operating temperature range from 145° - 260°F (63°C - 127°C)
 Control panel includes:
 - LED indicator for heat cycle • LED indicator for low water
 - Power ON/OFF switch • Adjustable temperature control dial
- Water resistant controls, splash-proof construction
- Re-inforced rolled rim design prevents damage to kettle rim, eliminates "bar rim designs"
- Welded-in heating elements, (holds vacuum better, won't leak or loose water)
- Easily cleaned: kettle and all exterior surfaces are of type 304 stainless steel with an #4 finish
- Rear mounted easy access pressure gauge and pressure relief valve to prevent tampering. Color coded easy to read pressure gauge with "green" and "vent air zone"
- 50 psi steam jacket rating for higher cooking temperatures
- 50 psi safety valve
- Solid state water level control (no sight glass gauge to break or leak)
- Splash proof element cover with a double gasket seal
- Faucet mounting bracket
- 2" diameter tangent draw-off valve with drain strainer
- 1 5/8" O.D. tri-leg supports with level adjustable feet for floor bolting
- Spring-assisted, hinged, rotatable, domed stainless steel cover
- Standard voltage is 208-240 volts, 60 Hz, 3-phase, 3-wire
- Typical approvals include UL., CSA, CE, NSF and ASME

Options & Accessories

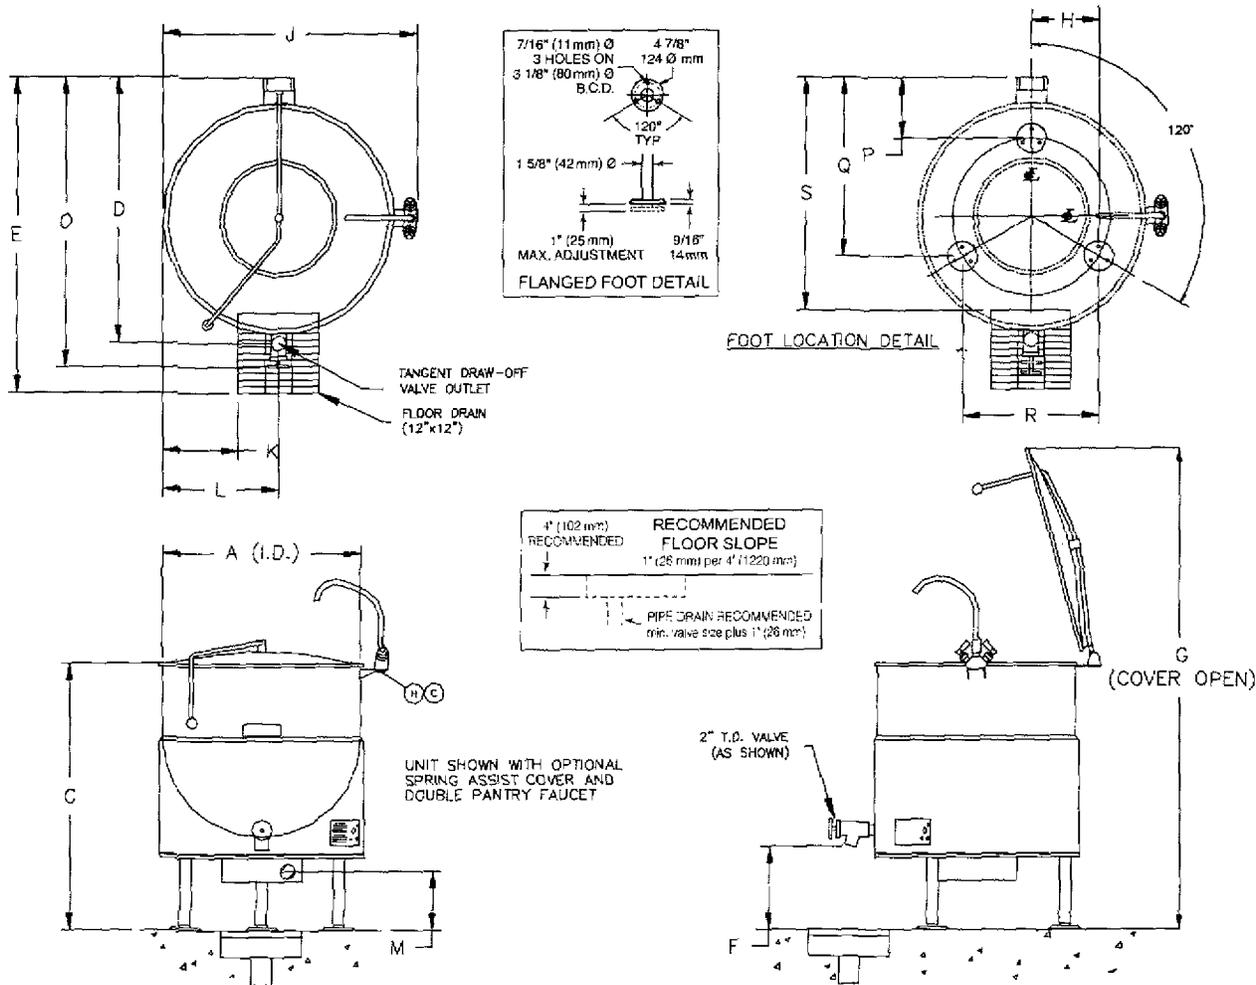

- Hot and Cold Water Faucet with Swing Spout (DPK)
- Type 316 Stainless Steel Kettle Liner for high acid food products (316)
- Cooking Baskets and Tri-Basket Supports (BS and TBS)
- Kettle Accessory Kit (KAK) includes:
 - Clean-up Brush (CB) 36" Kettle Paddle (KP)
 - 36" Kettle Whip (KW) 36" Kettle Brush (KB)
 - Draw-off Brush (DB) 24 oz. Ladle (KL)
- Automatic Water Meter (GMF or LMF)
- Water Meter Stand (SWM)
- Lift-off Covers (CL)
- Drain Strainers (DS-)
- Measuring Strip (MS)
- Kettle Markings (KM)

**Short Form Specifications**

Shall be CLEVELAND, Electric Kettle, Tri-leg mounted, self-contained, stationary, Model KEL - ____ gallons, 2/3 Steam Jacketed. Type 304 Stainless Steel Kettle and Supports. Rated 50 psi with Safety Valve; Permanently filled Steam Jacket. Spring-assisted Domed Cover. (Provide 1.50" Freeboard above batches of rated size.) Splash Proof Solid State Temperature ($\pm 1^{\circ}\text{C}$) and Safety Control System in plug-in Module including L.E.D. indicators. Base Mounted for Floor Bolting with three (3) tri-bolt flanges. 2" diameter Tangent Draw-off Valve.

- Hot and cold or cold only Kettle Filter with 60" Hose (DKF-K or SKF-K)
- Swing Funnels for drain (SF)
- Alternate Mounting Systems
- High Wattages and Special Voltages
- 3" diameter Tangent Draw-Off Valve w/Strainer (TD3)
- Heat Deflector Shield (HS001)
- Correctional Packages
- Insulated Outer Jacket (IOJ)

Solid Door Refrigerator *Reach-In Bottom Mounts
New Maximum Series*

Model : MSR-49NM

FEATURES / BENEFITS

- **DIGITAL TEMPERATURE CONTROL SYSTEM**
Provides precise and constant temperature. This level of precision allows food products to remain fresh over an extended period of time.
- **HIGH-TECH MONITOR**
The unit will beep if the door has been opened for more than 30 seconds. The monitor digitally displays the present temperature and current status of the refrigerator. You can easily change the temperature by adjusting the thermostat.
- **STAINLESS STEEL CABINET CONSTRUCTION**
The Turbo Air New Maximum model boasts a stainless steel interior and stainless steel exterior with clear coat AL side panels (galvanized steel top, bottom and back). It guarantees the utmost in cleanliness and long product life. Unlike other companies' products, the sharp corners and edges have been rounded to reduce the risk of injury. The New Maximum can add a touch of style to the most refined setting.
- **EFFICIENT REFRIGERATION SYSTEM**
Turbo Air's solid door refrigerators are designed with oversized and balanced (CFC Free R-134A) refrigeration systems. These include efficient evaporators and condensers for faster cooling and greater efficiency.
- **AUTOMATIC EVAPORATOR FAN MOTOR DELAYS**
Through stopping the evaporator fan when the refrigerator door opens, the circulation of hot, moist air into the refrigerator is prevented. This increases energy efficiency and lengthens the life of the compressor.
- **ADJUSTABLE, HEAVY DUTY, PE (POLYETHYLENE) COATED WIRE SHELVES**
- **HIGH-DENSITY POLYURETHANE INSULATION**
The entire cabinet structure and solid doors are foamed-in-place using high density, CFC free polyurethane insulation.
- **ERGONOMICALLY DESIGNED DOORS**
Customers' fatigue fades away with easy grip handles and doors that open effortlessly. Self-closing and stay open door features make this the ultimate choice in customer convenience.
- **MAGNETIC DOOR GASKETS**
Magnetic door gaskets are of one piece construction, removable without tools for ease of cleaning and replacement.
- **BOTTOM MOUNT COMPRESSOR UNITS**
Turbo Air's bottom mount compressor allows easier access for service and extra storage space above. In addition, the lower area provides a cooler and less greasy operating environment which results in reduced compressor running time.

REFRIGERATOR HOLDS 33°F ~ 38°F FOR THE BEST IN FOOD PRESERVATION
