- b. The contractor shall not be responsible for any injury or damage occurring as a result of any negligent act or omission committed by the State of Missouri, including its agencies, employees, and assignees.
- c. Under no circumstances shall the contractor be liable for any of the following: (1) third party claims against the state for losses or damages (other than those listed above) or (2) economic consequential damages (including lost profits or savings) or incidental damages, even if the contractor is informed of their possibility.

General and other non-professional liability insurance shall include an endorsement that adds the State of Missouri as an additional insured. 2.5.8 Subcontractors - Any subcontracts for the products/services described herein must include appropriate provisions and contractual obligations to ensure the successful fulfillment of all contractual obligations agreed to by the contractor and the State of Missouri and to ensure that the State of Missouri is indemnified, saved, and held harmless from and against any and all claims of damage, loss, and cost (including attorney fees) of any kind related to a subcontract in those matters described in the contract between the State of Missouri and the contractor.

- a. The contractor shall expressly understand and agree that he/she shall assume and be solely responsible for all legal and financial responsibilities related to the execution of a subcontract.
- b. The contractor shall agree and understand that utilization of a subcontractor to provide any of the products/services in the contract shall in no way relieve the contractor of the responsibility for providing the products/services as described and set forth herein.
- c. Pursuant to subsection 1 of section 285.530, RSMo, no contractor or subcontractor shall knowingly employ, hire for employment, or continue to employ an unauthorized alien to perform work within the state of Missouri. In accordance with sections 285.525 to 285.550, RSMo, a general contractor or subcontractor of any tier shall not be liable when such contractor or subcontractor contracts with its direct subcontractor who violates subsection 1 of section 285.530, RSMo, if the contract binding the contractor and subcontractor affirmatively states that:
 - 1) The direct subcontractor is not knowingly in violation of subsection 1 of section 285.530, RSMo, and shall not henceforth be in such violation.

- a. The contractor shall prepare and submit to the Division of Purchasing and Materials Management a report detailing all payments made by the contractor to Organizations for the Blind/Sheltered Workshops participating in the contract for the reporting period. The contractor must submit the report on a monthly basis, unless otherwise determined by the Division of Purchasing and Materials Management.

- b. The Division of Purchasing and Materials Management will monitor the contractor's compliance in meeting the Organizations for the Blind/Sheltered Workshop participation levels committed to in the contractor's awarded proposal. If the contractor's payments to the participating entities are less than the amount committed, the state may cancel the contract and/or suspend or debar the contractor from participating in future state procurements, or retain payments to the contractor in an amount equal to the value of the participation commitment less actual payments made by the contractor to the participating entity. If the Division of Purchasing and Materials Management determines that the contractor becomes compliant with the commitment, any funds retained as stated above, will be released.
- c. If a participating entity fails to retain the required certification or is unable to satisfactorily perform, the contractor must obtain other organizations for the blind/sheltered workshops to fulfill the participation requirements committed to in the contractor's awarded proposal.
 - 1) The contractor must obtain the written approval of the Division of Purchasing and Materials Management for any new entities. This approval shall not be arbitrarily withheld.
 - 2) If the contractor cannot obtain a replacement entity, the contractor must submit documentation to the Division of Purchasing and Materials Management detailing all efforts made to secure a replacement. The Division of Purchasing and Materials Management shall have sole discretion in determining if the actions taken by the contractor constitute a good faith effort to secure the required participation and whether the contract will be amended to change the contractor's participation commitment.
- d. No later than 30 days after the effective date of the first renewal period, the contractor must submit an affidavit to the Division of Purchasing and Materials Management. The affidavit must be signed by the director or manager of the participating Organizations for the Blind/Sheltered Workshop verifying provision of products and/or services and compliance of all contractor payments made to the Organizations for the Blind/Sheltered Workshops. The contractor may use the affidavit available on the Division of Purchasing and Materials Management's website at <http://content.oe.mo.gov/sites/default/files/bswaffidavit.doc> or another affidavit providing the same information.

The state may also withhold up to twenty-five percent of the total amount due to the contractor.
- c. The contractor shall agree to fully cooperate with any audit or investigation from federal, state, or local law enforcement agencies.

a. Objective Evaluation of Cost – The objective evaluation of cost shall be conducted as follows:

$$\frac{\text{Lowest Responsive Offeror's Price}}{\text{Compared Offeror's Price}} \times 200 = \text{Cost evaluation points}$$

- 4) Offerors shall agree and understand that the quantities used in the evaluation of cost are provided solely to document how cost will be evaluated. If the proposal does not include the completed Exhibit F and the documentation specified on Exhibit F in accordance with the instructions provided therein, no preference points will be applied.

3.4.2 Determination of Responsiveness - Any proposal which does not comply with the mandatory requirements of the RFP will be determined to be non-responsive and will not be considered for an award.

- a. The contract shall be construed according to the laws of the State of Missouri. The contractor shall comply with all local, state, and federal laws and regulations related to the performance of the contract to the extent that the same may be applicable.
- b. To the extent that a provision of the contract is contrary to the Constitution or laws of the State of Missouri or of the United States, the provisions shall be void and unenforceable. However, the balance of the contract shall remain in force between the parties unless terminated by consent of both the contractor and the DPMM.
- c. The contractor must be registered and maintain good standing with the Secretary of State of the State of Missouri and other regulatory agencies, as may be required by law or regulations.

- f. The contractor shall only employ personnel authorized to work in the United States in accordance with applicable federal and state laws and Executive Order 07-13 for work performed in the United States.

3. OPEN COMPETITION/REQUEST FOR PROPOSAL DOCUMENT

- a. It shall be the offeror's responsibility to ask questions, request changes or clarification, or otherwise advise the DPMM if any language, specifications or requirements of an RFP appear to be ambiguous, contradictory, and/or arbitrary, or appear to inadvertently restrict or limit the requirements stated in the RFP to a single source. Any and all communication from offerors regarding specifications, requirements, competitive proposal process, etc., must be directed to the buyer from the DPMM, unless the RFP specifically refers the offeror to another contact. Such e-mail, fax, or phone communication should be received at least ten calendar days prior to the official proposal opening date.
- b. Every attempt shall be made to ensure that the offeror receives an adequate and prompt response. However, in order to maintain a fair and equitable procurement process, all offerors will be advised, via the issuance of an amendment to the RFP, of any relevant or pertinent information related to the procurement. Therefore, offerors are advised that unless specified elsewhere in the RFP, any questions received less than ten calendar days prior to the RFP opening date may not be answered.
- c. Offerors are cautioned that the only official position of the State of Missouri is that which is issued by the DPMM in the RFP or an amendment thereto. No other means of communication, whether oral or written, shall be construed as a formal or official response or statement.
- d. The DPMM monitors all procurement activities to detect any possibility of deliberate restraint of competition, collusion among offerors, price-fixing by offerors, or any other anticompetitive conduct by offerors which appears to violate state and federal antitrust laws. Any suspected violation shall be referred to the Missouri Attorney General's Office for appropriate action.
- e. The RFP is available for viewing and downloading on the state's On-Line Bidding/Vendor Registration System website. Registered offerors are electronically notified of the proposal opportunity based on the information maintained in the State of Missouri's vendor database. If a registered offeror's e-mail address is incorrect, the offeror must update the e-mail address themselves on the state's On-Line Bidding/Vendor Registration System website.
- f. The DPMM reserves the right to officially amend or cancel an RFP after issuance. It shall be the sole responsibility of the offeror to monitor the State of Missouri On-Line Bidding/Vendor Registration System website at: <https://www.moolb.mo.gov> to obtain a copy of the amendment(s). Registered offerors who received e-mail notification of the proposal opportunity when the RFP was established and registered offerors who have responded to the RFP on-line prior to an amendment being issued will receive e-mail notification of the amendment(s). Registered offerors who received e-mail notification of the proposal opportunity when the RFP was established and registered offerors who have responded to the proposal on-line prior to a cancellation being issued will receive e-mail notification of a cancellation issued prior to the exact closing time and date specified in the RFP.

4. PREPARATION OF PROPOSALS

- a. Offerors must examine the entire RFP carefully. Failure to do so shall be at offeror's risk.
- b. Unless otherwise specifically stated in the RFP, all specifications and requirements constitute minimum requirements. All proposals must meet or exceed the stated specifications and requirements.
- c. Unless otherwise specifically stated in the RFP, any manufacturer names, trade names, brand names, information and/or catalog numbers listed in a specification and/or requirement are for informational purposes only and are not intended to limit competition. The offeror may offer any brand which meets or exceeds the specification for any item, but must state the manufacturer's name and model number for any such brands in the proposal. In addition, the offeror shall explain, in detail, (1) the reasons why the proposed equivalent meets or exceeds the specifications and/or requirements and (2) why the proposed equivalent should not be considered an exception thereto. Proposals which do not comply with the requirements and specifications are subject to rejection without clarification.
- d. Proposals lacking any indication of intent to offer an alternate brand or to take an exception shall be received and considered in complete compliance with the specifications and requirements as listed in the RFP.
- e. In the event that the offeror is an agency of state government or other such political subdivision which is prohibited by law or court decision from complying with certain provisions of an RFP, such an offeror may submit a proposal which contains a list of statutory limitations and identification of those prohibitive clauses. The offeror should include a complete list of statutory references and citations for each provision of the RFP, which is affected by this paragraph. The statutory limitations and prohibitive clauses may (1) be requested to be clarified in writing by DPMM or (2) be accepted without further clarification if the statutory limitations and prohibitive clauses are deemed acceptable by DPMM. If DPMM determines clarification of the statutory limitations and prohibitive clauses is necessary, the clarification will be conducted in order to agree to language that reflects the intent and compliance of such law and/or court order and the RFP.
- f. All equipment and supplies offered in a proposal must be new, of current production, and available for marketing by the manufacturer unless the RFP clearly specifies that used, reconditioned, or remanufactured equipment and supplies may be offered.
- g. Prices shall include all packing, handling and shipping charges FOB destination, freight prepaid and allowed unless otherwise specified in the RFP.
- h. Proposals, including all prices therein, shall remain valid for 90 days from proposal opening or Best and Final Offer (BAFO) submission unless otherwise indicated. If the proposal is accepted, the entire proposal, including all prices, shall be firm for the specified contract period.
- i. Any foreign offeror not having an Employer Identification Number assigned by the United States Internal Revenue Service (IRS) must submit a completed IRS Form W-8 prior to or with the submission of their proposal in order to be considered for award.

5. SUBMISSION OF PROPOSALS

- a. Proposals may be submitted by delivery of a hard copy to the DPMM office. Electronic submission of proposals by registered offerors through the State of Missouri's On-Line Bidding/Vendor Registration System website is not available unless stipulated in the RFP. Delivered proposals must be sealed in an envelope or container, and received in the DPMM office located at 301 West High St, Rm 630 in Jefferson City, MO no later than the exact opening time and date specified in the RFP. All proposals must (1) be submitted by a duly authorized representative of the offeror's organization, (2) contain all information required by the RFP, and (3) be priced as required. Hard copy proposals may be mailed to the DPMM post office box address. However, it shall be the responsibility of the offeror to ensure their proposal is in the DPMM office (address listed above) no later than the exact opening time and date specified in the RFP.
- b. The sealed envelope or container containing a proposal should be clearly marked on the outside with (1) the official RFP number and (2) the official opening date and time. Different proposals should not be placed in the same envelope, although copies of the same proposal may be placed in the same envelope.
- c. A proposal submitted electronically by a registered offeror may be modified on-line prior to the official opening date and time. A proposal which has been delivered to the DPMM office may be modified by signed, written notice which has been received by the DPMM prior to the official opening date and time specified. A proposal may also be modified in person by the offeror or its authorized representative, provided proper identification is presented before the official opening date and time. Telephone or telegraphic requests to modify a proposal shall not be honored.
- d. A proposal submitted electronically by a registered offeror may be canceled on-line prior to the official opening date and time. A proposal which has been delivered to the DPMM office may only be withdrawn by a signed, written document on company letterhead transmitted via mail, e-mail, or facsimile which has been received by the DPMM prior to the official opening date and time specified. A proposal may also be withdrawn in person by the offeror or its authorized representative, provided proper identification is presented before the official opening date and time. Telephone or telegraphic requests to withdraw a proposal shall not be honored.
- e. A proposal may also be withdrawn after the proposal opening through submission of a written request by an authorized representative of the offeror. Justification of withdrawal decision may include a significant error or exposure of proposal information that may cause irreparable harm to the offeror.
- f. When submitting a proposal electronically, the registered offeror indicates acceptance of all RFP terms and conditions by clicking on the "Submit" button on the Electronic Bid Response Entry form. Offerors delivering a hard copy proposal to DPMM must sign and return the RFP cover page or, if applicable, the cover page of the last amendment thereto in order to constitute acceptance by the offeror of all RFP terms and conditions. Failure to do so may result in rejection of the proposal unless the offeror's full compliance with those documents is indicated elsewhere within the offeror's response.
- g. Faxed proposals shall not be accepted. However, faxed and e-mail no-bid notifications shall be accepted.

6. PROPOSAL OPENING

- a. Proposal openings are public on the opening date and at the opening time specified on the RFP document. Only the names of the respondents shall be read at the proposal opening. All vendors may view the same proposal response information on the state's On-Line Bidding/Vendor Registration System website. The contents of the responses shall not be disclosed at this time.
- b. Proposals which are not received in the DPMM office prior to the official opening date and time shall be considered late, regardless of the degree of lateness, and normally will not be opened. Late proposals may only be opened under extraordinary circumstances in accordance with 1 CSR 40-1.050.

7. PREFERENCES

- a. In the evaluation of proposals, preferences shall be applied in accordance with chapter 34, RSMo, other applicable Missouri statutes, and applicable Executive Orders. Contractors should apply the same preferences in selecting subcontractors.
- b. By virtue of statutory authority, a preference will be given to materials, products, supplies, provisions and all other articles produced, manufactured, mined, processed or grown within the State of Missouri and to all firms, corporations or individuals doing business as Missouri firms, corporations or individuals. Such preference shall be given when quality is equal or better and delivered price is the same or less.
- c. In accordance with Executive Order 05-30, contractors are encouraged to utilize certified minority and women-owned businesses in selecting subcontractors.

8. EVALUATION/AWARD

- a. Any clerical error, apparent on its face, may be corrected by the buyer before contract award. Upon discovering an apparent clerical error, the buyer shall contact the offeror and request clarification of the intended proposal. The correction shall be incorporated in the notice of award. Examples of apparent clerical errors are: 1) misplacement of a decimal point; and 2) obvious mistake in designation of unit.
- b. Any pricing information submitted by an offeror shall be subject to evaluation if deemed by the DPMM to be in the best interest of the State of Missouri.
- c. The offeror is encouraged to propose price discounts for prompt payment or propose other price discounts that would benefit the State of Missouri. However, unless otherwise specified in the RFP, pricing shall be evaluated at the maximum potential financial liability to the State of Missouri.
- d. Awards shall be made to the offeror whose proposal (1) complies with all mandatory specifications and requirements of the RFP and (2) is the lowest and best proposal, considering price, responsibility of the offeror, and all other evaluation criteria specified in the RFP and any subsequent negotiations and (3) complies with chapter 34, RSMo, other applicable Missouri statutes, and all applicable Executive Orders.
- e. In the event all offerors fail to meet the same mandatory requirement in an RFP, DPMM reserves the right, at its sole discretion, to waive that requirement for all offerors and to proceed with the evaluation. In addition, the DPMM reserves the right to waive any minor irregularity or technicality found in any individual proposal.
- f. The DPMM reserves the right to reject any and all proposals.
- g. When evaluating a proposal, the State of Missouri reserves the right to consider relevant information and fact, whether gained from a proposal, from an offeror, from offeror's references, or from any other source.
- h. Any information submitted with the proposal, regardless of the format or placement of such information, may be considered in making decisions related to the responsiveness and merit of a proposal and the award of a contract.
- i. Negotiations may be conducted with those offerors who submit potentially acceptable proposals. Proposal revisions may be permitted for the purpose of obtaining best and final offers. In conducting negotiations, there shall be no disclosure of any information submitted by competing offerors.
- j. Any award of a contract shall be made by notification from the DPMM to the successful offeror. The DPMM reserves the right to make awards by item, group of items, or an all or none basis. The grouping of items awarded shall be determined by DPMM based upon factors such as item similarity, location, administrative efficiency, or other considerations in the best interest of the State of Missouri.
- k. Pursuant to section 610.021, RSMo, proposals and related documents shall not be available for public review until after a contract is executed or all proposals are rejected.
- l. The DPMM posts all proposal results on the On-line Bidding/Vendor Registration System website for all vendors to view for a reasonable period after proposal award and maintains images of all proposal file material for review. Offerors who include an e-mail address with their proposal will be notified of the award results via e-mail.
- m. The DPMM reserves the right to request clarification of any portion of the offeror's response in order to verify the intent of the offeror. The offeror is cautioned, however, that its response may be subject to acceptance or rejection without further clarification.
- n. Any proposal award protest must be received within ten (10) business days after the date of award in accordance with the requirements of 1 CSR 40-1.050 (9).
- o. The final determination of contract(s) award shall be made by DPMM.

9. CONTRACT/PURCHASE ORDER

- a. By submitting a proposal, the offeror agrees to furnish any and all equipment, supplies and/or services specified in the RFP, at the prices quoted, pursuant to all requirements and specifications contained therein.
- b. A binding contract shall consist of: (1) the RFP, amendments thereto, and any Best and Final Offer (BAFO) request(s) with RFP changes/additions, (2) the contractor's proposal including any contractor BAFO response(s), (3) clarification of the proposal, if any, and (4) DPMM's acceptance of the proposal by "notice of award" or by "purchase order." All Exhibits and Attachments included in the RFP shall be incorporated into the contract by reference.
- c. A notice of award issued by the State of Missouri does not constitute an authorization for shipment of equipment or supplies or a directive to proceed with services. Before providing equipment, supplies and/or services for the State of Missouri, the contractor must receive a properly authorized purchase order or other form of authorization given to the contractor at the discretion of the state agency.
- d. The contract expresses the complete agreement of the parties and performance shall be governed solely by the specifications and requirements contained therein. Any change to the contract, whether by modification and/or supplementation, must be accomplished by a formal contract amendment signed and approved by and between the duly authorized representative of the contractor and the DPMM or by a modified purchase order prior to the effective date of such modification. The contractor expressly and explicitly understands and agrees that no other method and/or no other document, including correspondence, acts, and oral communications by or from any person, shall be used or construed as an amendment or modification to the contract.

10. INVOICING AND PAYMENT

- a. The State of Missouri does not pay state or federal taxes unless otherwise required under law or regulation.
- b. The statewide financial management system has been designed to capture certain receipt and payment information. For each purchase order received, an invoice must be submitted that references the purchase order number and must be itemized in accordance with items listed on the purchase order. Failure to comply with this requirement may delay processing of invoices for payment.
- c. The contractor shall not transfer any interest in the contract, whether by assignment or otherwise, without the prior written consent of the DPMM.
- d. Payment for all equipment, supplies, and/or services required herein shall be made in arrears unless otherwise indicated in the RFP.
- e. The State of Missouri assumes no obligation for equipment, supplies, and/or services shipped or provided in excess of the quantity ordered. Any unauthorized quantity is subject to the state's rejection and shall be returned at the contractor's expense.
- f. All invoices for equipment, supplies, and/or services purchased by the State of Missouri shall be subject to late payment charges as provided in section 34.055, RSMo.
- g. The State of Missouri reserves the right to purchase goods and services using the state purchasing card.

11. DELIVERY

Time is of the essence. Deliveries of equipment, supplies, and/or services must be made no later than the time stated in the contract or within a reasonable period of time, if a specific time is not stated.

12. INSPECTION AND ACCEPTANCE

- a. No equipment, supplies, and/or services received by an agency of the state pursuant to a contract shall be deemed accepted until the agency has had reasonable opportunity to inspect said equipment, supplies, and/or services.

- b. All equipment, supplies, and/or services which do not comply with the specifications and/or requirements or which are otherwise unacceptable or defective may be rejected. In addition, all equipment, supplies, and/or services which are discovered to be defective or which do not conform to any warranty of the contractor upon inspection (or at any later time if the defects contained were not reasonably ascertainable upon the initial inspection) may be rejected.
- c. The State of Missouri reserves the right to return any such rejected shipment at the contractor's expense for full credit or replacement and to specify a reasonable date by which replacements must be received.
- d. The State of Missouri's right to reject any unacceptable equipment, supplies, and/or services shall not exclude any other legal, equitable or contractual remedies the state may have.

13. WARRANTY

- a. The contractor expressly warrants that all equipment, supplies, and/or services provided shall: (1) conform to each and every specification, drawing, sample or other description which was furnished to or adopted by the DPMM, (2) be fit and sufficient for the purpose expressed in the RFP, (3) be merchantable, (4) be of good materials and workmanship, and (5) be free from defect.
- b. Such warranty shall survive delivery and shall not be deemed waived either by reason of the state's acceptance of or payment for said equipment, supplies, and/or services.

14. CONFLICT OF INTEREST

- a. Elected or appointed officials or employees of the State of Missouri or any political subdivision thereof, serving in an executive or administrative capacity, must comply with sections 105.452 and 105.454, RSMo, regarding conflict of interest.
- b. The contractor hereby covenants that at the time of the submission of the proposal the contractor has no other contractual relationships which would create any actual or perceived conflict of interest. The contractor further agrees that during the term of the contract neither the contractor nor any of its employees shall acquire any other contractual relationships which create such a conflict.

15. REMEDIES AND RIGHTS

- a. No provision in the contract shall be construed, expressly or implied, as a waiver by the State of Missouri of any existing or future right and/or remedy available by law in the event of any claim by the State of Missouri of the contractor's default or breach of contract.
- b. The contractor agrees and understands that the contract shall constitute an assignment by the contractor to the State of Missouri of all rights, title and interest in and to all causes of action that the contractor may have under the antitrust laws of the United States or the State of Missouri for which causes of action have accrued or will accrue as the result of or in relation to the particular equipment, supplies, and/or services purchased or procured by the contractor in the fulfillment of the contract with the State of Missouri.

16. CANCELLATION OF CONTRACT

- a. In the event of material breach of the contractual obligations by the contractor, the DPMM may cancel the contract. At its sole discretion, the DPMM may give the contractor an opportunity to cure the breach or to explain how the breach will be cured. The actual cure must be completed within no more than 10 working days from notification, or at a minimum the contractor must provide DPMM within 10 working days from notification a written plan detailing how the contractor intends to cure the breach.
- b. If the contractor fails to cure the breach or if circumstances demand immediate action, the DPMM will issue a notice of cancellation terminating the contract immediately. If it is determined the DPMM improperly cancelled the contract, such cancellation shall be deemed a termination for convenience in accordance with the contract.
- c. If the DPMM cancels the contract for breach, the DPMM reserves the right to obtain the equipment, supplies, and/or services to be provided pursuant to the contract from other sources and upon such terms and in such manner as the DPMM deems appropriate and charge the contractor for any additional costs incurred thereby.
- d. The contractor understands and agrees that funds required to fund the contract must be appropriated by the General Assembly of the State of Missouri for each fiscal year included within the contract period. The contract shall not be binding upon the state for any period in which funds have not been appropriated, and the state shall not be liable for any costs associated with termination caused by lack of appropriations.

17. COMMUNICATIONS AND NOTICES

Any notice to the offeror/contractor shall be deemed sufficient when deposited in the United States mail postage prepaid, transmitted by facsimile, transmitted by e-mail or hand-carried and presented to an authorized employee of the offeror/contractor.
