Missouri Department of Corrections to return German-made propofol to Louisiana supplier

JEFFERSON CITY, Mo. — The Missouri Department of Corrections has notified Morris & Dickson LLC, of Shreveport, La., that the propofol ordered by the department in 2012 is being returned to the company.

After the propofol was delivered by Morris & Dickson to the Missouri Department of Corrections last year, Morris & Dickson requested that the order be returned. Today’s action fulfills that request. The propofol supplied by Morris & Dickson was manufactured by Fresenius Kabi, a German company.

The remainder of the department’s propofol inventory was produced by a domestic manufacturer.
