J-1884 \$299.00
SINGLE DORM BED (Mattress not included)
Bed Springs Only \$109.00
Ends Only \$80.00 each

Dimensions: 38"W X 88"L X 36"H

Features: Solid oak and steel construction. Comfortable, heavy-duty bedsprings allow or mattress up to 80". Built tough for years of hard use.

Construction: Bed ends are 2 1/2" X 2 1/2", solid oak posts connected by three (3) 1 1/4" X 4" rails using strong, stable mortise and tenon joinery. Firm even support is provided by helically suspended 9 gauge long life sinuous wire on a heavy-duty, steel, 2" X 1 1/2" angle down frame with reinforced corners. The hook-slot design springs lock into 3/8" steel rods that are deeply embedded into the end posts. Catalyzed lacquer provides a tough durable finish.

Finish: Natural oak is standard; can be stained to customer preference.

J-1884A \$55.00 ea
RAILS

Solid Red Oak rails 1 1/4" x 5" x 80 1/4" with heavy-duty steel hook plates. Rails hook onto the same 3/8" embedded steel rods as the springs, allowing for adjustment of height. These rails are used on beds as safety rails and for maximum stability when beds are placed in a loft configuration.

J-1886 \$499.00

LOFT BED

Includes: One heavy-duty bedspring, two rails, four bed ends and four 3/8" X 3" steel alignment pins. (Mattress not included)

Dimensions: 38"W X 88"L X 72"H

Features: Solid oak and steel construction. Comfortable, heavy-duty bedsprings allow for mattresses up to 80". Includes a lower stabilizing rail and a top safety rail. Built tough for years of hard use.

Construction: Bed ends are 2 1/2" X 2 1/2", solid oak, posts that are connected by 1 1/4" X 4" rails using strong, stable mortise and tenon joinery. Firm even support is provided by helically suspended 9 gauge long life sinuous wire on a heavy-duty, steel, 2" X 1 1/2" angle down frame with reinforced corners. The hook-slot design springs lock into 3/8" steel rods that are deeply embedded into the end posts. Two (2) side-rails, 1 1/4" X 5" X 80 1/4", solid oak, with heavy-duty, steel hook plates bolted to each end provide both a top safety rail and a stabilizing lower stretcher. Catalyzed lacquer provides a tough durable finish.

Finish: Natural oak is standard; can be stained to customer preference.

RAILS

Solid Red Oak rails 1 1/4" x 5" x 80" with heavy-duty steel hook plates. Rails hook onto the same 3/8" embedded steel rods as the springs, allowing for adjustment of height. These rails are used on beds as safety rails and for maximum stability when beds are placed in a loft configuration.

Safety Warning for bunk beds

- Always use the recommended size mattress or mattress support, or both, to help prevent the likelihood of entrapment or falls.
- Surface of mattress must be at least 5 inches (127 mm) below the upper edge of guardrails.
- Max. load for the bottom bunk is 400 lb.
- Do not allow persons under 6 years of age to use the upper bunk.
- Do not allow persons over 220 lbs. to use the upper bunk
- Prohibit more than one person on the upper bunk.
- Periodically, check and ensure that the guardrail, ladder, and other components are in their proper position, free from damage, and that all connectors are tight.
- Do not allow horseplay on or under the bed and prohibit jumping on the bed.
- Do not use substitute parts. Contact MVE for replacement parts.
- Use of a nightlight may provide added safety precaution for a person using the upper bunk.
- Always use guardrails on both long sides of the upper bunk. If bunk bed will be placed next to the wall, the guardrail that runs the full length of the bed should be placed against the wall to prevent entrapment between the bed and wall.
- The use of water or sleep flotation mattresses is prohibited.
- Keep these instructions for future reference.
- STRANGULATION HAZARD—Never attach or hang items to any part of the bunk bed that are not designed for use with the bed; for example, but not limited to, hooks, belts and jump ropes

RESTFUL COMFORT & EXCEPTIONAL VALUE

MVE provides everything you need in bedding products for your institution or facility. Sheets and pillow cases are a cotton-polyester blend for durability, easy care and comfort – perfect for everyday use! Our mattresses are mold and mildew resistant and hypoallergenic. The mattresses are durable and comfortable and built to provide many years of use. Ideal for health care and resident life facilities, or anywhere a high-quality mattress is needed. Blankets, pillows, sheets, mattresses -whatever the need, we can put it to rest.

Table Top
Suitable for
Any Setting

Limitless Possibilities for Your Table Tops!

These unique laminate top tables are manufactured with a urethane edge for durability, strength, impact and stain resistance. Select from an array of laminates or choose a custom, digitally printed graphic.* Offering extreme durability and outstanding detail, the thermally fused, high resolution graphics are so realistic you won't believe it is laminate! Regular cleaning and sanitizing will not affect the surface in any way.

Lower Cost

The urethane edge bonds to the substrate creating a tight, seamless, moisture-impenetrable seal. The semi-soft edges are impact, puncture and stain resistant and protects the table and chairs when they come into contact. Even in high volume traffic locations, these tops will look beautiful for years.

Health and Sanitation Concerns

The seamless, sealed edge creates an anti-microbial seal which protects against food contaminants and the growth of bacteria. The urethane compound is supplemented with an anti-microbial additive to help protect low-resistance individuals including children and seniors. It is durable enough to withstand repeated sanitizing.

*Tops must be ordered as a pair (two of the same). There is a one time design set-up fee of \$75.00.

FURNITURE REFINISHING

Missouri Vocational Enterprises provides the restoration services of repairing, refinishing, or reupholstering furniture if the piece of furniture is structurally sound. Quality workmanship goes into each piece of furniture, individually refurbished to meet your needs. We pick up and deliver your wood or metal furniture, and repair it at a fraction of new furniture cost. We can install plastic laminate tops on desks, tables, etc. We have both fabric and vinyl materials, and can make standard or special cushions for chairs or couches. The restoration technique used includes a stripping process that does not loosen joints, a durable polyurethane finish coat, a coat of rust preventative on metal, and enamel paint finish.

Consult an MVE Sales associate for additional information.

MISSION STATEMENT

Missouri Vocational Enterprises is committed to developing personal responsibility in offenders through the development of diverse training programs that enhance offender's employability and the opportunity for success while incarcerated and upon release.

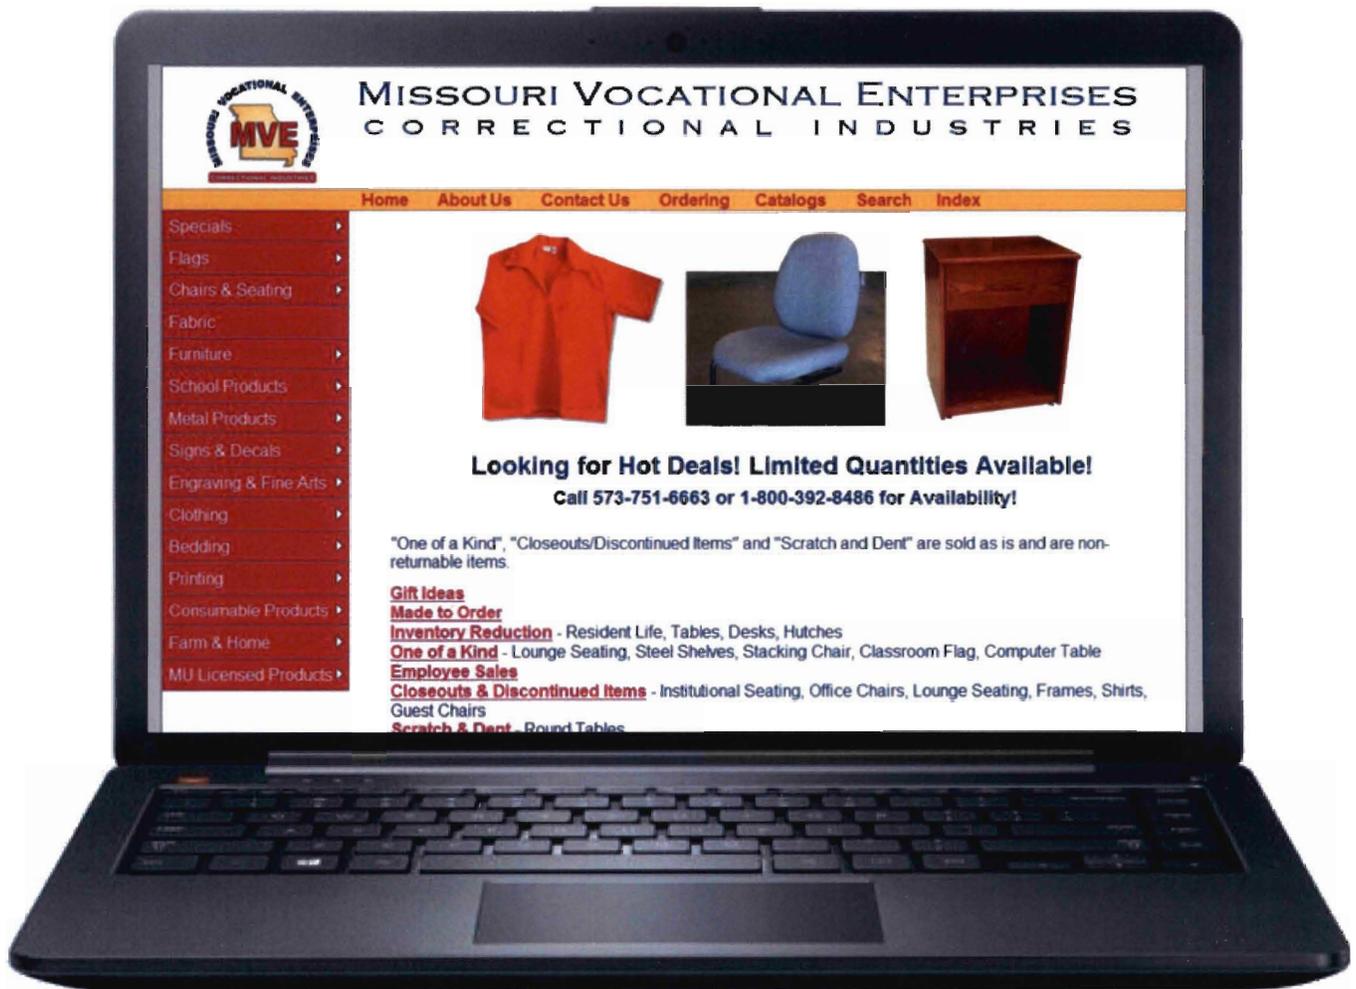

Did You Know?

1. MVE operates at no cost to Missouri taxpayers.
2. MVE does not receive any General Revenue funding and operates solely on the revenues of goods and services sold to state agencies, government entities, and not-for-profit organizations.
3. MVE enhances the state economy by purchasing approximately 10 million dollars in raw materials and services from Missouri businesses.
4. MVE operates 25 industries in 14 institutions.
5. MVE funds training in Workplace Essential Skills, Computer Literacy and on-the-job training.
6. Studies have shown that offenders who participate in prison-based work programs have a lower rate of recidivism.
7. MVE's training programs teach offenders good work ethics and transferable job skills, preparing them for successful reentry into society.
8. Statistics show that approximately 97% of incarcerated individuals will be released back into the community. Offenders that participate in the MVE work program build a sense of self-worth and are less likely to engage in violence or other misconduct while incarcerated and after release.
9. MVE offers offenders multiple positions that qualify for the U.S. Department of Labor's Apprenticeship program.
10. Wages paid to offenders employed by MVE allow them to pay child support for their families, make restitution payments to the Victims of Crimes Fund, pay court ordered costs, and purchase items from the prison canteen. Canteen profits pay for education, library, recreation and religious programs.
11. All offenders employed by MVE have a high school diploma or have completed the GED program.
12. MVE provides quality products at a competitive cost resulting in cost savings to state agencies, schools and not-for-profit entities.
13. The most important MVE product: a successful offender that returns to society as an asset rather than a burden.
