Facility AUDIT FINDINGS	
Summary of Audit Findings	
The OAS automatically populates the number and list of Standards exceeded, the number of Standards met, and the number and list of Standards not met. Auditor Note: In general, no standards should be found to be "Not Applicable" or "NA." A compliance determination must be made for each standard. In rare instances where an auditor determines that a standard is not applicable, the auditor should select "Meets Standard" and include a comprehensive discussion as to why the standard is not applicable to the facility being audited.	
Number of standards exceeded:	
0	
Number of standards met:	
45	
Number of standards not met:	
0	

POST-AUDIT REPORTING INFORMATION

Please note: Question numbers may not appear sequentially as some questions are omitted from the report and used solely for internal reporting purposes.

GENERAL AUDIT INFORMATION

On-site Audit Dates

1. Start date of the onsite portion of the audit:	2025-06-12
2. End date of the onsite portion of the audit:	2025-06-13

Outreach

10. Did you attempt to communicate with community-based organization(s) or victim advocates who provide services to this facility and/or who may have insight into relevant conditions in the facility?	☒ Yes ☐ No
a. Identify the community-based organization(s) or victim advocates with whom you communicated:	JDI and NorthStar Advocacy Center

AUDITED FACILITY INFORMATION

14. Designated facility capacity:	525
15. Average daily population for the past 12 months:	316
16. Number of inmate/resident/detainee housing units:	6
17. Does the facility ever hold youthful inmates or youthful/juvenile detainees?	☐ Yes ☒ No ☐ Not Applicable for the facility type audited (i.e., Community Confinement Facility or Juvenile Facility)

Audited Facility Population Characteristics on Day One of the Onsite Portion of the Audit

Inmates/Residents/Detainees Population Characteristics on Day One of the Onsite Portion of the Audit

23. Enter the total number of inmates/residents/detainees in the facility as of the first day of onsite portion of the audit:	327
25. Enter the total number of inmates/residents/detainees with a physical disability in the facility as of the first day of the onsite portion of the audit:	1
26. Enter the total number of inmates/residents/detainees with a cognitive or functional disability (including intellectual disability, psychiatric disability, or speech disability) in the facility as of the first day of the onsite portion of the audit:	1
27. Enter the total number of inmates/residents/detainees who are Blind or have low vision (visually impaired) in the facility as of the first day of the onsite portion of the audit:	1
28. Enter the total number of inmates/residents/detainees who are Deaf or hard-of-hearing in the facility as of the first day of the onsite portion of the audit:	16
29. Enter the total number of inmates/residents/detainees who are Limited English Proficient (LEP) in the facility as of the first day of the onsite portion of the audit:	2
30. Enter the total number of inmates/residents/detainees who identify as lesbian, gay, or bisexual in the facility as of the first day of the onsite portion of the audit:	6

31. Enter the total number of inmates/residents/detainees who identify as transgender or intersex in the facility as of the first day of the onsite portion of the audit:	1
32. Enter the total number of inmates/residents/detainees who reported sexual abuse in the facility as of the first day of the onsite portion of the audit:	0
33. Enter the total number of inmates/residents/detainees who disclosed prior sexual victimization during risk screening in the facility as of the first day of the onsite portion of the audit:	50
34. Enter the total number of inmates/residents/detainees who were ever placed in segregated housing/isolation for risk of sexual victimization in the facility as of the first day of the onsite portion of the audit:	0
35. Provide any additional comments regarding the population characteristics of inmates/residents/detainees in the facility as of the first day of the onsite portion of the audit (e.g., groups not tracked, issues with identifying certain populations):	No text provided.
Staff, Volunteers, and Contractors Population Characteristics on Day One of the Onsite Portion of the Audit	
36. Enter the total number of STAFF, including both full- and part-time staff, employed by the facility as of the first day of the onsite portion of the audit:	259
37. Enter the total number of VOLUNTEERS assigned to the facility as of the first day of the onsite portion of the audit who have contact with inmates/residents/detainees:	13

38. Enter the total number of CONTRACTORS assigned to the facility as of the first day of the onsite portion of the audit who have contact with inmates/residents/detainees:	49
39. Provide any additional comments regarding the population characteristics of staff, volunteers, and contractors who were in the facility as of the first day of the onsite portion of the audit:	No text provided.
INTERVIEWS	
Inmate/Resident/Detainee Interviews	
Random Inmate/Resident/Detainee Interviews	
40. Enter the total number of RANDOM INMATES/RESIDENTS/DETAINEES who were interviewed:	13
41. Select which characteristics you considered when you selected RANDOM INMATE/RESIDENT/DETAINEE interviewees: (select all that apply)	☒ Age ☒ Race ☒ Ethnicity (e.g., Hispanic, Non-Hispanic) ☐ Length of time in the facility ☒ Housing assignment ☒ Gender ☐ Other ☐ None
42. How did you ensure your sample of RANDOM INMATE/RESIDENT/DETAINEE interviewees was geographically diverse?	The auditor ensured a geographically diverse sample among interviewees (random and targeted). The following offenders were selected from the housing units: five were from 2C1, four were from 2C2, four were from 2C3, three were from 3A1, four were from 3A3, and six were from 3A4.

43. Were you able to conduct the minimum number of random inmate/resident/detainee interviews?	☒ Yes ☐ No
44. Provide any additional comments regarding selecting or interviewing random inmates/residents/detainees (e.g., any populations you oversampled, barriers to completing interviews, barriers to ensuring representation):	25 of the offenders (random and targeted) interviewed were male and one was transgender female. Two of the offenders interviewed were black, nineteen were white, three were Hispanic and two were another race/ethnicity. With regard to age, one was between eighteen and 25, seven were 26-35, fourteen were 36-45, one was 46-55 and three were 56 or older. All 26 of the offenders interviewed were at the facility less than a year.
Targeted Inmate/Resident/Detainee Interviews	
45. Enter the total number of TARGETED INMATES/RESIDENTS/DETAINEES who were interviewed:	13
As stated in the PREA Auditor Handbook, the breakdown of targeted interviews is intended to guide auditors in interviewing the appropriate cross-section of inmates/residents/detainees who are the most vulnerable to sexual abuse and sexual harassment. When completing questions regarding targeted inmate/resident/detainee interviews below, remember that an interview with one inmate/resident/detainee may satisfy multiple targeted interview requirements. These questions are asking about the number of interviews conducted using the targeted inmate/resident/detainee protocols. For example, if an auditor interviews an inmate who has a physical disability, is being held in segregated housing due to risk of sexual victimization, and disclosed prior sexual victimization, that interview would be included in the totals for each of those questions. Therefore, in most cases, the sum of all the following responses to the targeted inmate/resident/detainee interview categories will exceed the total number of targeted inmates/residents/detainees who were interviewed. If a particular targeted population is not applicable in the audited facility, enter "0".	
47. Enter the total number of interviews conducted with inmates/residents/detainees with a physical disability using the "Disabled and Limited English Proficient Inmates" protocol:	1

48. Enter the total number of interviews conducted with inmates/residents/detainees with a cognitive or functional disability (including intellectual disability, psychiatric disability, or speech disability) using the "Disabled and Limited English Proficient Inmates" protocol:	2
49. Enter the total number of interviews conducted with inmates/residents/detainees who are Blind or have low vision (i.e., visually impaired) using the "Disabled and Limited English Proficient Inmates" protocol:	0
a. Select why you were unable to conduct at least the minimum required number of targeted inmates/residents/detainees in this category:	☒ Facility said there were "none here" during the onsite portion of the audit and/or the facility was unable to provide a list of these inmates/residents/detainees. ☐ The inmates/residents/detainees in this targeted category declined to be interviewed.
b. Discuss your corroboration strategies to determine if this population exists in the audited facility (e.g., based on information obtained from the PAQ; documentation reviewed onsite; and discussions with staff and other inmates/residents/detainees).	There was one vision impaired offender with glasses, however the auditor interviewed others from the disabled categories and as such did not interview this one offender.
50. Enter the total number of interviews conducted with inmates/residents/detainees who are Deaf or hard-of-hearing using the "Disabled and Limited English Proficient Inmates" protocol:	2
51. Enter the total number of interviews conducted with inmates/residents/detainees who are Limited English Proficient (LEP) using the "Disabled and Limited English Proficient Inmates" protocol:	2

52. Enter the total number of interviews conducted with inmates/residents/detainees who identify as lesbian, gay, or bisexual using the "Transgender and Intersex Inmates; Gay, Lesbian, and Bisexual Inmates" protocol:	2
53. Enter the total number of interviews conducted with inmates/residents/detainees who identify as transgender or intersex using the "Transgender and Intersex Inmates; Gay, Lesbian, and Bisexual Inmates" protocol:	1
54. Enter the total number of interviews conducted with inmates/residents/detainees who reported sexual abuse in this facility using the "Inmates who Reported a Sexual Abuse" protocol:	0
a. Select why you were unable to conduct at least the minimum required number of targeted inmates/residents/detainees in this category:	☒ Facility said there were "none here" during the onsite portion of the audit and/or the facility was unable to provide a list of these inmates/residents/detainees. ☐ The inmates/residents/detainees in this targeted category declined to be interviewed.
b. Discuss your corroboration strategies to determine if this population exists in the audited facility (e.g., based on information obtained from the PAQ; documentation reviewed onsite; and discussions with staff and other inmates/residents/detainees).	The auditor reviewed the list of sexual abuse and sexual harassment allegations to confirm none of the victims were currently at the facility.
55. Enter the total number of interviews conducted with inmates/residents/detainees who disclosed prior sexual victimization during risk screening using the "Inmates who Disclosed Sexual Victimization during Risk Screening" protocol:	4

56. Enter the total number of interviews conducted with inmates/residents/detainees who are or were ever placed in segregated housing/isolation for risk of sexual victimization using the "Inmates Placed in Segregated Housing (for Risk of Sexual Victimization/Who Allege to have Suffered Sexual Abuse)" protocol:	0
a. Select why you were unable to conduct at least the minimum required number of targeted inmates/residents/detainees in this category:	☒ Facility said there were "none here" during the onsite portion of the audit and/or the facility was unable to provide a list of these inmates/residents/detainees. ☐ The inmates/residents/detainees in this targeted category declined to be interviewed.
b. Discuss your corroboration strategies to determine if this population exists in the audited facility (e.g., based on information obtained from the PAQ; documentation reviewed onsite; and discussions with staff and other inmates/residents/detainees).	The auditor reviewed housing assignments for high risk offenders and those who reported sexual abuse.
57. Provide any additional comments regarding selecting or interviewing targeted inmates/residents/detainees (e.g., any populations you oversampled, barriers to completing interviews):	No text provided.
Staff, Volunteer, and Contractor Interviews	
Random Staff Interviews	
58. Enter the total number of RANDOM STAFF who were interviewed:	13

59. Select which characteristics you considered when you selected RANDOM STAFF interviewees: (select all that apply)	☐ Length of tenure in the facility ☒ Shift assignment ☒ Work assignment ☒ Rank (or equivalent) ☒ Other (e.g., gender, race, ethnicity, languages spoken) ☐ None
If "Other," describe:	Gender
60. Were you able to conduct the minimum number of RANDOM STAFF interviews?	☒ Yes ☐ No
61. Provide any additional comments regarding selecting or interviewing random staff (e.g., any populations you oversampled, barriers to completing interviews, barriers to ensuring representation):	Five staff were interviewed from the 7am-3pm shift, five were interviewed from the 3pm-11pm shift and three were interviewed from 11pm-7am shift. With regard to the demographics of the random staff interviewed, nine were male and four were female. All thirteen were white. Six were Correctional Officers, two were Sergeants, three were Lieutenants and two were Captains.
Specialized Staff, Volunteers, and Contractor Interviews	
Staff in some facilities may be responsible for more than one of the specialized staff duties. Therefore, more than one interview protocol may apply to an interview with a single staff member and that information would satisfy multiple specialized staff interview requirements.	
62. Enter the total number of staff in a SPECIALIZED STAFF role who were interviewed (excluding volunteers and contractors):	25
63. Were you able to interview the Agency Head?	☒ Yes ☐ No

64. Were you able to interview the Warden/Facility Director/Superintendent or their designee?	☒ Yes ☐ No
65. Were you able to interview the PREA Coordinator?	☒ Yes ☐ No
66. Were you able to interview the PREA Compliance Manager?	☒ Yes ☐ No ☐ NA (NA if the agency is a single facility agency or is otherwise not required to have a PREA Compliance Manager per the Standards)

67. Select which SPECIALIZED STAFF roles were interviewed as part of this audit from the list below: (select all that apply)

- ☐ Agency contract administrator
- ☒ Intermediate or higher-level facility staff responsible for conducting and documenting unannounced rounds to identify and deter staff sexual abuse and sexual harassment
- ☐ Line staff who supervise youthful inmates (if applicable)
- ☐ Education and program staff who work with youthful inmates (if applicable)
- ☒ Medical staff
- ☒ Mental health staff
- ☐ Non-medical staff involved in cross-gender strip or visual searches
- ☒ Administrative (human resources) staff
- ☒ Sexual Assault Forensic Examiner (SAFE) or Sexual Assault Nurse Examiner (SANE) staff
- ☒ Investigative staff responsible for conducting administrative investigations
- ☒ Investigative staff responsible for conducting criminal investigations
- ☒ Staff who perform screening for risk of victimization and abusiveness
- ☒ Staff who supervise inmates in segregated housing/residents in isolation
- ☒ Staff on the sexual abuse incident review team
- ☒ Designated staff member charged with monitoring retaliation
- ☒ First responders, both security and non-security staff
- ☒ Intake staff

	☒ Other
If "Other," provide additional specialized staff roles interviewed:	Mailroom
68. Did you interview VOLUNTEERS who may have contact with inmates/residents/detainees in this facility?	☒ Yes ☐ No
a. Enter the total number of VOLUNTEERS who were interviewed:	2
b. Select which specialized VOLUNTEER role(s) were interviewed as part of this audit from the list below: (select all that apply)	☒ Education/programming ☐ Medical/dental ☐ Mental health/counseling ☒ Religious ☐ Other
69. Did you interview CONTRACTORS who may have contact with inmates/residents/detainees in this facility?	☒ Yes ☐ No
a. Enter the total number of CONTRACTORS who were interviewed:	2
b. Select which specialized CONTRACTOR role(s) were interviewed as part of this audit from the list below: (select all that apply)	☐ Security/detention ☒ Education/programming ☒ Medical/dental ☐ Food service ☐ Maintenance/construction ☐ Other

70. Provide any additional comments regarding selecting or interviewing specialized staff.	No text provided.
SITE REVIEW AND DOCUMENTATION SAMPLING	
Site Review	
PREA Standard 115.401 (h) states, "The auditor shall have access to, and shall observe, all areas of the audited facilities." In order to meet the requirements in this Standard, the site review portion of the onsite audit must include a thorough examination of the entire facility. The site review is not a casual tour of the facility. It is an active, inquiring process that includes talking with staff and inmates to determine whether, and the extent to which, the audited facility's practices demonstrate compliance with the Standards. Note: As you are conducting the site review, you must document your tests of critical functions, important information gathered through observations, and any issues identified with facility practices. The information you collect through the site review is a crucial part of the evidence you will analyze as part of your compliance determinations and will be needed to complete your audit report, including the Post-Audit Reporting Information.	
71. Did you have access to all areas of the facility?	☒ Yes ☐ No
Was the site review an active, inquiring process that included the following:	
72. Observations of all facility practices in accordance with the site review component of the audit instrument (e.g., signage, supervision practices, cross-gender viewing and searches)?	☒ Yes ☐ No
73. Tests of all critical functions in the facility in accordance with the site review component of the audit instrument (e.g., risk screening process, access to outside emotional support services, interpretation services)?	☒ Yes ☐ No
74. Informal conversations with inmates/residents/detainees during the site review (encouraged, not required)?	☒ Yes ☐ No

75. Informal conversations with staff during the site review (encouraged, not required)?

☒ Yes

☐ No

76. Provide any additional comments regarding the site review (e.g., access to areas in the facility, observations, tests of critical functions, or informal conversations).

The on-site portion of the audit was conducted on June 12-13, 2025. The auditor had an initial briefing with facility leadership and discussed the audit logistics. After the initial briefing, the auditor selected offenders and staff for interview. The auditor conducted a tour of the facility on June 5, 2025. The tour included all areas associated with the facility to include: housing units, laundry, intake, visitation, chapel, education, maintenance, food service, health services, recreation, canteen, clothing, property and administration. During the tour the auditor was cognizant of staffing levels, video monitoring placement, blind spots, posted PREA information, privacy for offenders in housing units and other factors as indicated in the appropriate standard findings.

The auditor observed PREA information posted throughout the facility via the PREA Posters and Department of Public Safety (DPS) Poster. The PREA Posters were observed in English and Spanish on letter size paper. The DPS Poster was in English on letter size paper. The PREA hotline number was also stenciled by the phones in the housing units. PREA information was also observed on the offender tablet system. The Offender Rulebook, PREA Brochure, DPS Poster, and the PREA Posters were observed on the tablet system. It should be noted the DPS Poster on the tablet was the older version and did not identify DPS as the external reporting entity and did not outline the ability to remain anonymous. The auditor observed the PREA Advocacy Poster and the North Star Advocacy Poster during the tour. Both posters were in English on letter size paper. The auditor also confirmed that the PREA Advocacy Poster and North Star Advocacy Poster were accessible on the tablet system.

Third party reporting information was observed in visitation and the front entrance via the Third Party Reporting Poster. The Third Party Reporting Poster was in English on letter

size paper.

During the tour the auditor confirmed the facility follows a staffing plan. There was at least one security staff member assigned to each housing unit. Additional security staff were assigned to work, program and common areas. Where staff were not directly assigned, routine security checks were required. The auditor observed security staff conducting rounds and performing official duties. The auditor observed that staffing appeared to be adequate and the facility was not overcrowded. The auditor noted that lines of sight were adequate with rounds and video monitoring technology. While no apparent blind spots were observed, the auditor did identify a few areas that would benefit from mirrors or additional cameras.

During the tour the auditor observed cameras in housing units and work and common areas. The auditor verified that cameras assisted with supervision through coverage of blind spots and high traffic areas. Cameras do not replace staff, but supplement staffing. Cameras are actively monitored by main control and can be remotely accessed by administrative staff. Additionally, each area has access to their specific cameras for monitoring.

With regard to cross gender viewing, the auditor confirmed that housing units provided privacy through shower curtains, doors and raised saloon style doors. The auditor observed the strip search areas and confirmed there were no cross gender viewing issues. A review of video monitoring technology did not identify any cross gender viewing issues. During the tour the auditor heard the opposite gender announcement upon entry into each housing unit.

Medical and mental health records are paper and electronic. Paper files are maintained in the medical break room, which is open and

accessible at all times. Electronic records are maintained in the Missouri Corrections Integrated System (MOSIC), which is only accessible to medical and mental health care staff. Offender risk assessments are documented electronically via the MOSIC system. During the tour the auditor had a security staff member pull up the risk screening information in MOSIC. The auditor viewed that the staff did not have access and was given an error message that noted they were not authorized to view the information. Investigative files are electronic and are maintained in the Investigative Reporting Intelligence System (IRIS), which has limited access.

During the tour the auditor observed the mail process. A locked box is located in each housing building where offenders place mail. The mailroom staff indicated that incoming regular mail from family and friends is electronic and comes in through the JPay system. Staff review all incoming electronic regular mail prior to it being released to the offender tablet. Incoming physical mail is typically only legal mail. Legal mail is provided to the case managers. Offenders would open the mail in front of the case manager. Any physical mail that is not legal would be opened and reviewed. Outgoing electronic regular mail goes through the JPay system. Staff review outgoing mail prior to it being released to the recipient. Outgoing physical regular mail is provided to the mailroom unsealed. All outgoing regular mail is reviewed by staff. Outgoing legal mail can be sealed and would not be opened/reviewed. The mailroom staff advised mail to DPS and the rape crisis center would fall under legal mail.

The auditor observed the intake process through a demonstration. Offenders are provided PREA information at intake via the PREA Brochure. PREA information, including the Offender Rulebook, PREA Brochure, and

PREA Posters, is also available on the tablet. Each offender is provided a tablet free of charge.

The auditor observed the initial risk screening process. The initial risk assessment is completed in a private office setting, one-on-one. The staff use the Adult Internal Risk Assessment questionnaire and ask questions on the form, including, age, gender identity, sexual preference, prior sexual victimization, and safety in general population. The staff then review the offender electronic file information in order to complete the other questions on the form, such as criminal history. Staff also review prior risk assessments. Staff use both information from verbal response and the file review to complete the risk assessment. The risk reassessment process is completed in a private office setting, one-on-one. The staff complete the same process as the initial, including verbally asking questions and reviewing file information. Staff also ask the offender if they have had any PREA related incidents or if anything has changed since they arrived.

The auditor tested the internal reporting mechanisms during the tour. The auditor called the PREA hotline on June 12, 2025 from a phone in an offender housing unit with assistance from an offender. The offender dialed "1" for a collection call, then entered the hotline number, and was then prompted to enter their pin number. The auditor left a message on the PREA hotline voicemail. The auditor was provided confirmation on June 16, 2025 that the call was received and processed by the PC. The auditor also tested the written reporting mechanism. The auditor submitted a kite via a located box in a housing unit. The kite was submitted on June 12, 2025. The auditor received confirmation on June 13, 2025 that the kite was received and that any allegation reported via a kite would be forwarded to the PREA Compliance

Manager.

The auditor also tested the external reporting mechanism via a letter to DPS. The auditor sent a letter to DPS during a prior MO DOC audit. The process is the same across the agency and as such the auditor did send a subsequent test letter. The auditor obtained an envelope and sent a letter to DPS on May 27, 2025. The auditor observed the mailing address on the numerous PREA Posters.

Residents are able to remain anonymous as the letter does not require a return address. Additionally, it does not require postage. The DPS is utilized for numerous services and as such they are not just an organization to report sexual abuse. The auditor received confirmation on June 10, 2025 that the letter was received by the Department of Public Safety. The Program Specialist advised she would scan the letter and send it to the MO DOC PREA office. She further confirmed that offenders can remain anonymous when reporting.

Additionally during the tour, the auditor asked staff to demonstrate how they would document a verbal report of sexual abuse. Staff indicated all verbal reports would be documented in an Interoffice Communication (IOC). The IOC would be completed on the computer, printed out and provided to the Shift Commander.

The auditor tested the third party reporting mechanism on May 27, 2025. The auditor sent an email to the email address found on the agency website. The auditor received confirmation from the PREA Coordinator on the same date that the email was received directly by him and that the information would be forwarded to the facility PREA Compliance Manager to initiate the coordinated response and submit a Report for Investigation (RFI).

The facility provides access to emotional

support services through a local organization, JDI and RAINN. The phone numbers and mailing addresses to JDI and RAINN are provided via the PREA Advocacy Poster and the phone number and mailing address to the local rape crisis center is provided via the NorthStar Advocacy Poster. Offenders can send correspondence to these organizations via legal mail. Offenders can call the hotline numbers, but they are required to pay for these calls. Offenders are advised the calls are monitored. The auditor was unable to test the hotline due to the cost to the offenders. The auditor did review the mail process to confirm access via written correspondence.

The auditor had the facility conduct a mock demonstration of the comprehensive PREA education process. Education is completed in visitation. Offenders are shown the PREA Adult Comprehensive Education Video. The video is displayed on a 42 inch screening and has adequate audio. The video is available in English, Spanish and American Sign Language.

During offender interviews the auditor utilized a staff translator to assist with LEP interviews. The auditor also confirmed that the facility has access to translators and interpreters through the agency contracts. Staff call the organizations and schedule the services. Additionally, the agency has a list of staff that can serve as translators and interpreters in person or via phone.

Documentation Sampling

Where there is a collection of records to review-such as staff, contractor, and volunteer training records; background check records; supervisory rounds logs; risk screening and intake processing records; inmate education records; medical files; and investigative files-auditors must self-select for review a representative sample of each type of record.

77. In addition to the proof documentation selected by the agency or facility and provided to you, did you also conduct an auditor-selected sampling of documentation?

☒ Yes

☐ No

78. Provide any additional comments regarding selecting additional documentation (e.g., any documentation you oversampled, barriers to selecting additional documentation, etc.).

During the audit the auditor requested personnel and training files of staff, offender files, medical and mental health records, grievances, incident reports and investigative files for review. A more detailed description of the documentation review is below.

Personnel and Training Files. The auditor reviewed 33 personnel and/or training records that included four staff hired in the previous twelve months, three contractors hired within the previous twelve months, three staff employed over five years, four contractors employed over five years and four staff promoted in the previous twelve months. The review included four volunteers, nine contractors and four medical and mental health care staff.

Offender Files. A total of 29 offender files were reviewed. All 29 offender files were of those that arrived within the previous twelve months, five were disabled offenders, two were LEP offenders, one was a transgender offender and ten were offender who disclosed prior sexual victimization during the risk screening or were identified with prior sexual abusiveness during the risk screening.

Medical and Mental Health Records. The auditor reviewed medical and mental health documents for eight offenders who reported sexual abuse or sexual harassment and ten offender who disclosed prior sexual victimization during the risk screening or were identified with prior sexual abusiveness during the risk screening.

Grievances. The facility indicated they had zero sexual abuse grievances in the previous twelve months. The auditor reviewed the grievance log and sample of random grievances.

Incident Reports. The auditor reviewed the incident reports associated with the eight investigations.

Investigation Files. The auditor reviewed eight investigations, seven were sexual abuse and one was sexual harassment. There were eight administrative investigations and one criminal investigation. Two of the investigations were still open during the on-site portion of the audit.

SEXUAL ABUSE AND SEXUAL HARASSMENT ALLEGATIONS AND INVESTIGATIONS IN THIS FACILITY

Sexual Abuse and Sexual Harassment Allegations and Investigations Overview

Remember the number of allegations should be based on a review of all sources of allegations (e.g., hotline, third-party, grievances) and should not be based solely on the number of investigations conducted. Note: For question brevity, we use the term “inmate” in the following questions. Auditors should provide information on inmate, resident, or detainee sexual abuse allegations and investigations, as applicable to the facility type being audited.

Interviews:

1. Interview with the PREA Coordinator

2. Interview with the PREA Compliance Manager

Findings (By Provision):

115.11 (a): The PAQ indicated that the agency has a written policy mandating zero tolerance toward all forms of sexual abuse and sexual harassment in facilities it operates directly or under contract. The PAQ also stated that the facility has a policy outlining how it will implement the agency's approach to preventing, detecting and responding to sexual abuse and sexual harassment and that the policy includes definitions on prohibited behaviors regarding sexual abuse and sexual harassment and sanctions for those found to have participated in prohibited behaviors. The PAQ further stated that the policy includes a description of agency strategies and response to reduce and prevent sexual abuse and sexual harassment of offenders. The agency has a comprehensive PREA policy, D1-8.13 Offender Sexual Abuse and Harassment. Page 5 states that the department has a zero tolerance for all forms of offender sexual abuse, harassment, and retaliation. Pages 2-4 include the definitions of sexual abuse and sexual harassment and prohibited behavior. Pages 6 and 22-23 include the sanctions and process for those found to have participated in prohibited behaviors. D1-8.13 outlines the strategies and responses to preventing, detecting and responding to sexual abuse and sexual harassment. In addition to the D1-8.13, the agency has numerous other policies that address specific areas of the prevention, detection and response. These policies include: D1-8.1, D1-8.4, D1-8.8, D1-8.9, D2-2.2, D2-2.23, D2-9.1, D2-11.6, D2-11.10, D2-11.14, D2-13.1, D2-13.2, D5-3.2, D5-5.1, IS5-1.2, IS5-2.3, IS5-3.1, IS5-3.3, IS6-1.3, IS11-34.1, IS18-1.1, IS19-1.6, IS20-1.1, IS20-1.3, IS21-1.1, IS21-1.2, IS21-1.3, and IS21-1.4. The policies address "preventing" sexual abuse and sexual harassment through the designation of a PC and PCMs, criminal history background checks (staff, volunteers and contractors), training (staff, volunteers and contractors), staffing, intake/risk screening, offender education and posting of signage (PREA posters, etc.). The policies address "detecting" sexual abuse and sexual harassment through training (staff, volunteers, and contractors) and intake/risk screening. The policies address "responding" to allegations of sexual abuse and sexual harassment through reporting, investigations, victim services, medical and mental health services, disciplinary sanctions for staff and offenders, incident reviews and data collection. The policies are consistent with the PREA standards and outline the agency's approach to sexual safety.

115.11 (b): The PAQ indicated that the agency employs or designates an upper-level, agency-wide PREA Coordinator that has sufficient time and authority to develop, implement and oversee agency efforts to comply with the PREA standards in all of its facilities. The PAQ stated the position of the PC is within the Office of Professional Standards and the PREA Coordinator reports to the Office of Professional Standards Director. D1-8.13, page 6 states to ensure compliance with the Prison Rape Elimination Act (PREA), the department shall employ a full-time PREA manager

	responsible for implementation and oversight of the department's efforts to prevent, detect, and respond to offender sexual abuse, harassment, and retaliation. The agency's organizational chart confirms that the PC position is an upper-level position and is agency-wide. The organization chart notes that the PC reports to the Director of Office of Professional Standards, who in turn reports to the agency Director. The interview with the PC indicated he has enough time to manage all of his PREA related responsibilities. He stated that there are 27 facility PREA Compliance Managers and he does training annually for the staff. The PC further advised if he identifies an issue, he tries to solve it at the lowest level. He works with the Wardens and has a good communication route with leadership within the agency. 115.11 (c): The PAQ indicated that the facility has designated a PREA Compliance Manager that has sufficient time and authority to coordinate the facility's effort to comply with the PREA standards. The PAQ stated the position of the PCM at the facility is the Deputy Warden who reports to the Warden. D1-8.13, page 6 states each facility and community confinement facility shall designate a PREA site coordinator who has sufficient time and authority to ensure the facility's compliance with the PREA standards at their assigned facility. A review of the facility organization chart confirms that the Deputy Warden reports directly to the Warden. The interview with the PREA Compliance Manager indicated she has enough time to manage all of her PREA related responsibilities. She advised she coordinates the facility's efforts with PREA through reviewing documentation and ensuring the expectations are completed and documented. She noted she reviews shift rosters and unannounced rounds, she reviews tracking, she ensures assessments are done, she ensures staff and volunteers are trained and she ensures offenders received education. She also stated she sends out monthly refreshers to staff on PREA. The PCM stated if she identifies an issue complying with a standard she would review the situation, the standard and the policy and contact the agency PC. She noted she would take any necessary corrective action. Based on a review of the PAQ, D1-8.13, D1-8.1, D1-8.4, D1-8.8, D1-8.9, D2-2.2, D2-2.23, D2-9.1, D2-11.6, D2-11.10, D2-11.14, D2-13.1, D2-13.2, D5-3.2, D5-5.1, IS5-1.2, IS5-2.3, IS5-3.1, IS5-3.3, IS6-1.3, IS11-34.1, IS18-1.1, IS19-1.6, IS20-1.1, IS20-1.3, IS21-1.1, IS21-1.2, IS21-1.3, IS21-1.4, the organizational charts and information from interviews with the PC and PCM, this standard appears to be compliant.

	Auditor Discussion

	Documents: 1. Pre-Audit Questionnaire 2. D1-8.13 Offender Sexual Abuse and Harassment 3. Blank Solicitation and Contract Findings (By Provision): 115.12 (a): The PAQ indicated the agency has not entered into or renewed a contract for the confinement of offenders since the last PREA audit. The PAQ stated that the agency does not contract for confinement of offenders. D1-8.13, page 6 states all community confinement facilities shall adopt and comply with PREA standards as outlined in their contract with the department. The department shall regularly audit community confinement facilities to ensure compliance with the PREA standards. A review of the blank solicitation (Request for Proposal) noted that Section 2.6 is the PREA requirements, which notes that the contractor must be in compliance with 28 Code of Federal Regulations (CFR) Part 115. The contract also requires that no later than 120 calendar days after receiving the first client, the contractor shall complete a PREA audit by a DOJ approved PREA auditor and shall provide a copy of the PREA audit results to the state agency within ten working days. 115.12 (b): The PAQ stated that the agency does not contract for confinement of offenders. 2. Interview with the PREA Compliance Manager
3. Interview with the PREA Coordinator
4. Interviews with Intermediate-Level or Higher-Level Facility Staff

Site Review Observations:

1. Staffing Levels
2. Video Monitoring Technology or Other Monitoring Materials

Findings (By Provision):

115.13 (a): The PAQ indicated that the agency requires each facility it operates to develop, document, and make its best efforts to comply on a regular basis with a staffing plan that provides adequate levels of staffing and, where applicable, video monitoring, to protect offenders against sexual abuse. D1-8.13, page 7 states the department shall maintain staffing plans for each facility that provides adequate levels of staffing to protect offenders against sexual abuse. The staffing plan shall consider the facility's physical plant to include but not limited to blind spots or areas where staff members or offenders may be isolated, the composition of the offender population, and the prevalence of substantiated and unsubstantiated offender sexual

abuse allegations. The PAQ indicated that the current staffing plan is based on 525 offenders and the average daily population has been 316. The facility employs 259 staff. A review of the daily shift rosters indicated that each shift has a Shift Commander and numerous other supervisors. Correctional Officers are assigned to posts throughout the facility including in housing units, control center, food service, visiting, treatment/education and specific zones. A review of the staffing plan notes that it includes narrative for each element under this provision as well as post analysis, master roster, vacancy report breakdown and the organizational chart. During the tour the auditor confirmed the facility follows a staffing plan. There was at least one security staff member assigned to each housing unit. Additional security staff were assigned to work, program and common areas. Where staff were not directly assigned, routine security checks were required. The auditor observed security staff conducting rounds and performing official duties. The auditor observed that staffing appeared to be adequate and the facility was not overcrowded. The auditor noted that lines of sight were adequate with rounds and video monitoring technology. While no apparent blind spots were observed, the auditor did identify a few areas that would benefit from mirrors or additional cameras. During the tour the auditor observed cameras in housings units and work and common areas. The auditor verified that cameras assisted with supervision through coverage of blind spots and high traffic areas. Cameras do not replace staff, but supplement staffing. Cameras are actively monitored by main control and can be remotely accessed by administrative staff. Additionally, each area has access to their specific cameras for monitoring. The interview with the Warden confirmed that the facility has a staffing plan and the plan provides for adequate levels to protect offenders from sexual abuse. He advised they follow and use mandatory overtime to fill the staffing plan and they abide by the staffing plan. He noted that they have video monitoring technology but it is not actively monitored. The Warden confirmed the staffing plan is documented. He advised they review the facility needs and they try to cover as much of the facility as they can through staffing. The Warden stated the staffing plan includes staff in places that individuals may be more at risk and they place video monitoring throughout the facility. He noted that they check for compliance with the staffing plan through daily staffing rosters. The interview with the PCM indicated that they make an effort to ensure staffing is adequate and they use overtime when necessary. She also advised they do camera audits to ensure all are functionable.

115.13 (b): The PAQ noted this was not applicable. Further communication with the PCM indicated that each time the staffing plan is not complied with, the facility documents and justifies all deviations from the staffing plan. D1-8.13, page 7 states each facility shall comply with the staffing plan on a regular basis, deviations from the staffing plan shall be documented and justification for deviations noted. The Warden confirmed that any deviations from the staffing plan are documented by the Shift Commander through an IOC. A review of shift reports note that any deviations through overtimes, closures, etc. are documented.

115.13 (c): The PAQ indicated that at least once a year the facility/agency, in collaboration with the PC, reviews the staffing plan to see whether adjustments are needed. D1-8.13, page 23 states each facility shall utilize information from the offender sexual abuse incident debriefings to prepare an annual report to be submitted to the department's PREA manager by the last working day in March. The report shall in consultation with the PREA site coordinator; assessment, determination, and documentation of whether adjustments are needed to: the staffing plan, the deployment of video monitors, and the resource availability to adhere to the staffing plan. The staffing plan was most recently reviewed on January 16, 2025 by the PCM and Warden. The review was then sent to the PC. The plan was reviewed in order to assess, determine and document whether any adjustments were needed to the staffing plan, the deployment of video monitoring technologies and/or the resources available to commit to ensuring adherence to the staffing plan. The review included a review of all elements under provision (a) as well. The staffing plan was not previously reviewed. The memo from the PC noted that this was a deficiency found during their prior year audits and as such corrective action was implemented to complete the review annually. Additionally, the 2023 MTC PREA Annual Report notes that the facility evaluated camera and monitoring systems and the staffing plan. The interview with the PC confirmed that he reviews each facility's staffing plan annually.

115.13 (d): The PAQ indicated that the facility requires that intermediate-level or higher-level staff conduct unannounced rounds to identify and deter staff sexual abuse and sexual harassment. The PAQ further indicated that the unannounced rounds are documented, they cover all shifts and the facility prohibits staff from alerting other staff of the conduct of such rounds. D1-8.13, page 7 states each institution shall ensure the classifications of lieutenant or above conduct and document unscheduled and unannounced rounds to identify and deter offender sexual abuse and sexual harassment. Each facility shall ensure that rounds occur periodically in all areas of the facility. Staff members shall be prohibited from alerting other staff members that these rounds are occurring. The rounds shall be documented and readily accessible during audits as outlined in the facility's standard operating procedure. IS20-1.1, page 2 states the CAO of each institution shall ensure post orders for supervisory custody officers include requirements of conducting unannounced rounds on each shift, in all areas of the facility, and documenting said rounds on the staff member sign-in form. Interviews with intermediate-level or higher-level facility staff confirmed they make unannounced rounds and that the unannounced rounds are documented. The supervisors stated they ensure staff don't notify one another they are making rounds by not having a pattern and going at random times to different locations. A review of documentation from the previous twelve months indicated that unannounced rounds were conducted, however they appeared to be monthly, which is not adequate to identify and deter sexual abuse and sexual harassment.

Based on a review of the PAQ, D1-8.13, IS20-1.1, Staffing Plan, Shift Rosters, Annual

Staffing Plan Review, 2023 MTC PREA Annual Report, Documentation of Unannounced Rounds, Photos of Mirrors, the Directive from the Warden, observations made during the tour and interviews with the Warden, PC, PCM and intermediate-level or higher-level facility staff, this standard appears to be require corrective action. A review of documentation from the previous twelve months indicated that unannounced rounds were conducted, however they appeared to be monthly, which is not adequate to identify and deter sexual abuse and sexual harassment.

Recommendation

The auditor highly recommends the facility install mirrors in laundry, in the classroom near the chapel and clothing. The auditor also recommends video monitoring technology be installed in canteen, clothing, maintenance, and the food service dry goods area.

Corrective Action

The facility will need to ensure unannounced rounds are completed in a timeframe to identify and deter sexual abuse, minimum of weekly. The facility will need to provide confirmation that these rounds were completed over the course of the corrective action period.

Verification of Corrective Action Since the Interim Audit Report

The auditor gathered and analyzed the following additional evidence provided by the facility during the corrective action period relevant to the requirements in this standard.

Additional Documents:

1. Unannounced Rounds

The facility instructed intermediate or higher level supervisors to conduct rounds at least weekly. The provided documentation outlining unannounced rounds conducted across all shifts at least weekly for the month following the on-site portion of the audit.

	Based on the documentation provided the facility has corrected this standard and as such appears to be compliant.

Population Age Report Findings (By Provision): 115.14 (a): The PAQ indicated that the facility does not house youthful offenders. D1-8.13, page 10 states a youthful offender shall not be placed in a housing unit in which he shall have sight, sound, or physical contact with any adult offender through use of a shared day room or other common space, shower area, or sleeping quarters in accordance with the institutional services procedure regarding offender housing assignments. IS5-3.1, page 2 states youthful offenders shall only be housed with other youthful offenders or alone. A youthful offender shall not be placed in a housing unit in which he shall have sight, sound, or physical contact with any adult offender through use of a shared day room or other common space, shower area, or sleeping quarters. Staff members shall avoid placing youthful offenders in isolation to comply with this provision. If sight and sound separation is not possible, staff members shall provide direct supervision. Staff members shall provide direct supervision when offenders may have unavoidable contact with adult offenders. A review of population age reports confirmed that the facility does not house anyone under eighteen. 115.14 (b): The PAQ indicated that the facility does not house youthful offenders. IS5-3.1, page 2 states youthful offenders shall only be housed with other youthful offenders or alone. A youthful offender shall not be placed in a housing unit in which

	he shall have sight, sound, or physical contact with any adult offender through use of a shared day room or other common space, shower area, or sleeping quarters. Staff members shall avoid placing youthful offenders in isolation to comply with this provision. If sight and sound separation is not possible, staff members shall provide direct supervision. Staff members shall provide direct supervision when offenders may have unavoidable contact with adult offenders. 115.14 (c): The PAQ indicated that the facility does not house youthful offenders. IS5-3.1, page 2 states youthful offenders who are placed in segregated housing, assigned to disciplinary segregation, or to the infirmary shall only be housed with another youthful offender or in a single cell in accordance with the institutional services procedures regarding temporary administrative segregation confinement and disciplinary segregation. To the extent possible, youthful offenders shall have access to work, programs, and/or activities in accordance with department and institutional services procedures Based on a review of the PAQ, D1-8.13, IS5-3.1, and population age report, this standard appears to be not applicable and as such compliant.

1. Interviews with Random Staff
2. Interviews with Random Offenders
3. Interview with Transgender/Intersex Offenders

Site Review Observations:

1. Observations of Privacy Barriers
2. Opposite Gender Announcement

Findings (By Provision):

115.15 (a): The PAQ indicated that the facility does not conduct cross gender strip and cross gender visual body cavity searches of offenders and that there have been zero searches of this kind in the previous twelve months. D1-8.13, page 11, states cross-gender strip searches are not allowed except in exigent circumstances. All cross-gender strip searches shall be documented as outlined in the institutional services and probation and parole procedures regarding searches. IS20-1.3, page 7 states strip searches shall be conducted by staff members of the same gender as the subject of the search, except in exigent circumstances. Upon request, offenders who identify as transgender or intersex, shall be provided privacy from other offenders when being strip searched.

115.15 (b): The PAQ indicated that the facility does not house female offenders and therefore this provision of the standard does not apply. IS20-1.3, page 8 states all pat searches of female offenders shall be conducted by a staff member of the same gender, unless exigent circumstances exist. These cross gender pat searches shall be immediately reported to the shift supervisor and the searching staff member shall document the search on the cross gender search form. The shift supervisor shall make all applicable notifications in accordance with SOP and forward the cross gender search form to the PREA site coordinator. Interviews with thirteen staff confirmed none were aware of a time that a transgender female offender was restricted access in order to comply with this provision. The interview with the transgender offender confirmed she had not been restricted from programs or out of cell opportunities.

115.15 (c): The PAQ indicated that facility policy requires all cross gender strip searches and all cross gender visual body cavity searches be documented. Additionally, the PAQ indicated that the facility does not house female offenders and as such any documentation of cross gender pat down searches of female offenders would not apply. D1-8.13, page 11, states cross-gender strip searches are not allowed except in exigent circumstances. All cross-gender strip searches shall be documented

as outlined in the institutional services and probation and parole procedures regarding searches. IS20-1.3, page 7 states staff members shall document a cross gender strip search on the cross gender search form. The shift supervisor shall make all applicable notifications in accordance with SOP and forward the cross gender search form to the PREA site coordinator and include a copy to the use of force packet if applicable. Page 8 further states all pat searches of female offenders shall be conducted by a staff member of the same gender, unless exigent circumstances exist. These cross gender pat searches shall be immediately reported to the shift supervisor and the searching staff member shall document the search on the cross gender search form. The shift supervisor shall make all applicable notifications in accordance with SOP and forward the cross gender search form to the PREA site coordinator.

115.15 (d): The PAQ indicated that the facility has implemented policies and procedures that enable offenders to shower, perform bodily functions, and change clothing without non-medical staff of the opposite gender viewing their breasts, buttocks or genitalia, except in exigent circumstances or when such viewing is incidental to routine cell checks. Additionally, the PAQ stated that policies and procedures require staff of the opposite gender to announce their presence when entering an offender housing unit. D1-8.13, page 11 states offenders shall be allowed to shower, perform bodily functions, and change clothing without non-medical staff members of the opposite gender viewing their breast, buttocks, or genitalia, except in exigent circumstances, or when such viewing is incidental to routine cell checks in accordance with, institutional services, and probation and parole procedures regarding searches. Staff members of the opposite gender shall announce their presence prior to entering an offenders housing unit. If an opposite gendered staff member is assigned to the housing unit, the announcement shall be made at the beginning of the shift. If there is no opposite gendered staff member assigned to the housing unit, an announcement shall be made each time an opposite gendered staff member enters the housing unit. Each time a cross gender announcement is made it shall be recorded in the housing unit chronological log. With regard to cross gender viewing, the auditor confirmed that housing units provided privacy through shower curtains, doors and raised saloon style doors. The auditor observed the strip search areas and confirmed there were no cross gender viewing issues. A review of video monitoring technology did not identify any cross gender viewing issues. During the tour the auditor heard the opposite gender announcement upon entry into each housing unit. Interviews with thirteen staff noted that offenders have privacy when showering, using the restroom and changing clothes. Additionally, all thirteen stated that staff of the opposite gender announce prior to entering housing units. Interviews with 26 offenders indicated all 26 have privacy when showering, using the restroom and changing their clothes. Additionally, 24 of the 26 offenders stated that opposite gender staff announce when entering housing units.

115.15 (e): The PAQ indicated that the facility has a policy prohibiting staff from

searching or physically examining a transgender or intersex offender for the sole purpose of determining the offender's genital status and that no searches of this nature have occurred within the previous twelve months. D1-8.13, page 9 states if the gender of the offender is unknown at the time of intake, staff members shall not search the offender for the sole purpose of determining the offender's genital status in accordance with the institutional services and probation and parole procedure regarding transgender and intersex offenders or clients. Genital status may be determined during conversations with the offender, reviewing medical records, or if necessary, through a broader medical examination conducted in private by the appropriate health care staff members. Page 11 further states staff members shall not perform strip or pat-down searches or conduct a physical examination for the sole purpose of determining an offender's genital status in accordance with the institutional services procedures regarding searches, diagnostic center reception and orientation, and receiving screening intake center. IS11-34.1, page 4 states the facility shall not search or physically examine a transgender or intersex offender for the sole purpose of determining the offender's genital status. If the offender's genital status is unknown, it may be determined during conversations with the offender, by reviewing medical records, or, if necessary, by learning that information as part of a broader medical examination conducted in private by the responsible physician. Interviews with thirteen staff indicated twelve were aware of a policy prohibiting searching a transgender or intersex offender for the sole purpose of determining the offender's genital status. The interview with the transgender offender confirmed she had not been searched for the sole purpose of determining genital status.

115.15 (f): D1-8.13, page 11 states custody staff members shall be trained in how to conduct cross gender pat down searches of transgender and intersex offenders in a professional and respectful manner and in the least intrusive manner possible as consistent with security needs. The PAQ confirmed that 100% of security staff completed training on conducting cross gender pat-down searches and searches of transgender and intersex offenders. A review of the Searches Training Curriculum noted that page 5 performance objective includes performing a thorough same gender and cross gender pat search, according to policy guidelines and PREA standards, taking into consideration searches and professionalism. The training then outlines the appropriate procedure for female staff searching male offenders and male staff searching female offenders (it notes male staff searching female offenders will only occur during an exigent circumstance). The training includes a video on same gender searches and cross gender searches. The training also revisits that staff learned about unique searches, including transgender, intersex, gender unknown and youthful offenders, during DOCOTA. The DOCOTA search slides outline that staff will utilize the female search techniques for transgender searches. Interviews with thirteen staff indicated all thirteen had received training on cross gender searches and searches of transgender offenders. A review of 20 staff training records confirmed all 20 completed search training.

Based on a review of the PAQ, D1-8.13, IS20-1.3, IS11-34.1, Searches Training

	Curriculum, DOCOTA Training Slides, Staff Training Records, Staff Training on Opposite Gender Announcement, observations made during the tour as well as information from interviews with random staff, random offenders and the transgender offender, this standard appears to be complaint.

Site Review Observations:

1. Observations of PREA Posters in Accessible Formats

Findings (By Provision):

115.16 (a): The PAQ stated that the agency has established procedures to provide disabled offenders an equal opportunity to participate in or benefit from all aspects of the agency's efforts to prevent, detect and respond to sexual abuse and sexual harassment. D5-5.1, page 3 states that deaf or hard of hearing offenders shall be offered the assistance of qualified interpreters and have other auxiliary aids explained to them during the diagnostic process. The policy outlines the aids and services available to deaf and hard of hearing offenders. The agency has a contract for Sign Language Interpretation Services through Access Sign Language, LLC. A review of the PREA Brochure, PREA Posters, PREA Advocacy Poster, DPS Poster and Offender Rulebook confirmed that they are available in larger print. The PREA Brochure is also available in Braille. The PREA Adult Comprehensive Education Video is available in American Sign Language and includes text related to the verbal information provided. A review of the Special Needs Offenders Training Curriculum notes that staff are provided training on identifying special needs and providing accommodations for special needs. The auditor observed PREA information posted throughout the facility via the PREA Posters and Department of Public Safety (DPS) Poster. The PREA Posters were observed in English and Spanish on letter size paper. The DPS Poster was in English on letter size paper. The PREA hotline number was also stenciled by the phones in the housing units. PREA information was also observed on the offender tablet system. The Offender Rulebook, PREA Brochure, DPS Poster, and the PREA Posters were observed on the tablet system. It should be noted the DPS Poster on the tablet was the older version and did not identify DPS as the external reporting entity and did not outline the ability to remain anonymous. The auditor observed the PREA Advocacy Poster and the North Star Advocacy Poster during the tour. Both posters were in English on letter size paper. The auditor also confirmed that the PREA Advocacy Poster and North Star Advocacy Poster were accessible on the tablet system. The interview with the Agency Head Designee confirmed that the agency takes appropriate steps to ensure offenders with disabilities and offender who are limited English proficient have equal opportunity to participate in or benefit from all aspects of the agency's efforts to prevent, detect, and respond to sexual abuse and sexual harassment. He advised they have a comprehensive Americans with Disabilities process for offenders. He stated they have signs and materials available in all languages and they have contractors for American Sign Language and language translation services. Interviews with five disabled offenders indicated all five were provided PREA information in a format that they could understand.

115.16 (b): The PAQ stated that the agency has established procedures to provide offenders with limited English proficiency equal opportunity to participate in or benefit from all aspects of the agency's efforts to prevent, detect and respond to sexual abuse and sexual harassment. The agency has a contract for Verbal Language Interpretation Services through Language Access Multicultural People. Additionally, the agency has a list of over 60 staff that can provide translation, including one staff member at the facility. A review of the PREA Brochure, PREA Posters, PREA Advocacy Poster, DPS Poster and the Offender Rulebook confirmed they were available in English and Spanish. Additionally, the PREA Brochure is available in six other languages. The PREA Adult Comprehensive Education Video is available in English and Spanish and includes text related to the verbal information provided. The auditor observed PREA information posted throughout the facility via the PREA Posters and Department of Public Safety (DPS) Poster. The PREA Posters were observed in English and Spanish on letter size paper. The DPS Poster was in English on letter size paper. The PREA hotline number was also stenciled by the phones in the housing units. PREA information was also observed on the offender tablet system. The Offender Rulebook, PREA Brochure, DPS Poster, and the PREA Posters were observed on the tablet system. It should be noted the DPS Poster on the tablet was the older version and did not identify DPS as the external reporting entity and did not outline the ability to remain anonymous. The auditor observed the PREA Advocacy Poster and the North Star Advocacy Poster during the tour. Both posters were in English on letter size paper. The auditor also confirmed that the PREA Advocacy Poster and North Star Advocacy Poster were accessible on the tablet system. During offender interviews the auditor utilized a staff translator to assist with LEP interviews. The auditor also confirmed that the facility has access to translators and interpreters through the agency contracts. Staff call the organizations and schedule the services. Additionally, the agency has a list of staff that can serve as translators and interpreters in person or via phone. Interviews with two LEP offenders indicated one was provided PREA information in a format he could understand.

115.16 (c): The PAQ stated that agency policy prohibits the use of offender interpreters, offender readers, or other types of offender assistants except in limited circumstances. The PAQ further indicated the facility does not document the limited circumstances in individual cases where offender interpreters, readers or other assistants are used as they do not use offenders for interpreters, readers and other types of assistants. D1-8.13, page 9 states offender interpreters or offender readers shall not be utilized. Page 14 further states offender interpreters shall not be utilized except in limited circumstances where an extended delay in obtaining an effective interpreter could compromise the offender's safety, the performance of first responder duties, or the investigation. The PAQ expressed that there were zero instances where an offender was utilized to interpret, read or provide other types of assistance. Interviews with thirteen random staff indicated eight were aware of a policy prohibiting the use of offender interpreters, readers and assistants for sexual abuse allegations. Interviews with five disabled offenders and two LEP offenders indicated six were provided PREA information in a format they could understand and

	none had an offender translate, interpret or read for them. Following the on-site portion of the audit, the facility conducting training with all staff on the prohibition under this provision as well as the resources available to utilize, including the staff translator list and the contractors for interpreters and assistants. Staff signatures were provided confirming receipt of the training. Based on a review of the PAQ, D1-8.13, PREA Brochure, PREA Posters, PREA Advocacy Poster, DPS Poster, PREA Adult Comprehensive Education Video, Sign Language Interpretation Service Information, Verbal Language Interpretation Service Information, Staff Translator List, Special Needs Offenders Training Curriculum, Staff Training, observations made during the tour as well as interviews with the Agency Head Designee, random staff and LEP and disabled offenders, this standard appears to be compliant. Recommendation The auditor highly recommends that facility partner with an organization that is able to provide translation and interpretation services over the phone and virtually through a computer.

11. Staff and Contractor Personnel Files

Interviews:

1. Interview with Human Resource Staff

Findings (By Provision):

115.17 (a): The PAQ indicated that agency policy prohibits hiring or promoting anyone who may have contact with offenders and prohibits enlisting the services of any contractor who may have contact with offenders who: has engaged in sexual abuse in a prison, jail, lockup, community confinement facility, juvenile facility, or other institution; has been convicted of engaging or attempting to engage in sexual activity in the community facilitated by force, overt or implied threats of force, or coercion, or when the victim did not consent or was unable to consent or refuse; or has been civilly or administratively adjudicated to have engaged in the activity described above. D1-8.13, page 7 states staff members shall not hire or promote any person, staff member, or enlist the services of any contractor that may have contact with an offender when it is known that he: has engaged in sexual abuse with an offender in a prison, jail, lockup, community confinement facility, juvenile facility, or other institution; has been convicted of engaging or attempting to engage in sexual activity in the community facilitated by force, overt or implied threats of force, coercion, or if the victim did not consent or was unable to consent or refuse; or has been civilly or administratively adjudicated to have engaged in sexual activity by force, overt or implied threats of force, coercion, or if the victim did not consent or was unable to consent or refuse. D2-2.2, page 3 states prior to approval of a promotional appointment, regardless of the salary range, a check will be conducted of the employee's official personnel file through central office human resources. This check will be performed to ensure the employee has received no formal discipline for sustained allegations of sexual abuse and/or harassment or any information indicating any pending or adjudicated criminal charges. All sustained allegations will be considered by the department before an employee is promoted. A review of personnel files for four staff hired in the previous twelve months indicated all four had a criminal background records check completed prior to hire. Additionally, a review of three contractor files confirmed that a criminal background records check was completed prior to enlisting their services.

115.17 (b): The PAQ indicated that agency policy requires the consideration of any

incidents of sexual harassment in determining whether to hire or promote anyone, or to enlist the services of any contractor who may have contact with offenders. The Human Resource staff member confirmed that sexual harassment is considered when hiring or promoting staff or enlisting services of any contractors.

115.17 (c): The PAQ stated that agency policy requires that before it hires any new employees who may have contact with offenders, it conducts criminal background record checks and makes its best efforts to contact all prior institutional employers for information on substantiated allegations of sexual abuse or any resignations during a pending investigation. D1-8.13, page 7 states before hiring new staff members a worksite personnel staff member or designee shall perform a criminal background records check; and attempt to contact all prior institutional employers, for information on substantiated allegations of sexual abuse or any resignation during a pending investigation of an allegation of sexual abuse in accordance with the department procedure regarding background screening. D2-2.2, page 2 states individuals being interviewed for positions within the department shall be notified that a background investigation will be completed prior to his/her employment with the department. A review of the Pre-Employment PREA Check form confirms that it includes areas for staff to contact prior institutional employers and ask three questions, including whether the applicant had any substantiated allegations of sexual abuse or sexual harassment and if the applicant resigned pending an investigation of an allegation of sexual abuse. The PAQ indicated that 39 people were hired in the previous twelve months who had a criminal background records check completed. The interview with the Human Resource staff member confirmed that a criminal background records check is completed prior to hiring employees and the agency attempts to contact all prior institutional employers about any substantiated allegations of sexual abuse or resignations during investigation. She noted that she uses MULES, which queries national, state and local criminal histories. A review of personnel files for four staff hired in the previous twelve months indicated all four had a criminal background records check completed prior to hire. One of the four had prior institutional employment. The agency reached out to the organization related to the information under this provision.

115.17 (d): The PAQ stated that agency policy requires that a criminal background record check be completed before enlisting the services of any contractor who may have contact with offenders. The PAQ indicated that there have been four contracts for services where criminal background record checks were conducted on all staff covered under the contract. D1-8.13, page 7 states before hiring new staff members a worksite personnel staff member or designee shall perform a criminal background records check; and attempt to contact all prior institutional employers, for information on substantiated allegations of sexual abuse or any resignation during a pending investigation of an allegation of sexual abuse in accordance with the department procedure regarding background screening. D2-2.2, page 5 states contract staff, volunteers, and student interns shall have a background investigation conducted that

consists of the criminal history check and any violations that have been reported to pertinent professional licensing and/or certification organizations, if applicable. The Human Resource staff member confirmed that all contractors have a criminal background records check completed prior to enlisting their services. A review of three contractor files confirmed that a criminal background records check was completed prior to enlisting their services.

115.17 (e): The PAQ indicated that agency policy requires either criminal background checks to be conducted at least every five years for current employees and contractors who may have contact with offenders or that a system is in place for otherwise capturing such information for current employees. D2-11.14, page 3 states each calendar year, in the month following each staff member's birth month, specific employment requirement verifications shall be conducted. A criminal history check shall be conducted to include outstanding warrants. Criminal history checks will be conducted and will consist of a query through the Missouri Uniform Law Enforcement System (MULES), and the National Criminal Information Center (NCIC) system. The interview with the Human Resource staff member indicated that a criminal background records check is completed through MULES annually for staff and contractors. A review of three staff employed longer than five years indicated that all three had a criminal background records check completed at least every five years. A review of documentation for four contractors employed longer than five years indicated all four had a criminal background records check completed at least every five years. It should be noted that criminal background record checks were conducted annually for staff and contractors, which exceeds the requirement of this provision.

115.17 (f): A review of the Employment Applications noted that it includes four questions related to sexual abuse and sexual harassment. One question asks if the applicant resigned from an employer pending an investigation of an allegation of sexual abuse. A second question asks if the applicant has ever been convicted of engaging or attempting to engage in sexual activity in the community facilitated by force, overt or implied threats of force, or coercion, or if the victim did not consent or was unable to consent or refuse; or has been civilly or administratively adjudicated to have engaged in the activity. A third question asks the applicant if they have ever had any substantiated allegations of sexual abuse or sexual harassment in prison, jail, lockup, community confinement, juvenile facility or other institution. Page 18 of the Employee Handbook notes that employees must notify the CAO if arrested or charged with a criminal offense. The Human Resource staff stated that the questions under this provision are on the application, which is completed prior to hire and/or promotion. She further stated that the agency imposes a continuing duty to disclose any such misconduct. A review of documents for four staff hired in the previous twelve months indicated all four completed the Employment Application prior to hire, which includes the questions under this provision. Additionally, a review of two staff promoted during the previous twelve months confirmed both completed the Employment Application prior to promotion.

	115.17 (g): The PAQ indicated that agency policy states that material omissions regarding such misconduct or the provision of materially false information, shall be grounds for termination. D2-2.23, page 2 states falsification of any employment application may be grounds for disciplinary action in accordance with the department procedure regarding employee discipline and disqualification for consideration of a position. False information on the employment application regarding substantiated allegations of offender or resident abuse or harassment shall be grounds for termination. 115.17 (h): D2-5.1, page 7 states verification of information, other than public information, will be made with a written authorization from the employee. Verification may include inquiries from prospective institutional employers pertaining to sustained allegations of sexual abuse and/or harassment of an offender or resident during employment by the department. Such information will be obtained by contacting central office human resources. The Human Resource staff member confirmed the agency would provide information related to any substantiated incidents of sexual abuse or sexual harassment when requested. Based on a review of the PAQ, D1-8.13, D1-8.13, D2-2.2, D2-11.14, D2-13.1, D2-2.23, D2-5.1, Pre-Employment PREA Check, Application for Employment, Employee Handbook, Personnel Files for Staff and Contractors, and information obtained from the Human Resource staff interview, this standard appears to be compliant.

115.18	Upgrades to facilities and technologies
	Auditor Overall Determination: Meets Standard
	Auditor Discussion
	Documents: 1. Pre-Audit Questionnaire 2. In-House Construction Request 3. Camera Addition List Interviews: 1. Interview with the Agency Head Designee

2. Interview with the Warden

Site Review Observations:

1. Observations of Physical Plant
2. Observations of Video Monitoring Technology

Findings (By Provision):

115.18 (a): The PAQ indicated that the agency/facility has made substantial expansion or modifications to existing facilities since the last PREA audit. A review of documentation noted that the facility reduced two larger cells into four smaller cells. The documentation indicated the modification was to improve safety and security. During the tour the auditor observed that the modification did not change any physical layout that would affect the ability to protect from sexual abuse and sexual harassment. The interview with the Agency Head Designee indicated that the agency has a comprehensive process to review every modification or addition to existing buildings. He advised there is a construction process where he and engineers review the request. During the review they determine if modifications would interfere with protecting the offenders and whether it would interfere with lines of sight, cameras views, etc. The interview with the Warden indicated they have not had any substantial modifications to the existing facility since the last PREA audit.

115.18 (b): The PAQ indicated that the agency/facility has installed or updated a video monitoring system, electronic surveillance system or other monitoring technology since the last PREA audit. During the tour the auditor observed cameras in housing units and work and common areas. The auditor verified that cameras assisted with supervision through coverage of blind spots and high traffic areas. Cameras do not replace staff, but supplement staffing. Cameras are actively monitored by main control and can be remotely accessed by administrative staff. Additionally, each area has access to their specific cameras for monitoring. The interview with the Agency Head Designee indicated that they take video monitoring technology very seriously and that they utilize it for investigations as well as a supplement to supervision and monitoring. He advised staff are able to view areas that they may not have direct sight lines of through cameras. The Agency Head Designee noted that they have updated all the camera systems in the state to include 360 degree cameras to assist with viewpoints. The interview with the Warden confirmed that when they update or install video monitoring technology they consider how the technology will enhance their ability to protect offenders from sexual abuse. He stated they look at areas that aren't covered and they try to install cameras in those areas to cover as much of the institution as possible. A review of

	documentation outlined that cameras were added or replaced in order to provide better visibility and/or coverage. Based on a review of the PAQ, D1-8.13, In-House Construction Request, Camera Addition List, observations from the tour and information from interviews with the Agency Head Designee and Warden, this standard appears to be compliant.

Staff Training Memorandum/Directive Interviews: 1. Interviews with Random Staff

2. Interview with SAFE/SANE

3. Interview with the PREA Compliance Manager

Findings (By Provision):

115.21 (a): The PAQ indicated that the agency/facility is responsible for conducting both administrative and criminal investigations. Additionally, the PAQ stated that when conducting sexual abuse investigations, the agency investigators follow a uniform evidence protocol which is the institutional response plan and includes elements in the PREA response bag. D1-8.13, page 18 states the department shall ensure that administrative and/or criminal investigations are completed for all allegations of sexual abuse and repeated allegations of sexual harassment. D1-8.8, the Evidence Procedures Manual and the Evidence Protocol Memorandum outline the uniform evidence protocol. Interviews with thirteen random staff indicated all thirteen knew and understand the protocol for obtaining useable physical evidence. Additionally, twelve staff stated they were aware of who was responsible for conducting sexual abuse investigations.

115.21 (b): The PAQ indicated that the protocol is not developmentally appropriate for youth as they do not house youthful offenders. The PAQ stated that the protocol was adapted from or otherwise based on the most recent edition of the DOJ's Office of Violence Against Women publication, "A National Protocol for Sexual Assault Medical Forensic Examinations, Adult/Adolescents" or similarly comprehensive and authoritative protocols developed after 2011. D1-8.8, the Evidence Procedures Manual and the Evidence Protocol Memorandum outline the uniform evidence protocol, including crime scene preservation, evidence collection and SAFE/SANE.

115.21 (c): The PAQ indicated that the facility offers offenders who experience sexual abuse access to forensic medical examinations onsite and at an outside facility. It stated that forensic exams are offered without financial cost to the victim. The PAQ indicated that examinations are conducted by SAFE or SANE and that when SAFE/SANE are not available, a qualified medical practitioner performs forensic medical examinations. The PAQ noted that the facility documents efforts to provide SAFEs or SANEs and that SANE nurses are provided through the contract with Centurion. D1-8.13, page 16 states if the alleged perpetrator is a staff member, the victim shall be transported to the community emergency room for a sexual assault examination to be performed by a SANE or SAFE. If the alleged perpetrator is an offender and the allegation is reported within 72 hours of the alleged event and consists of penetration of the mouth, anus, buttocks, or vulva, however slight, by hand, finger, object instrument, or penis, the health services staff member shall contact the on call SANE

staff member to inform them to report to the facility and determine the staff member's estimated time of arrival. The SANE staff member shall collect evidence according to established forensic procedures for processing and document the exam and finding in the applicable department computer system. If a SANE staff member is not available to conduct the sexual assault examination or if the victim's injuries are such that emergency room care is required, the victim shall be transported to the community emergency room with a SANE or SAFE for the sexual assault examination. The health services staff member shall notify the community emergency room. The health services staff member shall contact the shift supervisor to arrange transportation to the emergency room in accordance with institutional services procedures regarding offender transportation and supervision of hospitalized offenders and hospital, specialized ambulatory care, and telemedicine. For investigative purposes, the investigator may direct that the victim receive a sexual assault medical examination by the on-call SANE staff member. The SANE Hospitals document outlines that Mosaic Medical Center is the SAFE/SANE hospital for the facility. Page 68 of the Contract with Centurion notes that Centurion is required to designate at least four LPNs or RNs, as regional SANE. A review of the IAFN Adult-Adolescent SANE Training Outline notes that it includes eleven modules over the twelve week course. Training topics include: dynamics of sexual assault, overview, victim response and crisis intervention, medical forensic history and observing and assessing physical examination findings, medical-forensic photography, medical-forensic specimen collection, medical-forensic documentation, STI and pregnancy testing and prophylaxis, program and operational issues, and courtroom testimony. The facility provided a credentialing log and training certificates confirming eleven medical staff had completed the training. The PAQ stated that there were zero forensic exams conducted in the previous twelve months. The interview with the SANE noted that contracted medical staff are responsible for conducting forensic medical examinations for offender on offender sexual abuse, while any staff on offender sexual abuse victim would be transported to the local hospital. She advised there are a few on-call contracted SANE who are responsible for conducting forensic medical exams at all agency facilities. She confirmed she and the other SANEs are SAFE/SANE certified. The interview with the staff member at Mosaic Medical Center confirmed that they provide forensic medical examinations through SAFE/SANE. The staff stated if a SAFE/SANE was not available the exam would be by a qualified medical professional. A review of documentation confirmed there were zero forensic examination conducted in the previous twelve months.

115.21 (d): The PAQ indicated that the facility attempts to make a victim advocate from a rape crisis center available to the victim, either in person or by other means and these efforts are documented. The PAQ further states that the facility provides a qualified staff member from a community based organization or a qualified agency staff member when a rape crisis center is not available to provide advocacy services. D1-8.13, page 18 states during the initial assessment, mental health treatment interventions shall be discussed with the victim by the QMHP and shall include options such as individual and/or group therapy. The QMHP shall explain and offer

advocacy services to the alleged victim offender. The QMHP shall document the offender's acceptance or refusal of advocacy services in the electronic medical record. Page 20 further states each facility shall offer alleged victims of offender sexual abuse, a victim advocate to provide emotional support services, crisis intervention during the sexual assault exam, when applicable, during the investigative process. When an allegation of sexual harassment is forwarded for investigation, the alleged victim of sexual harassment shall be offered a victim advocate. The Agreement with NorthStar Advocacy Center states that the purpose of the victim advocate would be to provide offenders who are victims of sexual abuse, not including sexual harassment, a victim advocate to provide emotional support services, crisis intervention during the sexual assault exam, when applicable, and the investigative process. In addition to NorthStar Advocacy Center, the facility has staff who serve as advocates. These staff were documented with completion of the Advocacy with Survivors of Sexual Victimization training. The Consent for Facility Advocacy Services notes that offenders sign a form that outlines that confidentiality is maintained during advocacy sessions with the exceptions of: plans to harm self or others, plans for escape, risk of suicide and/or disclosure of information that creates a concern for safety and security of the facility or staff. The PCM stated that if requested by the victim, a victim advocate accompanies the offender during the forensic medical examination and investigatory interviews. She stated when an allegation is made they ask the victim if they would like a victim advocate and complete a form. She noted they have staff that have been trained to serve as an advocate and they also have an agreement with the shelter in town. There were zero offenders who reported sexual abuse at the facility during the on-site portion of the audit and as such no interviews were able to be conducted. A review of documentation noted all sexual abuse victims were afforded access to a victim advocate. The auditor observed that the advocate offered was a facility advocate, rather than an advocate from NorthStar Advocacy Center. After the on-site portion of the audit the facility conducted training through a memo/directive that advised that advocates are to be afforded through NorthStar Advocacy Center first. If an advocate is unavailable, then staff would be utilized.

115.21 (e): The PAQ indicated that as requested by the victim, a victim advocate, qualified agency staff member, or qualified community-based organization staff member accompanies and supports the victim through the forensic medical examination process and investigatory interviews and provides emotional support, crisis intervention, information and referrals. D1-8.13, page 20 states each facility shall offer alleged victims of offender sexual abuse, a victim advocate to provide emotional support services, crisis intervention during the sexual assault exam, when applicable, during the investigative process. When an allegation of sexual harassment is forwarded for investigation, the alleged victim of sexual harassment shall be offered a victim advocate. The Agreement with NorthStar Advocacy Center states that the purpose of the victim advocate would be to provide offenders who are victims of sexual abuse, not including sexual harassment, a victim advocate to provide emotional support services, crisis intervention during the sexual assault

exam, when applicable, and the investigative process. In addition to NorthStar Advocacy Center, the facility has staff who serve as advocates. These staff were documented with completion of the Advocacy with Survivors of Sexual Victimization training. The Consent for Facility Advocacy Services notes that offenders sign a form that outlines that confidentiality is maintained during advocacy sessions with the exceptions of: plans to harm self or others, plans for escape, risk of suicide and/or disclosure of information that creates a concern for safety and security of the facility or staff. The interview with the PCM stated that the agency has an agreement with NorthStar Advocacy Center, which is the local rape crisis center. There were zero offenders who reported sexual abuse at the facility during the on-site portion of the audit and as such no interviews were able to be conducted. A review of documentation noted all sexual abuse victims were afforded access to a victim advocate. The auditor observed that the advocate offered was a facility advocate, rather than an advocate from NorthStar Advocacy Center. After the on-site portion of the audit the facility conducted training through a memo/directive that advised that advocates are to be afforded through NorthStar Advocacy Center first. If an advocate is unavailable, then staff would be utilized.

115.21 (f): The PAQ indicated this provision is not applicable as the agency/facility is responsible for conducting administrative and criminal sexual abuse investigations. D1-8.13, page 19 states the PREA manager shall request all responsible law enforcement agencies follow PREA standards when conducting offender sexual abuse investigations.

115.21 (g): The auditor is not required to audit this provision.

115.21 (h): D1-8.13, page 20 states all staff members serving as a designated victim advocate for offenders shall receive victim advocacy training for sexual assault advocates. The memo from the PC advised that the agency has worked with the Missouri Coalition Against Domestic Violence and Sexual Violence to create an online advocacy training for those interested in providing advocacy services to victims of sexual violence within the agency. A review of the training curriculum confirms that the training was created by the Missouri Coalition Against Domestic Violence and Sexual Violence. The training outlines the continuum of sexual violence, terms and definitions, type of sexual violence, survivor and advocate response, samples of things to say, medical framework, the advocate's role, crisis intervention, how to help, establishing rapport, defining the problems and exploring feelings. The training includes activities and a post training quiz. The facility provided confirmation that four staff completed the training and can serve as the advocates for the facility.

Based on a review of the PAQ, D1-8.13, D1-8.8, Evidence Procedures Manual, Evidence Protocol 2023, Forensic Examinations Memorandum, SANE Hospitals 2023 Document, SANE Credentialing Log, Contract with Centurion, IAFN SANE Training Curriculum, Agreement with NorthStar Advocacy Center, Victim Advocacy Training

	Documents, Investigative Reports, Staff Training, and information from interviews with the random staff, the SAFE/SANE, and the PREA Compliance Manager this standard appears to be compliant.

115.22	Policies to ensure referrals of allegations for investigations
	Auditor Overall Determination: Meets Standard
	Auditor Discussion
	Documents: 1. Pre-Audit Questionnaire 2. D1-8.13 Offender Sexual Abuse and Harassment 3. D1-8.1 Office of Professional Standards 4. D1-8.4 Institutional Investigations 5. Investigative Reports Interviews: 1. Interview with the Agency Head Designee 2. Interviews with Investigative Staff Findings (By Provision): 115.22 (a): The PAQ indicated that the agency ensures that an administrative or criminal investigation is completed for all allegations of sexual abuse and sexual harassment. D1-8.13, page 18 states the department shall ensure that administrative and/or criminal investigations are completed for all allegations of sexual abuse and repeated allegations of sexual harassment. D1-8.4, page 2 states an inquiry or investigation may be conducted by an institutional investigator when: an offender may have engaged in a violation of offender rules; or there is an allegation of staff member on offender sexual harassment (as defined in accordance with the department procedure regarding offender sexual abuse and harassment) not related to a pat search or a use of force. Allegations of offender sexual harassment or offender sexual abuse related to pat searches or uses of force shall be processed in accordance with the PREA coordinated response protocol reference document. The interview with the Agency Head Designee advised that there is a comprehensive

reporting process and that all allegations follow a protocol checklist. He advised allegations are entered into the IRIS system. The allegations are then assigned to an investigator. The PAQ indicated that there were six allegations of sexual abuse and/or sexual harassment reported within the previous twelve months. Five resulted in an administrative investigation and one resulted in a criminal investigation. The PAQ noted that not all investigations have been completed due to the investigators work load. A review of documentation noted there were eight allegations reported during the previous twelve months. All eight were forwarded for investigations. Six had an administrative investigation completed, one also had a criminal investigation and two were still open.

115.22 (b): The PAQ indicated that the agency has a policy that requires that all allegations of sexual abuse or sexual harassment be referred for investigations to an agency with the legal authority to conduct criminal investigations and that such policy is published on the agency website or made publicly available via other means. The PAQ also indicated that the agency documents all referrals of allegations of sexual abuse or sexual harassment for criminal investigation. D1-8.13, page 18 states the department shall ensure that administrative and/or criminal investigations are completed for all allegations of sexual abuse and repeated allegations of sexual harassment. A review of the agency website (<https://doc.mo.gov/programs/PREA>) confirms that D1-8.13 is published and available for public review. Interviews with investigators confirmed that agency policy requires that allegations of sexual abuse and sexual harassment be referred to an investigative agency with the legal authority to conduct criminal investigations, unless the activity is clearly not criminal. The PAQ noted that not all investigations have been completed due to the investigators work load. A review of documentation noted there were eight allegations reported during the previous twelve months. All eight were forwarded for investigations. Six had an administrative investigation completed, one also had a criminal investigation and two were still open. All investigations were conducted by agency staff.

115.22 (c): D1-8.13, page 18 states the department shall ensure that administrative and/or criminal investigations are completed for all allegations of sexual abuse and repeated allegations of sexual harassment. A review of the agency website (<https://doc.mo.gov/programs/PREA>) confirms that D1-8.13 is published and available for public review.

115.22 (d): The PAQ stated that this provision is not applicable as the agency is responsible for conducting all administrative and criminal investigations. D1-8.13, page 18 states the department shall ensure that administrative and/or criminal investigations are completed for all allegations of sexual abuse and repeated allegations of sexual harassment. A review of the agency website (<https://doc.mo.gov/programs/PREA>) confirms that D1-8.13 is published and available for public review.

	115.22 (e): The auditor is not required to audit this provision. Based on a review of the PAQ, D1-8.13, D1-8.1, D1-8.4, Investigative Reports, the agency's website and information obtained via interviews with the Agency Head Designee and investigators, this standard appears to be compliant.

	Documents: 1. Pre-Audit Questionnaire 2. D1-8.13 Offender Sexual Abuse and Harassment 3. PREA Training Curriculum 4. Working with the Female Offender Training Curriculum 5. Supervising the Female Population Training Curriculum 6. Pat Searches Training Curriculum 7. PREA Refresher Training 2024 8. PREA Refresher Flyers 9. Staff Training Records Interviews: 1. Interviews with Random Staff Findings (By Provision): 115.31 (a): The PAQ stated that the agency trains all employees who may have contact with offenders on the following matters: the agency's zero tolerance policy, how to fulfill their responsibilities under the agency's sexual abuse and sexual

harassment policies and procedures, the offenders' right to be free from sexual abuse and sexual harassment, the right of the offender to be free from retaliation for reporting sexual abuse or sexual harassment, the dynamics of sexual abuse and sexual harassment in a confinement setting, the common reactions of sexual abuse and sexual harassment victims, how to detect and respond to signs of threatened and actual sexual abuse, how to avoid inappropriate relationship with offenders, how to communicate effectively and professionally with lesbian, gay, bisexual, transgender and intersex offenders and how to comply with relevant laws related to mandatory reporting laws. D1-8.13, pages 7-8 state all new staff members shall complete the department's online sexual misconduct and harassment training within 5 working days of employment. All staff members shall receive initial PREA training during the department's basic training. A review of the PREA Training Curriculum confirms it includes information on: the agency's zero-tolerance policy, how to fulfill their responsibilities under the agency's sexual abuse and sexual harassment policies and procedures, the residents' right to be free from sexual abuse and sexual harassment, the right of the resident to be free from retaliation for reporting sexual abuse or sexual harassment, the dynamics of sexual abuse and sexual harassment in a confinement setting, the common reactions of sexual abuse and sexual harassment victims, how to detect and respond to signs of threatened and actual sexual abuse, how to avoid inappropriate relationship with residents, how to effectively and professionally communicate with LGBTI residents and how to comply with relevant laws related to mandatory reporting. Interviews with thirteen random staff confirmed that all thirteen had received PREA training and the training included the required elements under this provision. A review of 20 staff training records indicated all 20 received PREA training.

115.31 (b): The PAQ indicated that training is tailored to the gender of offender at the facility and that employees who are reassigned to facilities with opposite gender offenders are given additional training. D1-8.13, page 8 states all new staff members who shall be placed at a female facility shall receive gender specific training prior to being placed at a post. Staff members shall receive additional training if they are reassigned from a facility that houses only male offenders to a facility that houses only female offenders. Staff members shall receive additional training if they are reassigned from a facility that houses only female offenders to a facility that houses only male offenders if their basic training or institutional basic training occurred more than two years prior to the time of assignment. A review of the Working with the Female Offender Training Curriculum and the Supervising the Female Population Training Curriculum indicates they include specific information on female offenders. The facility houses male offenders and as such no additional training was required for staff.

115.31 (c): The PAQ indicated that between training the agency provides employees who may have contact with offenders with refresher information about current policies regarding sexual abuse and sexual harassment. The PAQ stated that training

	is completed every two years and that refresher flyers are sent out every month as talking points to PCMs to distribute and discuss with staff as part of continuing education during years staff do not have the training. D1-8.13, page 8 states all staff members shall complete refresher training every two years to ensure knowledge of the agency's current sexual abuse and sexual harassment procedures. Years in which an employee is not required to complete training, the facility site coordinator shall provide refresher information on current sexual abuse and sexual harassment policies. A review of the PREA Refresher Trainings and the PREA Refresher Flyers confirmed that the agency/facility provides updated training information on various PREA topics. A review of documentation indicated 20 staff noted nineteen had received PREA training at least every two years. One staff was a new hire and had not been employed longer than two years. 115.31 (d): The PAQ stated that the agency documents that employees who may have contact with offenders understand the training they have received through employee signature or electronic verification. D1-8.13, page 8 state all completed PREA training requires a PREA acknowledgment form or PREA basic training acknowledgment form stating the staff member understood and completed the training. A review of staff training records confirmed that staff manually sign an acknowledgment form or they complete online training which includes a post training quiz as electronic verification. Based on a review of the PAQ, D1-8.13, PREA Training Curriculum, Working with the Female Offender Training Curriculum, Supervising the Female Population Training Curriculum, Pat Searches Training Curriculum, PREA Refresher Training 2024, PREA Refresher Flyers, staff training records as well as interviews with random staff, this standard appears to be compliant.

5. Contractor and Volunteer PREA Brochure
6. Contractor and Volunteer Training Records

Interviews:

1. Interviews with Volunteers and Contractors who have Contact with Offenders

Findings (By Provision):

115.32 (a): The PAQ indicated that all volunteers and contractors who have contact with offenders have been trained on their responsibilities under the agency's policies and procedures regarding sexual abuse/sexual harassment prevention, detection and response. D1-8.13, page 8 states all part-time employees, volunteers, and contract staff members shall receive PREA training specific to their classification as determined by the appropriate division director and chief of staff training. The PAQ indicated that 31 volunteers and contractors received PREA training. Further communication with the PCM indicated all contractors and volunteers had received training. A review of PREA Training for Partners in Corrections indicates it includes information on the zero tolerance policy, the purpose of PREA, definitions, red flags (signs to look for), the coordinated response and the individuals role, characteristic of victims and perpetrators, common reactions of victim, professional boundaries and reporting (including the mandatory reporting statute). A review of the Offender Sexual Abuse and Harassment A Guide for Partners in Corrections notes that it includes information on the zero tolerance policy, definitions, avoidable contact, avoiding inappropriate relationships, retaliation, reporting, statutes and policy. The Contractor and Volunteer PREA Brochure is distributed annually and includes information on the zero tolerance policy, definitions, red flags, behaviors to avoid and reporting. Interviews with contractors and volunteers confirmed they received training on their responsibilities under the agency's sexual abuse and sexual harassment policies. A review of nine contractor and four volunteer training documents confirmed all thirteen had completed PREA training.

115.32 (b): The PAQ indicated that the level and type of training provided to volunteers and contractors is based on the services they provide and level of contact they have with offenders. Additionally, the PAQ indicates that all volunteers and contractors who have contact with offenders have been notified of the agency's zero tolerance policy regarding sexual abuse and sexual harassment and informed on how to report such incidents. D1-8.13, page 8 states all part-time employees, volunteers, and contract staff members shall receive PREA training specific to their classification as determined by the appropriate division director and chief of staff training. A review of PREA Training for Partners in Corrections indicates it includes information on the

	zero tolerance policy, the purpose of PREA, definitions, red flags (signs to look for), the coordinated response and the individuals role, characteristic of victims and perpetrators, common reactions of victim, professional boundaries and reporting (including the mandatory reporting statute). A review of the Offender Sexual Abuse and Harassment A Guide for Partners in Corrections notes that it includes information on the zero tolerance policy, definitions, avoidable contact, avoiding inappropriate relationships, retaliation, reporting, statutes and policy. The Contractor and Volunteer PREA Brochure is distributed annually and includes information on the zero tolerance policy, definitions, red flags, behaviors to avoid and reporting. Interviews with contractors and volunteers indicated they receive training annually either online or in person. All four confirmed the training went over the zero tolerance policy and reporting responsibilities. A review of nine contractor and four volunteer training documents confirmed all thirteen had completed PREA training. 115.32 (c): The PAQ stated that the agency maintains documentation confirming that volunteers/contractors understand the training they have received. D1-8.13, page 8 state all completed PREA training requires a PREA acknowledgment form or PREA basic training acknowledgment form stating the staff member understood and completed the training. A review of contractor and volunteer training documents noted that they either manually signed the acknowledgement form of they completed the online training which included a quiz at the end to document understanding. Based on a review of the PAQ, D1-8.13, Offender Sexual Abuse and Harassment A Guide for Partners in Corrections, PREA Training for Partners in Corrections, Contractor and Volunteer PREA Brochure, Contractor and Volunteer training, as well as the interviews with contractors and volunteers, this standard appears to be compliant.

Interviews:

1. Interview with Intake Staff
2. Interviews with Random Offenders

Site Review Observations:

1. Observations of Intake Area
2. Observations of PREA Posters

Findings (By Provision):

115.33 (a): The PAQ stated that offenders receive information at the time of intake about the zero tolerance policy and how to report incidents or suspicions of sexual abuse or harassment. The PAQ indicated that 538 offenders received information at intake on the zero tolerance policy and how to report incident of sexual abuse/sexual harassment. This is equivalent to 100% of offenders who arrived at the facility over the previous twelve months. A review of the Offender Rulebook noted that it outlines the definitions of sexual abuse and sexual harassment, conduct violations and sanctions for sexual abuse and sexual misconduct, steps to avoid sexual abuse, actions to take after an incident of sexual abuse, reporting methods, victim rights, and consequences. A review of the PREA Brochure noted that it includes information on the zero tolerance policy, definitions, tips for prevention, steps to take after sexual abuse, reporting methods, victim right and consequences. A review of the PREA Posters indicated they included information on reporting mechanisms. The DPS Poster outlines reporting mechanisms and provides contact information for Just Detention

International and RAINN. The PREA Advocacy Poster included the phone number and mailing address to Just Detention International (JDI) and RAINN. A review of the PREA Adult Comprehensive Education Video confirms that it includes information on the zero tolerance policy, reporting methods, the residents right to be free from sexual abuse and sexual harassment, the residents right to be free from retaliation from reporting and the agency/facilities response to an allegation of sexual abuse. The auditor observed the intake process through a demonstration. Incarcerated people are provided PREA information at intake via the PREA Brochure. PREA information, including the Offender Rulebook, PREA Brochure, and PREA Posters is also available on the tablet. Each offender is provided a tablet free of charge. The interview with the intake staff confirmed that offenders are provided information on the zero tolerance policy and reporting methods. He stated all offenders are read verbiage related to PREA and are given a brochure. 25 of the 26 offenders that were interviewed indicated they received information on the zero tolerance policy and reporting mechanisms. A review of 29 offender files of those received in the previous twelve months indicated all 29 received PREA information at intake.

115.33 (b): IS5-1.1, pages 7-8 state each offender shall be scheduled for a formal institutional orientation, to occur within one week of arrival. Offenders shall receive a comprehensive Prison Rape Elimination Act (PREA) education. If the offender is disabled, limited English proficient or has limited reading skills, the PREA education shall be delivered in a manner which is understandable by the offender. Offenders shall sign an offender sexual abuse and harassment acknowledgment form showing they received PREA education and understand their rights to be free from sexual abuse, harassment and retaliation. IS5-1.2, pages 2-3 state after receiving an offender at an institution, designated reception and orientation unit staff members should ensure that offenders are provided an orientation program that includes general information including, but not limited to, the Prison Rape Elimination Act (PREA), description of and reporting potential PREA events and crime tips and PREA hotline information. After orientation, the offender will sign the receipt form and the offender sexual abuse and harassment acknowledgement form signifying completion of orientation information. The PAQ indicated that 538 offenders received comprehensive PREA education within 30 days of intake, which is equivalent to over 100% of those that arrived in the last twelve months and stayed longer than 30 days. A review of the Offender Rulebook noted that it outlines the definitions of sexual abuse and sexual harassment, conduct violations and sanctions for sexual abuse and sexual misconduct, steps to avoid sexual abuse, actions to take after an incident of sexual abuse, reporting methods, victim rights, and consequences. A review of the PREA Brochure noted that it includes information on the zero tolerance policy, definitions, tips for prevention, steps to take after sexual abuse, reporting methods, victim right and consequences. A review of the PREA Posters indicated they included information on reporting mechanisms. The DPS Poster outlines reporting mechanisms and provides contact information for Just Detention International and RAINN. The PREA Advocacy Poster included the phone number and mailing address to Just Detention International (JDI) and RAINN. A review of the PREA Adult Comprehensive

Education Video confirms that it includes information on the zero tolerance policy, reporting methods, the residents right to be free from sexual abuse and sexual harassment, the residents right to be free from retaliation from reporting and the agency/facilities response to an allegation of sexual abuse. The auditor had the facility conduct a mock demonstration of the comprehensive PREA education process. Education is completed in visitation. Offenders are shown the PREA Adult Comprehensive Education Video. The video is displayed on a 42 inch screening and has adequate audio. The video is available in English, Spanish and American Sign Language. The interview with the intake staff confirmed that offenders receive comprehensive PREA education on their right to be free from sexual abuse and sexual harassment, their right to be free from retaliation from reporting and policies and procedures after a report of sexual abuse. The intake staff advised offenders receive orientation within two days and during orientation they view the PREA video. Interviews with 26 offenders indicated 25 were told about their right to be free from sexual abuse, their right to be free from retaliation from reporting sexual abuse and agency policies and procedures on responding to an allegation. A review of 29 offender files of those received in the previous twelve months indicated all 29 had received comprehensive PREA education.

115.33 (c): The PAQ indicated that all offenders have received comprehensive PREA education within 30 days of intake. The PAQ noted that agency policy requires that inmates who are transferred from one facility to another be educated regarding their rights to be free from both sexual abuse and sexual harassment and retaliation for reporting such incidents and on agency policies and procedures for responding to such incidents, to the extent that the policies and procedures of the new facility differ from those of the previous facility. IS5-1.1, pages 7-8 state each offender shall be scheduled for a formal institutional orientation, to occur within one week of arrival. Offenders shall receive a comprehensive Prison Rape Elimination Act (PREA) education. If the offender is disabled, limited English proficient or has limited reading skills, the PREA education shall be delivered in a manner which is understandable by the offender. Offenders shall sign an offender sexual abuse and harassment acknowledgment form showing they received PREA education and understand their rights to be free from sexual abuse, harassment and retaliation. IS5-1.2, pages 2-3 state after receiving an offender at an institution, designated reception and orientation unit staff members should ensure that offenders are provided an orientation program that includes general information including, but not limited to, the Prison Rape Elimination Act (PREA), description of and reporting potential PREA events and crime tips and PREA hotline information. After orientation, the offender will sign the receipt form and the offender sexual abuse and harassment acknowledgement form signifying completion of orientation information. A review of the Offender Rulebook noted that it outlines the definitions of sexual abuse and sexual harassment, conduct violations and sanctions for sexual abuse and sexual misconduct, steps to avoid sexual abuse, actions to take after an incident of sexual abuse, reporting methods, victim rights, and consequences. A review of the PREA Brochure noted that it includes information on the zero tolerance policy, definitions,

tips for prevention, steps to take after sexual abuse, reporting methods, victim right and consequences. A review of the PREA Posters indicated they included information on reporting mechanisms. The DPS Poster outlines reporting mechanisms and provides contact information for Just Detention International and RAINN. The PREA Advocacy Poster included the phone number and mailing address to Just Detention International (JDI) and RAINN. A review of the PREA Adult Comprehensive Education Video confirms that it includes information on the zero tolerance policy, reporting methods, the residents right to be free from sexual abuse and sexual harassment, the residents right to be free from retaliation from reporting and the agency/facilities response to an allegation of sexual abuse. The interview with the intake staff confirmed that offenders receive comprehensive PREA education on their right to be free from sexual abuse and sexual harassment, their right to be free from retaliation from reporting and policies and procedures after a report of sexual abuse. The intake staff advised offenders receive orientation within two days and during orientation they view the PREA video. A review of 29 total offender files indicated all 29 had comprehensive PREA education and all had the education after 2013.

115.33 (d): The PAQ indicated that PREA education is available in accessible formats for offenders who are LEP, deaf, visually impaired, and otherwise disabled, as well as to offenders who have limited reading skills. D1-8.13, page 10 states the department shall provide PREA related education in formats accessible to all offenders, including those who are limited English proficient, deaf, visually impaired, or otherwise disabled, as well as to offenders who have limited reading skills in accordance with the department's procedures regarding deaf and hard of hearing offenders, disabled offenders, and blind and visually impaired offenders. Offenders who have limited English proficiency shall be provided a copy of the video transcript and the PREA offender brochure in their native language. D5-5.1, page 3 states that deaf or hard of hearing offenders shall be offered the assistance of qualified interpreters and have other auxiliary aids explained to them during the diagnostic process. The policy outlines the aids and services available to deaf and hard of hearing offenders. The agency has a contract for Sign Language Interpretation Services through Access Sign Language, LLC. A review of the PREA Brochure, PREA Posters, DPS Poster, PREA Advocacy Poster and Offender Rulebook confirmed that they are available in larger print. The PREA Brochure is also available in Braille. The PREA Adult Comprehensive Education Video is available in American Sign Language and includes text related to the verbal information provided. The agency has a contract for Verbal Language Interpretation Services through Language Access Multicultural People. Additionally, the agency has a list of over 60 staff that can provide translation, including one staff member at the facility. A review of the PREA Brochure, PREA Posters, DPS Poster, PREA Advocacy Poster and Offender Rulebook confirmed they were available in English and Spanish. Additionally, the PREA Brochure is available in six other languages. The PREA Adult Comprehensive Education Video is available in English and Spanish and includes text related to the verbal information provided. A review of five disabled offender records and two LEP offender records confirmed all seven had completed PREA training. It should be noted one LEP signed a Spanish

acknowledgment form and one signed an English form.

115.33 (e): The PAQ indicated that the agency maintains documentation of offender participation in PREA education sessions. IS5-1.1, pages 7-8 state each offender shall be scheduled for a formal institutional orientation, to occur within one week of arrival. Offenders shall receive a comprehensive Prison Rape Elimination Act (PREA) education. If the offender is disabled, limited English proficient or has limited reading skills, the PREA education shall be delivered in a manner which is understandable by the offender. Offenders shall sign an offender sexual abuse and harassment acknowledgment form showing they received PREA education and understand their rights to be free from sexual abuse, harassment and retaliation. IS5-1.2, pages 2-3 state after receiving an offender at an institution, designated reception and orientation unit staff members should ensure that offenders are provided an orientation program that includes general information including, but not limited to, the Prison Rape Elimination Act (PREA), description of and reporting potential PREA events and crime tips and PREA hotline information. After orientation, the offender will sign the receipt form and the offender sexual abuse and harassment acknowledgement form signifying completion of orientation information. A review of offender files noted offenders sign an acknowledgment form confirming they completed the education.

115.33 (f): The PAQ indicated that the agency ensures that key information about the agency's PREA policies is continuously and readily available or visible through posters, handbooks or other written formats. D1-8.13, page 11 states the PREA site coordinator shall make key information readily available or visible to all offenders through PREA posters, the offender rulebook, electronic notebooks and the offender brochure on sexual abuse and harassment. The auditor observed PREA information posted throughout the facility via the PREA Posters and Department of Public Safety (DPS) Poster. The PREA Posters were observed in English and Spanish on letter size paper. The DPS Poster was in English on letter size paper. The PREA hotline number was also stenciled by the phones in the housing units. PREA information was also observed on the offender tablet system. The Offender Rulebook, PREA Brochure, DPS Poster, and the PREA Posters were observed on the tablet system. It should be noted the DPS Poster on the tablet was the older version and did not identify DPS as the external reporting entity and did not outline the ability to remain anonymous. The auditor observed the PREA Advocacy Poster and the North Star Advocacy Poster during the tour. Both posters were in English on letter size paper. The auditor also confirmed that the PREA Advocacy Poster and North Star Advocacy Poster were accessible on the tablet system.

Based on a review of the PAQ, D1-8.13, IS5-1.1, IS5-1.2, PREA Adult Comprehensive Education Video, PREA Brochure, PREA Advocacy Poster, PREA Posters, DPS Poster, Offender Rulebook, Sign Language Interpretation Service Information, Verbal

	Language Interpretation Service Information, Staff Translator List, a review of offender records, observations made during the tour as well as information from interviews with intake staff and offenders, this standard appears to be compliant.

Interviews:

1. Interviews with Medical and Mental Health Staff

Findings (By Provision):

115.35 (a): The PAQ stated that the agency has a policy related to training medical and mental health practitioners who work regularly in its facilities. D1.8-13, page 8 states health services staff members shall receive specialized PREA medical and mental health training. A review of the PREA Overview training curriculum confirms that it includes information on the following topics: how to detect and assess signs of sexual abuse and sexual harassment, how to preserve physical evidence of sexual abuse, how to respond effectively and professionally to victims of sexual abuse and sexual harassment and how and whom to report allegations or suspicion of sexual abuse and sexual harassment. The PAQ indicated that three (100%) medical and mental health care staff received the specialized training. Interviews with medical and mental health staff confirmed that both have received specialized training and the training included the elements under this provision. A review of four medical and mental health care staff training records indicated all four had completed the specialized medical and mental health training.

115.35 (b): The PAQ and further communication with the PCM indicated that agency medical staff conduct forensic medical exams. Contracted medical and mental health staff conduct forensic medical examinations at the facility. Page 68 of the Contract with Centurion notes that Centurion is required to designate at least four LPNs or RNs, as regional SANE. A review of the IAFN Adult-Adolescent SANE Training Outline notes

that it includes eleven modules over the twelve week course. Training topics include: dynamics of sexual assault, overview, victim response and crisis intervention, medical forensic history and observing and assessing physical examination findings, medical-forensic photography, medical-forensic specimen collection, medical-forensic documentation, STI and pregnancy testing and prophylaxis, program and operational issues, and courtroom testimony. The facility provided a credentialing log and training certificates confirming eleven medical staff had completed the training. Interviews with medical and mental health staff confirmed that they do not perform forensic medical examinations but that they have on-call SANE that would be contacted. The interview with the SANE noted that contracted medical staff are responsible for conducting forensic medical examinations for offender on offender sexual abuse, while any staff on offender sexual abuse victim would be transported to the local hospital. She advised there are a few on-call contracted SANE who are responsible for conducting forensic medical exams at all agency facilities. She confirmed she and the other SANEs are SAFE/SANE certified.

115.35 (c): The PAQ indicated that the agency maintains documentation showing that medical and mental health practitioners have completed the required training. A review of four medical and mental health care staff training records indicated all four had completed the specialized medical and mental health training. All staff had a certificate documenting completion and/or electronic verification through the Relias program.

115.35 (d): A review of the PREA Training Curriculum confirms it includes information on: the agency's zero-tolerance policy, how to fulfill their responsibilities under the agency's sexual abuse and sexual harassment policies and procedures, the residents' right to be free from sexual abuse and sexual harassment, the right of the resident to be free from retaliation for reporting sexual abuse or sexual harassment, the dynamics of sexual abuse and sexual harassment in a confinement setting, the common reactions of sexual abuse and sexual harassment victims, how to detect and respond to signs of threatened and actual sexual abuse, how to avoid inappropriate relationship with residents, how to effectively and professionally communicate with LGBTI residents and how to comply with relevant laws related to mandatory reporting. A review of PREA Training for Partners in Corrections indicates it includes information on the zero tolerance policy, the purpose of PREA, definitions, red flags (signs to look for), the coordinated response and the individuals role, characteristic of victims and perpetrators, common reactions of victim, professional boundaries and reporting (including the mandatory reporting statute). A review of the Offender Sexual Abuse and Harassment A Guide for Partners in Corrections notes that it includes information on the zero tolerance policy, definitions, avoidable contact, avoiding inappropriate relationships, retaliation, reporting, statutes and policy. The Contractor and Volunteer PREA Brochure is distributed annually and includes information on the zero tolerance policy, definitions, red flags, behaviors to avoid and reporting. A review of four medical and mental health care staff training records indicated all four had completed

	training as required under 115.31 or 115.32. Based on a review of the PAQ, D1-8.13, PREA Overview by Relias Training, International Association of Forensic Nurses (IAFN) SANE Training, SANE Credentialing Log, Contract with Centurion, PREA Training Curriculum, Offender Sexual Abuse and Harassment A Guide for Partners in Corrections, PREA Training for Partners in Corrections, medical and mental health care staff training records as well as interviews with medical and mental health care staff, this standard appears to be compliant.

115.41	Screening for risk of victimization and abusiveness
	Auditor Overall Determination: Meets Standard
	Auditor Discussion
	Documents: 1. Pre-Audit Questionnaire 2. D1-8.13 Offender Sexual Abuse and Harassment 3. Adult Internal Risk Assessment (AIRS) 4. Adult Internal Risk Assessment Scoring 5. Adult Internal Risk Assessment Manual 6. Adult Internal Risk Assessment Manual Supplement 7. Adult Internal Risk Assessment Training 8. Offender Assessment and Reassessment Documents Interviews: 1. Interviews with Staff Responsible for Risk Screening 2. Interviews with Random Offenders 3. Interview with the PREA Coordinator 4. Interview with the PREA Compliance Manager Site Review Observations:

1. Observations of Risk Screening Area
2. Observations of Where Offender Files are Located

Findings (By Provision):

115.41 (a): The PAQ stated that the agency has a policy that requires screening upon admission to a facility or transfer to another facility for risk of sexual abuse victimization or sexual abusiveness toward other offenders. D1-8.13, page 9 states facilities shall assess offenders for the risk of being sexually abused and the risk of being sexually abusive utilizing their divisional adult internal risk assessment. All offenders shall be assessed during intake and upon transfer to another facility for their risk of being sexually abused by other offenders or sexual abusiveness towards other offenders in accordance with the institutional services procedure regarding offender housing assignments, transgender and intersex offenders and the probation and parole procedures regarding housing assignments, transgender and intersex clients, and contracted residential facilities. The auditor observed the initial risk screening process. The initial risk assessment is completed in a private office setting, one-on-one. The staff use the Adult Internal Risk Assessment questionnaire and ask questions on the form, including, age, gender identity, sexual preference, prior sexual victimization, and safety in general population. The staff then review the offender electronic file information in order to complete the other questions on the form, such as criminal history. Staff also review prior risk assessments. Staff use both information from verbal response and the file review to complete the risk assessment. Interviews with 26 offenders that arrived within the previous twelve months indicated 24 were asked the risk screening questions upon arrival. The interview with the staff responsible for the risk screening indicated that offenders are screened at intake for their risk of victimization and risk of abusiveness.

115.41 (b): The PAQ indicated that the policy requires that offenders be screened for risk of sexual victimization or risk of sexually abusing other offenders within 72 hours of their intake. D1-8.13, page 9 states offenders be assessed within 72 hours of arrival. The PAQ stated that 538 offenders, or 100% of those that arrived in the previous twelve months, were screened for risk of sexual victimization or risk of sexually abusing other offenders within 72 hours. Interviews with 26 offenders that arrived within the previous twelve months indicated 24 were asked the risk screening questions upon arrival. The interview with the staff responsible for the risk screening confirmed that offenders are screened for their risk of victimization and abusiveness within 72 hours. A review of 29 offender files of those that arrived within the previous twelve months indicated 29 had an initial risk screening completed within 72 hours.

115.41 (c): The PAQ indicated that the risk assessment is conducted using an objective screening instrument. A review of the Adult Internal Risk Assessment indicates that it includes a risk of victimization section and a risk of abusiveness section. The risk of victimization section includes fourteen questions and the risk of abusiveness section includes four questions. Each section also has an override question. The Adult Internal Risk Assessment Scoring notes that responses associated with each questions have points assigned, ranging from zero to three. The points are totaled in each section and based on the number of points, one of three designations is assigned (Kappa, Sigma and Alpha). The Adult Internal Risk Manual and Supplement provide directions for staff on how to complete the risk screening as well as details behind each of the questions.

115.41 (d): A review of the Adult Internal Risk Assessment indicates that the assessment includes fourteen questions related to sexual victimization, including, if ever approached or threatened with sexual abuse while incarcerated, approached or threatened with physical violence while incarcerated, prior sexual victimization, victim of physical abuse, ever sought assistance from staff due to fear for safety due to sexual abuse, ever sought assistance from staff due to fear of physical violence, fear of placement in general population due to sexual or physical abuse, age, physical stature, disability, gender identity/sexual preference, prior incarcerations, prior sexual offenses against an child, and history of consensual sex while incarcerated. The assessment also has a victim override question which asks whether the offender had a substantiated investigation of sexual victimization (where was the victim) within the last five years. The Adult Internal Risk Manual and Supplement provide directions for staff on how to complete the risk screening as well as details behind each of the questions. It should be noted that the Adult Internal Assessment Manual Supplement outlines corrections to three questions that were identified through prior DOJ PREA audits. One of which changes the question related to prior sexual offenses to include adult or child and the other which handles exclusively non-violent criminal history. The interview with the staff responsible for the risk screening indicated the risk screening is completed through verbally asking questions on the Adult Internal Risk Manual and reviewing the physical file and computer information. The staff confirmed the elements under this provision are included in the risk screening.

115.41 (e): A review of the Adult Internal Risk Assessment confirms that the screening tool includes four questions related to sexual abusiveness, including, if ever found guilty of sex offense with adult victims, if ever found guilty of crimes of violence, any conduct violations for violent offenses within last ten years, and violation for Murder/Manslaughter or Forcible Sexual Misconduct older than five years but less than ten years. The assessment also has an abusiveness override question which asks if the offender has a substantiated investigation for sexual misconduct or any conduct violations for Murder/Manslaughter or Forcible Sexual Misconduct within the last five years. The Adult Internal Risk Manual and Supplement provide directions for staff on how to complete the risk screening as well as details behind each of the questions. It

should be noted that the Adult Internal Assessment Manual Supplement outlines corrections to three questions that were identified through prior DOJ PREA audits. The question related to sex offenses with adult victims was changed to include child and adult changes the question related to prior sexual offenses to include any prior sexual offenses. The question related to conduct violations for violent offenses within the last ten years was changed to remove the timeframe of ten years. The interview with the staff responsible for the risk screening indicated the risk screening is completed through verbally asking questions on the Adult Internal Risk Manual and reviewing the physical file and computer information. The staff confirmed the elements under this provision are included in the risk screening.

115.41 (f): The PAQ indicated that policy requires that the facility reassess each offender's risk of victimization or abusiveness within a set time period, not to exceed 30 days after the offender's arrival at the facility, based upon any additional, relevant information received by the facility since the intake screening. D1-8.13, page 9 states offenders shall be reassessed within 30 days of arrival and shall consider additional relevant information received by the facility after the initial intake screening. The PAQ indicated 538, or over 100% of offenders entering the facility who stayed longer than 30 days, were reassessed for their risk of sexual victimization or of being sexually abusive within 30 days after their arrival at the facility. The risk reassessment process is completed in a private office setting, one-on-one. The staff complete the same process as the initial, including verbally asking questions and reviewing file information. Staff also ask the offender if they have had any PREA related incidents or if anything has changed since they arrived. The interview with staff responsible for the risk screening indicated that offenders are reassessed within 30 days. Interviews with 26 offenders that arrived in the previous twelve months indicated seventeen were asked the risk screening questions on more than one occasion. A review of 29 offender files indicated all 29 offenders had a reassessment completed within 30 days.

115.41 (g): The PAQ indicated that policy requires that an offender's risk level be reassessed when warranted due to a referral, request, incident of sexual abuse, or receipt of additional information that bears on the offender's risk of sexual victimization or abusiveness. D1-8.13, page 9 states the offender's risk level shall be reassessed when warranted due to a referral, incident of sexual abuse, or upon request or receipt of additional information that impacts an offender's risk of sexual victimization or abusiveness. The interview with staff responsible for risk screening confirmed that offenders are reassessed when warranted due to request, referral, incident of sexual abuse or receipt of additional information. Interviews with 26 offenders that arrived in the previous twelve months indicated seventeen were asked the risk screening questions on more than one occasion. A review of 29 offender files indicated all 29 offenders had a reassessment completed. There was one sexual abuse allegation that would necessitate a reassessment due to incident of sexual abuse. A review of documentation noted the victim transferred from the facility prior

	to the completion of the investigation. A risk assessment was completed at the new facility upon arrival. 115.41 (h): The PAQ indicated that policy prohibits disciplining offenders for refusing to answer whether or not the offender has a mental, physical or developmental disability; whether or not the offender is or is perceived to be gay, lesbian, bisexual, transgender, intersex or gender non-conforming; whether or not the offender has previously experienced sexual victimization; and the offender's own perception of vulnerability. D1-8.13, page 9 states the offender shall not be disciplined for refusing to answer or not disclosing complete information during the assessment. The interview with the staff responsible for risk screening indicated that offenders are not disciplined for refusing to answer or not fully disclose information for any of the risk screening questions. 115.41 (i): Offender risk assessments are documented electronically via the MOSIC system. During the tour the auditor had a security staff member pull up the risk screening information in MOSIC. The auditor viewed that the staff did not have access and was given an error message that noted they were not authorized to view the information. The PC stated that the agency has implemented appropriate controls on information from the risk screening to ensure sensitive information is not exploited. He stated the information is limited to Corrections Case Managers and their supervisors, as these are the staff who complete the risk screening. All other staff just have access to review the label produced as a result of the risk assessment. The interview with the PCM confirmed that the agency has outlined who should have access to the risk screening information so that sensitive information is not exploited. The staff responsible for the risk screening stated that the information from the risk screening is limited to those with a need to know. Based on a review of the PAQ, D1-8.13, Adult Internal Risk Assessment (AIRS), Adult Internal Risk Assessment Scoring, Adult Internal Risk Assessment Manual, Adult Internal Risk Assessment Manual Supplement, Adult Internal Risk Assessment Training, offender files and information from interviews with the PREA Coordinator, PREA Compliance Manager, staff responsible for conducting the risk screenings and random offenders, this standard appears to be compliant.

Site Review Observations:

1. Location of Offender Records.
2. Housing Assignments of LGBTI Offenders
3. Shower Area in Housing Units

Findings (By Provision):

115.42 (a): The PAQ stated that the agency/facility uses information from the risk screening to inform housing, bed, work, education and program assignments with the

goal of keeping separate those offenders at high risk of being sexually victimized from those at high risk of being sexually abusive. D1-8.13, page 10 states housing, cell, bed, education, and programming assignments shall be individualized utilizing the adult internal risk assessment with the goal of keeping separate those offenders identified at high risk of sexual victimization from offenders assessed at high risk of being sexually abusive. This shall be in accordance with the institutional services procedures regarding offender housing assignments, transgender and intersex offenders, offender recreation and activities, and probation and parole procedures regarding community supervision centers, the community release center, and contracted residential facilities. IS18-1.1, page 4 states housing unit staff members shall utilize the internal classification information to designate required activities assignments for the purpose of keeping separate and/or ensuring the appropriate monitoring of those offenders at high risk of being sexually victimized from those at high risk of being sexually abusive when working or attending programming together in accordance with institutional services procedures regarding offender internal classification systems. IS5-2.3, page 1 states the department utilizes an internal classification system to assist department staff members in determining appropriate housing, programs, and work assignments of offenders to ensure offender safety, institutional security, and compliance with the Prison Rape Elimination Act (PREA) guidelines. The interview with the PREA Compliance Manager indicated that information from the risk screening is utilized to determine Alpha, Kappa and Sigma designations. These designations are then used to house offender and for work assignments. She noted that there are specific housing units they use for designations and they share this information with supervisor to keep high risk victims and high risk abusers apart. The interview with the staff responsible for the risk screening indicated that the information from the risk screening is utilized to determine the Alpha, Sigma and Kappa scoring, which is used for housing. A review of offender files and of offender housing and work assignments confirmed that offenders at high risk of victimization and offenders at high risk of being sexually abusive were not housed together, and did not work/program together unsupervised.

115.42 (b): The PAQ indicated that the agency/facility makes individualized determinations about how to ensure the safety of each offender. D1-8.13, page 10 states housing, cell, bed, education, and programming assignments shall be individualized utilizing the adult internal risk assessment with the goal of keeping separate those offenders identified at high risk of sexual victimization from offenders assessed at high risk of being sexually abusive. This shall be in accordance with the institutional services procedures regarding offender housing assignments, transgender and intersex offenders, offender recreation and activities, and probation and parole procedures regarding community supervision centers, the community release center, and contracted residential facilities. IS18-1.1, page 4 states housing unit staff members shall utilize the internal classification information to designate required activities assignments for the purpose of keeping separate and/or ensuring the appropriate monitoring of those offenders at high risk of being sexually victimized from those at high risk of being sexually abusive when working or attending

programming together in accordance with institutional services procedures regarding offender internal classification systems. IS5-2.3, page 1 states the department utilizes an internal classification system to assist department staff members in determining appropriate housing, programs, and work assignments of offenders to ensure offender safety, institutional security, and compliance with the Prison Rape Elimination Act (PREA) guidelines. The interview with the staff responsible for the risk screening indicated that the information from the risk screening is utilized to determine the Alpha, Sigma and Kappa scoring, which is used for housing.

115.42 (c): The PAQ stated that the agency/facility makes housing and program assignments for transgender or intersex offenders in the facility on a case by case basis. D1-8.13, page 9 states housing assignment for transgender and intersex offenders shall be made in accordance with the institutional services and probation and parole procedures regarding housing assignments. IS5-3.1, page 3 states the transgender committee is responsible for determining a permanent housing assignment for each transgender or intersex offender, and prior to this assignment shall meet with each offender to determine his vulnerability within the general population and length of time living as the acquired gender. A review of the Transgender Offender Protocol notes that there are three different committees, one at the facility level, one at the agency level and one at the clinical level. The document outlines that the facility level team meets with the transgender or intersex individual within ten days to review health and safety needs. The PCM stated that program and placement of transgender and intersex offenders is case by case. She stated they have a transgender review committee and they review this information. The PCM confirmed that housing and program assignments take into consideration the offender's health and safety as well as any security or management problems. The interview with the transgender offender indicated she was asked how she felt about her safety with regard to housing and programming. She also stated she did not believe LGBTI offenders are housed solely based on their gender identity. A review of the Transgender Committee Review for the one transgender offender confirms that she had a case by case review. The form notes the offenders view of vulnerability, historical overview of offender, institutional adjustment, programming assignments, health care status, accommodations, security concerns, etc.

115.42 (d): D1-8.13, page 22 states the department shall make informed decisions regarding the health and safety of transgender and intersex offenders by ensuring that there are assessed every 6 months in accordance with the institutional services procedure regarding transgender and intersex offenders. The interview with the PCM indicated transgender and intersex offenders are reassessed every six months. The staff responsible for the risk screening confirmed transgender and intersex offenders are reassessed at least biannually. A review of documentation for the one transgender offender noted that one reassessment was completed, however the offender was at the facility less than a year so the second was not yet due.

	115.42 (e): Interviews with the PCM and staff responsible for the risk screening indicated that transgender and intersex Offenders' view with respect to their safety are given serious consideration. Interviews with transgender Offenders indicated four of the five were asked how they felt about their safety with regard to housing and programming. 115.42 (f): During the tour the auditor confirmed that showers were single person and provided privacy through curtains, walls and expanded metal. Interviews with the PCM and the staff responsible for risk screening confirmed that transgender and intersex Offenders are given the opportunity to shower separately. The PCM stated all showers are single person. Interviews with five transgender Offenders confirmed all five are afforded the opportunity to shower separately. 115.42 (g): The interviews with the PC and PCM confirmed that the agency does not have a consent decree and that LGBTI Offenders are not placed in one housing unit or one facility based on their gender identify and/or sexual preference. The PC stated LGBTI offenders are housed case by case, just like all other offenders. He advised housing LGBTI offenders in one facility, unit or wing would violate policy and the PREA standards. Interviews with LGBTI Offenders confirmed none of the six felt that they were placed in any specific housing unit, facility or wing based on their sexual preference and/or gender identity. A review of housing assignments for Offenders who identified as LGBTI confirmed they were housed among numerous housing units within the facility. Based on a review of the PAQ, D1-8.13, IS5-2.3, IS18-1.1, IS5.3.1, Offender housing determinations, transgender housing determinations, biannual reviews, LGB Offender housing assignments and information from interviews with the PC, PCM, staff responsible for the risk screenings and LGBTI Offenders, this standard appears to be compliant.

1. Interview with the Warden

2. Interview with the Staff Who Supervisor Offenders in Segregated Housing

Site Review Observations:

1. Observation of the Segregated Housing Unit

Findings (By Provision):

115.43 (a): The PAQ indicated the agency has a policy that prohibits placing offenders at high risk of sexual victimization in involuntary segregated housing unless an assessment has been made, and there has been a determination that there is no available alternative means of separation from likely abusers. D1-8.13, page 15 states following an allegation of offender sexual abuse or if an offender is assessed as being at high risk of victimization, the shift supervisor shall ensure the offender is housed in the least restrictive housing available to ensure safety. The assessment for least restrictive housing shall occur within 24 hours of the allegation or the offender being identified as at risk. The PAQ indicated there have been zero instances where offenders have been placed in involuntary segregated housing due to their risk of sexual victimization. The interview with the Warden confirmed that the agency has a policy that prohibits placing offenders at high risk of victimization in segregated housing unless there are no other available alternative means of separation of likely abusers. A review of documentation for high risk offenders (Sigma) indicated none were housed in the segregated housing unit.

115.43 (b): D1-8.13, page 15 states if the assessment of least restrictive housing is due to an allegation of sexual abuse or sexual harassment the shift supervisor shall note the recommended housing option on the PREA allegation notification penetration/non-penetration event checklist. If segregation is recommended, the shift supervisor shall note on the PREA notification checklist the reason no alternative means of housing separation can be arranged and the offender victim shall be placed in segregated housing in accordance with institutional services procedures regarding temporary administrative segregation confinement and administrative segregation. During the tour the auditor observed the segregated housing unit. The unit included a

medical office and a “dayroom” with phones and a kiosk. Offenders have out of cell time via recreation (three times a week) and showers (three times a week). Phone access is once a month. Offenders have tablets, but access on them is limited. Offenders in the segregated housing unit provide grievances and mail to case managers during daily rounds. The interview with the staff who supervise offenders in segregated housing confirmed that offenders placed in involuntary segregated housing due to risk of victimization would have equal access to program, privileges, education and work opportunities to the extent possible. He stated any restrictions would be documented. There were zero offenders at high risk of victimization in segregated housing due to their risk of victimization and as such no interviews were conducted.

115.43 (c): D1-8.13, page 15 states assignment to involuntary segregation housing shall not ordinarily exceed a period of 30 days. The PAQ indicated there have been zero instances where offenders have been placed in involuntary segregated housing due to their risk of sexual victimization. The Warden confirmed that the facility would only assign offenders to involuntary segregated housing only until an alternative means of separation from likely abusers can be arranged. The Warden stated they would typically find alternative housing fairly quickly so the offender can continue their treatment at the facility. He noted it would be less than 30 days. The interview with the staff who supervise offenders in segregated housing confirmed that the facility would only assign offenders to involuntary segregated housing only until an alternative means of separation from likely abusers can be arranged. He advised he has never seen a high risk victim placed in involuntary segregated housing as they don't typically do this, but they could find alternative housing within 30 days.

115.43 (d): D1-8.13, page 15 states if the assessment of least restrictive housing is due to an allegation of sexual abuse or sexual harassment the shift supervisor shall note the recommended housing option on the PREA allegation notification penetration/non-penetration event checklist. If segregation is recommended, the shift supervisor shall note on the PREA notification checklist the reason no alternative means of housing separation can be arranged and the offender victim shall be placed in segregated housing in accordance with institutional services procedures regarding temporary administrative segregation confinement and administrative segregation. The PAQ indicated there have been zero instances where offenders have been placed in involuntary segregated housing due to their risk of sexual victimization and as such no files had documentation related to this provision. A review of documentation for high risk offenders (Sigma) indicated none were housed in the segregated housing unit.

115.43 (e): The PAQ indicated if an involuntary segregated housing assignment is made, the facility affords each such offender a review every 30 days to determine whether there is a continuing need for separation from the general population.

	D1-8.13, page 15 states every 30 days, the offender shall be afforded a review to determine whether there is a continuing need for separation from the general population in accordance with institutional services procedures regarding segregation units and protective custody. The interview with the staff who supervise offenders in segregated housing confirmed that they would be reviewed at least every 30 days. Based on a review of the PAQ, D1-8.13, Housing Assignments for High Risk Offenders, observations from the facility tour as well as information from interviews with the Warden and staff who supervise offenders in segregated housing, this standard appears to be compliant.

2. Interviews with Random Offenders
3. Interview with the PREA Compliance Manager

Site Review Observations:

1. Observation of Posted PREA Information

Findings (By Provision):

115.51 (a): The PAQ stated that the agency has established procedures for allowing multiple internal ways for offenders to report privately to agency officials; sexual abuse or sexual harassment; retaliation by other offenders or staff for reporting sexual abuse or sexual harassment; and staff neglect or violation of responsibilities that may have contributed to such incidents. D1-8.13, pages 11-12 state each facility shall provide multiple ways for offenders to make anonymous reports of allegations of offender sexual abuse and harassment, retaliation, staff member neglect, and violation of responsibilities that may have contributed to an incident of offender sexual abuse, to include but not limited to: informal resolution request (IRR), grievance process, or offender complaint, a staff member, PREA hotline, and advocacy agency. Offenders may make anonymous reports of allegations of offender sexual abuse to the Department of Public Safety, Crimes Victims Services Unit. All offender mail addressed to the Crimes Victims Services Unit shall be treated as confidential mail and not subject to examination. Facilities shall maintain strict policies prohibiting mailroom staff from revealing to staff members or administrators the fact that an offender sent correspondence to the sexual abuse reporting entity. A review of the Offender Rulebook noted that it outlines reporting methods, including verbally or in writing to staff, through the PREA hotline (number provided) and/or by writing to the DPS Crime Victims Services Unit. A review of the PREA Brochure noted that it includes information on reporting methods, including verbally or in writing to staff, through the PREA hotline (number provided) and/or by writing to the DPS Crime Victims Services Unit. A review of the PREA Posters indicated they included information on reporting methods, including verbally or in writing to staff, through the PREA hotline (number provided) and/or by writing to the DPS Crime Victims Services Unit. A review of the DPS Poster noted that it included information on reporting mechanism, including to staff, through the PREA hotline, and anonymously to DPS. The auditor observed PREA information posted throughout the facility via the PREA Posters and Department of Public Safety (DPS) Poster. The PREA Posters were observed in English and Spanish on letter size paper. The DPS Poster was in English on letter size paper. The PREA hotline number was also stenciled by the phones in the housing units. PREA information was also observed on the offender tablet system. The

Offender Rulebook, PREA Brochure, DPS Poster, and the PREA Posters were observed on the tablet system. It should be noted the DPS Poster on the tablet was the older version and did not identify DPS as the external reporting entity and did not outline the ability to remain anonymous. The auditor tested the internal reporting mechanisms during the tour. The auditor called the PREA hotline on June 12, 2025 from a phone in an offender housing unit with assistance from an offender. The offender dialed "1" for a collection call, then entered the hotline number, and was then prompted to enter their pin number. The auditor left a message on the PREA hotline voicemail. The auditor was provided confirmation on June 16, 2025 that the call was received and processed by the PC. The auditor also tested the written reporting mechanism. The auditor submitted a kite via a located box in a housing unit. The kite was submitted on June 12, 2025. The auditor received confirmation on June 13, 2025 that the kite was received and that any allegation reported via a kite would be forwarded to the PREA Compliance Manager. Interviews with 26 offenders confirmed that all 26 were aware of at least one method to report sexual abuse and sexual harassment. Offenders advised they could report to staff, in writing and through the hotline number. Interviews with thirteen staff confirmed that offenders can report to staff, in writing and through the hotline.

115.51 (b): The PAQ stated that the agency provides at least one way for offenders to report abuse or harassment to a public entity or office that is not part of the agency. D1-8.13, page 12 states offenders may make anonymous reports of allegations of offender sexual abuse to the Department of Public Safety, Crimes Victims Services Unit. All offender mail addressed to the Crimes Victims Services Unit shall be treated as confidential mail and not subject to examination. Facilities shall maintain strict policies prohibiting mailroom staff from revealing to staff members or administrators the fact that an offender sent correspondence to the sexual abuse reporting entity. The MOU with the Department of Public Safety notes that DPS shall receive written correspondence of allegations of offender sexual abuse and harassment and that all written correspondence shall be documented in the SharePoint application. DPS staff will send alerts to agency staff notifying of the correspondence and recorded information in SharePoint. A review of the Offender Rulebook noted that it outlines reporting methods, including verbally or in writing to staff, through the PREA hotline (number provided) and/or by writing to the DPS Crime Victims Services Unit. A review of the PREA Brochure noted that it includes information on reporting methods, including verbally or in writing to staff, through the PREA hotline (number provided) and/or by writing to the DPS Crime Victims Services Unit. A review of the PREA Posters indicated they included information on reporting methods, including verbally or in writing to staff, through the PREA hotline (number provided) and/or by writing to the DPS Crime Victims Services Unit. A review of the DPS Poster noted that it included information on reporting mechanism, including to staff, through the PREA hotline, and anonymously to DPS. The DPS Poster states offenders can report anonymously by writing to DPS and that offenders do not have to include their name or number on the envelope and the envelope does not need to be sealed. The auditor observed PREA information posted throughout the facility via the PREA Posters and Department of

Public Safety (DPS) Poster. The PREA Posters were observed in English and Spanish on letter size paper. The DPS Poster was in English on letter size paper. The PREA hotline number was also stenciled by the phones in the housing units. PREA information was also observed on the offender tablet system. The Offender Rulebook, PREA Brochure, DPS Poster, and the PREA Posters were observed on the tablet system. It should be noted the DPS Poster on the tablet was the older version and did not identify DPS as the external reporting entity and did not outline the ability to remain anonymous. The auditor also tested the external reporting mechanism via a letter to DPS. The auditor sent a letter to DPS during a prior MO DOC audit. The process is the same across the agency and as such the auditor did send a subsequent test letter. The auditor obtained an envelope and sent a letter to DPS on May 27, 2025. The auditor observed the mailing address on the numerous PREA Posters. Residents are able to remain anonymous as the letter does not require a return address. Additionally, it does not require postage. The DPS is utilized for numerous services and as such they are not just an organization to report sexual abuse. The auditor received confirmation on June 10, 2025 that the letter was received by the Department of Public Safety. The Program Specialist advised she would scan the letter and send it to the MO DOC PREA office. She further confirmed that offenders can remain anonymous when reporting. During the tour the auditor observed the mail process. A locked box is located in each housing building where offenders place mail. The mailroom staff indicated that incoming regular mail from family and friends is electronic and comes in through the JPay system. Staff review all incoming electronic regular mail prior to it being released to the offender tablet. Incoming physical mail is typically only legal mail. Legal mail is provided to the case managers. Offenders would open the mail in front of the case manager. Any physical mail that is not legal would be opened and reviewed. Outgoing electronic regular mail goes through the JPay system. Staff review outgoing mail prior to it being released to the recipient. Outgoing physical regular mail is provided to the mailroom unsealed. All outgoing regular mail is reviewed by staff. Outgoing legal mail can be sealed and would not be opened/reviewed. The mailroom staff advised mail to DPS would fall under legal mail. The interview with the PCM indicated that offenders can report through the address that is posted or the number that is posted. She noted that the mailroom has been advised that certain letters are not to be open, including to RAINN. The PCM advised that she assumed the information would be provided to Jefferson City, who would provide the information to the facility. Interviews with 26 offenders indicated thirteen were aware that they could report to DPS as the outside reporting mechanism and 21 knew they could report anonymously. The PAQ indicated that offenders are not detained solely for civil immigration purpose. Following the on-site portion of the audit the facility provided photos confirming the updated DPS Poster was added to the tablet.

115.51 (c): The PAQ indicated that the agency has a policy mandating that staff accept reports of sexual abuse and sexual harassment made verbally, in writing, anonymously and from third parties. The PAQ also indicated that staff document verbal reports immediately. D1-8.13, page 12 states all allegations including anonymous, third party, verbal, or allegations made in writing shall be accepted and

moved forward in accordance with the offender sexual abuse coordinated response outlined in this procedure. Page 14 further states all allegations of offender sexual abuse and/or harassment, including third party and anonymous reports, shall immediately be forwarded to the shift supervisor to initiate the coordinated response utilizing the applicable PREA allegation notification penetration/non-penetration event checklist. The Employee Handbook, page 21 advises that when an employee has reason to believe that an offender has been abused, they must immediately report all pertinent details in writing to their supervisor or chief administrative officer. During the tour, the auditor asked staff to demonstrate how they would document a verbal report of sexual abuse. Staff indicated all verbal reports would be documented in an Interoffice Communication (IOC). The IOC would be completed on the computer, printed out and provided to the Shift Commander. Interviews with 26 offenders confirmed all 26 knew they could report allegations of sexual abuse verbally or in writing to staff and 21 knew they could report via a third party. Interviews with thirteen random staff confirmed that offenders can report verbally, in writing, anonymously and through a third party. The staff stated that they would document verbal reports in an IOC. A review of investigations indicated five were reported verbally to a facility staff member. All five were documented in an IOC and/or through the PREA Checklist.

115.51 (d): The PAQ indicated that the agency has established procedures for staff to privately report sexual abuse and sexual harassment of offenders and staff are informed of these procedures through policy, the employee handbook, posters, handouts and the agency website. A review of C.L.E.A.R Line Poster notes that staff are advised there is a zero tolerance and they can report through the chain of command, by contacting the Civil Rights Officer, and by calling the C.L.E.A.R. line to make a confidential report to the Office of Professional Standards (phone and email provided). The Employee Handbook, page 6 also states that staff can make a confidential report by calling the reporting hotline. Interviews with thirteen staff confirmed all thirteen knew they could privately report sexual abuse and sexual harassment of offenders. Most staff stated that they could report directly to any supervisor or through the hotline.

Based on a review of the PAQ, D1-8.13, D1-8.9, Statute of Missouri 217.410, Offender Rulebook, PREA Brochure, PREA Posters, Employee Handbook, DPS Poster, C.L.E.A.R. Line Poster, Memorandum of Understanding with Department of Public Safety Crime Victims Unit, observations during the tour, and information from interviews with the PC, random residents and random staff, this standard appears to be compliant.

Recommendation

The auditor highly recommends that the facility emphasize the external reporting

	mechanism to offenders during education under PREA Standard 115.33. Additionally, the auditor recommends the facility outline this method to staff, including the PCM, to ensure they are aware and able to provide this information to offenders when needed.

115.52	Exhaustion of administrative remedies
	Auditor Overall Determination: Meets Standard
	Auditor Discussion
	Documents: 1. Pre-Audit Questionnaire 2. D1-8.13 Offender Sexual Abuse and Harassment 3. D5-3.2 Offender Grievance 4. Informal Resolution Request Form 5. Offender Grievance Form 6. Offender Grievance Appeal Form 7. Grievance Log Findings (By Provision): 115.52 (a): The PAQ indicated that the agency is not exempt from this standard. 115.52 (b): The PAQ indicated that agency policy or procedure allows an offender to submit a grievance regarding an allegation of sexual abuse at any time, regardless of when the incident is alleged to have occurred. Additionally, it indicated that the policy does not require that offender use an informal grievance process, or otherwise attempt to resolve with staff, an alleged incident of sexual abuse. D1-8.13, page 12 states the department shall not require an offender to use any informal grievance or complaint process, or to otherwise attempt to resolve with staff members, an alleged incident of sexual abuse. The department shall not impose a time limit for an offender submitting a grievance or complaint regarding an allegation of sexual abuse. The department may apply otherwise applicable time limits to any portion of a grievance or complaint that does not allege an incident of sexual abuse in accordance with the department procedure regarding offender grievance, institutional investigations, and office of professional standards. D5-3.2, ;age 17 states the department shall not

impose a time limit on when an offender may submit a complaint regarding an allegation of offender sexual abuse. The department shall not require an offender to use the informal grievance process or to otherwise attempt to resolve with staff members, an alleged incident of offender sexual abuse. Offenders are provided information on grievances during orientation and can access the grievance policy in the library.

115.52 (c): The PAQ indicated that agency policy and procedure allow an offender to submit a grievance alleging sexual abuse without submitting it to the staff member who is subject of the complaint. Additionally, the PAQ indicated that policy and procedure require that an offender grievance alleging sexual abuse not be referred to the staff member who is the subject of the complaint. D1-8.13, pages 12-13 state the department shall ensure that an offender who alleges sexual abuse may submit a complaint to a staff member who is not the subject of the complaint and the grievance or complaint is not referred to a staff member who is the subject of the complaint. Staff members are to address grievances or complaints for allegations of sexual abuse and harassment in accordance with the department procedure regarding offender grievance, institutional investigations, and office of professional standards. D5-3.2, pages 17-18 state an offender who alleges offender sexual abuse may submit an offender grievance, or offender grievance appeal without submitting it to a staff member who is subject to the complaint. A complaint of sexual abuse against a staff member shall not be referred to the staff member for response, nor shall that staff member be the respondent of the complaint. Offenders are provided information on grievances during orientation and can access the grievance policy in the library.

115.52 (d): The PAQ indicated that agency policy and procedure require that a decision on the merits of any grievance or portion of a grievance alleging sexual abuse be made within 90 days of the filing of the grievance. D5-3.2, page 18 states offender grievances alleging sexual abuse shall be processed as follows, the complaint shall be reviewed by the CAO or the PREA site coordinator for determination on if the complaint shall be treated as a PREA grievance or PREA emergency grievance. If determined to be a non-emergency the CAO or designee shall respond within 30 calendar days of receipt. An extension of time to respond, of up to 70 calendar days, may be claimed if the normal time period for response is insufficient to make an appropriate decision. The PAQ indicated that there were zero grievances of sexual abuse in the previous twelve months. There were zero offenders who reported sexual abuse at the facility during the on-site portion of the audit and as such no interviews were able to be conducted. A review of the grievance log confirmed there were no sexual abuse allegations reported through a grievance.

115.52 (e): The PAQ indicated that agency policy and procedure permit third parties, including fellow offenders, staff members, family members, attorneys, and outside

advocates, to assist offenders in filing grievances for administrative remedies related to allegations of sexual abuse and to file such request on behalf of offenders. It also states that agency policy and procedure require that if the offender declines to have third-party assistance in filing a grievance of sexual abuse, the agency documents the offender's decision to decline. D5-3.2, page 18 states third parties, including fellow offenders, staff members, family members, attorneys, and outside advocates, shall be permitted to assist offenders in filing requests for grievances or appeals relating to allegations of offender sexual abuse. This assistance cannot interfere with the safety and security of the institution. Page 19 states if the offender declines to have the request processed on his behalf, the CCM shall document the offender's decision and the complaint shall be considered withdrawn for grievance purposes. The PAQ indicated there were zero grievances filed by offenders in the previous twelve months in which the offender declined third-party assistance. A review of the grievance log confirmed there were no sexual abuse allegations reported through a grievance.

115.52 (f): The PAQ indicated that the agency has a policy and established procedures for filing an emergency grievance alleging that an offender is subject to substantial risk of imminent sexual abuse. It also indicated that an initial response is required within 48 hours and a final agency decision be issued within five days. D5-3.2, page 1 states when a staff member receives the completed grievance form from the offender, the staff member shall record receipt of the form in accordance with this procedure and it shall be taken to the CAO, PREA site coordinator or designee immediately for possible investigation or inquiry. If the CAO or the PREA site coordinator determines that the complaint meets the definition of a PREA emergency grievance, the grievance shall be addressed as follows, the CAO or designee shall prepare an initial response which shall be attached to the grievance and provided to the offender within 48 hours of receipt of the initial filing date. The offender shall sign and date the response. A final response from the CAO or designee shall be provided to the offender within 5 calendar days from the initial filing date. The offender shall sign and date the form. The PAQ stated there were zero grievances alleging imminent risk of sexual abuse over the previous twelve months. A review of the grievance log confirmed there were no sexual abuse allegations reported through a grievance.

115.52 (g): The PAQ indicated that the agency has a written policy that limits its ability to discipline an offender for filing a grievance alleging sexual abuse to occasions where the agency demonstrates that the offender filed the grievance in bad faith. The PAQ noted there were zero offenders grievances alleging sexual abuse that resulted in disciplinary action by the agency against the offender for having filed the grievance in bad faith.

Based on a review of the PAQ, D1-8.13, D5-3.2, Informal Resolution Request Form, Offender Grievance Form, Offender Grievance Appeal Form, and the Grievance Log, this standard appears to be compliant.

115.53	Inmate access to outside confidential support services
	Auditor Overall Determination: Meets Standard
	Auditor Discussion
	Documents: 1. Pre-Audit Questionnaire 2. D1-8.13 Offender Sexual Abuse and Harassment 3. PREA Advocacy Poster 4. Department of Public Safety (DPS) Poster 5. NorthStar Advocacy Center Poster 6. Consent for Facility Advocacy Services Form 7. Agreement with NorthStar Advocacy Center Interviews: 1. Interviews with Random Offenders Site Review Observations: 1. Observations of Victim Advocacy Information Findings (By Provision): 115.53 (a): The PAQ indicated the facility provides offenders with access to outside victim advocates for emotional support services related to sexual abuse by; giving offenders mailing addresses and phone numbers for local, state or national victim advocacy or rape crisis organizations; and enabling reasonable communication between offenders and these organizations in as confidential a manner as possible. D1-8.13, page 21 states facilities shall make available to offenders mailing addresses, telephone numbers, including toll-free hotline numbers, where available, of local, state, or national victim advocacy or rape crisis organizations. The PAQ indicated that the agency does not detain offenders solely for immigration purposes and as such this part of the provision does not apply. A review of the PREA Advocacy Poster notes that it includes contact information (phone number and mailing address) for JDI and RAINN. A review of the DPS Poster notes that it includes the phone number and

mailing address to JDI and the mailing address for RAINN. The DPS Poster advises that letters to JDI and RAINN will be confidential and not subject to examination by staff. Further, the DPS Posters states that phone calls may be monitored. A review of the NorthStar Advocacy Center Poster indicated that it advised offenders that the facility's local advocacy center is NorthStar Advocacy Center. It advised offenders the phone number (24 hour crisis line) and the mailing address. The Consent for Facility Advocacy Services notes that offenders sign a form that outlines that confidentiality is maintained during advocacy sessions with the exceptions of: plans to harm self or others, plans for escape, risk of suicide and/or disclosure of information that creates a concern for safety and security of the facility or staff. The MOU with Safe Passage states that the organization will respond to offender victims on the same basis as existing community standards providing direct services including crisis intervention, emotional support, information, referrals, and ensure the offender victim's interests are represented, their wishes respected, and their rights upheld in accordance with PREA standards. It also states the organization will provide advance notice of non-emergency requests for access to the offender victim and meet with the offender victim during regular business hours, except in exigent circumstances. The auditor observed PREA information posted throughout the facility via the PREA Posters and Department of Public Safety (DPS) Poster. PREA information was also observed on the offender tablet system. The Offender Rulebook, PREA Brochure, DPS Poster, and the PREA Posters were observed on the tablet system. The auditor observed the PREA Advocacy Poster and the North Star Advocacy Poster during the tour. Both posters were in English on letter size paper. The auditor also confirmed that the PREA Advocacy Poster and North Star Advocacy Poster were accessible on the tablet system. The facility provides access to emotional support services through a local organization, JDI and RAINN. The phone numbers and mailing addresses to JDI and RAINN are provided via the PREA Advocacy Poster and the phone number and mailing address to the local rape crisis center is provided via the NorthStar Advocacy Poster. Offenders can send correspondence to these organizations via legal mail. Offenders can call the hotline numbers, but they are required to pay for these calls. Offenders are advised the calls are monitored. The auditor was unable to test the hotline due to the cost to the offenders. The auditor did review the mail process to confirm access via written correspondence. Interviews with 26 offenders indicated eight were familiar with outside emotional support services and fifteen were provided a mailing address and telephone number to an emotional support service. While less than half advised they were aware, the information was posted and distributed via the tablet.

115.53 (b): The PAQ stated that the facility informs offenders, prior to giving them access to outside support services, the extent to which such communication will be monitored. It also states that the facility informs offenders about mandatory reporting rules governing privacy, confidentiality and/or privilege that apply to disclosures of sexual abuse made to outside victim advocates. D1-8.13, pages 20-21 state offenders shall be allowed to communicate with an advocate by mail or special visit in a confidential manner as possible to maintain safety and security of the institution. Before being given access to a victim advocate, the offenders shall be informed of the

extent to which communications shall be monitored and the extent to which reports of abuse shall be forwarded to authorities in accordance with mandatory reporting laws. Outside victim advocates shall be allowed to arrange special visits with the offender victim in the facilities on non-visitation days. All visits shall be arranged through the PREA site coordinator or designee. A review of the PREA Advocacy Poster notes that it includes contact information (phone number and mailing address) for JDI and RAINN. The PREA Advocacy Poster advised that mail to JDI and RAINN is confidential. A review of the DPS Poster notes that it includes the phone number and mailing address to JDI and the mailing address for RAINN. The DPS Poster advises that letters to JDI and RAINN will be confidential and not subject to examination by staff. Further, the DPS Posters states that phone calls may be monitored. A review of the NorthStar Advocacy Center Poster indicated that it advised offenders that the facility's local advocacy center is NorthStar Advocacy Center. It advised offenders the phone number (24 hour crisis line) and the mailing address. The Consent for Facility Advocacy Services notes that offenders sign a form that outlines that confidentiality is maintained during advocacy sessions with the exceptions of: plans to harm self or others, plans for escape, risk of suicide and/or disclosure of information that creates a concern for safety and security of the facility or staff. The auditor observed PREA information posted throughout the facility via the PREA Posters and Department of Public Safety (DPS) Poster. PREA information was also observed on the offender tablet system. The Offender Rulebook, PREA Brochure, DPS Poster, and the PREA Posters were observed on the tablet system. The auditor observed the PREA Advocacy Poster and the NorthStar Advocacy Poster during the tour. Both posters were in English on letter size paper. The auditor also confirmed that the PREA Advocacy Poster and NorthStar Advocacy Poster were accessible on the tablet system. During the tour the auditor observed the mail process. A locked box is located in each housing building where offenders place mail. The mailroom staff indicated that incoming regular mail from family and friends is electronic and comes in through the JPay system. Staff review all incoming electronic regular mail prior to it being released to the offender tablet. Incoming physical mail is typically only legal mail. Legal mail is provided to the case managers. Offenders would open the mail in front of the case manager. Any physical mail that is not legal would be opened and reviewed. Outgoing electronic regular mail goes through the JPay system. Staff review outgoing mail prior to it being released to the recipient. Outgoing physical regular mail is provided to the mailroom unsealed. All outgoing regular mail is reviewed by staff. Outgoing legal mail can be sealed and would not be opened/reviewed. The mailroom staff advised mail to the rape crisis center would fall under legal mail. Interviews with 26 offenders indicated eight were familiar with outside emotional support services and fifteen were provided a mailing address and telephone number to an emotional support service. Most were unaware of specifics of the organization.

115.53 (c): The PAQ indicated that the agency or facility maintains MOUs or other agreements with community service providers that are able to provide offenders with emotional services related to sexual abuse and the agency/facility maintains copies of those agreements. D1-8.13, page 21 states each facility shall attempt to enter into a

	memorandum of understanding (MOU) with a rape crisis center to provide advocacy services in accordance with the department's procedure regarding professional and general services contracts. The agency has an Agreement with NorthStar Advocacy Center that was signed on January 23, 2025. The agreement was updated in June 2025 to include the use of the telephone number and mailing address. The agency maintains copies of the MOU. Based on a review of the PAQ, D1-8.13, PREA Advocacy Poster, DPS Poster, Agreement with NorthStar Advocacy Center, NorthStar Advocacy Poster, Consent for Facility Advocacy Services Form, observations from the facility and interviews with random offenders, this standard appears to be compliant.

115.54	Third-party reporting
	Auditor Overall Determination: Meets Standard
	Auditor Discussion
	Documents: 1. Pre-Audit Questionnaire 2. D1-8.13 Offender Sexual Abuse and Harassment 3. PREA Third Party Reporting Poster Findings (By Provision): 115.54 (a): The PAQ indicated that the agency or facility provides a method to receive third-party reports of sexual abuse and sexual harassment and publicly distributes that information on how to report sexual abuse and sexual harassment on behalf of an offender. The PAQ indicated the method is through the agency website. D1-8.13, page 12 states all allegations including anonymous, third party, verbal, or allegations made in writing shall be accepted and moved forward in accordance with the offender sexual abuse coordinated response outlined in this procedure. Page 14 further states all allegations of offender sexual abuse and/or harassment, including third party and anonymous reports, shall immediately be forwarded to the shift supervisor to initiate the coordinated response utilizing the applicable PREA allegation notification penetration/non-penetration event checklist. A review of the agency's website confirms that it includes information on reporting and outlines that friends and family may report offender sexual abuse and harassment by calling (573-526-9003), by writing the PREA Unit (address included) or by emailing (DOC.PREA@doc.mo.gov). A

	review of the PREA Third Party Reporting Poster notes that it that friends, family, or anyone outside of the facility may report sexual abuse or harassment for an offender. It advises to contact the PREA Unit by calling, writing or emailing (contact information provided). Third party reporting information was observed in visitation and the front entrance via the Third Party Reporting Poster. The Third Party Reporting Poster was in English on letter size paper. The auditor tested the third party reporting mechanism on May 27, 2025. The auditor sent an email to the email address found on the agency website. The auditor received confirmation from the PREA Coordinator on the same date that the email was received directly by him and that the information would be forwarded to the facility PREA Compliance Manger to initiate the coordinated response and submit a Report for Investigation (RFI). Based on a review of the PAQ, D1-8.13, PREA Third Party Reporting Poster, the agency website, and the functional test, this standard appears to be compliant.

	Documents: 1. Pre-Audit Questionnaire 2. D1-8.13 Offender Sexual Abuse and Harassment 3. D2-11.10 Staff Member Conduct 4. D1-8.1 Office of Professional Standards 5. Statue of Missouri 630.005 6. Statue of Missouri 630.163 7. Statue of Missouri 210.115 8. PREA Healthcare Duty to Report Form 9. Investigative Reports Interviews: 1. Interviews with Random Staff 2. Interviews with Medical and Mental Health Staff

3. Interview with the Warden

4. Interview with the PREA Coordinator

Findings (By Provision):

115.61 (a): The PAQ stated that the agency required all staff to report immediately and according to agency policy; any knowledge, suspicion or information they receive regarding an incident of sexual abuse or sexual harassment that occurred in a facility, whether or not it is part of the agency; any retaliation against offenders or staff who reported such an incident; and any staff neglect or violation of responsibilities that may have contributed to an incident or retaliation. D1-8.13, page 6 states failure to report offender sexual abuse is a Class A misdemeanor in accordance with Missouri state statute. All staff members, shall immediately report any knowledge, suspicion, or information regarding an incident of sexual abuse or sexual harassment that occurred in a facility and any knowledge of retaliation against offenders or staff members who reported such an incident and any staff member neglect or violation of responsibilities that may have contributed to an incident or retaliation in accordance with this procedure. D2-11.10, page 6 states staff members having knowledge of any instances of offender or resident abuse or sexual contact with an offender or resident shall immediately report such to the office of professional standards in accordance with the department procedures regarding offender physical abuse and offender sexual abuse and harassment. Interviews with thirteen random staff confirmed that they are required to report any knowledge, suspicion or information regarding an incident of sexual abuse and/or sexual harassment and any staff neglect or violation of responsibilities that may have contributed to an incident or retaliation.

115.61 (b): The PAQ indicated that apart from reporting to designated supervisors or officials and designated state or local service agencies, agency policy prohibits staff from revealing any information related to a sexual abuse report to anyone other than the extent necessary to make treatment, investigation and other security and management decision. D1-8.13, page 6 states staff members are prohibited from revealing any information related to an allegation of offender sexual abuse or harassment other than to the extent necessary to make treatment, investigation, and other security and management decisions. D1-8.1, page 4 states after a request for investigation has been submitted, all staff members having knowledge of the matters under investigation are prohibited from disclosing any details about the matters except during interviews that occur as part of an investigation or inquiry. Interviews with thirteen random staff confirmed that they are required to report any knowledge, suspicion or information regarding an incident of sexual abuse and/or sexual harassment and any staff neglect or violation of responsibilities that may have contributed to an incident or retaliation. Staff stated that they would immediately report the information to the supervisor.

115.61 (c): D1-8.13, page 6 states medical and mental health staff members shall inform offenders at the initiation of services of the practitioner's duty to report in accordance with statutes. Page 12 further states all health services staff members shall be required to report sexual abuse and to inform the offender of the practitioner's duty to report prior to the initiation of services. A review of the PREA Healthcare Duty to Report form notes that offenders sign a form that outlines that staff are required to report any knowledge, suspicion, or information regarding an incident of sexual abuse or sexual harassment, retaliation against offenders or staff who report such incident and any staff neglect or violation of responsibilities that may have contributed to an incident or retaliation in a correctional setting. It further outlines that patient and practitioner confidentiality does not apply to these scenarios as well as any mandatory reporting (under eighteen or vulnerable adults). Interviews with medical and mental health care staff confirmed that at the initiation of services with an offender they disclose their limitation of confidentiality and their duty to report. Both stated they are required to report any allegation, incident or information related to sexual abuse that occurred within an institutional setting. The mental health care staff indicated that he had become aware of such information and he reported the information to security. A review of investigations indicated none were reported to medical or mental health care staff.

115.61 (d): The PC stated they have mandatory reporting laws and they would conduct an investigation and report as necessary. The interview with the Warden indicated that they do not house offenders under eighteen, but any allegation made by a vulnerable adult would go through the same process as any other allegation, including investigation.

115.61 (e): D1-8.13, page 6 states failure to report offender sexual abuse is a Class A misdemeanor in accordance with Missouri state statute. All staff members, shall immediately report any knowledge, suspicion, or information regarding an incident of sexual abuse or sexual harassment that occurred in a facility and any knowledge of retaliation against offenders or staff members who reported such an incident and any staff member neglect or violation of responsibilities that may have contributed to an incident or retaliation in accordance with this procedure. D2-11.10, page 6 states staff members having knowledge of any instances of offender or resident abuse or sexual contact with an offender or resident shall immediately report such to the office of professional standards in accordance with the department procedures regarding offender physical abuse and offender sexual abuse and harassment. The interview with the Warden confirmed that all allegations of sexual abuse and sexual harassment are reported to designated agency investigators. A review of investigation indicated five were reported verbally to staff, one was reported via a third party, one was reported anonymously, and one was discovered through staff monitoring phone calls and emails. All allegations were forwarded to PREA Unit for

	investigation. Based on a review of the PAQ, D1-8.13, D2-11.10, D1-8.1, Statue of Missouri 630.005, Statue of Missouri 630.163, Statue of Missouri 210.115, Investigative Reports and information from interviews with random staff, the PREA Coordinator and the Director, this standard appears to be compliant.

115.62	Agency protection duties
	Auditor Overall Determination: Meets Standard
	Auditor Discussion
	Documents: 1. Pre-Audit Questionnaire 2. D1-8.13 Offender Sexual Abuse and Harassment 3. Segregated Housing for Protective Custody Directive 4. Investigative Reports Interviews: 1. Interview with the Agency Head Designee 2. Interview with the Warden 3. Interviews with Random Staff Findings (By Provision): 115.62 (a): The PAQ indicated that when the agency or facility learns that an offender is subject to substantial risk of imminent sexual abuse, it takes immediate action to protect the offender. D1-8.13, page 15 states when an offender is believed to be in substantial risk of victimization, the shift supervisor shall assess the offender to ensure housing in the least restrictive housing. The PAQ stated that there have been zero offenders who were subject to substantial risk of imminent sexual abuse within the previous twelve months. The Segregated Housing for Protective Custody Directive states alleged victims of offender sexual abuse or offenders viewed as being at risk of victimization, in the absence of an allegation of offender sexual abuse, should not

	typically be assigned to Administrative Segregation for Protective Custody for no longer than a 30-day period. If the offender is an alleged victim of offender sexual abuse and was assigned to administrative segregation for protective custody, the committee will, review the offender's placement in segregated housing every 30 days to determine whether there is a continuing need for separation from general population and document the following on the Classification Hearing Form: the basis for the facility's concern for the offender's safety, the reason no alternative means of separation can be arranged, and work and programming assignments that the victim was participating and is now unable to attend due to Administrative Segregation assignment. The Agency Head Designee stated that if an offender was at imminent risk of sexual abuse they would separate the offender and get them to a safe place. He advised, if appropriate, they would change housing and/or work assignments, offer protective custody, etc. The Agency Head Designee noted staff are trained to use the least restrictive manner possible for separation. The Warden stated that if there was an offender deemed at risk of imminent sexual abuse the first goal is to protect the offender through the least restrictive means as possible. He advised they separate the offenders and if it was an offender enemy issue they would transfer an offender out pretty quickly. Interviews with thirteen random staff confirmed that they would take immediate action by moving the offender from the area and relocating housing. A review of documentation indicated there were zero offenders deemed at imminent risk of sexual abuse. The one sexual harassment allegation involved appropriate action by staff. Based on a review of the PAQ, D1-8.13, Segregated Housing for Protective Custody Directive, investigative reports and interviews with the Agency Head Designee, Warden and random staff, this standard appears to be compliant.

	Documents: 1. Pre-Audit Questionnaire 2. D1-8.13 Offender Sexual Abuse and Harassment 3. PREA Checklist 4. Investigative Reports Interviews:

1. Interview with the Agency Head Designee

2. Interview with the Warden

Findings (By Provision):

115.63 (a): The PAQ indicated that the agency has a policy that requires that upon receiving an allegation that an offender was sexually abused while confined at another facility, the head of the facility must notify the head of the facility or appropriate office of the agency or facility where sexual abuse is alleged to have occurred. D1-8.13, pages 14-15 state upon receiving information that an offender has been sexually abused while assigned at another department facility, the coordinated response for offender sexual abuse shall be immediately initiated as outlined in this procedure. Upon receiving an allegation that an offender was sexually abused while confined at a facility outside of the department, the CAO or designee or the appropriate office shall ensure the outside facility is notified of the allegation within 72 hours. The CAO or designee shall maintain documentation of the allegation received and when the outside facility was notified with the allegation. The PAQ indicated that during the previous twelve months the facility had two offenders report that they were sexually abused while confined at another facility. A review of documentation noted there were two allegations reported during the previous twelve months that occurred at another MO DOC facility. Both incidents involved staff completing the PREA Checklist and notifying the PREA Unit, who conducts all investigations for the agency. One of the allegations was already previously reported and investigated. While the standard requires a notification to the facility head where the incident occurred, the spirit of the standard requires this notification to ensure the allegation is investigated. As such, the auditor determined that the notification to the PREA Unit was appropriate, as they conduct all investigations for the agency.

115.63 (b): The PAQ indicated that agency policy requires that the facility head provide such notifications as soon as possible, but not later than 72 ours after receiving the allegation. D1-8.13, pages 14-15 state upon receiving information that an offender has been sexually abused while assigned at another department facility, the coordinated response for offender sexual abuse shall be immediately initiated as outlined in this procedure. Upon receiving an allegation that an offender was sexually abused while confined at a facility outside of the department, the CAO or designee or the appropriate office shall ensure the outside facility is notified of the allegation within 72 hours. The CAO or designee shall maintain documentation of the allegation received and when the outside facility was notified with the allegation. A review of documentation noted there were two allegations reported during the previous twelve months that occurred at another MO DOC facility. Both incidents involved staff completing the PREA Checklist and notifying the PREA Unit, who conducts all investigations for the agency. One of the allegations was already previously reported

and investigated. The notification to the PREA Unit for the one allegation that was not previously reported was completed within 72 hours.

115.63 (c): The PAQ indicated that the agency or facility documents that it has provided such notification within 72 hours of receiving the allegation. D1-8.13, pages 14-15 state upon receiving information that an offender has been sexually abused while assigned at another department facility, the coordinated response for offender sexual abuse shall be immediately initiated as outlined in this procedure. Upon receiving an allegation that an offender was sexually abused while confined at a facility outside of the department, the CAO or designee or the appropriate office shall ensure the outside facility is notified of the allegation within 72 hours. The CAO or designee shall maintain documentation of the allegation received and when the outside facility was notified with the allegation. A review of documentation noted there were two allegations reported during the previous twelve months that occurred at another MO DOC facility. Both incidents involved staff completing the PREA Checklist and notifying the PREA Unit, who conducts all investigations for the agency. One of the allegations was already previously reported and investigated.

115.63 (d): The PAQ indicated that the agency or facility requires that allegations received from other facilities/agencies are investigated in accordance with the PREA standards. D1-8.13, page 14 states upon receiving information that an offender has been sexually abused while assigned at another department facility, the coordinated response for offender sexual abuse shall be immediately initiated as outlined in this procedure. Page 18 further states the department shall ensure that administrative and/or criminal investigations are completed for all allegations of sexual abuse and repeated allegations of sexual harassment. The Agency Head Designee stated that they have site PREA Compliance Managers, who would serve as the point of contact at each facility. He advised that if they received an allegation from another agency/facility they would follow the same investigative process, where they would complete the checklist, have the information entered into IRIS and have an investigator assigned. The Agency Head Designee noted he did not know any specific examples, but knew they have received these allegations in the past and they were investigated. The interview with the Warden indicated that if they received an allegation that an offender was abused while housed at MTC they would complete a request for investigation. He advised they had one allegation received through a Warden to Warden notification and it was investigated. The PAQ stated that there were zero allegations received from another Warden/Agency Head within the previous twelve months. A review of investigations noted none were reported via a Warden to Warden notification.

Based on a review of the PAQ, D1-8.13, Warden to Warden notification, offender risk assessments, investigative reports and interviews with the Agency Head Designee and Warden, this standard appears to be compliant.

	Recommendation The auditor highly recommends that the facility also send notification to the Warden of the facility where the incident occurred so they can remain informed and complete any necessary follow-up required related to the incident.

115.64	Staff first responder duties
	Auditor Overall Determination: Meets Standard
	Auditor Discussion Documents: 1. Pre-Audit Questionnaire 2. D1-8.13 Offender Sexual Abuse and Harassment 3. PREA Training Curriculum 4. Investigative Reports Interviews: 1. Interviews with First Responders 2. Interviews with Random Staff Findings (By Provision): 115.64 (a). The PAQ indicated that the agency has a first responder policy for allegations of sexual abuse. The PAQ states that upon learning of an allegation that an offender was sexually abused, the first security staff member to respond to the report shall; separate the alleged victim and abuser; preserve and protect any crime scene until appropriate steps can be taken to collect any evidence, request that the alleged victim and ensure that the alleged perpetrator not take any action that could destroy physical evidence including washing, brushing teeth, changing clothes, urinating, defecating, smoking, eating or drinking. D1-8.13, page 14 states in the event of an allegation of a penetration act, the first responder shall take the following steps. Ensure the safety of the victim. Request the victim not to take any actions that

may destroy physical evidence including: washing, brushing teeth, changing clothes, urinating, defecating, smoking, drinking, or eating, when applicable. To the extent possible, ensure the alleged perpetrator does not take any actions that could destroy physical evidence including: washing, brushing teeth, changing clothes, urinating, defecating, smoking, drinking, or eating. The shift supervisor shall make telephone notifications and respond as outlined in the facility's coordinated response to offender sexual abuse protocol. A review of the PREA Training Curriculum confirms that staff are provided training on the first responder duties outlined under this standard (pages 25-26). The PAQ indicated that during the previous twelve months there were five allegations of sexual abuse and all five involved the separation of victim and abuser. The PAQ noted that none were reported in a timeframe that allowed for evidence collection, none involved requesting the victim not take action to destroy evidence and none involved ensuring the perpetrator not take action to destroy evidence. The interview with the security first responder indicated he would separate the victim and abuser, preserve and protect the crime scene, direct the victim not to take action to destroy evidence, ensure the abuser does not take action to destroy evidence, notifying medical and mental health staff, contact the PREA advocate and complete a report. The non-security first responder advised she would separate the victim and abuser, stay with the victim, ask them not to shower or destroy evidence and notify the Shift Commander. There were zero offenders who reported sexual abuse at the facility during the on-site portion of the audit and as such no interviews were able to be conducted. A review of investigations indicated none involved any immediate first responder duties.

115.64 (b): The PAQ stated that agency policy requires that if the first responder is not a security staff member, that responder shall be required to request the alleged victim not take any actions to destroy physical evidence, and then notify security staff. D1-8.13, page 14 states in the event of an allegation of a penetration act, the first responder shall take the following steps. Ensure the safety of the victim. Request the victim not to take any actions that may destroy physical evidence including: washing, brushing teeth, changing clothes, urinating, defecating, smoking, drinking, or eating, when applicable. To the extent possible, ensure the alleged perpetrator does not take any actions that could destroy physical evidence including: washing, brushing teeth, changing clothes, urinating, defecating, smoking, drinking, or eating. The shift supervisor shall make telephone notifications and respond as outlined in the facility's coordinated response to offender sexual abuse protocol. The PAQ indicated that during the previous twelve months there was one allegation of sexual abuse that involved a non-security staff first responder. It was reported to security staff. The interview with the security first responder indicated he would separate the victim and abuser, preserve and protect the crime scene, direct the victim not to take action to destroy evidence, ensure the abuser does not take action to destroy evidence, notifying medical and mental health staff, contact the PREA advocate and complete a report. The non-security first responder advised she would separate the victim and abuser, stay with the victim, ask them not to shower or destroy evidence and notify the Shift Commander. Interviews with thirteen random staff confirmed that they were aware of first responder duties. A review of investigations indicated one was observed by a non-security staff member and the incident was reported to security.

	Based on a review of the PAQ, D1-8.13, PREA Training Curriculum, Investigative Reports and interviews with random staff, and first responders, this standard appears to be compliant.

	Documents: 1. Pre-Audit Questionnaire 2. D1-8.13 Offender Sexual Abuse and Harassment 3. Coordinated Response Maryville Treatment Center Interviews: 1. Interview with the Warden Findings (By Provision): 115.65 (a): The PAQ indicated that the facility shall develop a written institutional plan to coordinate actions taken to an incident of sexual abuse, among staff first responders, medical and mental health practitioners, investigators and facility leadership. D1-8.13, page 14 states the CAO or designee shall coordinate actions taken by first responders, medical, mental health, investigators, and administrators in response to all allegations of offender sexual abuse and harassment as outlined in the facility's coordinated response to offender sexual abuse protocol. A review of the Coordinator Response notes that it includes information for first responders, shift supervisor and facility leadership. It also outlines information related to outside law enforcement, community medical services, community mental health services, and victim advocacy services. The document outlines a response for incidents occurring within 72 hour and over 72 hours. It also provides contact information for interpretive services, victim advocacy and the local hospital. The interview with the Warden indicated that the facility has a written plan to coordinate actions among first responders, medical, mental health, investigators and facility leadership. He stated this is the institutional PREA response plan that details these responsibilities.

	Based on a review of the PAQ, D1-8.13, Coordinated Response for Maryville Treatment Center, and the interview with the Warden, this standard appears to be compliant.

115.66	Preservation of ability to protect inmates from contact with abusers
	Auditor Overall Determination: Meets Standard
	Auditor Discussion
	Documents: 1. Pre-Audit Questionnaire 2. D2-11.6 Labor Organization 3. Agreement with Missouri Corrections Officers Association (MOCOA) Interviews: 1. Interview with the Agency Head Designee Findings (By Provision): 115.66 (a): The PAQ indicated that the agency, facility or any other governmental entity responsible for collective bargaining on the agency's behalf has entered into or renewed a collective bargaining agreement or other agreement since the last PREA audit. D2-11.6, page 4 states per the Prison Rape Elimination Act, the department shall not enter into or renew any collective bargaining agreements or other agreements that limit the department's ability to remove alleged staff sexual abusers from contact with any offender or resident pending the outcome of an investigation or of a determination of whether and to what extent discipline is warranted. A review of the collective bargaining agreement confirms that Article 2 allows for the agency to hire, reassign, transfer, promote and determine hours of work and shifts and assign overtime. It also states the agency has the right to suspend, demote, and dismiss in accordance with applicable statutes. The interview with the Agency Head Designee confirmed that the agency has a collective bargaining and the agreement does not prohibit the facility/agency's ability to remove staff or discipline staff, up to and including termination.

	115.66 (b): The auditor is not required to audit this provision. Based on a review of the PAQ, D2-11.6, Agreement with Missouri Corrections Officers Association (MOCOA), and the interview with the Agency Head Designee, this standard appears to compliant.

115.67	Agency protection against retaliation
	Auditor Overall Determination: Meets Standard
	Auditor Discussion
	Documents: 1. Pre-Audit Questionnaire 2. D1-8.13 Offender Sexual Abuse and Harassment 3. Assessment-Retaliation Status Check Form 4. Retaliation Monitoring Guide 5. PREA Staff Protection Against Retaliation Flyer 6. Investigative Reports Interviews: 1. Interview with the Agency Head Designee 2. Interview with the Warden 3. Interview with Designated Staff Member Charged with Monitoring Retaliation Findings (By Provision): 115.67 (a): The PAQ indicated that the agency has a policy to protection all offenders and staff who report sexual abuse and sexual harassment or who cooperate with sexual abuse or sexual harassment investigations from retaliation by other offenders or staff. D1-8.13, page 13 states the PREA site coordinator shall ensure victims, individuals who report sexual abuse, and those that cooperate with offender sexual abuse investigations are monitored and protected from retaliation. The PAQ indicated

that the agency designates staff to monitor for retaliation (Deputy Warden).

115.67 (b): D1-8.13, page 13 states following any reported incident of sexual abuse, monitoring for retaliation shall be conducted. The alleged victim and offender and staff reporters of offender sexual abuse shall be monitored for a minimum of 90 days to assess any potential risk or act of retaliation (First Responders shall not be considered a reporter for the purpose of retaliation monitoring in this policy). Monitoring shall include face-to-face status checks with offender victims and reporters. The assessment-retaliation status checklist form shall be used during each of the assessment interviews. If the victim expresses fear of retaliation, monitoring shall continue for an additional 90 day period or until the victim or reporter is no longer in fear of retaliation or if the investigation is unfounded. The PREA Site Coordinator shall ensure any offender or staff member who cooperates with a sexual abuse investigation and expresses a fear of retaliation, shall be assessed for and protected from retaliation. The Agency Head Designee stated that facilities conduct monitoring for retaliation through a 30, 60 and 90 day process. He confirmed they can take protective measures to prevent retaliation including, housing changes, facility transfers, removal of staff from contact with offender and emotional support services. The Agency Head Designee advised that if retaliation is suspected, it would be reported and investigated. He noted that they would also take action to protect the individual and ensure their safety. The interview with the Warden indicated that the facility would typically separate the individuals through a housing change or facility transfer to protect from retaliation. He also advised they can remove staff from contact and provide emotional support services. The staff responsible for monitoring indicated her role is to ensure the individual is safe. She advised she follows up with the individual related to any retaliation. She stated she also educates staff on signs of retaliation and she educates offenders on how to report retaliation. She confirmed they could change housing, transfer facilities, remove staff from contact with the offender and provide emotional support services. There were zero offenders who reported sexual abuse at the facility during the on-site portion of the audit and as such no interviews were able to be conducted. A review of investigative reports and monitoring documents noted zero reported allegations of retaliation.

115.67 (c): The PAQ stated that the agency/facility monitors the conduct and treatment of offenders or staff who reported sexual abuse and of offenders who were reported to have suffered sexual abuse to see if there are any changes that may suggest possible retaliation by offenders or staff. The PAQ indicated that monitoring is conducted for at least 90 days and that the agency/facility acts promptly to remedy any such retaliation. The PAQ further stated that the agency/facility will continue monitoring beyond 90 days if the initial monitoring indicates a continuing need. D1-8.13, page 13 states following any reported incident of sexual abuse, monitoring for retaliation shall be conducted. The alleged victim and offender and staff reporters of offender sexual abuse shall be monitored for a minimum of 90 days to assess any potential risk or act of retaliation (First Responders shall not be considered a reporter

for the purpose of retaliation monitoring in this policy). Monitoring shall include face-to-face status checks with offender victims and reporters. The assessment-retaliation status checklist form shall be used during each of the assessment interviews. If the victim expresses fear of retaliation, monitoring shall continue for an additional 90 day period or until the victim or reporter is no longer in fear of retaliation or if the investigation is unfounded. The PREA Site Coordinator shall ensure any offender or staff member who cooperates with a sexual abuse investigation and expresses a fear of retaliation, shall be assessed for and protected from retaliation. The PAQ indicated that there had been zero instances of retaliation in the previous twelve months. A review of Assessment/Retaliation Status Checklist form confirms that it include a section for monitoring staff and a section for monitoring offenders. The form includes checkboxes that outline the type of assessments, initial, 30 day, 60 day, 90 day or other. The individual sections notate the requirements to be reviewed for monitoring for staff and offenders (elements outlined under this provision) as well as a summary of the information obtained from the review. The Warden stated that if they suspect retaliation they conduct an investigation into the retaliation. The staff responsible for monitoring indicated she monitors for 90 days and if there was a concern for retaliation she would monitor until the issue is resolved. She advised she reviews violation history, grievances, incident reports, housing changes and program changes when monitoring. She confirmed she would review post changes and performance reviews for staff. A review of documentation for the eight allegations indicated all seven sexual abuse incidents included monitoring for retaliation. All had monitoring completed for the 90 day period, or until the offender was released/transferred. The monitoring included the required checks under this provision.

115.67 (d): D1-8.13, page 13 states monitoring shall include face-to-face status checks with offender victims and reporters. The staff responsible for monitoring retaliation stated she conducts periodic in-person status checks four times during the 90 days. A review of documentation for the eight allegations indicated all seven sexual abuse incidents included monitoring for retaliation. All seven documented periodic in-person status checks.

115.67 (e): D1-8.13, page 13 states following any reported incident of sexual abuse, monitoring for retaliation shall be conducted. The alleged victim and offender and staff reporters of offender sexual abuse shall be monitored for a minimum of 90 days to assess any potential risk or act of retaliation (First Responders shall not be considered a reporter for the purpose of retaliation monitoring in this policy). Monitoring shall include face-to-face status checks with offender victims and reporters. The assessment-retaliation status checklist form shall be used during each of the assessment interviews. If the victim expresses fear of retaliation, monitoring shall continue for an additional 90 day period or until the victim or reporter is no longer in fear of retaliation or if the investigation is unfounded. The PREA Site Coordinator shall ensure any offender or staff member who cooperates with a sexual abuse investigation and expresses a fear of retaliation, shall be assessed for and

	protected from retaliation. The Agency Head Designee stated that facilities conduct monitoring for retaliation through a 30, 60 and 90 day process. He confirmed they can take protective measures to prevent retaliation including, housing changes, facility transfers, removal of staff from contact with offender and emotional support services. The Agency Head Designee advised that if retaliation is suspected, it would be reported and investigated. He noted that they would also take action to protect the individual and ensure their safety. The Agency Head Designee confirmed that individuals who cooperate with an investigation or fear retaliation would be afforded the same protection as an offender or staff who reports sexual abuse. The interview with the Warden indicated that the facility would typically separate the individuals through a housing change or facility transfer to protect from retaliation. He also advised they can remove staff from contact and provide emotional support services. The Warden stated that if they suspect retaliation they conduct an investigation into the retaliation. 115.67 (f): Auditor not required to audit this provision. Based on a review of the PAQ, D1-8.13, Assessment/Retaliation Status Check Form, Retaliation Monitoring Guide, PREA Staff Protection Against Retaliation Flyer, and interviews with the Agency Head Designee, Director, and staff charged with monitoring for retaliation, this standard appears to be compliant.

115.68	Post-allegation protective custody
	Auditor Overall Determination: Meets Standard
	Auditor Discussion
	Documents: 1. Pre-Audit Questionnaire 2. D1-8.13 Offender Sexual Abuse and Harassment 3. Segregated Housing for Protective Custody Directive 4. Victim Housing Documentation Documents: 1. Interview with the Warden 2. Interview with the Staff Who Supervisor Offenders in Segregated Housing

Site Review Observations:

1. Observation of the Segregated Housing Unit

Findings (By Provision):

115.68 (a): The PAQ indicated the agency has a policy prohibiting the placement of offenders who allege to have suffered sexual abuse in involuntary segregated housing unless an assessment of all available alternatives has been made and a determination has been made that there is no alternative means of separation from likely abusers. D1-8.13, page 15 states following an allegation of offender sexual abuse or if an offender is assessed as being at high risk of victimization, the shift supervisor shall ensure the offender is housed in the least restrictive housing available to ensure safety. The assessment for least restrictive housing shall occur within 24 hours of the allegation or the offender being identified as at risk. If the assessment of least restrictive housing is due to an allegation of sexual abuse or sexual harassment the shift supervisor shall note the recommended housing option on the PREA allegation notification penetration/non-penetration event checklist. If segregation is recommended, the shift supervisor shall note on the PREA notification checklist the reason no alternative means of housing separation can be arranged and the offender victim shall be placed in segregated housing in accordance with institutional services procedures regarding temporary administrative segregation confinement and administrative segregation. Assignment to involuntary segregation housing shall not ordinarily exceed a period of 30 days. If the assessment of least restrictive housing is due to an allegation of sexual abuse or sexual harassment the shift supervisor shall note the recommended housing option on the PREA allegation notification penetration/non-penetration event checklist. If segregation is recommended, the shift supervisor shall note on the PREA notification checklist the reason no alternative means of housing separation can be arranged and the offender victim shall be placed in segregated housing in accordance with institutional services procedures regarding temporary administrative segregation confinement and administrative segregation. Every 30 days, the offender shall be afforded a review to determine whether there is a continuing need for separation from the general population in accordance with institutional services procedures regarding segregation units and protective custody. The Segregated Housing for Protective Custody Directive states alleged victims of offender sexual abuse or offenders viewed as being at risk of victimization, in the absence of an allegation of offender sexual abuse, should not typically be assigned to Administrative Segregation for Protective Custody for no longer than a 30-day period. If the offender is an alleged victim of offender sexual abuse and was assigned to administrative segregation for protective custody, the committee will, review the offender's placement in segregated housing every 30 days to determine whether there is a continuing need for separation from general population and document the following on the Classification Hearing Form: the basis

	for the facility's concern for the offender's safety, the reason no alternative means of separation can be arranged, and work and programming assignments that the victim was participating and is now unable to attend due to Administrative Segregation assignment. The PAQ indicated that zero offenders who alleged sexual abuse were involuntarily segregated for zero to 24 hours or longer than 30 days. During the tour the auditor observed the segregated housing unit. The unit included a medical office and a "dayroom" with phones and a kiosk. Offenders have out of cell time via recreation (three times a week) and showers (three times a week). Phone access is once a month. Offenders have tablets, but access on them is limited. Offenders in the segregated housing unit provide grievances and mail to case managers during daily rounds. The interview with the Warden confirmed that the agency has a policy that prohibits placing offenders who report sexual abuse in segregated housing unless there are no other available alternative means of separation of likely abusers. He confirmed that the facility would only assign offenders to involuntary segregated housing only until an alternative means of separation from likely abusers can be arranged. The Warden stated they would typically find alternative housing fairly quickly so the offender can continue their treatment at the facility. He noted it would be less than 30 days. The Warden advised they have not had to involuntarily segregate an offender who reported sexual abuse during the previous twelve months. The interview with the staff who supervise offenders in segregated housing confirmed that offenders placed in involuntary segregated housing after a report of sexual abuse would have equal access to program, privileges, education and work opportunities to the extent possible. He stated any restrictions would be documented. The staff who supervise offenders in segregated housing confirmed that the facility would only assign offenders to involuntary segregated housing only until an alternative means of separation from likely abusers can be arranged. He advised he has never seen an offender who reported sexual abuse placed in involuntary segregated housing as they don't typically do this, but they could find alternative housing within 30 days. He stated that offenders in segregated housing would be reviewed at least every 30 days. A review of victim housing documentation for the eight allegations confirmed none of the victims were placed in the segregated housing due to reporting sexual abuse or sexual harassment. Seven victims remained in the same housing status as when they reported and one was placed in segregated housing for a disciplinary issue. Based on a review of the PAQ, D1-8.13, Segregated Housing for Protective Custody Directive, Victim Housing Documentation, observations during the tour and information from interviews with the Warden and staff who supervise offenders in segregated housing, this standard appears to be compliant.

115.71	Criminal and administrative agency investigations
	Auditor Overall Determination: Meets Standard

Auditor Discussion

Documents:

1. Pre-Audit Questionnaire
2. D1-8.13 Offender Sexual Abuse and Harassment
3. D1-8.1 Office of Professional Standards
4. D1-8.4 Institutional Investigations
5. Investigator Training Records
6. OPS Retention Schedule
7. Investigative Reports

Interviews:

1. Interviews with Investigative Staff
2. Interview with the Warden
3. Interview with the PREA Coordinator
4. Interview with the PREA Compliance Manager

Findings (By Provision):

115.71 (a): The PAQ states that the agency/facility has a policy related to criminal and administrative agency investigations. D1-8.13, page 18 states the department shall ensure that administrative and/or criminal investigations are completed for all allegations of sexual abuse and repeated allegations of sexual harassment.

Interviews with investigators indicated an investigation is initiated the same day the allegation is reported. The allegation is submitted and an investigator is assigned within two days. Investigators advised that allegations reported anonymously or through a third party would be investigated under the same investigative process. A review of eight allegations indicated all eight were forwarded for administrative investigation promptly. Six of the eight investigation were completed. Of the six, only one was completed promptly. All six were thorough and objective.

115.71 (b): D1-8.13, page 8 states investigators assigned to investigate offender sexual abuse allegations shall receive specialized PREA investigator training. The

agency utilizes the NIC Conducting Sexual Abuse Investigations in a Confinement Setting training curriculum. In addition, the agency provides additional training to investigators via the PREA Investigations (Sexual Harassment) training, the Credibility Assessments Training Document and the Standard of Proof Training Document. A review of the NIC Conducting Sexual Abuse Investigations in a Confinement Setting training confirmed that it includes the following: techniques for interviewing sexual abuse victims, proper use of Miranda and Garrity warnings, sexual abuse evidence collection in confinement settings and the criteria and evidence required to substantiate an administrative investigation. A review of investigations confirmed they were completed by investigators who completed the specialized training.

115.71 (c): D1-8.13, page 18 states the department shall ensure that administrative and/or criminal investigations are completed for all allegations of sexual abuse and repeated allegations of sexual harassment. The agency investigator advised that his first step in the investigative process is to do background on the victim and alleged perpetrator. He stated he then offers mental health and advocacy and conducts interviews. The agency investigator indicated he would then review the crime scene and gather all evidence, including a review of video, email, phone calls, etc. He stated he would then interview any witnesses, put together the information and complete his report. investigators indicated they would be responsible for gathering evidence such as, physical, DNA, photos, video, emails, calls, and a review of prior complaints. A review six completed investigations noted all six included applicable interviews, all six included evidence review (video, phone calls, etc.) and five had a review of prior complaints of the alleged perpetrator.

115.71 (d): D1-8.13, page 18 states the department shall ensure that administrative and/or criminal investigations are completed for all allegations of sexual abuse and repeated allegations of sexual harassment. The agency investigator confirmed he would consult with prosecutors prior to conducting any compelled interviews. A review of six completed investigations noted none involved any compelled interviews.

115.71 (e): D1-8.13, page 18 states the department shall ensure that administrative and/or criminal investigations are completed for all allegations of sexual abuse and repeated allegations of sexual harassment. Interviews with the investigators confirmed that the agency does not require the offender victim to submit to a polygraph test or any other truth-telling device in order to continue with the investigation. The agency investigator stated that credibility is based on a credibility assessment, which includes discipline, prior complaints, etc. There were zero offenders who reported sexual abuse at the facility during the on-site portion of the audit and as such no interviews were able to be conducted.

115.71 (f): D1-8.13, page 18 states administrative investigations shall include an effort to determine whether staff member actions or failure to act contributed to the abuse. Interviews with investigative staff confirmed that administrative investigations are documented in a written report. The investigators stated the report includes everything done during the investigation, including interviews, background information, evidence, etc. The agency investigator stated that during the investigative process they determine if staff actions or failure to act contributed to the sexual abuse. He advised that is part of watching the video, interviewing people, and making sure staff did everything they were supposed to, including making rounds. A review of six completed investigations confirmed all were documented in a written report that included the allegation, background information, interviews, description of evidence reviewed and investigative facts and findings.

115.71 (g): D1-8.13, page 18 states the department shall ensure that administrative and/or criminal investigations are completed for all allegations of sexual abuse and repeated allegations of sexual harassment. Interviews with investigative staff confirmed that administrative investigations are documented in a written report. The investigators stated the report includes everything done during the investigation, including interviews, background information, evidence, etc. A review of the one criminal investigation noted it included the allegation, background information, interviews, description of evidence reviewed and investigative facts and findings.

115.71 (h): The PAQ indicated that substantiated allegations of conduct that appear to be criminal will be referred for prosecution. Page 5 further states in the event an outside law enforcement agency conducts a criminal investigation on a staff member or an offender, it shall be the responsibility of that agency to submit the case for prosecution. OPS may request a copy of the investigative report for departmental record keeping. The PAQ indicated that there were two allegations referred for prosecution since the last PREA audit. Interviews with the investigators indicated cases are referred for prosecution when they meet probable cause for Missouri statute. A review of six completed investigations indicated two were substantiated, but only one involved criminal behavior. The investigation was forwarded for prosecution and the perpetrator received probation.

115.71 (i): The PAQ stated that the agency retains all written reports pertaining to the administrative or criminal investigation of alleged sexual abuse or sexual harassment for as long as the alleged abuser is incarcerated or employed by the agency, plus five years. The OPS Retention Schedule outlines that documentation of investigations that pertain to sexual abuse shall be retained for 50 years. A review of a sample of historic investigations confirmed retention is being met.

	115.71 (j): The agency investigator stated an investigation is continued regardless of whether the offender or staff member are no longer at the facility. He advised they try to track down everyone involved to complete the investigation. 115.71 (k): The auditor is not required to audit this provision. 115.71 (l): D1-8.13, page 18 states when outside agencies investigate sexual abuse, staff members shall cooperate with outside investigators and shall make an effort to remain informed about the progress of the investigation. The interview with the PC indicated that all investigations are done in house, with only a few exceptions. He advised even if an outside entity conducted an investigation, the agency would conduct their own investigation (administrative and/or criminal). The interview with the Warden and PCM noted that all investigations are completed by agency investigator. Based on a review of the PAQ, D1-8.13, P4-4.5, D1-8.1, D1-8.4, Investigator Training Records, OPS Retention Schedule, Investigative Reports, and information from interviews with the PREA Coordinator, Director, and investigative staff, this standard appears to be compliant.

	Auditor Discussion
	Documents: 1. Pre-Audit Questionnaire 2. D1-8.13 Offender Sexual Abuse and Harassment 3. Standard of Proof Document 4. Investigative Reports Interviews: 1. Interviews with Investigative Staff

	Findings (By Provision): 115.72 (a): The PAQ indicated that the agency imposes a standard of a preponderance of the evidence or a lower standard of proof when determining whether allegations of sexual abuse or sexual harassment are substantiated. D1-8.13, page 18 states administrative investigations shall impose no standard higher than the preponderance of evidence in determining whether an allegation of offender sexual abuse or harassment is substantiated. The Standard of Proof Document outlines the different levels of proof for investigations, including reasonable suspicion, probable cause, preponderance of the evidence, clear and convincing and beyond a reasonable doubt. The document explains the burden of proof for sexual abuse and sexual harassment, which is no higher than a preponderance of the evidence. The document also outlines when to utilize the investigative outcomes based on standard of evidence. Interviews with investigators confirmed they do not utilize a standard higher than a preponderance of the evidence when determining whether an allegation is substantiated. A review of six completed investigative reports confirmed investigators utilized a standard no higher than a preponderance of evidence. Two of the investigation were substantiated. Based on a review of the PAQ, D1-8.13, Standard of Proof Document, Investigative Reports, and information from the interviews with the investigators, this standard appears to be compliant.

115.73 Reporting to inmates	
	Auditor Overall Determination: Meets Standard
	Auditor Discussion
	Documents: 1. Pre-Audit Questionnaire 2. D1-8.13 Offender Sexual Abuse and Harassment 3. PREA Alleged Sexual Abuse by Offender Notification Form 4. PREA Alleged Sexual Abuse by Staff Member Notification Form 5. PREA Allegations Subject Notification Form 6. Investigative Reports

Interviews:

1. Interview with the Warden
2. Interviews with Investigative Staff

Findings (By Provision):

115.73 (a): The PAQ indicated that the agency has a policy requiring that any offender who makes an allegation that he or she suffered sexual abuse in an agency facility is informed, verbally or in writing, as to whether the allegation has been determined to be substantiated, unsubstantiated or unfounded following an investigation by the agency. D1-8.13, page 19 states upon the completion of an offender sexual abuse investigation, the department's PREA unit shall make written notification to the alleged victim regarding the outcome of the investigation utilizing the applicable PREA alleged sexual abuse by offender notification form or the PREA alleged sexual abuse by staff member notification form. A review of the PREA Alleged Sexual Abuse by Offender Notification form indicates it includes checkboxes that are marked to indicate the investigative outcome (unfounded, unsubstantiated and substantiated). It also includes checkboxes that note whether the subject was indicated or convicted. The bottom of the form includes a line for the offender to sign. A review of the PREA Alleged Sexual Abuse by Staff Member Notification form indicates it includes checkboxes that are marked to indicate the investigative outcome (unfounded, unsubstantiated and substantiated). It also includes checkboxes that note whether the staff is no longer assigned to the housing unit, the staff is no longer employed at the facility, the staff was indicated and the/or the staff was convicted. A review of the PREA Allegation Subject Notification form noted that it has checkboxes that are marked to indicate the investigative outcome, including unsubstantiated and unfounded. It also has a box that outlines an offender received discipline for filing a false allegation. The bottom of the form includes a line for the offender to sign. The PAQ indicated that there were six investigations completed within the previous twelve months and four offenders were notified verbally or in writing of the results of the investigation. Interviews with the Warden and investigators confirmed that victims are notified whether the investigation is substantiated, unsubstantiated or unfounded. There were zero offenders who reported sexual abuse at the facility during the on-site portion of the audit and as such no interviews were able to be conducted. A review of eight allegations indicated seven were sexual abuse. Two of the seven were still active investigations, as such only five required a notification. A review of documentation noted three had a victim notification. One victim was deceased prior to the conclusion of the investigation and one victim was released from custody prior to the conclusion of the investigation.

115.73 (b): The PAQ indicated that this provision is not applicable as the agency/

facility is responsible for conducting administrative and criminal investigations. D1-8.13, page 19 states in the event that the investigation was conducted by an outside agency, the PREA unit shall request relevant information from the outside agency in order to inform the offender of the outcome of the investigation. The PAQ indicated that there were zero investigations completed within the previous twelve months by an outside agency. A review of investigations indicated all were completed by facility/agency staff and as such no notifications under this provision were required.

115.73 (c): The PAQ indicated that following an offender's allegation that a staff member has committed sexual abuse against the offender, the agency/facility subsequently informs the offender whenever: the staff member is no longer posted within the offender's unit, the staff member is no longer employed at the facility, the agency learns that the staff member has been indicted on a charge related to sexual abuse within the facility or the agency learns that the staff member has been convicted on a charge related to sexual abuse within the facility. The PAQ stated that there have been substantiated or unsubstantiated complaint of sexual abuse committed by a staff member against an offender in an agency facility in the past twelve months and in each case the agency subsequently informed the offender of the elements under this provision. D1-8.13, page 19 states all subsequent notifications shall be made when: the staff member perpetrator is no longer assigned to the housing unit; the staff member perpetrator is no longer employed by the department; the staff member perpetrator has been indicted on a charge related to sexual abuse within the institution and/or d. a disposition of charges exists related to sexual abuse within the institution. A review of the PREA Alleged Sexual Abuse by Staff Member Notification form indicates it includes checkboxes that are marked to indicate the investigative outcome (unfounded, unsubstantiated and substantiated). It also includes checkboxes that note whether the staff is no longer assigned to the housing unit, the staff is no longer employed at the facility, the staff was indicated and the/or the staff was convicted. There were zero offenders who reported sexual abuse at the facility during the on-site portion of the audit and as such no interviews were able to be conducted. A review of six completed investigations indicated none required notification under this provision. The substantiated investigations involved a contractor and though while not required, one victim was advised the contractor no longer worked at the facility. The second victim was deceased prior to the completion of the investigation. The auditor confirmed the facility exceeds the requirement of this standard by providing notification related to contractors.

115.73 (d): The PAQ indicates that following an offender's allegation that he or she has been sexually abused by another offender, the agency subsequently informs the alleged victim whenever: the agency learns that the alleged abuser has been indicted on a charge related to sexual abuse within the facility or the agency learns that the alleged abuser has been convicted on a charge related to sexual abuse within the facility. D1-8.13, pages 19-20 state following the completion of an investigation, the

	offender shall be notified when the offender has been indicted on a charge related to sexual abuse within the institution and when a disposition of charges exists related to sexual abuse within the institution. A review of the PREA Alleged Sexual Abuse by Offender Notification form indicates it includes checkboxes that are marked to indicate the investigative outcome (unfounded, unsubstantiated and substantiated). It also includes checkboxes that note whether the subject was indicated or convicted. The bottom of the form includes a line for the offender to sign. There were zero offenders who reported sexual abuse at the facility during the on-site portion of the audit and as such no interviews were able to be conducted. A review of six completed investigations indicated none required any notifications under this provision. 115.73 (e): The PAQ indicated that the agency has a policy that all notifications to offenders described under this standard are documented. D1-8.13, page 20 states the PREA unit shall forward the written notification to the offender via the PREA site coordinator. The original notification shall be signed by the offender and witnessed by a staff member. The PAQ stated that there were three notifications to offenders under this standard. A review of documentation noted that all notification were documented in writing, via the applicable forms. 115.73 (f): This provision is not required to be audited. Based on a review of the PAQ, D1-8.13, PREA Alleged Sexual Abuse by Offender Notification Form, PREA Alleged Sexual Abuse by Staff Member Notification Form, PREA Allegations Subject Notification Form, Investigative Reports, and information from interviews with the Director, and investigators, this standard appears to be compliant.

115.76 Disciplinary sanctions for staff	
	Auditor Overall Determination: Meets Standard
	Auditor Discussion
	Documents: 1. Pre-Audit Questionnaire 2. D1-8.13 Offender Sexual Abuse and Harassment 3. D2-9.1 Employee Discipline 4. Investigative Reports

Findings (By Provision):

115.76 (a): The PAQ stated that staff are subject to disciplinary sanctions up to and including termination for violating agency sexual abuse or sexual harassment policies. D1-8.13, page 22 states staff members shall be subject to disciplinary sanctions up to and including termination for violating agency sexual abuse and sexual harassment procedures.

115.76 (b): The PAQ indicated there were three staff members who violated the sexual abuse and sexual harassment policies and all three staff members were terminated (or resigned prior to termination) for violating agency sexual abuse or sexual harassment policies. D1-8.13, page 22 states termination from the department shall be the presumptive disciplinary action for staff members who have engaged in sexual abuse. A review of documentation indicated the individuals who violated the sexual abuse and sexual harassment policies were contractors, not staff.

115.76 (c): The PAQ stated that disciplinary sanctions for violations of agency policies related to sexual abuse or sexual harassment are commensurate with the nature and circumstances of the acts, the staff member's disciplinary history and the sanctions imposed for comparable offense by other staff members with similar histories. The PAQ indicated there were zero staff members that were disciplined, short of termination, for violating the sexual abuse and sexual harassment policies within the previous twelve months. D2-9.1 outlines the employee disciplinary process and the procedure as it relates to this process. A review of documentation indicated the individuals who violated the sexual abuse and sexual harassment policies were contractors, not staff.

115.76 (d): The PAQ indicated that all terminations for violations of agency sexual abuse or sexual harassment policies, or resignations by staff who would not have been terminated if not for their resignation, are reported to law enforcement agencies, unless the activity was clearly not criminal, and to relevant licensing bodies. D1-8.13, page 22 states all terminations for violations or the resignation of a staff member, who would have been terminated if not for their resignation, shall be reported to relevant licensing or accreditation bodies and law enforcement. The PAQ indicated that there were zero staff members who was reported to law enforcement or licensing boards following their termination for violating agency sexual abuse or sexual harassment policies. A review of documentation indicated the individuals who violated the sexual abuse and sexual harassment policies were contractors, not staff.

	Based on a review of the PAQ, D1-8.13, D2-9.1, and Investigative Reports, this standard appears to be compliant.

115.77	Corrective action for contractors and volunteers
	Auditor Overall Determination: Meets Standard
	Auditor Discussion
	Documents: 1. Pre-Audit Questionnaire 2. D1-8.13 Offender Sexual Abuse and Harassment 3. D2-13.1 Volunteers & Reentry Partners 4. D2-13.2 Student Interns 5. Investigative Reports Interviews: 1. Interview with the Warden Findings (By Provision): 115.77 (a): The PAQ stated that the agency policy requires that any contractor or volunteer who engages in sexual abuse be reported to law enforcement agencies, unless the activity was clearly not criminal, and to relevant licensing bodies. Additionally, it stated that policy requires that any contractor or volunteer who engages in sexual abuse be prohibited from contact with offenders. D1-8.13, page 22 states contractors or volunteers who engage in sexual abuse shall be prohibited from contact with offenders and shall be reported to relevant licensing bodies and law enforcement. D2-13.1 page 9 states volunteers or reentry partners may be subject to suspension of their access to a department facility or termination of their status if they fail to abide by the department's policies and procedures. D2-13.2, page 5 states interns shall be subject to disciplinary sanctions up to and including termination for violating department policies and procedures. The PAQ indicated that there have been zero contractors or volunteers who violated the sexual abuse or sexual harassment policies within the previous twelve months and as such none were reported to law enforcement or relevant licensing bodies. There were two substantiated sexual abuse investigations that involved a contractor. Additionally,

	there was one substantiated investigation related to avoidable contact (hug). Both contractors of the sexual abuse allegations resigned prior to the completion of the investigation and one of the two allegations was referred for prosecution (one incident was not criminal in nature). 115.77 (b): The PAQ stated that the facility takes appropriate remedial measures and considers whether to prohibit further contact with offenders in the case of any other violation of agency sexual abuse or sexual harassment policies by a contractor or volunteer. D1-8.13, page 23 states the CAO or designee of the department facility or contracted facility shall take appropriate measures and consider whether to prohibit further contact with offenders in the case of any other violations. D2-13.1 page 9 states volunteers or reentry partners may be subject to suspension of their access to a department facility or termination of their status if they fail to abide by the department's policies and procedures. D2-13.2, page 5 states interns shall be subject to disciplinary sanctions up to and including termination for violating department policies and procedures. The interview with the Warden indicated that any violation of the sexual abuse and sexual harassment policies by contractors or volunteers would result in no contact with the offenders. He also advised they would conduct an investigation. Based on a review of the PAQ, D1-8.13, D2-13.1, D2-13.2, Investigative Reports, and information from the interview with the Director, this standard appears to be compliant.

115.78	Disciplinary sanctions for inmates
	Auditor Overall Determination: Meets Standard
	Auditor Discussion
	Documents: 1. Pre-Audit Questionnaire 2. D1-8.13 Offender Sexual Abuse and Harassment 3. IS19-1.6 Offender Accountability Program 4. Disciplinary Sanctions and Mental Health Protocol Directive 5. Standard of Proof Document 6. Offender Rulebook 7. Investigative Reports

Interviews:

1. Interview with the Warden
2. Interviews with Medical and Mental Health Staff

Findings (By Provision):

115.78 (a): The PAQ stated that offenders are subject to disciplinary sanctions only pursuant to a formal disciplinary process following an administrative or criminal finding that the offender engaged in offender-on-offender sexual abuse. D1-8.13, page 22 states offenders shall be subject to corrective actions or violations pursuant to a formal disciplinary process following an administrative finding or a criminal finding of guilt when the offender engaged in offender on offender sexual abuse in accordance with divisional and institutional services procedures regarding offender accountability program. The Offender Rulebook outlines conduct violations, including forcible sexual abuse and sexual misconduct, and the corrective sanctions for violation, including disciplinary segregation, visiting restrictions, living area restrictions, activity restrictions, loss of property, program sanctions and extra duty. The PAQ indicated there have been zero administrative findings of guilt for offender-on-offender sexual abuse and zero criminal findings of guilt for offender-on-offender sexual abuse within the previous twelve months. There were zero substantiated offender-on-offender sexual abuse and/or sexual harassment allegations and as such no discipline was necessary.

115.78 (b): D1-8.13, page 22 states sanctions shall be commensurate with the nature and circumstances of the abuse committed, the offender's disciplinary history, and the sanctions imposed for comparable offenses by other offenders with similar histories in accordance with divisional and institutional services procedures regarding offender accountability program. The Offender Rulebook outlines conduct violations, including forcible sexual abuse and sexual misconduct, and the corrective sanctions for violations based on the level of violation. The interview with the Warden indicated that the offender perpetrator would be subject to violations in the rulebook. He advised this could mean disciplinary segregation, visitation restriction, living room restriction, administrative actions, referral for treatment and referral for prosecution. The Warden confirmed that sanctions would be commensurate with the nature and circumstances of the abuse committed, the offender's disciplinary history, and the sanctions imposed for comparable offenses by other offenders with similar histories.

115.78 (c): D1-8.13, page 22 states the corrective action process shall consider

whether an offender's mental disabilities or mental illness contributed to his behavior when determining what type of sanction, if any, shall be imposed in accordance with divisional and institutional services procedures regarding offender accountability program. IS19-1.6, page 12 states any violation for forcible sexual abuse and or sexual violence referred to the adjustment board shall require information from a qualified mental health professional (QMHP). The report shall indicate whether mental illness or any mental disability could have contributed to the offender's behavior and whether any programming is available which would benefit the offender. The QMHP shall document this information on the mental health notification-sexual assault assessment form and provide it to the corrective hearing officer prior to the hearing. The Disciplinary Sanctions and Mental Health Protocol Directive notes that prior to hearing a violation for forcible sexual abuse/violence, the Adjustment Hearing Board will request input from the mental health staff. The interview with the Warden confirmed that the offenders' mental illness or mental disability would be considered in the disciplinary process.

115.78 (d): The PAQ states that the facility offers therapy, counseling or other interventions designed to address and correct underlying reasons or motivations for the abuse and the facility considers whether to require the offending offender to participate in these interventions as a condition of access to programming and other benefits. D1-8.13, page 22 states if found guilty of sexual abuse, the PREA site coordinator or designee shall submit a referral and screening note - health services form to ensure the perpetrator shall be assessed by qualified mental health professional (QMHP) within 60 days of learning of such abuse. The offender shall be referred to appropriate treatment (therapy, counseling) by mental health staff members, as available, in accordance with divisional and institutional services procedures regarding offender accountability program. Interviews with medical and mental health staff indicated mental health works with both victim and perpetrators. Staff advised offenders are not required to participate as all services are options.

115.78 (e): The PAQ stated that the agency disciplines offenders for sexual contact with staff only upon finding that the staff member did not consent to such contact. D1-8.13, page 22 states an offender who has sexual contact with a staff member may only be disciplined if the staff member did not consent to the contact.

115.78 (f): The PAQ stated that the agency prohibits disciplinary action for a report of sexual abuse made in good faith based upon a reasonable belief that the alleged conduct occurred, even if an investigation does not establish evidence sufficient to substantiate the allegation. IS9-1.6, page 20 states for the purpose of corrective action, a report of sexual misconduct, made in good faith based upon a reasonable belief that the alleged conduct occurred shall not constitute falsely reporting an incident or lying, even if an investigation does not establish evidence sufficient to substantiate the allegation. A review of the Standard of Proof Document notes that a

	false allegation can only be determine if the investigator, through thorough investigation, identifies evidence to factually prove the allegation did not occur nor was attempted and the victim knowingly falsified the allegation. The document provides examples of such evidence to determine falsification. The Offender Rulebook outlines making a false written or oral PREA statement to a staff member or official with evidence of bad faith as a level two violation and outlines possible sanctions including disciplinary segregation, visiting restrictions, living area restrictions, activity restrictions, loss of property, program sanctions and extra duty. 115.78 (g): The PAQ indicates that the agency prohibits all sexual activity between offenders and the agency deems such activity to constitute sexual abuse only if it determines that the activity is coerced. D1-8.13, page 22 states the department prohibits all sexual activity between offenders. Consensual sexual activity between offenders shall not be deemed sexual abuse and shall be addressed in accordance with divisional and institutional services procedures regarding offender accountability program. The Offender Rule book outlines engaging with another offender in any type of consensual sexual activity as a level two violation and outlines possible sanctions including disciplinary segregation, visiting restrictions, living area restrictions, activity restrictions, loss of property, program sanctions and extra duty. Based on a review of the PAQ, D1-8.13, Disciplinary Sanctions and Mental Health Protocol Directive, Standard of Proof Document, Offender Rulebook, Investigative Reports, and information from the interview with the Director, this standard appears to be compliant.

115.81	Medical and mental health screenings; history of sexual abuse
	Auditor Overall Determination: Meets Standard
	Auditor Discussion
	Documents: 1. Pre-Audit Questionnaire 2. D1-8.13 Offender Sexual Abuse and Harassment 3. IS11-32 Receiving Screening Intake Center 4. Adult Internal Risk Assessment (ARIS) 5. Adult Internal Risk Assessment Manual 6. Adult Internal Risk Assessment Manual Supplement

7. Informed Consent Form

8. Medical/Mental Health Documents (Secondary Documents)

9. Directive for Medical Records Area

Interviews:

1. Interviews with Staff Responsible for Risk Screening

2. Interviews with Medical and Mental Health Staff

3. Interviews with Offenders who Disclosed Victimization During the Risk Screening

Site Review Observations:

1. Observations of Risk Screening Area

Findings (By Provision):

115.81 (a): The PAQ indicated all offenders at the facility who have disclosed prior sexual victimization during a screening pursuant to 115.41 are offered a follow-up meeting with a medical or mental health practitioners. The PAQ stated that the meetings were offered within fourteen days of the intake screening. The PAQ also indicated that medical and mental health maintain secondary materials documenting compliance with the required services. D1-8.13, page 10 states if the screening indicates that an offender has experienced prior sexual victimization, whether it occurred in a correctional setting or in the community, staff members shall ensure that the offender is offered a follow-up meeting with a medical or mental health practitioner within 14 calendar days of the intake screening. IS11-32, page 3 states if the screening indicates the offender has experienced prior sexual victimization whether in the community or in a correctional setting and a forensic exam is not deemed medically necessary, the coordinated response protocol will not be initiated and the offender will be offered a meeting with a mental health practitioner within 14 days of the intake screening. A review of the Adult Internal Risk Assessment notes that questions two, four, six and eight have a section where staff note whether the offender accepted or declined a mental health referral. Question four asks specifically about prior sexual victimization. The PAQ indicated that 100% of those offenders who reported prior victimization were seen within fourteen days by medical or mental health practitioners. The interview with staff responsible for the risk screening indicated that offender who disclose prior victimization during the risk screening are offered a follow-up with mental health. The staff stated if they accept the services they are seen by mental health three to five days later. Interviews with the offenders

who disclosed prior victimization during the risk screening indicated three of the four were offered a follow-up with mental health. A review of documentation for eight offenders who disclosed prior sexual victimization during the risk screening indicated all eight were offered a follow-up with mental health. Six declined the services and two accepted the services. Both were seen after the fourteen day timeframe.

115.81 (b): The PAQ indicated all prison offenders who have previously perpetrated sexual abuse, as indicated during the screening pursuant to 115.41 are offered a follow-up meeting with a medical or mental health practitioners. The PAQ stated that the follow-up meetings were offered within fourteen days of the intake screening. The PAQ also indicated that medical and mental health maintain secondary materials documenting compliance with the required services. D1-8.13, page 10 states if the screening indicates that an offender has previously perpetrated sexual abuse, whether it occurred in a correctional setting or in the community, staff members shall ensure that the offender is offered a follow-up meeting with a mental health practitioner within 14 calendar days of the intake screening. IS11-32, page 3 states if the screening indicates the offender has previously perpetrated sexual abuse, whether it occurred in an institutional setting or in the community, staff members shall ensure that the offender is offered a meeting with a QMHP within 14 days of the intake screening. The PAQ indicated that 100% of those offenders who were identified with prior sexual abusiveness were seen within fourteen days by medical or mental health practitioners. A review of the Adult Internal Risk Assessment notes that questions sixteen has a section where staff note whether the offender accepted or declined a mental health referral. Question sixteen asks specifically about prior sexual offenses. The interview with staff responsible for the risk screening indicated that offender who are identified with prior sexual abusiveness during the risk screening would be offered a follow-up with mental health. The staff stated if they accept the services they are seen by mental health three to five days later. During documentation review the auditor identified two offenders that were identified with prior sexual abusiveness during the risk screening. Both were offered a mental health follow-up but declined the services.

115.81 (c): This provision is not applicable as the facility is not a jail.

115.81 (d): The PAQ indicated that information related to sexual victimization and abusiveness that occurred in an institutional setting is strictly limited to medical and mental health practitioners. D1-8.13, page 12 states health services staff members shall only reveal information related to a sexual abuse report that is necessary to make treatment, investigation, and other security and management decisions. IS11-32, page 3 states health services staff members may obtain informed consent from offenders in accordance with institutional services before reporting information about prior sexual victimization. Medical and mental health records are paper and electronic. Paper files are maintained in the medical break room, which is open and

accessible at all times. Electronic records are maintained in the Missouri Corrections Integrated System (MOSIC), which is only accessible to medical and mental health care staff. Offender risk assessments are documented electronically via the MOSIC system. During the tour the auditor had a security staff member pull up the risk screening information in MOSIC. The auditor viewed that the staff did not have access and was given an error message that noted they were not authorized to view the information. Investigative files are electronic and are maintained in the Investigative Reporting Intelligence System (IRIS), which has limited access. After the on-site portion of the audit the facility sent out a directive that advised medical and mental health care staff that the medical records room is to be locked and secured when staff are not present in the office.

15.81 (e): The PAQ indicated that medical and mental health practitioners obtain informed consent from offenders before reporting information about prior sexual victimization that did not occur in an institutional setting, unless the offender is under the age of eighteen. D1-8.13, page 10 states medical and mental health practitioners shall obtain informed consent from offenders before reporting information about prior sexual victimization that did not occur in an institutional setting. IS11-32, page 3 states if the offender is under the age of 18, a health service staff member shall report the allegation to the designated local Children's Division, Department of Social Services under applicable mandatory reporting laws. Interviews with medical and mental health staff indicated they obtain informed consent prior to reporting any sexual abuse that did not occur in an institutional setting. Both staff indicated the facility does not house anyone under eighteen.

Based on a review of the PAQ, D1-8.13, IS11-32, Adult Internal Risk Assessment (ARIS), Adult Internal Risk Assessment Manual, Adult Internal Risk Assessment Manual Supplement, Informed Consent Form, Medical and Mental Health Documents, Directive for Medical Records Area, and information from interviews with staff who perform the risk screening, medical and mental health care staff and offenders who disclosed victimization during the risk screening, this standard appears to require corrective action. A review of documentation for eight offenders who disclosed prior sexual victimization during the risk screening indicated all eight were offered a follow-up with mental health. Six declined the services and two accepted the services. Both were seen after the fourteen day timeframe.

Corrective Action

The facility will need to ensure that offenders are provided the mental health follow-up within the fourteen day timeframe. Training with staff on this process and confirmation of the adequate timeframes will need to be provided.

	Verification of Corrective Action Since the Interim Audit Report The auditor gathered and analyzed the following additional evidence provided by the facility during the corrective action period relevant to the requirements in this standard. Additional Documents: 1. Staff Training 2. Offender Risk Assessments 3. Mental Health Documentation The facility provided training with staff on policy and procedure related to the mental health follow-up required under this standard. Confirmation of the training was provided. The facility provided documentation for three incarcerated individuals that disclosed prior sexual victimization and/or were identified with prior sexual abusiveness that arrived during the corrective action period and accepted the mental health follow-up. All three were provided a mental health follow-up within fourteen days. Based on the documentation provided the facility has corrected this standard and as such appears to be compliant.

115.82	Access to emergency medical and mental health services
	Auditor Overall Determination: Meets Standard
	Auditor Discussion
	Documents: 1. Pre-Audit Questionnaire 2. D1-8.13 Offender Sexual Abuse and Harassment 3. Contract with Centurion 4. Medical/Mental Health Documents (Secondary Documents)

Interviews:

1. Interviews with Medical and Mental Health Staff
2. Interviews with First Responders

Site Review Observations:

1. Observations of Medical and Mental Health Areas

Findings (By Provision):

115.82 (a): The PAQ indicated that offender victims of sexual abuse receive timely, unimpeded access to emergency medical treatment and crisis intervention services and that the nature and scope of services are determined by medical and mental health practitioners according to their professional judgement. The PAQ also indicated that medical and mental health maintain secondary materials documenting the timeliness of services. D1-8.13, page 16 states victims of sexual abuse shall receive timely, unobstructed access to emergency medical treatment and crisis intervention services, the nature and scope of which are determined by health services practitioners according to their professional judgment. The Contract with Centurion outlines that the contractor shall arrange for 24 hour emergency medical and dental services, to include medical and dental on-call services. During the tour the auditor viewed the health services area. The space included a reception area, exam rooms, and treatment rooms. Exam and treatment rooms have doors with windows. Interviews with medical and mental health care staff confirmed that offenders receive timely and unimpeded access to emergency medical treatment and crisis intervention services. Staff stated that offenders are provided services immediately (medical) and within two hours (mental health). The staff confirmed services are based on their professional judgement. There were zero offenders who reported sexual abuse at the facility during the on-site portion of the audit and as such no interviews were able to be conducted. A review of documentation for seven sexual abuse victims indicated all seven were provided medical and/or mental health services.

115.82 (b): D1-8.13, page 16 states health services staff members shall screen victims for obvious physical trauma, and provide emergency medical care. If no qualified medical or mental health practitioners are on duty at the time a report of a sexual abuse which involved penetration that occurred within 72 hours within a correctional facility, or 92 hours within a community, confinement facility, custody staff first responders shall take preliminary steps to protect the victim and shall

immediately notify the appropriate medical and mental health practitioners. The Contract with Centurion outlines that the contractor shall arrange for 24 hour emergency medical and dental services, to include medical and dental on-call services. The interview with the security first responder indicated he would separate the victim and abuser, preserve and protect the crime scene, direct the victim not to take action to destroy evidence, ensure the abuser does not take action to destroy evidence, notifying medical and mental health staff, contact the PREA advocate and complete a report. The non-security first responder advised she would separate the victim and abuser, stay with the victim, ask them not to shower or destroy evidence and notify the Shift Commander.

115.82 (c): The PAQ indicated that offender victims of sexual abuse while incarcerated are offered timely information about and timely access to emergency contraception and sexually transmitted infection prophylaxis. The PAQ also indicated that medical and mental health maintain secondary materials documenting the timeliness of services. D-8.13, page 17 states alleged victims of offender sexual abuse of any kind that consists of penetration of the mouth, anus, buttocks, or vulva, however slight, by hand, finger, object instrument, or penis shall be provided with prophylactic treatment and follow-up for sexually transmitted or other communicable diseases, as clinically determined by the physician. Female victims shall be offered timely information and timely access to pregnancy testing and emergency contraception in accordance with professionally accepted standards of care, where medically appropriate. Page 18 further states victims of sexual abuse shall be offered timely information and access to emergency contraception and prophylactic treatment for sexually transmitted infections in accordance with professionally accepted standards of care, where medically appropriate. There were zero offenders who reported sexual abuse at the facility during the on-site portion of the audit and as such no interviews were able to be conducted. Interviews with medical and mental health care staff confirm that offenders receive timely information and access to emergency contraception and sexual transmitted infection prophylaxis. A review of documentation for seven sexual abuse victims indicated all seven were provided medical and/or mental health services. None involved an allegation that required sexually transmitted infection prophylaxis.

115.82 (d): The PAQ indicated that treatment services are provided to every victim without financial cost and regardless of whether the victim names the abuser or cooperates with any investigations arising out of the incident. D-8.13, page 18 states treatment services shall be provided to the victim without financial cost and regardless of whether the victim names the abuser or cooperates with any investigation arising out of the incident.

Based on a review of the PAQ, D1-8.13, Contract with Centurion, a review of medical and mental health documents, and information from interviews with medical and

	mental health care staff, and first responders, this standard appears to be compliant.

	Documents: 1. Pre-Audit Questionnaire 2. D1-8.13 Offender Sexual Abuse and Harassment 3. Contract with Centurion 4. Medical/Mental Health Documents (Secondary Documents) Interviews: 1. Interviews with Medical and Mental Health Staff Site Review Observations: 1. Observations of Medical Treatment Areas Findings (By Provision): 115.83 (a): The PAQ indicated that the facility offers medical and mental health evaluations, and as appropriate, treatment to all offenders who have been victimized by sexual abuse in any prison, jail, lockup, or juvenile facility. The Contract with Centurion outlines that the contractor shall arrange for 24 hour emergency medical and dental services, to include medical and dental on-call services. During the tour the auditor viewed the health services area. The space included a reception area, exam rooms, and treatment rooms. Exam and treatment rooms have doors with windows. A review of documentation for seven sexual abuse victims indicated all seven were provided medical and/or mental health services. Additionally, the two victims who reported sexual abuse that occurred at a prior MO DOC were also provided medical and/or mental health services. Further, all offenders who disclose prior sexual victimization during the risk screening were offered mental health

services.

115.83 (b): D1-8.13 page 18 states each victim and abuser shall be offered medical and mental health evaluations, and as appropriate, treatment to include appropriate follow-up services and treatment plans. When necessary, referrals shall be completed for continued care following their transfer to, or placement in, other facilities or their release from custody. There were zero offenders who reported sexual abuse at the facility during the on-site portion of the audit and as such no interviews were able to be conducted. Interviews with medical and mental health care staff confirmed that they provide follow-up service, treatment plans and referrals to offender victims of sexual abuse. A review of documentation for seven sexual abuse victims indicated all seven were provided medical and/or mental health services.

115.83 (c): D1-8.13, page 18 states victims and abusers shall be provided with medical and mental health services consistent with the community level of care. All medical and mental health care staff are required to have the appropriate credentials and licensures. A review of secondary medical and mental health documentation indicated that offenders have immediate access to medical and mental health care when needed, including urgent and routine services. Interviews with medical and mental health care staff confirmed that the services they provide are consistent with the community level of care.

115.83 (d): The PAQ and further communication with the PCM noted that this provision does not apply as the facility does not house cisgender female offenders. D1-8.13, page 18 states victims of sexually abusive vaginal penetration while incarcerated shall be offered pregnancy tests.

115.83 (e): The PAQ and further communication with the PCM noted that this provision does not apply as the facility does not house cisgender female offenders. D1-8.13, page 18 states if pregnancy results, the victim shall receive timely, comprehensive information, and access to all lawful pregnancy-related medical services in accordance with the institutional services procedure regarding counseling and care of pregnant offenders.

115.83 (f): The PAQ indicated that offender victims of sexual abuse while incarcerated are offered tests for sexually transmitted infections as medically appropriate. D-8.13, page 17 states alleged victims of offender sexual abuse of any kind that consists of penetration of the mouth, anus, buttocks, or vulva, however slight, by hand, finger, object instrument, or penis shall be provided with prophylactic treatment and follow-up for sexually transmitted or other communicable diseases, as clinically determined

	by the physician. Female victims shall be offered timely information and timely access to pregnancy testing and emergency contraception in accordance with professionally accepted standards of care, where medically appropriate. Page 18 further states victims of sexual abuse shall be offered timely information and access to emergency contraception and prophylactic treatment for sexually transmitted infections in accordance with professionally accepted standards of care, where medically appropriate. There were zero offenders who reported sexual abuse at the facility during the on-site portion of the audit and as such no interviews were able to be conducted. A review of documentation for seven sexual abuse victims indicated all seven were provided medical and/or mental health services. None involved an allegation that required testing for sexually transmitted infections. 115.83 (g): The PAQ indicated that treatment services are provided to every victim without financial cost and regardless of whether the victim names the abuser or cooperates with any investigations arising out of the incident. D-8.13, page 18 states treatment services shall be provided to the victim without financial cost and regardless of whether the victim names the abuser or cooperates with any investigation arising out of the incident. There were zero offenders who reported sexual abuse at the facility during the on-site portion of the audit and as such no interviews were able to be conducted. 115.83 (h): The PAQ indicated that the facility attempts to conduct a mental health evaluation of all known offender-on-offender abusers within 60 days of learning of such abuse history, and offers treatment when deemed appropriate by mental health. D1-8.13, page 18 states upon receiving a report of a substantiated case of offender sexual abuse the PREA site coordinator shall submit a referral and screening note - health services form to ensure the perpetrator shall be assessed by qualified mental health professional (QMHP) within 60 days of learning of such abuse. Interviews with medical and mental health staff indicated that mental health will attempt to conduct an evaluation within 24 hours of learning of such behavior. There were zero offender-on-offender substantiated allegations of sexual abuse and as such there were no known offender-on-offender abusers. Based on a review of the PAQ, D1-8.13, Contract with Centurion, a review of medical and mental health documents and information from interviews with medical and mental health care staff, this standard appears to be compliant.

115.86	Sexual abuse incident reviews
	Auditor Overall Determination: Meets Standard
	Auditor Discussion

Documents:

1. Pre-Audit Questionnaire
2. D1-8.13 Offender Sexual Abuse and Harassment
3. Sexual Abuse Incident Debriefing Form
4. Updated Sexual Abuse Incident Debriefing and Memorandum

Interviews:

1. Interview with the Warden
2. Interview with the PREA Compliance Manager
3. Interview with Incident Review Team

Findings (By Provision):

115.86 (a): The PAQ stated that the facility conducts a sexual abuse incident review at the conclusion of every criminal or administrative sexual abuse investigation, unless the allegation has been determined to be unfounded. D1-8.13 page 19, states each facility shall conduct a sexual abuse incident debriefing at the conclusion of every substantiated and unsubstantiated offender sexual abuse investigation. A sexual abuse incident debriefing is not required following offender sexual harassment investigations or when a sexual abuse investigation is unfounded. The PAQ indicated there were six criminal and/or administrative investigations of alleged sexual abuse completed at the facility, excluding only "unfounded" incidents. A review of six completed investigations indicated five were sexual abuse. Three of the five required a sexual abuse incident review. All three had a sexual abuse incident review completed via the Sexual Abuse Incident Debriefing Form.

115.86 (b): The PAQ stated that the facility ordinarily conducts a sexual abuse incident review within 30 days of the conclusion of the criminal or administrative sexual abuse investigation. D1-8.13, page 19 states Incident debriefings shall be held within 30 days of the conclusion of a formal investigation. The PAQ indicated there were four sexual abuse incident reviews completed by the facility within 30 days of the conclusion of the investigation. A review of six completed investigations indicated five were sexual abuse. Three of the five required a sexual abuse incident review. All three had a sexual abuse incident review completed via the Sexual Abuse Incident Debriefing Form within 30 days of the conclusion of the investigation.

115.86 (c): The PAQ indicated that the sexual abuse incident review team includes upper level management officials and allows for input from line supervisors, investigators and medical and mental health practitioners. D1-8.13 page 19, states the review team for offender sexual abuse events shall include the PREA site coordinator, and other upper level administrators, when applicable, with input from the shift supervisor, investigators, and medical or mental health practitioners. The interview with the Warden confirmed that the facility has a sexual abuse incident review team and the team consists of upper level management, line supervisors, investigators medical staff and mental health care staff. A review of six completed investigations indicated five were sexual abuse. Three of the five required a sexual abuse incident review. All three had a sexual abuse incident review completed via the Sexual Abuse Incident Debriefing Form with the staff required under this provision.

115.86 (d): The PAQ stated that the facility prepares a report of its findings from sexual abuse incident reviews, including but not necessarily limited to determinations made pursuant to paragraphs (d)(1)-(d)(5) of this section an any recommendations for improvement, and submits each report to the facility head and PCM. D1-8.13 page 19, the PREA sexual abuse incident debriefing report shall be completed by the PREA site coordinator outlining in detail the findings of the incident debriefing sessions and recommendations for improvements utilizing the PREA sexual abuse incident debriefing form. A review of the PREA Sexual Abuse Debriefing form notes that it includes sections for information related to the incident and those involved. It includes sections related to what occurred after the incident as well. The form includes all elements under this provision. Interviews with the Warden, PCM and sexual incident review team member confirmed that sexual abuse incident reviews are being completed and they include all the required elements under this provision. The Warden stated they use information from the sexual abuse incident reviews to determine if any changes are necessary and if the facility did everything they possibly could. The PCM stated that she is part of the sexual abuse incident review team and she has not noticed any trends. The PCM stated that after the report is submitted if there were any corrective action or improvements she would discuss the process and get the Warden involved. A review of six completed investigations indicated five were sexual abuse. Three of the five required a sexual abuse incident review. All three had a sexual abuse incident review completed via the Sexual Abuse Incident Debriefing Form. While the elements were included, it was checklist only and did not include any narrative incident specific information for the elements. After the on-site portion of the audit the facility noted the deficiency with regard to narrative. The facility went back and completed a prior review to include narrative. This was used as training with the sexual abuse incident review team to illustrate the narrative requirement. A memo was provided that outlined that moving forward all sexual abuse incident reviews would include the required incident specific narrative.

	115.86 (e): The PAQ indicated that the facility implements the recommendations for improvement or documents its reasons for not doing so. D1-8.13 page 19, the facility shall implement the recommendations for improvement, or shall document its reasons why recommendations shall not be implemented. A review of the PREA Sexual Abuse Debriefing form notes that it includes a section for corrective action that have been or will be taken. A review of the completed sexual abuse incident reviews noted that none included any recommendations. Based on a review of the PAQ,D1-8.13, Sexual Abuse Incident Debriefing Form, Investigative Reports, Updated Sexual Abuse Incident Debriefing and Memorandum, and information from interviews with the Director, the PC and a member of the sexual abuse incident review team, this standard appears to be compliant.

115.87 Data collection	
	Auditor Overall Determination: Meets Standard
	Auditor Discussion
	Documents: 1. Pre-Audit Questionnaire 2. D1-8.13 Offender Sexual Abuse and Harassment 3. PREA Data Collection Memorandum 4. PREA Annual Report Protocol 5. PREA Annual Reports 6. Survey of Sexual Victimization Findings (By Provision): 115.87 (a): The PAQ indicated that the agency collects accurate uniform data for every allegation of sexual abuse at facilities under its direct control using a standardized instrument and set of definitions. D1-8.13, page 23 state the PREA manager shall prepare an annual report compiling each facility's current year's data and corrective actions. The PREA Data Collection Memorandum outlines that the agency utilizes an electronic system, Investigative Report Intelligence System (IRIS) for data collection. The PREA Annual Report Protocol outlines the guidelines and direction for staff to complete their annual report to assess and improve the

effectiveness of the processes to prevent, detect and respond to sexual abuse. The document notes the report should include a section on allegations, thee facility overview, evaluation of camera and monitoring systems, the staffing plan evaluation and the comparison chart of the sexual abuse and sexual harassment data from the previous two years. A review of the PREA Annual Report confirmed that the current year aggregated data is broken down by allegation type and investigative outcome. The definition utilized are those outlined in under PREA Standard 115.6. Additionally, aggregated data is compared from 2015 to present and illustrates trends for the agency.

115.87 (b): The PAQ indicates that the agency aggregates the incident based sexual abuse data at least annually. D1-8.13, page 23 state the PREA manager shall prepare an annual report compiling each facility's current year's data and corrective actions. A review of the PREA Annual Report confirmed that the current year aggregated data is broken down by allegation type and investigative outcome. The definition utilized are those outlined in under PREA Standard 115.6. Additionally, aggregated data is compared from 2015 to present and illustrates trends for the agency.

115.87 (c): The PAQ indicated that the agency collects accurate uniform data for every allegation of sexual abuse at facilities under its direct control using a standardized instrument and set of definitions. It also indicates that the standardized instrument includes at minimum, data to answer all questions from the most recent version of the Survey of Sexual Victimization (SSV). A review of the PREA Annual Report confirmed that the current year aggregated data is broken down by allegation type and investigative outcome. The definition utilized are those outlined in under PREA Standard 115.6. Additionally, aggregated data is compared from 2015 to present and illustrates trends for the agency.

115.87 (d): The PAQ stated that the agency maintains, reviews, and collects data as needed from all available incident based documents, including reports, investigation files, and sexual abuse incident reviews. The PREA Data Collection Memorandum outlines that the agency utilizes an electronic system, Investigative Report Intelligence System (IRIS) for data collection. The PREA Annual Report Protocol outlines the guidelines and direction for staff to complete their annual report to assess and improve the effectiveness of the processes to prevent, detect and respond to sexual abuse. The document notes the report should include a section on allegations, thee facility overview, evaluation of camera and monitoring systems, the staffing plan evaluation and the comparison chart of the sexual abuse and sexual harassment data from the previous two years. A review of the PREA Annual Report confirmed that the current year aggregated data is broken down by allegation type and investigative outcome. The definition utilized are those outlined in under PREA Standard 115.6. Additionally, aggregated data is compared from 2015 to present and illustrates trends for the agency.

	115.87 (e): The PAQ indicated that this standard is not applicable as the agency does not contract with private facilities for the confinement of its offenders. 115.87 (f): The PAQ indicated that the agency provides the Department of Justice with data from the previous calendar year upon request. A review of documentation noted that the agency submitted the Survey of Sexual Victimization in 2024. Based on a review of the PAQ, D1-8.13, PREA Data Collection Memorandum, PREA Annual Report Protocol, PREA Annual Reports, and the Survey of Sexual Victimization, this standard appears to be compliant.

115.88	Data review for corrective action
	Auditor Overall Determination: Meets Standard
	Auditor Discussion
	Documents: 1. Pre-Audit Questionnaire 2. D1-8.13 Offender Sexual Abuse and Harassment 3. PREA Annual Report Protocol 4. PREA Annual Reports Interviews: 1. Interview with the Agency Head Designee 2. Interview with the PREA Coordinator 3. Interview with the PREA Compliance Manager Findings (By Provision): 115.88 (a): The PAQ indicated that the agency reviews data collected and aggregated pursuant to 115.87 in order to assess and improve the effectiveness of its sexual

abuse prevention, detection and response policies and training. The review includes: identifying problem areas, taking corrective action on an ongoing basis and preparing an annual report of its findings from its data review and any corrective actions for each facility, as well as the agency as a whole. D1-8.13, page 23 states The PREA manager shall prepare an annual report compiling each facility's current year's data and corrective actions. The report shall include: a comparison with prior year's data, corrective actions, and an assessment of the department's progress in addressing offender sexual abuse. The report shall be forwarded to the department director for approval. The CAO or designee, PREA manager or department director shall edit specific material from the reports when publication would present clear and specific threat to the safety and security of a facility. The CAO or designee, PREA manager, or department director shall indicate the nature of the material edited. The department's annual PREA report shall be made available to the public on the department's internet website. The PREA Annual Report Protocol outlines the guidelines and direction for staff to complete their annual report to assess and improve the effectiveness of the processes to prevent, detect and respond to sexual abuse. The document notes the report should include a section on allegations, the facility overview, evaluation of camera and monitoring systems, the staffing plan evaluation and the comparison chart of the sexual abuse and sexual harassment data from the previous two years. A review of the last two PREA Annual Reports indicates that the reports include background information, aggregated data for the current year, trend analysis from 2015 to current (to include graphs and tables) and ongoing corrective action taken during the year. The interview with the Agency Head Designee confirmed that the agency uses data to identify problem areas and take corrective action on an ongoing basis. He stated the data is used to assess the risk screening tool, the video monitoring technology, staffing levels, etc. He stated the data helps to identify and rectify issues. The PC confirmed that the agency aggregates sexual abuse data and that it is included in the annual report, which is posted on the agency website. He advised they utilize data to identify hot spots or commonalities amongst the events. This is then used in the annual report to evaluate the information. The PC stated they use data to ensure they are continually making an effort to improve the safety and security of the facilities. The interview with the PCM indicated that the facility data is used to determine any improvements.

115.88 (b): The PAQ indicated that the annual report includes a comparison of the current year's data and corrective actions with those from prior years and provides an assessment of the progress in addressing sexual abuse. D1-8.13, page 23 states The PREA manager shall prepare an annual report compiling each facility's current year's data and corrective actions. The report shall include: a comparison with prior year's data, corrective actions, and an assessment of the department's progress in addressing offender sexual abuse. The report shall be forwarded to the department director for approval. The CAO or designee, PREA manager or department director shall edit specific material from the reports when publication would present clear and specific threat to the safety and security of a facility. The CAO or designee, PREA manager, or department director shall indicate the nature of the material edited. The

department's annual PREA report shall be made available to the public on the department's internet website. The PREA Annual Report Protocol outlines the guidelines and direction for staff to complete their annual report to assess and improve the effectiveness of the processes to prevent, detect and respond to sexual abuse. The document notes the report should include a section on allegations, the facility overview, evaluation of camera and monitoring systems, the staffing plan evaluation and the comparison chart of the sexual abuse and sexual harassment data from the previous two years. A review of the last two PREA Annual Reports indicates that the reports include background information, aggregated data for the current year, trend analysis from 2015 to current (to include graphs and tables) and ongoing corrective action taken during the year.

115.88 (c): The PAQ indicated that the agency makes its annual report readily available to the public at least annually through its website. The PAQ indicated annual reports are approved by the Agency Head. D1-8.13, page 23 states The PREA manager shall prepare an annual report compiling each facility's current year's data and corrective actions. The report shall include: a comparison with prior year's data, corrective actions, and an assessment of the department's progress in addressing offender sexual abuse. The report shall be forwarded to the department director for approval. The CAO or designee, PREA manager or department director shall edit specific material from the reports when publication would present clear and specific threat to the safety and security of a facility. The CAO or designee, PREA manager, or department director shall indicate the nature of the material edited. The department's annual PREA report shall be made available to the public on the department's internet website. The interview with the Agency Head Designee confirmed that the report is approved by the Agency Head and is posted on the agency website. A review of the website confirmed that the current PREA Annual Report as well as historical PREA Annual Reports dating back to 2010 are available on the agency website.

115.88 (d): The PAQ indicated when the agency redacts material from an annual report for publication the redactions are limited to specific material where publication would present a clear and specific threat to the safety and security of a facility. The PAQ stated that the agency indicates the nature of material redacted. The PAQ noted that the annual report is written in a way that the need to redact information is greatly minimized. D1-8.13, page 23 states The PREA manager shall prepare an annual report compiling each facility's current year's data and corrective actions. The report shall include: a comparison with prior year's data, corrective actions, and an assessment of the department's progress in addressing offender sexual abuse. The report shall be forwarded to the department director for approval. The CAO or designee, PREA manager or department director shall edit specific material from the reports when publication would present clear and specific threat to the safety and security of a facility. The CAO or designee, PREA manager, or department director shall indicate the nature of the material edited. The department's annual PREA report

	shall be made available to the public on the department's internet website. A review of the PREA Annual Report confirmed that no personal identifying information was included in the report nor any security related information. The report did not contain any redacted information. The interview with the PC advised that the way the annual report is written, there is not a need to redact any information. He noted that the report provides the main data but does not have personal information or security information. Based on a review of the PAQ, D1-8.13, PREA Annual Report Protocol, PREA Annual Reports, the websites and information obtained from interviews with the Agency Head Designee and PC, this standard appears to be compliant.

Interview with the PREA Coordinator Findings (By Provision): 115.89 (a): The PAQ states that the agency ensures that incident based data and aggregated data is securely retained. The PC stated that the sexual abuse and sexual harassment data is maintained in the IRIS system, which is only accessible to agency investigators and facility leadership. He further stated that there are different levels of access for each individual.

	115.89 (b): The PAQ states that the agency will make all aggregated sexual abuse data, from facilities under its direct control and private facilities with which it contracts, readily available to the public, at least annually, through its website or through other means. D1-8.13, page 23 states The PREA manager shall prepare an annual report compiling each facility's current year's data and corrective actions. The report shall include: a comparison with prior year's data, corrective actions, and an assessment of the department's progress in addressing offender sexual abuse. The report shall be forwarded to the department director for approval. The CAO or designee, PREA manager, or department director shall indicate the nature of the material edited. The department's annual PREA report shall be made available to the public on the department's internet website. A review of the website confirmed that the current PREA Annual Report, which includes aggregated data, is available to the public online. 115.89 (c): The PAQ indicated that before making aggregated sexual abuse data publicly available, the agency removes all personal identifiers. A review of the PREA Annual Report, which contains the aggregated data, confirmed that no personal identifiers were publicly available. 115.89 (d): D1-8.13, page 24 states inquiries regarding offender sexual abuse and harassment and all supporting documents shall be retained as long as the alleged perpetrator is incarcerated or employed with the department, plus 5 years and in accordance with the department procedure regarding records retention. The OPS Retention Schedule notes that sexual abuse investigations and data are retained for 50 years. A review of historical PREA Annual Reports indicated that aggregated data is available from 2010 to present. Based on a review of the PAQ, D1-8.13, OPS Retention Schedule, PREA Annual Reports, the websites and information obtained from the interview with the PC, this standard appears to be compliant.

	Findings (By Provision):

	115.401 (a): The facility is part of the Missouri Department of Correction. A review of the audit schedule and audit reports on the agency's website indicates that at least one third of the agency's facilities are audited each year. 115.401 (b): The facility is part of the Missouri Department of Correction. A review of the audit schedule and audit reports on the agency's website indicates that at least one third of the agency's facilities are audited each year. The facility is being audited in the third year of the three year cycle. 115.401 (h) - (m): The auditor had access to all areas of the facility; was permitted to review any relevant policies, procedure or documents; was permitted to retain physical and electronic copies of all documents; was permitted to conduct private interviews and was able to receive confidential information/correspondence from offenders. 115.401 (n): The facility provided photos of the audit announcement posted around the facility at least six weeks prior to the on-site portion of the audit. During the tour the auditor observed the audit announcement posted on bright colored letter size paper in English and Spanish. The audit announcements were in the housing units and in common areas. The audit announcement advised the offenders that correspondence with the auditor would remain confidential unless the offender reported information such as sexual abuse, harm to self or harm to others. The offenders were able to send correspondence via legal mail.
